MONEY AND COMMERCE.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, July 14, 1870.

There was to-day a renewal of excitement in the gold market upon cable dispatches representing an unsettled feeling in the foreign markets. Dispatches are contradictory, one saying Napoleon declared that for the present war is postponed, and another that the diplomatic relations between France and Prussia were terminated at the instance of Prussia, the French Minister having received passports. A later dispatch pronounces this a canard. In the gold room, however, the prevailing opinion is there will be war, formed on private advices received by the foreign bankers. Before the formal opening, sales were between 112½@112¾; the first recorded transaction was at 112¾, since which there has been an advance on large and excited dealings to 113¾, and a decline to 113⅛; then the market advanced to 113⅞ on the receipt of cable dispatches giving the quotations of '62's at 86 in London, and saying Rentes were down to 67¾f; these quotations, accompanied with a report that the French Minister had withdrawn from Berlin because the King refused to accede to the demand of Napoleon that Prussia should not interfere in the settlement of the Spanish Throne. Successive dispatches from Washington were received, saying that the Prussian Minister there received instructions from his government to ask whether the United States would protect German Mail Steamers plying between this country and German ports. The late telegrams were that the French Minister thought that convocation of German Parliament was imminent, and that Secretary Fish at Washington thought war inevitable. These had a tendency to stiffen gold, but still later a better feeling was reported in London, and 5-20 bonds were quoted all the way from 87¾ to 89¾. On these quotations German bankers were sellers of gold, and the price dropped to 113¾ at the close. Telegrams from Paris quoted French Rentes at 67f. 25c., the lowest point of the day. This started a war feeling once more, and the price rallied to 113¾@113⅞, at which it closed. Carrying rates 3@5½. Clearances $70,000,000. Exports $385,000.

Money easy at 4@5 per cent. Sterling quiet and steady at 9¾@10. Governments unsettled by European telegrams, but the market closed strong though dull. Coupons of '81, 14¾@15; '62, 10¾@10¾; '64, 10⅜@10⅝; '65, 10⅝@10⅞; do new, 9⅝@9⅞; '67, 9⅝@9⅞; '68, 9⅝@9⅞; 10-40s, 7⅝@8; currency, 11⅛@11¼. The Treasury bought $2,000,000 at 108 75-100@108 94-100.

State bonds quiet, steady. Missouris 91¼, old Tennessees 60¾, new do 60, old North Carolinas 52, new do 32¾.

Pacific railroads heavy and lower. Stock market heavy and unsettled at the close, when the lowest figures of the day were made. The European war excitement, in connection with the railroad war here and the low rates of fare and freight to the west, tend to depress prices. The market was led on the downward turn by the Rock Island and Wabash, which stocks declined about two per cent., while the balance of the market was off 1 per cent. Lake Shore has been in active borrowing demand, and has lent flat to 1-16 per cent. for borrowing.

PITTSBURGH MARKET.

OFFICE OF PITTSBURGH GAZETTE,
THURSDAY, July 14, 1870.

The markets, in a general way, continue dull and there is not much prospect of any immediate improvement. The demand for most of the leading articles continues dull and mainly local, while in regard to values there are no important changes. Country people are busily engaged in harvesting, and we need not look for much country trade until the grain crop has been safely housed.

ASHES—Unchanged; common soda. ash, 4; refined, 4¾; Pearls 9@9¾; Pots 7¾.

APPLES—In steady demand and limited supply; sales reported at $5@6 per bbl for good to choice, and $4 for common.

BUTTER—Is quiet and unchanged; sales of good packed, suitable for shipping, at 16@17c, and choice may be quoted at 20.

BROOMS—Store prices; Fancy, $5,50; No. 1, $4,50; No. 2, $4; No. 3, $3,50; Common, $2,50@3.

BEANS—Dull; $1,50@1,75 per bush.

BROOM CORN—Is dull, 12@13 cts.

CHICKENS—Sale of live chickens by the coop, at 60@75 cts per pair, according to size and condition.

CHEESE—The demand is rather better, and we can report regular sales at 12@14, for Ohio, the outside figure for Goshen. Sweitzer, 18@19 cts.

CARBON OIL—Is quiet and unchanged; 23¾@24c for standard brands.

CORNMEAL—90@$1 per bushel.

DRIED FRUIT—Quiet and unchanged—stock pretty well reduced. Apples 4¾@5c. Peaches 9@10c for quarters, and 7@8c for halves.

EGGS—Continue rather dull and with increased arrivals, prices are weak, though unchanged and 23cts may still be regarded as the ruling quotation.

