THURSDAY MORNING—JULY 21, 1864.

CITY AND SUBURBAN.

The 23d District.

The Board of Enrollment of the 23d District will be absent in Butler and Armstrong counties all of next week. Business at headquarters in Allegheny city will necessarily be suspended during that time.

On their return the Board will be prepared to enter vigorously into the work of enlisting volunteers for the several sub districts, and as individual representatives. In some of the sub districts the work of filling quotas has already commenced; and it will be now as it was last spring—the first in the field will fare the best, and fill up at the least expense.

In procuring volunteers to fill the quota of a sub district, the enrolled men of that or any other sub-district may be taken, as well as those not liable to draft by reason of alienage, previous two years or more of service in the present war, or being between the ages of eighteen or twenty years. Boys under eighteen cannot be accepted even with the consent of the parents or guardians, neither can men be taken who are over forty five.

Men who are themselves liable to military duty cannot be represented by substitutes who are also liable. They must, if they wish to be personally represented, procure, as their substitutes, men who are not subject to draft, the same as above specified.

But the people of sub-districts may fill their quotas with their own enrolled citizens, or those of other districts or sub-districts, to whom they pay local bounties, or with any men, aliens or citizens, capable of doing military service.

Hence it follows that the latter method will be by far the least expensive mode of filling quotas, and escaping the coming draft. Should any sub-district fail to fill its quota, a draft without commutation will take place at the end of fifty days, when nothing but service, either in person or in substitutes, can be taken. Substitutes will then be enormously expensive.

The call of the President is for VOLUNTEERS, not *conscripts*. But in order to render the call effectual, and to cause the burden of the call to fall equally upon the people, the late act of Congress contemplates the enforcement of the levy by a draft, in default of the rendition by the district of its assessed quota of volunteers.

Allegheny Mayor's Office.

Yesterday, Mrs. Rachel Miller appeared before Mayor Alexander, and entered a complaint against Mrs. Rachel Dawson and her daughter Sarah, for assault and battery. From the evidence elicited in the case, it appears that the reputation of Mrs. Dawson and family is not considered good in the neighborhood of East Lane, her place of residence. Mrs. Miller, noticing her husband stopping at their door, and talking to the inmates, endeavored to entice him away, when the defendants attacked and cruelly abused her. The Mayor committed Mrs. Dawson and her daughter to jail, in default of $500 bail.

Moses Donaldson, an old offender, was committed to jail for fifteen days on a charge of disorderly conduct.

Fatal Accident.

Yesterday afternoon a man named John Raw was run over by a wagon, laden with coal, on the Birmingham bridge, and expired almostinstantly. The deceased was employed in driving a coal team belonging to Messrs. Keeler, of East Pittsburgh; and while descending the embankment at the Pittsburgh end of the bridge, slipped and fell, two wheels of the wagon passing over his body and mutilating it in a horrible manner. Raw had arrived in this country from Germany about three months since, and was a worthy and industrious man. He leaves a wife and four children. An inquest was held on the body, and a verdict rendered in accordance with the above facts.

Homicide in Marshall County, Va.

On Thursday last, an affray took place in a harvest field, near Moundsville, Va., between a white man named Stoner and a negro recently from Eastern Virginia. They were working together in the field, binding after the cradlers, when a dispute arose about a sheaf of wheat. Stoner struck the negro on the back with a wooden rake, one of the teeth of which entered along the line of the spine near the nape of the neck. The negro was almost instantly paralyzed. He lingered until Friday when he died. Stoner at last accounts was still at large. He is represented as a quarrelsome and malicious fellow, and is said to have threatened the negro's life on Wednesday morning.

The First Regiment.

Yesterday a regimental organization of the troops in Camp Reynolds was perfected by the election of the following officers:

Colonel—John B. Clark.
Lieutenant Colonel—Jas. W. Ballentine.
Major—Frederick Gast.

There are now twelve companies at Camp Reynolds, seven being from this city and five from Allegheny. It is supposed that sufficient troops will arrive at Camp during the present week to admit of the forming of another regiment. Allegheny county has, we believe, the honor of placing the first complete regiment of one hundred days men from this State in the field.

Serious Accident.

An accident, which may result fatally, occurred yesterday afternoon at the Tack Factory of Messrs. Chess, Smith & Co., in Birmingham. An employee in the works named August, was attending a circular saw in the box department, when a large splinter was broken off a board, and lodged in the neck of Mr. August, completely severing the jugular vein. Medical assistance was promptly summoned, but it was found impossible to take up the artery, and it is feared that the poor man will bleed to death. Mr. August is about forty-five years of age, and has a wife and large family.

