## RIVER NEWS.

The river was receding slowly at this point last evening, with eight feet two inches in the channel by the Monongahela marks. The weather continues clear and pleasant, and very favorable for out door business.

There has not been a single transient arrival since the making up of our last report. The Mary Davage is expected to arrive here about Monday.

The J. N. McCullough, left for Cincinnati yesterday with a fair trip.

The Grey Eagle, C. L. Brennan, is the regular packet for Parkersburg to-day, leaving at noon.

The Bellevernon, Capt. J. J. Darragh, leaves for Evansville, and all intermediate points to-day without fail, and passengers and shippers should bear this in mind.

The new steamer Arkansas received considerable New Orleans freight yesterday, and Capt. Shaw expects to get away immediately, if not sooner. She is conceded to be one of the best boats of her class, that was ever built here, and that is saying a good deal.

Capt. Wash Ebbert expects to have his new boat ready for business about the first of January. She will be a big carrier, and Capt. Ebbert contemplates making his first trip to New Orleans.

It is rumored that Capt. James McDonald, who has been engaged in the oil business for several years past, contemplates going back to his old vacation, shortly. Capt. McDonald is one of our most skillful and experienced steamboatmen. He was for a considerable length of time, engineer of the once famous Pittsburgh and Cincinnati packet Buckeye State; since then he has built and commanded several fine steamers, and that, too, with great success.

The Armadillo, Capt. D. H. Swaney, is filling up steadily for New Orleans, and will take her departure early next week.

The Messenger, Capt. Jesse Dean, is announced for St. Louis, and the Upper Mississippi forthwith. She is one of the best boats in the trade. Mr. James Russell still retains charge of the office.

We should like to know what has become of Capt. John S. McMillan. His familiar face has not been seen about the landing for some time.

Capt. Ed. Evans, late of the Westmoreland, has assumed command of the Leonidas, and will at once load her for St. Louis.

Capt. Reed has not as yet fully determined for what point he will load the Kate Putnam, but it will most likely be St. Louis.

—The Argosy (Capt. Vandergrift) is loading at Evansville for Memphis.

—The steamer Dew Drop has returned from the upper Ohio, and is again in the Catlettsburg and Louisa trade.

—Cotton is accumulating at Shreveport, and also at Camden and points intermediate on Ouachita river and along Arkansas and White rivers.

—On the arrival of the Lizzie Gill at Memphis, her colored crew "jumped" her. They were subsequently arrested and taken before Justice Simon, charged with mutiny, but were discharged on the ground of insufficient evidence.

—We clip the following items from the Louisville *Courier* and *Journal*: While the Glendale was lying at the wharf, Sunday afternoon, her barge sprung a leak, and was with difficulty prevented from sinking.....The twoboat Alps, which sunk at the head of the falls Monday afternoon, was raised about four o'clock yesterday morning and a bulkhead built over the hole, and she went up the river. She will go on the ways at Madison for repairs. She was afloat in four hours after commencing work on her.....The Grand Lake succeeded in getting up over the falls yesterday, and left for Pittsburgh with a tow of empty barges.....The towboat Hawkeye, from Pittsburgh to St. Louis, with two barges of oil in bulk, passed down over the falls yesterday.

DISEASED LUNGS.

There is no doubt whatever that diseases of the lungs, or ulcers of whatever sort, on any of the internal organs may be, and are frequently cured, and a complete condition of health established. If the elaborative functions, of which the stomach is the primary and most important one, are restored to a condition to do the repairing of the human system, ulcers or sores, whether upon the lungs, the liver, the kidneys or the bowels, or upon the legs, as is frequently the case, can be made to heal, and a complete standard of health re-established.

We have frequently seen these results from the use of Dr. KEYSER'S LUNG CURE, a pleasant and agreeable medicine, which will ripen up and carry out of the animal economy all effete and used up material. Dr. K. says that he has known the most distressing and harassing coughs, whose vibrations would threaten to shake the whole constitution to pieces, removed in the course of a few days. In long standing cases of consumption, or of other, sometimes fatal, but always troublesome and annoying maladies, known as catarrh, chronic bronchitis, trachitis or pharyngitis, it is a wonderful alleviating medicine in the former and a sure cure in the latter disease.