FLOUR—Is quiet and unchanged. We continue to quote western flours, in store, at $6¾ for good, either winter or spring, and $6¾ for choice Wisconsin or Minnesota springs. Fancy St. Louis brands $7¾@8, and the demand very light, as fancy flours are, to a common phrase, nearly played out in this market. We are disposed to suspect sometimes that about the only difference between fancy and the other flour, is the fancy brand on the head of the barrel, but there are people who pay a dollar or two per bbl more when there is not perhaps 25 cts difference in the quality of the flour.

GRAIN—There is a moderate milling demand for wheat and the mills are taking all that offers at quotations, $1,15@1,22 for red and $1,30@1,35 for white. Oats—market more active and stronger, occasioned by orders from the East; we can report sales of several car loads, to go to Philadelphia, at 53c and one car to go to New York, at 54c, all, of course, delivered free on board, which costs, about a cent per bushel. Corn is quiet and unchanged; sale of one car at 85c, and it was subsequently sold at 88c which was an outside figure. Rye is dull and unchanged at 80@85c; one car load at the outside figure. No movement in barley.

GROCERIES—There is a continued steady demand for sugars and prices are firm though unchanged. Holders are gaining confidence with the war rumors from Europe, as it was thought that in the event of a rupture between the leading powers now threatening each other, the Cuban question may assume such a form as to temporally shut off supplies. Coffees quiet. Syrups dull though they are always dull in hot weather.

HAY—The market is better, as the arrivals have fallen off considerably, and prices are a shade higher. We now quote new at $10@14, and old at $15@20, according to quality and condition.

HEMP—Sales of undressed Kentucky Hemp at $167.

HUSKS Corn husks, 3@3¾ cts.

LIME—Sales of Cleveland at $2,25 per bbl, and eastern at $1.75.

LARD OIL—Extra No. 1 is quoted at $1,23 @1,25 and No. 2 at 90.

PROVISIONS—There is a continued active demand for hams, and not much inquiry for sides or shoulders. Shoulders at 13¾@14 for plain, and 15¾@16 for Sugar Cured; Sides 16¾@16¾ for Ribbed Sides; 17 for Short Ribbed, and 17¾ for Clear; Sugar Cured Hams 23@23¾; Breakfast Bacon, 19. Dried Beef, 25¾@26 and very scarce. Lard 17 in tcs, and 18@18¾ in kegs and buckets. Mess Pork $31.

PEANUTS—Dull. Tennessee, 8@9 cts.

POTATOES—Sales of new crop at $4,00@4,50 per bbl, and old at 55@60 per bushel.

SEEDS—No movement in Clover or Timothy Seeds. Flaxseed is still quoted at $2,25, though there is not much inquiry for it. Buckwheat quoted at $1@1,25 per bushel.

PETROLEUM MARKET.

OFFICE OF PITTSBURGH GAZETTE,
THURSDAY, July 14, 1870.

The oil market continues dull and unsettled, affected keenly as it is by the war rumors, and at present the future course of the trade looks very foggy. In the event of a foreign war, the general impression seems to be that the foreign demand for oil would be very materially reduced, and this, together with the largely increased production, is not without its effect and very naturally tends to make operators bearish. Notwithstanding war has not yet been declared, and probably will not be, yet these rumors of war are calculated to have a very depressing effect on the trade, unsettling the market, present as well as prospective, from the effects of which, even granting there will be no war, it will require some time to recover. Viewed in any aspect, it is very unfortunate, particularly so at this season of the year, but there is no help for it.

CRUDE.

The market is quiet and without quotable change as compared with yesterday. Spot or seller July, 11¾ to 11¾ bid and asked; seller August 11¾@11¾; September, 12; October or November, 12¾.

REFINED.

Dull and unsettled. Sale 1,000 each August and September at 27¾; and 1,000 each September and October at 27¾; July or August, 27¾; September 27¾; October to December, 27¾; buyer all year, 28@28¾. There were quite a number of rumors afloat this afternoon, among others one that all orders from Antwerp had been withdrawn.

PITTSBURGH CATTLE MARKET.

EAST LIBERTY STOCK YARDS,
THURSDAY, July 14, 1879.

CATTLE.

The arrivals of cattle this week were again large, unusually so, as were also the sales, footing up in the aggregate since the date of our last report (this day week) over *twenty-five hundred head.* This is the largest week's business we have had to report for several months, and we chronicle the fact with considerable satisfaction, indicating, as it does, that the trade here is not played out as some believed about three months ago. The fact that Alexander is shipping by another route has not injured trade here that we can discover, and while we do not now say that his action in this matter had anything to do with it, business has been better, considerably better, since than it was before. The Pennsylvenia Railroad Company, as well as the owners of the yards, may have lost something by the change, but we do not think that it has injured stock dealers in the least. Alexander never put any of his cattle on the market here; he merely made it a resting place to feed and water.