DEATH BY DROWNING.—Corporal Henry G. Reamer, son of Mr. H. Reamer, of Greensburgh, and a member of Company I, 11th Pennsylvania Regiment, was drowned at Baltimore, on Friday last. He and some others were bathing, and his companions leaving him in the water while, they went to gather some berries, on their return discovered his clothing on the bank but Reamer missing. Search was then made in the water, when his body was found at the bottom. It is not known whether he got beyond his depth or was seized with cramp.

BRADDOCK'S FIELD.—The sale of lots next Monday, on the premises deserves particular attention. No point in our vicinity offers better inducements for safe and profitable investment of the surplus money so abundant. As a manufacturing centre, or a pleasant locality for residence, it is not anywhere surpassed. Those having money to invest should not fail to attend the sale.

RAILROAD CONDUCTOR SHOT.—During a pic nic which was held near Johnstown, a few days since, a difficulty ensued between a resident of that town and a returned soldier named John Glass, during which Glass drew a revolver and shot at his antagonist, but missing him, the ball struck Mr. Cassidy, a conductor on the Pennsylvania Railroad, inflicting a severe wound.

POCKET PICKED.—Mr. John Thomas, of Hempfield township, had his pocket picked of a considerable sum of money, a short time since, at Attoona, whilst in the act of handing some refreshments to his wounded son in the cars, whom he was bringing home.

FIRE IN BARNESVILLE.—On Friday evening last a fire broke out in Barnesville, Belmont county, Ohio, and destroyed a large blacksmith shop, a wagon shop and several private residences, amounting in all to several thousand dollars' worth of property.

MEETING IN THE FOURTH WARD.—A meeting of the citizens of the Fourth Ward will be held this evening to take measures towards filling the quota of the ward under the present draft. The call for the meeting will be found in another column.

FOR EUROPE.—Parties about to proceed to Europe should read the advertisement of Mr. W. Bingham, Jr., in another column. He issues certificates of passage by the "Inman Line" to Liverpool for $45 currency.

ARREST OF A RABID SYMPATHIZER.—Wm. H. Ostoby, an employee of the Wheeling *Register*, was arrested on Tuesday night for drinking a toast to Jeff. Davis and General Lee.

SOUTH PITTSBURGH PUBLIC SCHOOL.—At a meeting of the School Board on Monday the 18th inst. Mr. Geo. N. Monroe was re-elected to fill the office of Principal.

SUBSTITUTES.—The attention of those of our readers wishing to procure substitutes is directed to the advertisement of Mr. C. F. Bower, in another column.

The Brownstown Homicide—Coroner's Inquest.

Coroner McClung yesterday afternoon held an inquest on the body of James Fagan, who died yesterday morning about one o'clock, from injuries received at a pic nic in Brownstown, on Saturday evening last. The Coroner had some difficulty in procuring witnesses, as all the persons who were known to be present had been arrested on a charge of riot, and a hearing of their cases was progressing before Justice Salisbury, of Birmingham. Two witnesses were examined, and their testimony corroborated the particulars already published. Dr. James Kerr, who attended the wounded man, testified that two balls had entered the body of Fagan, one having passed through the kidneys and the other lodged in the rim of the pelvis. Either of the wounds, in the opinion of the physician, were sufficient to cause death.

The jury, after considering all the evidence produced, rendered the following verdict: "That the said James Fagan came to his death from wounds inflicted by a pistol in the hands of Martin Brawdy, Jr., on the evening of the 16th of July, 1864."

Brawdy, who is at present confined in the county jail, was seriously injured during the night of the disturbance, and fears are entertained that he will not recover. He received a wound on the forehead from some blunt instrument, and it was supposed yesterday that his skull was fractured.

The hearing of the case of the alleged rioters was continued until Saturday afternoon next.

BE CAREFUL OF YOUR WINDOWS.—During the "warm term" our citizens are apt to leave their residences in an exposed condition, by having their chamber windows raised during the night. On Monday evening last, Mr. A. J. Sweeney, of Wheeling, retired to bed in the second story of his residence, leaving the windows of his room open. During the night a thief procured a ladder and entered a window, robbing Mr. Sweeney of $100 which he had in a pocket of his pantaloons, and escaped without being observed. A suspicious character was arrested in Wheeling the next day, but as no evidence could be adduced against him, he was discharged.

