SECOND BOARD.

The following is a statement of operations at the Pacific Mint, San Francisco, for the week ending September 30th: Total number of gold bullion received and paid, $3 661,021 56; total value of silver bullion received and paid, $109,; assay fees, total earnings for the quarter of gold was $4,001,300; and of silver $90,100. The number of pieces coined was 224,000.

The Bullion Market for the week ending 11th: Total receipts were $707,357, against $175,197 in 1863. The shipments for the week were $237,453, and in 1863 $641,973. From January 1st to November 11, the imports were $30,129,870, giving a weekly average of $[illegible]. The Consolidated Petroleum Oil Company, New York, have declared a dividend (the fifth) of [illegible] per cent.

The Shawmut Railroad Company will pay 1st December, a dividend of 3¾ per cent on their preferred stock.

The Pinkney Oil Company, New York, will pay, on demand, a semi monthly dividend of three per cent, and a quarterly dividend of ten per cent.

The Secretary of the Treasury, under date of the United States, says the New York Sub-Treasury, continue to advance in both Gold and Currency on stock exchange, less the usual commission. The business to-day was active, Money in the gold bearing stocks, is on 6 per cent, for the open orders. The 6 per cents of 1881 advanced to 110¾ ; the coupons and the 10-40 years 6 per cents advanced to 96¾@95¾ per cent. The gold room fell from 220 to 219, with the lowest sales of yesterday; the decline 18 per cent in two days. Government Stocks were quiet since this day week, when, the Secretary of the Treasury attempted to carry up the stock to the result of the presidential election. There was no military news to precipitate the fall, but a few days' reflection and the critical study of the popular temper on the subject, appear to have satisfied even the bulls of the good room, that the re-election of Mr Lincoln was not significant of currency inflation or the higher price of gold. The improved financial news from Europe, and the reviewed order by the Australasian Q S Steamer, have partially all good foreign exchange, and in directly, perhaps, contributed to the prevailing weakness of the gold market.

At the Petroleum Board in New York, on Thursday afternoon, the following were the closing quotations:
