PRINTER'S INK, A GOOD ARTI-CLE.—The ink with which this issue of the *Republican* is printed is from the Gray's Ferry Printing Ink Works of C. E. ROBINSON. It is clean, flows freely, and is of a good color. Our brother printers can judge of its quality by comparing it with inks from other manufactories.—*Delaware County Republican.*

(*From the Delaware Gazette.*)

TO PRINTERS.

We have been using, for several weeks a very fine quality of ink from the Gray's Ferry Manufactory of CHARLES E. ROBINSON, which our Pressmen say is the best for cylinder press news work that they have used for a long time. It is a clear black, and free from all kind of sediment. Mr. Robinson is a practical ink manufacturer, liberal and courteous in all business transactions, and as he has recently had the misfortune to be burned out, we are the more free to recommend his ink and himself to the patronage of all printers who desire a good article at very cheap rates. Address No. 521 Minor street, Philadelphia.

One of our cotemporaries also recommends it as follows:

FINE PRINTING INK.

We have for some time been using the News Ink Manufactured at Gray's Ferry Printing Ink Works, Philadelphia, by C. E. ROBINSON, and, as stated some weeks ago, have found it better adapted to our presses than any ink we have had in our office for ten years. It is not only a very excellent article of ink, but it is furnished at very reasonable prices. The Work also manufactures Black and Colored Printing and Lithographic Ink, Varnishes, etc. Their address is Gray's Ferry Road and Thirty-third street, and No. 521 Minor street.—*Rogersville Herald.*

We never recommend an article in these columns unless it really merits it, and to learn whether our own opinion of the ink the *Tax Payer* is now using coincided with our pressman's, we inquired his estimate. He replied, "Good, very good;" and as we never knew him to deviate from the truth, we inform our fellow printers that this was said of ROBINSON'S Philadelphia Printing Ink.—From the *Tax Payer*, New York. no23
