TUESDAY, NOV. 17, 1864.

A full day at the board, but a limited amount of things and no buyers. Gold continues to decline, and by the same token, Governments rapidly to approximate gold opened in New York at 217, fell to 213; at later reports had recovered a little. Five Twenties, 103 bid, 104 asked; Certificates, 96¾@97; New Seven Thirties, 99, and interest. Stocks dull and lower. 114 bid for 1st National Bank Alleghany; 71 for Citizens Bank.

No oil shares sold at the board, and we can learn of very few transactions on the street. The tendency is towards lower figures on the entire list. Offerings: Stevenson, 35; Slain, 80; McAbey & Cherry Run, 1.05; Iron City, 58; Blaker, 7 ¾; Tarr & Story, 1.50; Riverside, 1¼ bid; Oil to Valley, 138 bid; Rees Oil, 1¾ bid.

To-day the Petroleum Exchange was not very spirited this evening owing, probably, to the dropping condition of the gold market, which causes parties to hold off. The following sales were made:

500 shares McAbey Cherry Run.....1.05
60 " " Hanover.....87
100 " " Morgan Run.....40

The following is the list at the sale at McClintock's, Auction Room, 55 Fifth st., this evening:

Federal	—	1 10
Cherry Run Central	—	1 45
Hosmack	—	1 15
Bullion	—	2 21
Cherry Run and Wood Farm	—	1 10
Tarr, Henry and Cherry Run	—	1 32
Quitrirvine's Farm	—	2 00

In New York on Tuesday there was a strong speculative interest upon the old Seven-Thirty Treasury Notes, arising from a law suit having been undertaken for compelling the collector of the port to accept them in payment for duties. There appears to be no opinion in any quarter that the action can result other wise than in failure; but it is quite a sufficient basis for speculative operations, and has probably been undertaken solely for that purpose. In that sense the proceedings are a success, the prices having advanced from 107 on Thursday last to 124 this morning. The fun has a prospective as an exciting law suit will afford very unusual chance for speculative operations.

The following shows the exports (exclusive of specie) from New York to foreign ports for the week ending Nov. 14 and since January 1:

	1864.	1863.	1861.
For the week	$ 2,760,451	$ 2,711,551	$ 2,223,161
Prev. reported	181,548,508	153,014,545	153,081,541
Since Jan. 1	$185,323,956	$155,727,097	$ 55,949,912

The exports of coal reported produce for the week include 285 lbs pot ashes; 587 bbls pearl ashes, 2,503 lbs beeswax, 21,217 bbls wheat flour, 540 bs rye meal, 55,361 bush wheat, 6,412 bush corn, 410 pkgs cattle, 41 lots cheese, 1,179 pkgs beef, 1,848 pkgs hogs, 5 pkgs tallow, 1,185 bbls rosin, 16,7-3 gals sperm oil, 503 bbls pork, 251 bbls and 412 tcs beef, 525,782 pounds cut meat, 2,370,466 pds lard, 2,528,666 pds cheese, 4,1,865 pds tallow, 20,361 pds wool, 185,197 pds tallow, 20,361 pds wool, 2,13,630 gals petroleum, 815 bush peas, 2,069 kiln and 1,385 sacks grass seed, 1,000 bbls rosin, 74,404 pds manufactured do.

The Philadelphia *Ledger* of Wednesday says: The operations in Oil Company stocks were again large, covering sales of some 50,000 shares. Prices ruled steady throughout the day, with an advance in some few instances, and the shares of all the better class of companies were firm. The stocks of several of the companies named in the comments of previous issues, their dividends being large and regularly paid. The field of operations in oil is steadily widening, but the widened field and increased production do not keep pace with the wants of the oil saga-ious, and prices are advancing. The boring excitement in Oregon continues, and is now becoming as great as it has hitherto been in Oil Creek, and the excitement on the same subject is all ive in Virginia, Southern Ohio and Northern Kentucky. The success that attends the search for oil in the regions named is probably more conjectural and although some money may be lost by novice speculators in shares, there is scarcely a doubt that much oil will be produced, establishing a source of wealth hitherto unknown, or, if known, unappreciated.

The Allegheny Valley Railroad Company are on the market for $500,000 on a second mortgage 7 per cent bond, free from State tax, the payment of which has been assumed by the company.

The Noble and Delamater Petroleum Company announce their seventh monthly dividend of four per cent. from the earnings of October, payable, free from State tax, on the 21st inst.

Review of the New York Grocery Market

[From the Commercial List, Nov. 16.]

