PITTSBURGH MARKETS.

[Reported Specially for the Pittsburgh Gazette.]

THURSDAY, June 23, 1864.

WHEAT—In sympathy with almost everything, has advanced, and we note sales from first hands at $1,70 for Red and $1,80 for White. The receipts continue very light, and the market is firm with a good demand.

CORN—Is quiet but firm while prices are unchanged. The last sales reported were at $1,35 for Ear and $1 40 for prime shelled. Common and inferior may be quoted at $1,30@1,33.

OATS—Steady with a fair local demand at 85 to 88c for 150 lbs at 85. The receipts continue light and the stock in the market is not large.

BARLEY—Is firm and higher, but there is a wide range of prices. We quote nominally at $1,35@1,40 for Pennsylvania and Western.

FLOUR—Is steady with a fair demand and a light receipts. Sales of 100 bbls Pennsylvania at $1,05 per bbl.

FEED—Is steady and higher, but, as yet, the demand continues quite limited. We note sales from store at $28,25, $30 and $32 for Extra Family, and some dealers were asking $35 00. In addition to the above sale of 246 bbls Monongahela Family, in first hands, was reported at $7,75 per bbl. Rye is dull and has declined to $3 00.

APPLES—Are in good request at a variety of prices, varying from $35 to $50, and there is not much inquiry for it. We note a sale on Wednesday of 60 bbls, at $47.

BUTTER—Is dull and nominal at former quotations. Some few small sales of Roll are making at 22 to 23c, for prime choice.

EGGS—Steady with a fair demand and but few in market. We note sales of 5 bbls at 23 per dozen.

HAY—Is quiet and unchanged with sales of four loads from store at $25 to $26 per ton.

PEATHERS—Are without inquiry and the market is quiet and unchanged. We note some few sales at $2,25 to $2,75 per bbl for common to prime qualities.

LARD OIL—Is firm and higher, having advanced to $1,25 per gallon for No 1.

WHISKEY—Is still forth advanced, but there is little doing and prices are so unsettled, that it is impossible to give quotations.

Pittsburgh Wool Market.

Reported Expressly for the Pittsburgh Gazette.

JUNE 23—This important staple is attracting considerable attention. Within the past ten days a good many dealers and manufacturers from the east have come out, and are now circulating through the Wool districts of the west, making the rounds. As yet we cannot learn of many clips having changed hands. The growers are sanguine of high prices, and not quite ready to sell, watching the fluctuations in Gold, the movements of our Armies, &c. The dealers think are willing to pay the extreme of 78 to 83, and perhaps 85 for very choice clips, while the growers are not adjusting to the price particularly, yet they are not quite ready. The clip this year, has been taken off in late order, and the average weight of fleeces some this lighter than last year, the weather being cool most washing time. The prospect is not so favorable as other seasons for an increase in the clip of the west, is variously estimated at from 15 to 25 per cent over last year. It wool does been fully up to past, but for the immense heavy in the flocks, from the extremely cold weather and snow storms of January last. We think the increase in the clips of Illinois, Wisconsin, Iowa and Minnesota will be more than 25 per cent over 1863. Ohio and Pennsylvania furnished those States will a map thousand last year, on account of the scarcity or deficiency of pasturage in portions of these two States.

As the present prices of wool and mutton, the growers are doing exceedingly well and sheep husbandry is certainly profitable. It is a lamentable fact that we import more Wool than we grow. This should not be the case. Most of the States are well adapted to the growth of Sheep and Wool. No farmer but at old have his flock, and there is no excuse why we should not have them. If he has not the means to purchase he can get it from the superabundant flocks of others on the shares. It is very evident on account of the rebellion and the great scarcity of cotton and the high price it is likely to command for some time, that Wool must take its place, as far as possible, consequently the importance of increasing our flocks is very apparent. Let every farmer seriously think of the matter, and go to work "nursing the Lambs." It is not only a pleasant, but a profitable business, and they contribute to the public good. We can go to a great extent independent of King Cotton, by growing Wool, and within five years we used no less than a pound of this staple, if all act well their part.

Allegheny Cattle Market.

Reported for the Pittsburgh Gazette.

ALLEGHENY CITY, June 23.—The market during the last week has ruled steady, and, with a fair demand both for home consumption and shipment, all that offered were sold at about last week's prices. At the opening, the indications were considered favorable for a break down, but, with a demand, apparently equal to the supply, there was a better feeling manifested, as time wore on, and the market closed steady, though there is no disguising the fact, the unfavorable tenor of the advices from Philadelphia and New York, had a rather depressing effect. All things considered, however, the market was a good average one, and proved satisfactory, from what we could learn, to both buyers and sellers.