THE Government is now paying $155 for cavalry horses, at Wheeling, the largest price ever yet paid.

ONE OF HUNNEWELL'S GREAT REMEDIES.—HUNNEWELL'S ECLECTIC PILLS.—THE TRUE FORM OF A CATHARTIC.—By the application of true Medical Laws, both character and economy are combined in this most valuable Pill. To prevent putting into the stomach such quantities of indigestible and injurious drugs usually contained in Pills that require from four to six to get a decent cathartic, and to prevent the *Griping Pains* so erroneously judged to be evidence of character, was the study in this development. The dose seldom exceeding one, and never more than two Pills, settles the question of economy, and confidence is asked to test their true character in Dyspepsia, Costiveness, Biliousness, Liver Complaints, Piles, all derangements of the Stomach and Bowels, and as a true Family Pill. For Worms they are a sure cure.

THE LATEST NEWS

BY TELEGRAPH.

Our Special Dispatches.

FROM WASHINGTON.

Special Dispatch to the Pittsburgh Gazette.

WASHINGTON, July 20, 1864.

THE SITUATION AT PETERSBURG.

Parties who left the Army of the Potomac yesterday noon and arrived here to-day report all quiet before Petersburg, with the exception of the usual artillery duelling. The weather was excessively hot, and everything is suffering from the drought.

Rebel prisoners state that the crops throughout the South will be very short for want of rain.

Petersburg is believed to be entirely at the mercy of Grant's guns, which now completely command the city.

THE MARYLAND RAID.

It is stated that some 2,000 rebel prisoners and deserters have been picked up in Maryland since the late raid.

A rebel officer asked a lady near this city during the raid, whether she thought he could get a captaincy in the Union army if he should desert and bring seventy-five men with him. He said it was his intention to come as soon as he could slip away.

Prisoners say that Jno. Morgan was with those raiders. If this be so, it accounts for their great success in stealing.

The prisoners taken represent sixty three different regiments.

MONTGOMERY BLAIR.

Montgomery Blair has raised something of a disturbance among the military members of the Cabinet. It is understood that he demands pay for his property lost in the late rebel raid. It is not believed, however, that the matter will create any disruption in the Cabinet, as has been intimated.

SEARCH FOR THE FLORIDA ABANDONED.

These war steamers which were sent in search of the Florida are returning and report that no trace of her could be found in the latitudes through which they were ordered to cruise when they were there.

MORTALITY IN THE HOSPITALS.

Privates Wm. McKinsie, 155th Ohio, and Wm. Hoffman, 110th Ohio, died in the hospital in this city to-day. The mortality in the various hospitals is on the decrease.

INCREASE IN THE PUBLIC DEBT.

The increase in the public debt during the twenty-eight days ending July 12th, has been $75,683,400, while the amount of suspended requisitions in the Treasury is $93,000,000.

THE GUNBOATS ON JAMES RIVER.

Several of the gunboats up the James river have intimidated the rebels along the banks and they have made no further demonstration against our transports since the firing into the Geo. Weems.

CONVALESCENTS.

The United States Hospital steamer left this city to-day for Philadelphia with eight hundred convalescent soldiers.

GOV. MORTON AND COLFAX IN WASHINGTON.

Gov. Morton and Speaker Colfax are in the city to-day.

GUERRILLA OPERATIONS IN MISSOURI.

CITIZENS ROBBED AND KILLED,

ST. JOSEPH FULL OF REFUGEES.

RAID THROUGH KANSAS EXPECTED.

FIGHT ON SUNDAY NEAR RICHMOND.

MOVEMENTS OF THE GUERRILLA THORNTON &c., &c., &c.

ST. LOUIS, July 20.—Private letters from Lexington say that from three hundred to nine hundred bushwhackers are in Ray county. Some Federal troops had a fight with them on Sunday, near Richmond, in which six or eight of our men are reported killed. About three hundred guerrillas were at Elkhorn on Monday. About thirty bushwhackers killed nine citizens, in Carroll county, robbed the coach and passengers, and did considerable promiscuous thieving, last week. All the persons murdered had been in the military service, and were prominent Union men.

The St. Joseph *Herald* of yesterday says that city is full of refugees from the lower counties, and hundreds have gone to Leavenworth and other places. The panic extends throughout the whole country. All the business houses in Weston are closed, the citizens being in constant fear of a raid. About fourteen buildings were burned in Platte City by the Federal troops, including the Platte *Sentinel* office, and a few other houses belonging to Union men. Col. Ford tried to save the *Sentinel* office, but the fire made too much progress.