As already intimated, the market has been active this week, the operations being unusually heavy, but to-day prices were fully ¼ lower than during Tuesday and Wednesday. This was owing to the fact that the eastern men had bought all they wanted, and after they had all been supplied, there was a considerable number unsold, and consequently, to effect sales, holders were obliged to make concessions or ship on further east on their own account, which they were not disposed to do. Prime shipping cattle sold at 8@8¾, extra at 8¾@8¾—one drove of fancy brought 9cts. Stock cattle sold firm at 4@8cts, as to quality and condition.

SHEEP.

The sheep market has only been fair this week, nothing to brag about. The animals were pretty nearly up to the usual standard, but they were mainly of the lower grades,—the supply of this kind was somewhat in excess of the demand, while of prime fat sheep there were not enough, and the latter kind consequently sold quicker, and at relatively better prices than the former, say 5¾@5¾c, and extra would probably have brought 6c. There is some inquiry for stock sheep and but very little offering.

HOGS.

The market has been moderately active this week, and the most important feature we have to notice is the fact that there is less difference being made between common and good hogs, and the arrivals of the latter are larger than of the former. Philadelphia hogs may be quoted at 9¾@9¾c and Yorkers at 9@9¾c.

RIVER NEWS.

The river rose considerably at this point yesterday, and last evening the Monongahela marks indicated 4 feet 6 inches. Weather unsettled and oppressively hot, with strong indications, at times, of rain.

The Belle, from Geneva, arrived with an excellent freight list, and departed as usual. She is much lighter since she came off the dock, and, consequently, in much better condition for business.

The new steamer Carrie Converse is announced to depart for New Orleans on Saturday.

Capt. M. A. Cox has another new boat under contract for the Arkansas river trade.

The Mollie Moore, Capt. G D. Moore's new boat, is rapidly approaching completion.

Capt. Ab. Shaw, of the Arkansas, is here on a visit after an absence of several months.

The Granite State, Capt. Wash Kerr, is the regular packet for Portsmouth and Cincinnati to-day, leaving promptly at 4 P.M. She is in all respects one of the best boats that comes to this port, and being of light draft, can take a large amount of freight on the present water. Mr. Johnston still retains charge of the office.

—We clip the following from the Cincinnati *Commercial*: A party named Uriah McCloud, residing in Portsmouth, Ohio, is continually making complaint against steamers carrying combustible material. He has thus far had the commanders of the Annie Laurie, Spray, R. R. Hudson and Major Anderson indicted in the U. S. Court, but in each case has failed to make his cause of complaint good. Captain Muhleman, of the Anderson, was acquitted of the charge yesterday. The informer is awarded one half the penalty imposed, but in the case of McCloud, as it don't pay, he will soon play out.

—Mr. T. S. Kunkle, a painter in New Albany, on Lower Second street, is gilding a fine pair of horns to be presented to the steamer R. E. Lee, with an inscription on them giving a history of the horns, which is, that they were originally awarded to the J. M. White for her fast trip from New Orleans to Cairo, and subsequently to the A. L. Shotwell; and now the Lee, having beat all her predecessors, inherits the horns.

—The St. Paul *Press* says: "The bill for the improvement of the Fox and Wisconsin rivers, which has been before Congress for some time past, passed the House by a vote of 109 to 57. The bill also passed the Senate a few days ago, and the great point is now settled that the improvement is to be made at the expense of the Government.

—The question of a mail on the Tennessee River, between London and down the river, is still unsettled. There being some informality in the contract awarded the Packet Company, the Postoffice Department has determined to advertise for new proposals.

—The Magenta is laid up at Paducah, where she will undergo a thorough overhauling and be put in complete order for the cotton trade this coming season between Memphis and New Orleans.

—The Lotus No. 2 has been chartered by Capt. Van Gunnison to take the place of the Emma No. 2, in Alabama River, while the latter is undergoing repairs.

—The Arkansas River had 27 inches to Pine Bluff, 23 to Little Rock, and 14 to Fort Smith on Tuesday.

—The Osage was purchased at Memphis on Wednesday, by the Little Rock Railroad Co., for $5,500.

—The Carrie V. Kountz was moved about twelve yards towards the river when the darky force quit her.

—The Collier has 1,500 bbls cement engaged at Louisville.