As compared with last week, the quality of the Cattle was scarcely so good, but at the same time, there were but comparatively few "stags" and "scalawags," on sale. Stock Cattle were in fair demand at from 6 to 6c, while prime heavy Steers, suitable for the retail trade, brought from 8 to 8½c.

There was a disposition manifested by our butchers, during the early part of the week, to buy 6 of its subscription of lower rate, but, finding subsequently that their object was not likely to be realized, they afterwards bought pretty freely at old rations. Our home butchering House Myers & Bro, bought several lots of good Cattle at full rates, and we are glad to learn, that the Government will not receive any but the very best quality.

The whole number of Cattle sold during the week, aggregate over six hundred, and the following is a partial list of the sales:

Jas Morgan wholesaled 18 head of communish Ohio Cattle, averaging a out 900, at $50 per head.

B Whitlinger sold a mixed lot of 19 head of common Western Reserve Cattle at 5c 15½.

C & Thayer sold 19 head of Western Reserve Cows, at 4½.

H O Campbell wholesaled 18 head of smooth Ohio Steers, averaging 1100 to Myers & Bro, at 7c.

Greenwald & Kahn sold 60 head of good Ohio Steers at from 7 to 8½.

Freeman & Marks retailed a mixed lot of 55 head at from 5 to 8½.

Myers & Bro retailed 43 head of good Chicago Cattle at from 7½ to 8½.

Crotzenberg & Mullin sold 34 head good Ohio Steers at from 7 to 8½; 18 head "scalawags" at from 5½ to 6; and 18 head common quality at $19 per head.

Michael Lynch retailed 20 head of very fine Kentucky still-fed Cattle at from 8 to 8½.

S Wolf retailed 25 head of common Western Reserve Cows and heifers at from 4 to 5½c.

Herrick & Dull retailed 35 head of smooth Ohio Cattle at 6½ to 8; also, 12 head of good Kentucky Steers at 8 to 8½.

Jas Mountlister wholesaled 20 head of fair Marion Co., Ohio, Cows, at 4c.

A Lipsey stalled 18 head of good Ohio Cows at 5 to 7c.

O By retailed 15 head of different qualities, at 6½ to 8.

O H Rigmonry wholesaled 56 head of good Western Cattle to Myers & Bro, at 7c.

M Harper sold 28 head of "scalawags" at from 3 to 6c.

W S Lafferty bought several small lots on private terms, and shipped about 55 head East.

In addition to the above, there were several other small lots sold, the particulars of which we are unable to learn. We have again, enough however, to indicate the true condition of the market—as it was during the past week.

SHEEP.

The market for this class of stock has ruled exceedingly dull the past week, owing principally to the unfavorable reports from the East. Heavy sheep have been mostly large, but as there was but little margin left for shippers, we did not quote, and have been sold unless at a decline. We give the nominal quotations at from 4 to 6c, for common to choice prime, and the same may be regarded as the extreme rates of the market.

HOGS.

The demand continues very light, being restricted almost entirely to the wants of the local trade, and there is scarcely enough doing to establish quotations. We give the nominal rates at from 7 to 9c, according to quality.

Chicago Market—June 22.

We have had a good many "bulges" of late in the different markets, but that of to-day capped the climax. Everybody who could borrow money, and some that could not, were operating to the extent of their pluck and running the chances of making a fortune in the general excitement. Prices have reached that of which was a matter 5c per bushel one way or the other is now looked upon as a matter of small moment.

Wheat was most in demand by operators, and on quotations of yesterday an advance of from 10a 20c per bushel was paid, sales touching $1,30@1,30½ for No 1, and $1,21@1,22 for No 2 spring, at the close, buyers offered $1,18@1,20, and $1,10@1,14 respectively for No 1 and 2.

The corn market shared in the general excitement and advanced 10@15c per bushel, with a decided rise on all grades. We note sales at $1,14@1,20 for No 2, and $1,20 and for rejected. At the close there was a quiet feeling, with sales at $1,21@1,27 for No 1, and at $1 20@1 25 for No 2.

There was very little done in flour, and the market was almost nominal at an advance of 50@75c per barrel.

Oats were moderately active, and advanced 2@3c, with sales at 71 @72c for No 1—closing nominal.

Rye and Barley were both neglected and nominal.

There was a good demand for Highwines, and the market advanced 2@3c—closing firm. Sales ranged from $1,15@1,20.

