SATURDAY, NOV 5, 1864.

Gold has ruled high throughout the day, with rather less fluctuations than usual. Pittsburgh buying rates from 230 to 225. New York 235a240.

The stock market was dull, with prevailing disposition to sell. Opinions vary so greatly as to the effect of next Tuesday's election upon stocks and commodities of all sorts, that but few have the courage to deal largely. Governm nts firm at quotati ns. Sales of 6-20's at 103¾; Certificates, 95¾.

Bank and Insurance shares with ut change. Oil stocks a little heavy. We make but few changes in our quoted list. Quite a number of the new companies are offered at board daily, but we can report no sales.

The Pennsylvania Railroad Company announces a semi-annual dividend of five per cent, clear of National and State taxes, payable 15th of November.

The Oil Bank Petroleum Company announces a second monthly dividend for the month of October, of two ⅌ cent, payable on the 15th inst, clear of tax.

The Oil Plunger Oil Company announces a dividend of two per cent, payable, clear of State tax, on the 12th instant.

The Cleveland and Mahoning Railroad Company announces a dividend of four per cent, free of tax, on the full shares of the capital stock of the Company (except that issued since May 1, in conversion of bonds, and upon that a pro-rata dividend,) payable on the 10th instant.

The Hope Farm Oil Co has declared a dividend of one and a half per cent.

The McClintockville Petroleum Co has declared a dividend of one per cent.

The New York Commercial Advertiser of Monday says:

This morning there was a partial recovery of tone in the market. The large exports of specie gave strength to the gold market, and stocks generally sympathized. At the morning board there was an active speculative movement in railroad stocks, and prices were 1½ to 3¾ higher than the closing figures of yesterday. The sales of railroad shares amounted to 13,150.

The specie shipments at this morning exceeded the receipts of the gold market during the week. The export by two-day's steamers amounts to $1,960,190, the largest export on any day made for several months past. These specie shipments are discounted to the disturbance in bills of exchange, under the unsettled state of affairs in Europe—the payment of interest upon the November coupons of Fifty-twenty bonds, held in Europe, may also have contributed particularly to swell the shipments; but there is no reason to show that any large amount has been sent forward upon that account.

Provisions and Seeds in Philadelphia.

Nov 4—There is very little doing in the way of sales, and a reduced stock to operate in. Some small sales of mess pork are reported at $44a45 ⅌ bbl, the latter for new. Beef ranges at $18a18 ⅌ bbl for country and city mess. Bacon is very quiet, and prices nearly nominal at 12a12½c for hams, 9a10c for shoulders and 22a23c for sides. Green Meats are scarce, and the sales confined to shoulders, in bulk, at 10½c, and hams in pickle at 21½c, the latter to arrive. Lards is scarce, with sales of 300 pcs at 23¼a23½c, cash. Butter is firm, with fair sales of Roll, which is scarce, at 45a50c. Packed is held at 45a48c for Pennsylvania and Ohio, and 52a55c for fine shipping, with rather more doing. Cheese is steady at 18a20c for the latter for prime New York. Eggs are scarce and high, and quoted at 37a38c ⅌ doz.

Seeds—There is rather more doing in Clover-seed, and more offering. The dealers are buying at $11a12 ⅌ bu. Timothy is dull and nominal at $5 ⅌ bu. Flaxseed is firmer, and in request at $3.25a3.35 ⅌ bu with moderate sales.

The Produce Crops of New England.

[From the Portland Price Current]

Potatoes have not been as abundant and of as good a quality as they are this season for many years past, and, considering the currency, prices are very low, ranging from $1.50 to $2.00 ⅌ bbl, or about 55 to 60c per bushel for good Jackson potatoes.

The crop of apples was fair for fall fruit, but so far as we can learn, could winter fruit be rather scarce, and will probably rule at higher prices a month or two hence.

Turnips, corn & and beets yielded a fair crop, not large, but sufficient to meet all a moderate demand at reasonable prices. The season has been favorable for cabbages, and the market is abundantly supplied prices ranging low.

The market is well supplied with good butter just at this time, and, prices range at 40c for choice lots, and but little prospect of being lower this season.

PITTSBURGH MARKETS.

SATURDAY, Nov. 5, 1864.

The week which has just closed has not been marked by any improvement in business, and the only new feature we have to notice is a decidedly firmer feeling in the general markets, in consequence of the material advance in gold. There has not, however, been any advance in other articles that there has been to gold which shows a want of confidence in the ability of the ability of the "Wall Street Gamblers" to keep up, for if it were otherwise, speculation would again be rampant. While it is true that a slight advance has been established in the values of some articles, it is certainly true that the values others have scarcely been maintained upon the whole, we do not consider that, with the few exceptions already noted, there has not been any change worthy of special notice. Too close attention of our business men, are devoted almost entirely to the discussion of "politics," and for the time being, business is looked upon as a secondary matter.

OATS—There is a good demand for Wheat from the boards and we continue to quote Red at $1 and White at 1.05a1.10; sale of 100 bush Red, from store, at 2.25. Barley is not offering very freely, and may be quoted firm at 1.50 for spring, and 1.65 for fall. Oats firm and higher; sale of Western at 67; I do do at 68; 200 bush from store at 68; also small sales at 90. Corn is quiet but firm at previous quotations.

FLOUR—The demand for this commodity continues light, and the market is quite while prices are firm and fully maintained. We note regular sales from store of extra family at 10.50a11 1 p r bbl, according to quality. The receipts continue light, though the supply is fully equal to the demand.