Coffee—The quotat ons of Coffee are unsettled, following the fluctuations in Gold this day to day. Our prices and sales were little larger than on Friday last, when based on Gold at 243 per cent, but as Gold yesterday rallied and closed considerably below this figure, our valuations of Coffee are now necessarily nominal. In other articles there is no change of moment to notice. The sales are 300 bags Rio, per Clarence, taken on speculation, 300 Laguayra, for export, 440 Maracaibo, 634 St. Domingo, in Bonded, for export basis, on terms not made public; 500 Rio, in lots, 43¾@47½ cents; 500 do per sylvan in bond for export, 13¾ in gold, (the 3.00 by the vessel noticed in our last, brought 115¾) 50 Java in bond, 18, gold, 35 Augustine, 64; 29 Laguayra, 47¾, 700 Porto Rico, 44¾@45 a month or usual discount for cash; and 130 St. Domingo, 41¾@43, cash. The stock of Rio in the country, as made up by Messrs. William Scott & Son, is 114,351 bags, viz: 25,351 here, 13,000 at Baltimore, and 1,000 at Philadelphia.

Sugar—The market for Raw has been inactive since our last, but prices steady and uniform—the quotations not having varied from those current on Friday last; but, with the fall in Gold yesterday, there was a slacker feeling, and previous notations were only nominal. Refined is still in fair request at for other than Bisar.'s 25¾@26 cents for Hard, 27¾@28¾ for Soft White, and 26¾@27 for Yellow. The sales of Raw are 1250 hhds Cuba at 11¾@12 cents; 224 Porto Rico, 23¾@25; 83 hhds and 1 tce Santiago, 19¾@20¾; 163 hhds do, 25¾@27; 637 tcs Havana, 18@21; 13 hhds Melado, 12¾, 4 mos; and 8,438 bags Manila, on terms we did not learn.

Molasses—There is a steady fair demand for home use, without particular change in prices—the market closing firmly. The sales include 179 hhds Porto Rico, at 81.06 at 11¾; 209 hhds, 93 tcs and 113 bbls Cuba Muscovado, 70@72 cents, mostly 70@72, 4 mos; 232 bbls New Orleans, $1.15@1.20, cash; and 55 hhds Demerara, on terms we did not learn.

Spices—The business is not large, but the market is very steady and uniform. We note 30 cases and 5000 lbs No 1 Zanzibar at 31.70@.75; 600 mats Cassia, in grain, 100 bags Pimento, 28, cash; 300 do Pepper, and 200 mats Cassia, both in bond, on terms we did not learn.

Rice—The market is firm, with a fair demand for home use at steady prices. The sales include 2000 half shot Green and 2000 Oolong, mostly from second hands.

PITTSBURGH MARKETS.

THURSDAY, Nov. 17, 1864.

The money market and dropping condition of the gold market has unsettled business somewhat, and, while as yet, there has been no marked decline in goods, there is more disposition manifested to sell, and, as always is the case, buyers are holding off to see how matters will turn out. There is, however, considerable inquiry for some articles, and, owing altogether to scarcity, for these particular articles, prices are firm with an upward tendency.

GRAIN—There was but little done in Grain of any kind to-day. The wet weather and consequent bad condition of the roads, restricts receipts from the adjoining country, and there is but comparatively little arriving by either river or rail. Wheat, from first hands, is still quoted at $2 for Red, and 2.05@2.10 for White, and Barley, at 1.70 for spring, and 1.80 for fall. Oats firm with a fair demand at full rates; sale of 700 bush, part to arrive, at 90c, and small sales from store at the usual advance. Corn—Sale of 1 car shelled (old crop) at 1.55.

FLOUR—The demand for this article seems to have eased somewhat, and, while the markets considered weaker, prices are firm and fully sustained. Small sales of extra family, from store, at $11@11.25, as to quality.

GROCERIES—The decline in gold has affected the eastern markets somewhat, but there is no change to note here with the exception that there is more disposition to sell. It is but proper to remark, however, that, as yet, holders do not seem disposed to make concessions in order to effect sales.

CORN MEAL—Steady with regular sales of prime sifted at 3.00 per bush.

BUTTER—Is quiet and rather dull, though prices remain unchanged, Roll still being quoted at 40 to 42—the latter for prime in small packages.

EGGS—Continue very scarce, and with considerable inquiry, the market may be quoted firm at 35@37 per dozen.

HAY—Is on the track of 8 tons baled at $35 per ton; also, small sales of loose from scales at $40.

DRIED FRUIT—Sale of 800 bush (new crop) apples, to go east, at 85 per b. Peaches qo'ed at $2.

WHISKEY—Small sales of corn mon Rectified at 1.75@1.80 per gallon. Market quiet and rather dull.

APPLES—Sale of 150 bbs from store, to go east, at 3.15 per bbl, free on board cars.

LARD—New city rendered is still quoted at 24c.