The provision market was inactive and nominal. Holders of Pork were asking $30@40, and Lard was held at 14@15c.

Baltimore Market—Mail Report.

JUNE 21—Coffee—No change in the market; quotations nominal at 40@42c for 15 for Rio, which is considerably below cost to importers.

Sugar—Fresh ground sugar and good brands of extra, both Heward street and Ohio, are very firm with sales of super at 25, and extra at 24,25; choice refining extra 23,27@23,50 per bbl. No change in other descriptions.

Grain—Wheat 2200 bu off-red: demand fair and prices at 2 sales of 2000 bu white at $1,90@1,15 for lots to the trade; small lot of new prime, from Carolina sold at $1,40, the first received sold at $2,50 per bush.

We quote Pennsylvania red at $1,15@1,25, and Maryland at $1,20@1,25 per bu as to quality. Corn 2,000 bu white sold at $1,45, and 4000 bu yellow at $1,46@1,50 per bu. Small sales of Pennsylvania oats at 91c, weight, and Maryland 70c measure. No sales of rye.

Molasses—No sales reported; quotations nominally unchanged.

Provisions—The advance in gold, together with light stocks, has caused a very material advance in all descriptions. We quote a to-day price firm as follows: Rum pork very scarce, held at $34,50 per bbl. Bacon Shoulders 16½c, clear 16½@16½c per lb. Bulk shoulders 15½@15½c; sides 16½@16½c (on to smoked hams in pickle 16½@17c, smoked hams 18c. Western lard 16½@17c per lb; the inside figure was refused to-day for 500 tcs.

Sugar—Better inquiry, and the advance in gold makes holders firm at full former prices.

Philadelphia Market—Mail Report.

JUNE 21—Fish—The arrivals and sales are light, and the market very inactive. Sizes prices of Mackerel range at $18@19 for 1's, $16@17 for 2's, and $14 for 3's, as to size. Further sales of new 3's are reported at $7½ and $11½ for medium and large. Of pickled herring and dry cod prices are nominally unchanged, and very little stock here to operate in.

Groceries—The difference in the views of buyers and sellers has a tendency to limit the operations in sugar and molasses, and no sales of any consequence are made public. Coffee is dull and neglected, and only a few small sales are reported at 41@45c for Rio, and 50@55c for fit Domingo, cash.

Iron—The market for this staple continues inactive. The demand for pig metal are nearly all sold up, but the demand is limited, except for good No 1, and holders generally are free sellers at from $60 to $60 $3 for the three numbers, cash. About 800 tons sold at the latter figure. Scotch pig is quiet at $50@61 $3 ton; for manufactured iron prices are unchanged and the demand for most kinds fair.

Lead has advanced, and about 1450 pigs Galena were clipped off at $7,41@7,45 the 100 lbs, cash, mostly at the former figure.

Wool—The new clip is beginning to arrive and finds ready sale at fancy sales of about 100,000 lbs old fleece and others are reported at 85@90c, and unwashed at 50@65 $3 lb, cash, leaving the market nearly bare and the demand good. Yarns are in request at full rates.

Seeds—There is very little clovers offering or selling, and we quote it nominally at $7,50@8 $3 bu; timothy is quiet at $2,75@3, and flaxseed in fair demand at $3,40 $3 bu.

LAWS OF THE UNITED STATES.

Passed at the First Session of the Thirty-eighth Congress.

[PUBLIC—No. 94]

AN ACT to provide for the execution of treaties between the United States and foreign nations respecting consular jurisdiction over the crews of vessels of such foreign nations in the waters and ports of the United States.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in all cases where it may have been or shall hereafter be stipulated by treaty or convention between the United States and any foreign nation to the effect that the consul general, consuls, vice-consuls, or consular or commercial agents of the two nations, respectively, shall have exclusive jurisdiction of controversies, difficulties, or disorders arising at sea or in the waters or ports of the one nation, between the master or other officer or officers and any of the crew, or between any of these last themselves, of any ship or vessel belonging to the other nation, such stipulations shall be executed and enforced within the jurisdiction of the United States as hereinafter declared: *Provided*, That before this act shall take effect as to the ships and vessels of any particular nation having such treaty with the United States, the President of the United States shall have been satisfied that similar provisions have been made for the execution of such treaty by the other contracting party, and shall have issued his proclamation to that effect, declaring this act to be in force as to such nation.

