SATURDAY, Nov. 19, 1864.

Gold rose during the day from 217 to 224 in New York, producing a better feeling at the Stock Board. The fall has been violent and unreasonable. It is to be hoped the rebound now will keep within limits. The sudden changes are productive of evil, not at the gold rooms in New York alone, where they cure little who stake their all, but throughout the entire country. People see that fortunes are made in a day, and they rush in, perhaps to make a little, oftener to lose the result. The operative miner and railroad man from the gold room and Stock Board, and soon every branch of business is affected with the fever.

For a few days or weeks it is "buy, buy," until everything that can be spared or handled is eagerly caught up at double its value. Then the turn comes—some Rothback is called at the Stock Board, gold tumbles, stocks fall, and as confidence body is sought to sell, more eager than they were to buy, and the destitute become a mob to sell, and trade is at a stand. Moderate your desires—be satisfied, steady gains—keep out of speculative vortexes, if you wish to sleep easily and happily.

Board—the tone small to-day: Five Twenties sold at 109¾; Certificates 96 (due in June) at 97¼; Coupons in N R Phaves at 95¾.

U S—Stocks without marked change though a little stronger. The Philadelphia Ledger says: Certain, but to some extent have, risen from 12 to 15¾ on copy of a new bill made to-day—53 barrels. Dalzell quoted at 9 95; Eldorado 9¾; Maple Shade, 35 40.

The Fourth National Bank declared to-day (Saturday) a dividend of 5 per cent.

The attendance at Thorton's Exchange, Saturday evening was good. The features of stock were large, and the transactions passed off with spirit. The following sales were made:

200 shares Cherry Run & Bond Farm		1,25
100 " Keystone		0,00
100 " Linden		5,05
100 " do		5,00
100 " McElroy & Cherry Run		1,00
500 " Stella		1,00
200 " Tarr, Story & Cherry Run		2,00
200 " Whitney Creek		1,50

Philips, 6,00 asked, 6,10 offered; Byne Farm, 6,25 asked, 6,37 offered; Shirks Island, 50 asked, no offers; Mc'y, 1,45 asked, 1,40 offered; Oil Creek & Cherry Run, 3,25 asked, 3,12 offered; Eldorado, 9,75 offers; Lodi asked; Horsneck, 100 asked, no buyers.

We learn by a private telegram from Oil City that the "Sp. 17, Tarr and Cherry Run Oil Co" have struck a new flowing well, which promises to yield largely. The stock of this company sold on Saturday evening at 3—an advance of nearly 50 per share.

The last issue of the Franklin (Venango Co.) Citizen has the following item in reference to oil operations. We hope that the new well on the Egbert Farm is called the Regent. This will produce, in our idea, twice its selling cost, including machinery. An undivided thirty-second interest in this well has been sold for $150,000, or at the rate of $4,800,000 for the entire well, (6,500 feet in cost,) and yet the product pays 61 per annum on this amount. We shall estimate the intrinsic value of it one acre, where one hole six inches in diameter produces such wealth as this.

A new well has just been opened on the Longwell Farm, on French creek, three miles above this place. It was at first reported a fifty barrel well, but we have a reliable information that its real capacity does not exceed ten barrels. But it is the best of lubricating oil, and at present prices, is worth $12 to $20 per bbl. This is by owner has a fortune. We doubt the whole Valley on French Creek will yet become rich in the production of this valuable mineral.

Lands on Big Shady are being eagerly sought after of late, and there is every indication that when property ers set, this territory will be productive.

We recently chronicled the arrival of a gun-boat vessel at Detroit, from Liverpool, as an indication of the feasibility of building up a direct trade between the lumber region on the upper Lakes and Europe. A Milwaukee correspondent says, in the same character, from the port on the 14th inst., of the barque C. E. Rosenberg, for Liverpool direct, with a large and valuable cargo, consisting of 1,600 tierces Rice, 600 barrels Tallow, and 1,900 Hides. The value of this cargo is about $78,000. It was shipped by one of the most extensive beef and pork packers of Milwaukee, and it said to be the first entire cargo of provisions shipped from any Lake port direct to Europe.

The New York Commercial comments as follows upon the recent violent fluctuations in gold: The decline in gold from 200 to the 7th to 112 to the 11th is obviously a natural reaction from the political excitement in anticipation of the election. Political excitement then was so high that, unless, the most calculators of the gold dealers were overborne by their party sympathies, and large amounts of gold were bought on the supposition that the re-election of Mr. Lincoln would be imperatively at meaning prolonged hostilities and increased national debt, with all the evil of continued inflation. It was overlooked that the very intensity of the excitement tended to insure the extreme reaction of opinion that has now occurred, and under which gold must decline. Even the absence of the severe situations that had put up the price. The order with which the elections were conducted throughout the country, and the subsequent acquiescence of a fierce partisan opposition with the decision of the popular vote, has tended greatly to allay apprehensions of domestic trouble that had prognosticated in fighting about public securities; and with the increased confidence thus produced, gold naturally sympathizes very directly. At the same time, an important change has occurred in the foreign movement of specie. Immediately before the election, the state of affairs in England was drawing large amounts of specie from the United States; the confidence of the people, however, has now reduced the demand for gold and the shipments of specie have fallen back to their former measure. Under these combined influences, gold has naturally made an equally rapid decent. The gold market is now in a very demoralized condition, and would respond much more readily to news portending a decline than to influences tending to an an advance.

