FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, November 14, 1868.

The entire market in Wall street to-day is reversed, and money, which was looking again towards extreme stringency, became easy to-day, and an ample supply of funds was offered to stockdealers, the consequence was a general advance in all the principal railroad shares, especially Erie, which jumped from 36¼ to 44¼. It is reported that an immense short interest has been created recently, and that the combination have determined to carry the stock higher than ever it was. New York Central and the Ohio & Mississippi shares are in a like condition. Fort Wayne is liable at any moment to advance, and so is Cleveland, in which large sales have been made recently and were not covered at the decline.

The Government bond market was higher to-day, but there is no disposition yet to buy at present quotations, and most of the large holders are selling out in anticipation of lower quotations. The result of the last Presidential election had been discounted after the State election, and the banking institutions in Europe do not have the power to buy and hold American bonds to such an extent as before. The Bank of France and the Bank of England have lost a large amount of specie, and, consequently, have put up the rate of interest—a 4 per cent. interest in London and 3½ in Paris would withdraw a large amount of capital temporarily invested in this country. European markets have now offered such a variety of loans which will yield as much interest as American bonds and are nearer home. For these and other causes, a decline of bonds may be looked for, and likewise, an advance in gold will take place.

PITTSBURGH METAL MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, FRIDAY, November 13, 1868.

The market is quiet but steady, and prices are without quotable change. There is a continued fair demand from consumers for immediate use, though the policy of buyers generally is to buy just as little as possible, with a view of having just as little on hand the first of the year as possible. Besides the stringency in money matters has the effect to retard business and restrict operations, and stocks, generally, particularly of eastern irons, are pretty well reduced.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, November 14, 1868.

The week which has just closed, has not, we regret to say, given any evidence of that improvement which has been so long and anxiously looked for, and what is worse still, the indications at present are not very favorable for such a desirable event. Distrust of the future is the main cause of the stagnation which prevails at present, though the stringency in money matters has much to do with it, and we do not look for any permanent or material improvement until these obstacles to trade are removed.

APPLE BUTTER—Dull and unchanged at 70 to 75 in kegs, and 80 to 85c, in crocks.

APPLES—In good supply but with a continued steady demand, prices are sustained, ranging from $2 to $4 per bbl.

BEANS—Unchanged; sales of small white at $3.75 to $4 per bushel.

BUTTER—Is in steady demand, and prime to choice Roll is selling in a regular way at 38 to 40c.

BUCKWHEAT FLOUR—Is dull but unchanged, at 4½ to the trade, and 5 cts in a retail way.

CIDER—Is dull and nominally unchanged at $6 to $10 per bbl, as to quality and size of barrel.

CRANBERRIES—Supply in this market exceedingly small; prime eastern cultivated at $23 to $24 per bbl.

CHEESE—Is dull, but prices are without quotable change.

CESTNUTS—Quoted at $6,50 per bushel.

DRIED FRUIT—Quiet and unchanged; we quote Peaches at 12 for quarters, and 14 for halves. Apples 8 to 10 cts.

EGGS—Unchanged at 33c.

HOMINY—Is quoted at $6,50 to $7 per barrel.

HAY—Baled Hay continues dull, with a supply largely in excess of the demand; we continue to quote at $18 to $24, for common to prime timothy.

POTATOES—Quiet and unchanged at 70 to 75c in bulk, and 80 to 85 in sacks—for car load lots.

ONIONS—Continues very dull, and small sales are making at $1,50 to $1,75 per bushel.

FEATHERS—Unchanged at 75c to the trade, and 80 to 85 for small lots in store.

PROVISIONS—Small sales of Shoulders at 13½; and 18 to 19 for Sugar Cured Hams. Lard 18, and Mess Pork $30,50 to $31.

SALT—Is in steady demand, and we can report regular sales at $1,75 on track, and $1,90 to $2, in store.

GRAIN—The Grain market continues exceedingly dull, and there is scarcely enough doing to establish quotations. There is no price for Wheat and we can say nothing about it except that the tendency continues downward. Oats quiet and unchanged; may be quoted at 64 to 65 on track and wharf, and the usual advance for small lots in store. Corn is dull, and drooping; sale 1 car new at 75 and one at 70; old corn cannot fully be quoted above $1 for mixed to $1,05 for Yellow, although holders generally are asking $1,08 to $1,10 for the latter. Rye is dull, and cannot be quoted correctly; we are cognizant of an offer having been made to sell 4,000 bushels at $1,39. Barley, also, is dull and irregular, with buyers at $1,75 to $1,80, and sellers at about $2.

LARD OIL—Is scarce and in demand, with sales of No. 1 Winter strained at $1,50.

FLOUR—There is no improvement to note in the demand, and while the market is dull, prices have undergone no quotable. We continue to quote good to choice Spring Wheat brands at $7,50 to $8 per bbl. Rye Flour, $8. The Pearl Mill prices are for Extra Family in barrels, $9,00 and in sacks $9,60 per barrel; Double Extra Family in barrels $10,40, and in sacks $10,10, per barrel. City Mills quote prices as follows: Extra Family, in barrels, $9,00, and in sacks, $9,50; Double Extra Family, in barrels, $10,50, and in sacks, $10 per bbl.

TALLOW—Prime rendered is in steady demand at 12c.

WHISKY—Is quiet and unchanged at $1,20 for both Highwines and Rectified.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, November 14, 1868.

GENERAL REVIEW.

The market was decidedly dull and panicky during the early part of the week, and prices declined materially; since then, there has been a slight reaction, and Refined, particularly for this month, advanced again. Crude did not sympathize with this last movement, and for a very good reason, it was relatively higher than before and has been for some time than Refined. The sales for the week were considerably larger than last week, 86,200 barrels, against 28,600. The shipments of Refined show a slight falling off, 15,099 barrels this week, against 19,909 barrels last week; from January 1st to date, 621,294 barrels, against 570,153 bbls same time last year. The receipts of Crude for the week were 20,360 barrels, against 24,965 barrels last week; receipts from January 1st to date, 626,465 barrels.

CRUDE.

The market was more active to-day, the reported transactions being unusually large, though prices have undergone no quotable change. Ten cents is still regarded as the standard price for almost any delivery with the next six months, that is for 40 to 45 gravity; light oil (40 to 47 gravity) was offered to-day at 9¾c, without finding takers. Sale of 24,000 barrels, on spot—the largest single operation reported for some years—at 10c; 13,500 bbls on private terms, and 1,000 do at 10c.

REFINED.

The Refined market, particularly for November, continues steady, and prices are fully sustained. We can report one lot of 1,000 bbls, and another of 500, both on spot, at 25¾c; the last half of November is quoted strong at 26½ to 26¾c. The first half of 1869 is neglected, while the last half is in demand at 33c.