POTATOES—The receipts continue pretty liberal and the supply at present, is somewhat in excess the supply, "Peach Blows" are selling at from 90 to 95c per bush.

Pittsburgh Petroleum Market.

Nov 17—It was generally believed that the marked decline in gold and unfavorable character of the advices from New York would "knock the props" from under the Crude market, but, as yet, this has not been the case. The demand was fully up to that of yesterday, and we will seem by reference to annexed sales, an advance was obtained in one instance Prices continue very irregular, as there is a difference of from one to two cents per gallon made between tight and heavy gravities, and even at the advance, the latter is in better request than the former. Sales of 100 barrels at 33¾; 250 and 130 at 34; 700 (41@42 gravity) at 35¾; 300 at 40c, barrels included, and 50 at 40¾. The stock on hand is very light and the receipts are limited, the only arrival to-day being 247 barrels. In Refined, bond or free, present or future delivery, we were unable to hear of a single operation, and, as the market is rather unsettled, we omit quotations. Naptha and Residuum remain substantially as last quoted.

New York Petroleum Market.

Special Dispatch to the Pittsburgh Gazette.

NEW YORK, November 17—The market for Crude was dull and inactive, and prices manifested a drooping tendency, closing nominally at 45c, on the spot. Refined, in sympathy with the weak and drooping condition of the gold market, ruled dull and prices have receded—closing nominally at 63c for Bonded and 83c free.

New York Stock and Money Market

Special Dispatch to the Pittsburgh Gazette.

NEW YORK, November 17—The market for Railroad Stocks ruled dull to-day, and prices are a fraction lower; Pittsburgh & Fort Wayne, 104¾; Cleveland & Pittsburgh, 103¾. Government generally a fraction lower; U S Sixes, 1881, 110¾; One Year Certificates, 96¾; Seven Thirties, 115; Five Twenties, 103¾@104. Gold is weak and and decidedly lower, but is too unsettled this afternoon to quote correctly.

Allegheny Cattle Market.

Reported for the Pittsburgh Gazette.

ALLEGHENY CITY, NOV. 17, 1864.

There was a material improvement both in the supply of and demand for Cattle during the past week, and the market ruled steady at a slight advance over last week's quotations—for strictly prime qualities. There were quite a number of Eastern buyers in attendance, and they bought pretty nearly all the good stock cattle that were on sale, and the butchers took hold pretty freely, picking up the best they could find. The supply of strictly prime Cattle, suitable for the retail trade, was comparatively small, and for this particular description, there was an active demand, and that, too, at extreme prices. Good Stock Cattle, were also in good demand for shipment to the eastern part of this State, and good stock steers, averaging from eight to nine hundred pounds, sold readily at 5 to 6¾c. There were but few cattle taken for government use, owing, probably, to the fact that there were but few on sale suitable for that purpose. Nice heavy, fat stock, such as our first class butchers require, sold at from 6¾ to 7¾c—mostly, we believe, at 7c.

For Hogs, there is a continued fair retailing demand, and the market rules steady with regular sales at previous quotations. Rothchild's & Co report having retailed 100 head at 13.50 to $14 per cwt, gross weight; and Kenrick & Co report some lots having been wholesaled at $12. As yet, our packers have not commenced buying and it is altogether likely that they will hold off for some weeks to come, unless prices should decline materially in the meantime.

There was but few Sheep operations during the past week, and notwithstanding the receipts continue light, the supply appears to be fully up to the demand, which is limited.

Below will be found a full and accurate report of all the principal sales of cattle:

B Dee, in wholesaled 26 head small cattle at 4¾.

MEDICAL.

GLAD NEWS!

FOR THE UNFORTUNATE!

THE LONG SOUGHT FOR DISCOVERED AT LAST

CHEROKEE REMEDY AND CHEROKEE INJECTION.

Compounded from Roots, Barks and Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Stricture, Gravel, Gleet, Gonorrhea, and is especially recommended in those cases of Fluor Albus (or Whites in females,) where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose being from one to two teaspoonfuls three times per day.

It is diuretic and alterative in its action—purifying and cleansing the blood, causing it to flow in all its original purity and vigor, thus removing from the system all pernicious causes which have induced disease.

Cherokee Injection is intended as an ally or assistant to the Cherokee Remedy, and should be used in conjunction with that medicine in all cases of Gonorrhea, Gleet, Fluor, Albus or Whites. Its effect are healing, soothing and demulcent; removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain, that is experienced with nearly all the cheap quack injections.

By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicine at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars, get our pamphlet from any Drug store in the country, or write to us, and we will send free, to any address, a full treatise.

Price, CHEROKEE REMEDY, $3 per bottle, three bottles for $8.

Price, CHEROKEE INJECTION, $1 per bottle or three bottles for $3.