PITTSBURGH MARKETS.

A. EXTRA, Nov. 19, 1864.

There has been a decided improvement in the general markets during the past week, and but for the violent fluctuations in gold, there would, no doubt, have been more activity manifested, and more confidence displayed. As it was, during the early part of the week, there was a very fair amount of business, and had it not been for the rapid and unexpected decline in gold, it would doubtless have continued so throughout the entire week. The receipts of Flour and Grain, and produce generally, have only been moderate, and with a fair demand, prices have ruled steady and firm with an upward tendency.

GRAIN—The receipts of wheat continue very light and with a fair demand, prices remain steady at $2 for a good article. Rye is firm at $1,10 for spring and 1 20 for fall. Corn is firm but unchanged; sale of 500 bush (new crop) from first hands at $1, and 300 bush do from store at 1 20. Oats firm but unchanged; sale of 1 car at 90, 1 do do, to arrive, at 88; and small sales from store at 95c.

FLOUR—The demand has fallen off somewhat, but as the stock is very light, the market rules nearly with small sales of extra family from store at 10,00@11 for spring wheat, and 11,12@11,25 for winter wheat. The receipts for sale such as have been very light during the past week.

BUTTER—The market is steady, though the supply is fully equal to the demand, which, as present is not very active. Roll may be quoted at from 40 to 43 cents, and we note a sale of 3 bbls choice, for shipment, at 43c.

EGGS—The receipts continue extremely light, and with a good demand, the market rules firm at 36@37 per dozen.

LARD OIL—Sale of 15 bbls, (factory) at 1 40 per gallon.

POTATOES—Firm and the demand is improving. Sale of 200 bush "Peach Blows" at 90c per bush, and 300 do do at 85; also small sales at 81.

CRANBERRIES—Have still further advanced, and the supply is almost entirely exhausted; sales at $17@18 per bbl—now held at $20.

APPLES—Good qualities in sound condition are in demand for shipment, and may be quoted firm at $3@3,25 per bbl. Common River Apples are selling at 2,75@3,00.

HAY—The bad condition of the roads restricts the receipts, and the market consequently rules firm at advanced rates—good Timothy Hay selling from scales at $25 to $1 per ton. Sale of 3 tons Baled Hay at $28.

WHISKEY—Common Bonified is quiet but steady with occasional small sales at 1,32@1,35 per gallon.

LINE—Sales at $2@2,25 per bbl.

SALT—Is quiet but firm with regular sales at $3 per bbl, on track, and 3,10@3,15 from store.

COFFEE—Is selling at 32@33 for W B and Hamburg, and 31 for prime Goshen.

CHEESE—Is selling at 20@22 for W R and Hamburg, and 21 for prime Goshen.

CHESTNUTS—Still quoted at $6 per bush.

Pittsburgh Petroleum Market.

Nov. 19—There was a fair business done in Crude to-day, taking all things into consideration, but prices ruled considerably below the current rates on Thursday and Friday. We note sales of 500 and 250 barrels at 32½; $600 do do on private terms; and 500—on Friday evening—at 31. The receipts continue extremely light, only reaching 65 bbls, during the twenty-four hours ending this evening. In refined, either bond or free, there is nothing doing of any moment, and as the market is rather unsettled, we omit quotations. There was a brisk demand for Naphtha in bond, with sales of 250, 250, and 500 bbls—all at 1½c. Distillate is still quoted at 27 per bbl, and rather quiet.

New York Petroleum Market.

Special Dispatch to the Pittsburgh Gazette.

NEW YORK, November 19—The market for Crude ruled very firm to day, and holders generally were asking higher rates—43½@46, on the spot, and 46@48 for all this month. For Refined, in bond, holders are asking an advance, but buyers operate with caution; quotations may be fairly given at 67@67½, on the spot. Free Oil is firm with a fair demand at 88@87. No change to note in Naphtha.

New York Stock and Money Market

Special Dispatch to the Pittsburgh Gazette.

NEW YORK, November 19—The market for Railroad Stocks has undergone no change worthy of notice; Pittsburgh & Fort Wayne, 102; Cleveland & Pittsburgh, 103¾. Gold was forced up by the "bears" to 224, but subsequently declined, and closed at 219. Government securities without material change; U S Sixes, 1881, 110; Five Twenties 109¾@10.

Review of the Baltimore Market.