SEC. 2. *And be it further enacted*, That in all cases within the purview of this act the consul general, consul, or other consular or commercial authority of such foreign nation charged with appropriate duty in the particular case, may make application to any court of record of the United States, or any judge thereof, or to any commissioner appointed under the laws of the United States, to take bail or affidavits, or for other judicial purposes whatsoever, setting forth that controversy, difficulty, or disorder has arisen, briefly stating the nature thereof, and when and where the same occurred, and exhibiting a certified copy or extract of the shipping articles, roll, or other proper paper of the ship or vessel, to the effect that the person in question is of the crew or ship's company of ship or vessel; and further stating and certifying that such person has withdrawn himself from the control and discipline of the master and officers of the said ship or vessel, or that he has refused or about to refuse, to submit to and obey the lawful jurisdiction of such consul, or commercial authority in the premises; and stating and certifying that, to the best of the knowledge and belief of the officer certifying, such person is not a citizen of the United States, and thereupon such judge, commissioner or other judicial officer, on inspection of such application, the same being in writing, and duly authenticated by the consular or other sufficient official seal, shall issue his warrant for the arrest of the person so complained of, directed to the marshal of the United States for the appropriate district, or in his discretion to any person, being a citizen of the United States whom he may specially depute for the purpose, requiring such person to be brought before him for examination at a certain time and place; and if, on such examination, it shall be made to appear that the person so arrested is a citizen of the United States, he shall forthwith discharged from arrest, and shall be left to the ordinary course of law. But if this shall not be made to appear, and such judge, commissioner, or other judicial authority shall find, upon the papers hereinbefore referred to, a sufficient prima facie case that the matter concerns only the internal order and discipline of such foreign ship or vessel, or whether in its nature civil or criminal, does not effect [affect] directly the execution of the laws of the United States, or the rights and duties of any citizen of the United States, he shall forthwith, by his warrant, commit such person to prison, where prisoners under sentence of a court of the United States may be lawfully committed, or to the master or chief officer of such foreign ship or vessel, in his discretion, to be subject to the lawful orders, control, and discipline of the master, or chief officer for the time being, of such ship and to the jurisdiction of the consular or commercial authority of the nation to which such ship or vessel may belong, to the exclusion of any authority or jurisdiction in the premises of the United States or any State thereof: *Provided, nevertheless* That if the master of the arrest shall be made at the instance of the person so arrested shall be paid by the consul general, consuls, or vice-consuls: *And Provided, further*, That no person shall be detained more than two months after his arrest, but at the end of that time shall be set at liberty and shall not again be arrested for the same cause.

Approved, June 11, 1864.

PUBLIC No. 95.]

AN ACT to authorize the Secretary of the Treasury to stipulate for the release from attachment or other process of property claimed by the United States, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That whenever any property owned or held by the United States have or in which the United States have or claim an interest, shall, in any judicial proceeding under the laws of any State, District, or Territory, be seized, arrested, attached, or held for the security or satisfaction of any claim made against said property, it shall be lawful for the Secretary of the Treasury, in his discretion, to direct the collector of the Treasury to cause a stipulation to be entered into by the proper district attorney for the discharge of such property from such seizure, arrest, attachment, or proceeding, to the effect that, upon such discharge, the person asserting the claim against such property shall become entitled to all the benefits of this act; and in all cases where such stipulation shall be entered into, as aforesaid, and the property shall, in consequence thereof, be discharged as aforesaid, his final judgment shall be given in the court of last resort to which the Secretary of the Treasury may deem proper to cause such proceedings to be carried, affirming the claim for the security or satisfaction of which such proceeding shall have been instituted, and the right of the person asserting the same to enforce it against such property by means of such proceedings, notwithstanding the claims of the United States thereto; such final judgment shall be deemed, to all intents and purposes, a full and final determination of the rights of such person, and shall entitle such person, as against the United States, to such rights as he would have had in case possession of said property had not been changed; and if such claim be for the payment of money, and the same shall by such judgment be found to be due, the presentation of a duly authenticated copy of the record of such judgment and proceedings shall be sufficient evidence to the proper accounting officers for the allowance thereof; and the same shall thereupon be allowed and paid out of any moneys in the Treasury not otherwise appropriated: *Provided*, That the amount so to be allowed and paid shall not exceed the value of the interest of the United States in the property in question: *And provided, further*, That nothing herein contained shall be considered as recognizing or conceding any right to enforce by seizure, arrest, attachment, or any judicial process any claim against any property of the United States, or against any property held, owned or employed by the United States, or by any department thereof, for any public use; or as waiving any objection to any proceeding instituted to enforce any such claim.