GROCERIES—We have to notice a quiet but firm market, the demand being very light, while holders are firm in their views, and refuse to make concessions in order to effect sales.

BUTTER—The demand for roll is fair and the market is steady with sales at 33 for common, 40 for prime and 42a45 for choice. Nothing doing in packed.

EGGS—Very firm, in demand, and scarce. Sales can readily be made at 30 cents per dozen, and probably 32c more.

CHEESE—Sales of common at 4.50a5 per barrel, and prepared at $7a7.50. Receipts continue liberal and the stock is accumulating.

CHEESE—Steady with regular sales at previous quotations—Prime 23 per Western Reserve, and Hamburg, and 24 cents for Gilber.

POTATOES—Steady but unchanged; sale of 1 car prime "Peach Blows" at 90 cents. "New Jersey Sweets" are still quoted at $5 per barrel, and "Harrists" do at $4a5.25.

APPLES—Good qualities are in demand and may be quoted firm at $3a3.25 per bbl. Common river apples are selling at 2.50a2.75 per bbl.

HAY—Is firm with a fair demand and light receipts. Sale of 8 tons common baled at $35 per ton.

CANDLES—Quiet but steady with regular sales at 9.25a9.50 per bush, according to quality.

CHEESE—Firm and active; sales from store at 5.50 per bush

Pittsburgh Petroleum Market.

Nov. 5—The receipts of Crude continue extremely light—only 600 barrels on Friday, and not one to-day—and the consequence is a very firm market with a tendency toward still higher rates. Some few small sales were made at 31c, barrels returned; and 35¾c barrels included, for light gravities, and we have no doubt, 40 to 44, gravity would command one cent per gallon more, as there is so little of this particular gravity in the market. Refined is firm but very quiet, the extreme views of holders having a tendency to retard operations. For Free Oil there is a fair western demand, with regular sales of prime city brands at 77a78c—small lots from 3 to 5c more. Naptha is quiet but a shade firmer, in the absence of sales, quotations may be fairly given at 20 cents in bond, and 40c free. Residuum is in fair demand and higher, sale of 500 barrels at $7 per bbl.

New York Petroleum Market.

Special Dispatch to the Pittsburgh Gazette.

New York, November 5—The market for Crude continues dull and prices are entirely nominal at 43¾a44. Refined, in bond, is in fair demand and firm, with sales to a fair extent at 68a69¾, on the spot. The market for Free Oil is very firm and holders are asking higher rates, sales at 81a85, on the spot, and 88¾ for all this month. Naptha is firm with a fair demand for Refined, free at 55.

New York Stock and Money Market

Special Dispatch to the Pittsburgh Gazette.

New York, November 5—The market for railroad stocks is firm and prices have advanced—Pittsburgh & Fort Wayne 105; Cleveland Pittsburgh, 103¾. Weekly Review of the Philadelphia Stock Market.

Reported for the Pittsburgh Gazette.

PHILADELPHIA, November 5.—The excitement in Oil Stocks during the week which has just closed, has been unprecedented, and the market generally, was feverish and on the advance, with very heavy sales, of most of the leading companies—principally Maple Shade and Egbert. The former went up $25 per share; the latter advanced $3,00 per share, and Gurtin $4,00; with violent fluctuations from day to day, but the list generally closed steady and very active, the most of the advance being maintained.

Review of the New York Grocery Market

(From the Commercial List, Nov 5.)

Coffee—The market remains quiet, but prices are higher, and an advance of Brazil are again advanced two cents ⅌ lb. Purchases however, are made very cautiously, and the business is unimportant. The sales include 2,71 bags Rio at 43a46 cents; 1470 do, per Grit, on, on private terms; and 1,000 St. Domingo, for export, at 40c, cash, in bond.

Sugar—There has continued a steady and fair demand for Raw for home use, and the market is very firm, prices still favoring sellers. Refined is in good demand, for either the interior, at 21¾a cents for Hard, 20¾a21¾c for Soft White, and 23¾a24c cash for Yellow. The sales of Raw are 2,135 hhds, Cuba at 17¾a18 c net; 123 Garified do, 21¾a22¾c; 207 Porto Rico, at 21a21½c; 1 Refined New Orleans, 22¾a22¾c; 400 bxs, No. 11¾, 19 4 mos; and 1424 bags Manila, on terms not made public.

Molasses—We notice rather less activity in the market since our last, but there is still much firmness, and the advance already noticed is well sustained. The sales are 218 hhds, Barbadoes at 72a73½c cents; 20 at Cruz, 95; 48 Porto Rico, 77a78c; 90 Sonetine, 72a90; 14 hhds, and 90 bbls Cuba Muscovado, 85a92; 408 hhds New Orleans, 97a118—the latter mostly for cash; and 335 hhds, Demerara, on terms not made public.

Spices—There has been a better inquiry for home consumption since our last, but prices have not in all instances been sustained. The sales are 5,000 lb Sa 1 Pelongo at $1.67a1.75; 25 cases Mace, $1.30a1.35; 200 bags Pepper, 40a42½c cents; 300 do Pimento about 23 c; 50 do Race and African Ginger, 38a40; 2,500 mats Cassia, 30a32½; and 400 bales Cloves, 40a43c, cash.

Tea—There is a firm feeling in the market, but the demand is chiefly confined to the immediate wants of consumers. We notice about 3,000 lf chests Green, from first hands, 271 English do, at full prices, and 500 cargo Oolong, $1,10.