(From the Sun of Friday)

Coffee—Since our last review we have to report the sale of 3,193 bags Rio, at 40@45c for Grey Rags, on private terms, though understood a little over 45c net; 400 bags out of same cargo, at 45c net; and further sales of 2,000 bags Rio at 45@45½c; 100 do Porto Rico at 45c. Outcents have also been awarded here by the government for 3,000 bags Rio at 49@49½c, payable in Gold. At the close the decline in gold caused a dull market, but the reduced stock in first hands, (10,000 bags Rio, (not more than half of which is offered for sale,) assists firmness on the part of holders.

Sugar—The receipts continued exceedingly small in the week for 100,000 pounds fair, ranging from $11,15 to $11,25 per 100 pounds. P private hands we have only to report 20 bbls prime P at 11 50c, and several small lots to the trade within our quotations, which on account of the decline in gold, were heavy at the close. Cuba and N Orleans in good request, and very firm in the decline in gold, were heavy at the close. Cuba and N Orleans in good request, and very firm in the decline in gold, were heavy at the close. We note sales of 300 hhds Cuba, 1,000 boxes, (after good deal of cutting,) mostly from first hands. There is the usual line business to report, but this has been less active for a few days past than for some time previously.

Molasses—This article, though generally held for firmer prices, feels the effect of the fall in Gold, and the business is light, the tendency being rather in favor of buyers. The sales include 44 hhds Porto Rico at Sic $1,10; 35 Cuba Muscovado, 55c; 459 bbls do 52@55c; and 229 bbls New Orleans, $1,10@$1 25, cash and 4 mos. The stock yesterday was about 1,600 hhds Cuba, 2,520 Porto Rico, and 900 bbls New Orleans.

Philadelphia Wool Market.

(From the Price Current, Nov 10)

The receipts are small, and the stocks in the deal rs' hands having become materially reduced, the market is firm at the advance recorded last week. The demand for the medium and low grades has been quite active. Every indication at the times points to higher prices, and the most significant is, there are wholly interested at general commercial centres. Taking into account the law of supply and demand alone, there can be no doubt upon this subject. And superadding to this the prospect of prolonging war, restricted imports, and the general upward tendency of commercial values, we have assurance doubly sure. The sales comprise:

14,000 lbs mixed fleeces at	$1,06@1,10, cash
35,000 lbs medium	1,05@1,07 "
40,000 lbs common and fine	1,00@1,05 "
5,000 lbs fair tub d	1,07½ "
5,000 lbs common	1,00 "
10,000 lbs ¾ blood	1,08 "
13,000 lbs fine fleece	1,00 "
10,000 lbs ¾ and ⅝ blood	1,00 "
28,000 lbs fine	1,10@1,20 "
10,000 lbs No 1 pulled	90 "
35,000 lbs unwashed	65@75 "
10,000 lbs home pulled	on private terms.

CRAIG STREET ALLEGHENY.

Cincinnati Market—Mail Report.

Nov. 18.—There was little stir in Provisions, though greater firmness in Eastern feeling holders then was to be anticipated. $17 is asked for mess Pork, and for Lard. It is said that $15c was offered for the latter. Bacon is nominally as last quoted. Green Meats are well maintained in price, notwithstanding unfavorable weather and the downward course of Gold. Quotations are still kept at 13c, 10c@11c for Shoulders, Sides and Hams.

The arrival of Hogs are liberal and the market quite heavy. Nominally good averages of 200 lb. net, are rated at $14, but they are not easily sold at that figure. Flour has no market scarcely, since the opportunity was lost between the 5th and 10th, when Holders were not willing to make concessions below $9@9,25 for superfine and extra, but in order to effect sales, they would have to do so.

Wheat is dull at $1,20 for Red; $2,10@2,15 for White.

Corn is fairly maintained at $1,25@1,30 for shelled; some are asking $1,30. Rye is in fair request at $1,20.

Oats are selling at 70c, in elevator, though the offerings are less than 10c are light.

Rye is dull any only nominal at $1 40.

Barley is in fair demand at $1,65@1,70 for Spring; $1,70 @1,75 for Fall, of prime and choice ured.

Whiskey is inactive at $1,35.

FOR THE UNFORTUNATE!

THE LONG SOUGHT FOR DISCOVERED AT LAST!

CHEROKEE REMEDY AND CHEROKEE INJECTION.

Compounded from Roots, Barks and Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Gonorrhea, and is especially recommended in those cases of Fluor Albus (or Whites in females,) where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose being from one to two teaspoonfuls three times per day.

It is diuretic and alterative in its action—purifying and cleansing the blood, causing it to flow in all its original purity and vigor, thus removing from the system all pernicious causes which have induced disease.

Cherokee Injection is intended as an allay or assistant to the Cherokee Remedy, and should be used in conjunction with that medicine in all cases of Gonorrhea, Gleet, Fluor, Albus or Whites. Its effect are healing, soothing and demulcent; removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain, that is experienced with nearly all the cheap quack injections.

By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars, get our pamphlet from any Drug store in the country, or write to us, and we will send free, to any address, a full treatise.

Price, CHEROKEE REMEDY, $2 per bottle, three bottles for $5.