A letter without a date, signed by Thornton H. Todd, commanding, was found at Platte City Station. It stated they were about ready to concentrate their forces, asking about the state of things, acknowledging the receipt of the names of friends, and saying they would cross the Missouri river at Parkville, ford the Kansas river west of Wyandotte, and accomplish their trip through Kansas.

This letter shows that they intend, after a few days' plundering, to join the rebel army south, effecting his escape through Kansas. Thornton had been in Platte and Clay counties eight months, and recruited one thousand two hundred men, and during this time had been aided, protected, concealed and subsisted by the citizens of those counties.

The steamer War Eagle, on her way down the Missouri river, was fired on by guerrillas at Rockport, but no one was injured.

ST. JOSEPH, July 20—Thornton's guerrillas, nearly four hundred strong, were in Carroll county to-day, and will probably make an effort to cross the Missouri river. Gen. Fiske is pressing them hard, but his force is insufficient to effect much. Loyalists are rallying to his standard, however, and Northern Missouri will soon be a hot place for bushwhackers.

ST. LOUIS, July 20.—Advices from Ghillicothe state that Thornton was twenty miles south of there this morning, where he told his men he was going to Howard county, but it is believed that he will try to cross the Missouri river and get South.

A scout sent South from here reports that some three hundred guerrillas were near Bloomington.

General Fiske's appeal is being rapidly responded to.

Woods Burnt—Mormons from London —New Counterfeit Half Dollar.

NEW YORK, July 20.—A fire on Long Island destroyed 4,000 acres of woods. No lives lost.

A company of nine hundred Mormons leave for Albany and westward this evening. They came from London.

A special to the *Commercial*, from Washington, July 20, says: A new counterfeit of the postage half dollar was received at the Treasury yesterday. It was so perfect that when half of it was cast down to the engravers' room they pronounced it genuine.

Seymour on Recruiting in the South.

ALBANY, July 20.—Gov. Seymour will not appoint a State Agent to recruit in the south. He does not believe this will be practicable. If the cities or counties choose to pay bounties and appoint agents for this purpose they can do so, and the State authority will give them such facilities as the act of Congress direct.

THE LATE REBEL RAID.

IMPORTANT DISPATCHES RECEIVED.

Our Forces Steadily and Successfully Pursuing.

THE REBELS WHIPPED AT SNICKER'S GAP

Three Hundred Heavily Laden Wagons Captured.

HARRISBURG, July 20.—Important dispatches were received here last night, from which it is indicated that our forces are steadily and successfully pursuing the rebels, who recently ravaged the eastern portion of Maryland, and that the pursuing party are recovering a large amount of plunder from the rebels.

Gen. Crook, while in pursuit on Monday last, overtook the enemy at Snicker's gap, where a sharp encounter, for a short time, took place. The rebels fought like devils, anxious to save the grain and cattle they had succeeded in carrying that far.

General Crook, however, was as determined that they should not escape. He whipped the rebels thoroughly, capturing over 300 wagons heavily laden with grain, and took many prisoners. As usual the enemy left his dead and wounded on the field.

ATLANTA POSITIVELY EVACUATED.

SIX THOUSAND PRISONERS REPORTED TAKEN

Probable Release of Union Prisoners at Macon.

NEW YORK, July 20.—The *Commercial Advertiser's* Washington special says: The War Department has positive information of the evacuation of Atlanta by Johnston's forces. It is believed that Sherman has by this time despatched a large body of Stoneman's cavalry to Macon, in order to release the numerous officers who are confined there.

The *Tribune's* Washington special says that upwards of six thousand rebel prisoners, including four hundred officers, were captured.

From Fortress Monroe—Gen. Smith gone to the Front—Exchange of Prisoners—Attack on a Gunboat with Gen. Butler on Board.

FORTRESS MONROE, July 19.—Major General Smith arrived here on the steamer Adelaide from Baltimore, this morning, and left for the front in a special boat.

The flag of truce steamer C. W. Thomas, with Major Mulford, Asst. Commissioner of Exchange, went up the river this morning with a few prisoners.

Conflicting rumors have been in circulation during the day of an attack on the army gunboat Charles Chamberlain, with General Butler on board, by a masked battery of four guns, near Wilcox's Landing. Nothing definite however, has been received.
