TUESDAY, Nov 22, 1864.

Gold moving up briskly to-day, selling in New York at 2[illegible]@2[illegible] in gold. Government very firm and active. Five Twenties sold largely at our board to-day at 100@96 bid for Certificates; 63 bid for M & M Bank; no sales.

The fever is again setting towards Oil Shares. Oil Valley, Rock Oil, Cherry Run Central, Hildreth and Tarr, Beaty & Cherry Run were the most active. Oil in better stock, many hundred shares changed hands at prices ranging between 1½ and 1¾. Oil Valley sold at 1,00; Oil Rock, 5¾ bid, 9 asked, also at 8¾. Cherry Run sold at 1½; Dalzell at 9¾.

The attendance at Thomas's Stock Exchange was very large, the room being full to overflowing, and the excitement in Oil Stocks was intense. The offerings were unusually large, so were also the sales, and generally was this the case in regard to Tarr, Beaty & Cherry Run, nearly ten thousand shares being changed hands, and, that, too, at an advance over Monday morning's quotations. Quite a number of other stocks were offered and sold, and upon the whole, the sale was expected to one of the largest of the kind that ever took place in Pittsburgh. In nothing the foreign trade of New York, the Times of Monday says:

The trade of the past week shows increased activity in the Exports of Domestic Produce (nearly four mil lions currency value,) and a liberal export of gold and silver. The supply of gold shows the recent disbursements from the Treasury Office to be not large, and the heavy fall of 20@25 per cent in the price, has induced shipments abroad—partly, it is said, to evade speculators for the rise, who have made an indictment to the banks to increase their shipments. A further sum of $9,250,000 has been directed to be prepaid on the 1st January interest out of the bills balances in the Treasury Office, and it is hoped that the holders of 1881 and other January coupons will promptly avail of this privilege. The experience of the past spring and Summer, however, in reference to these pre-payments, is that very many of the holders of the funded debt, prefer to leave their gold interest in the Treasury, until fully due, and in many instances few months after it is due. The coin stamps paid in during the week amount to nearly a million of dollars, a good part of merchandise withdrawn from bond. The fresh import entries were light, only $1,850,000. A moderate business is doing in merchandise, both domestic and foreign, from store, but the complaint is general that trade is behind the corresponding season last year.

The import entries of the past week, including the dry goods table in our last paper, amount to $1,833,731, against $1,779 667 the corresponding week last year. The export clearances of domestic produce amount to $3,538,161, against $3,311,972 same week last year. The exports specie amounts to $1,645,007, against $1,007,600 same week last year. The customs of the week, $984 000.

The import entries at New York, exclusive of foreign specie, from the 1st January to the 19th November, inclusive, by our weekly statements,

Amount to	$193,331 007
Against 1863 (nine days)	165,591 835

Pittsburgh Petroleum Market.

Nov 22—This has been another quiet day in petroleum circles, owing partially to the miserable state of the weather, but more particularly to the difference between the views of sellers and buyers—the former endeavoring to establish an advance to which as yet, the latter seem unwilling to submit. For Crude there appeared to be but a limited demand, the only transactions reported being 60 barrels at 34c, barrels returned, and 60 barrels at 31½. There was some inquiry for Refined, in bond, from the east, but no far as we could learn, no sales were effected. Well Oil is selling in small lots at 80 to 81c. Naphtha is still quoted at 19@20 cents in bond, and 30@31, free, and Rosaloum at 87 per barrel.

Allegheny Cattle Market.

Reported for the Pittsburgh Gazette.

ALLEGHENY CITY, Nov. 22, 1864.

The receipts of Cattle have been unusually large during the past week, it being estimated that there were fifty two thousand head in the pens on Monday. The demand was light, there being but few wanted for the East, and the market, in consequence, ruled dull and heavy, and common and inferior grades sold very slowly, and, to effect sales at all, low figures had to be accepted. Prime heavy cattle such as our first class butchers are accustomed to buying, were very scarce, and this being the case, sold pretty readily, and that too, at full prices. For good stock cattle, there is a fair demand for shipment, and nice steers averaging from 970 to 980 pounds may be quoted nearly at previous quotations. Common buyers took hold sparingly, taking only a few head of the best that was offered, suitable or their purposes. On the whole, the market is regarded by holders as a very unsatisfactory one, the supply being largely in excess of the demand, and several hundred head were either left over or shipped east.

The receipts of Hogs were larger than last week, still falling far short of the receipts last year and year before last, when it was not considered at all remarkable to have 70,000 and 25,000 head in the pens at one time. The demand as yet, is principally confined to the wants of retailers, although we have reports of several bunches having been wholesaled. Greenwald & Kahn sold to Kunick & Co 137 head averaging 237 lbs at $11,50, and 107 head averaging 312 lbs at $11,25. Rice & Co wholesaled 91 head of nice and smooth Hogs, averaging 267 lbs at $12,50. Geo Km rick & Co retailed about 100 head in all at prices ranging all the way from 11a12c and Barney Gray reports having retailed 60 head at from 12,50 to $13

The operations in the sheep market continue very limited, the receipts being very light, although the supply appears to be equal to the demand. Some few small lots were reported as having been retailed at prices ranging from $5 to $7 per cwt, gross.

The following is a full and accurate report of all the leading sales of cattle made at the Allegheny yards during the week ending on Tuesday morning, together with the names of the sellers, and prices at which they sold:

Chicago Market—Mail Report.

Nov 21—There was a quiet feeling in the leading markets to-day, and as the news from New York was rather unfavorable, prices at the close ruled in the buyers favor. The demand for Wheat was chiefly speculative, and the sales show a decline on Saturday's figures of 1a2c per bush. At the close, No 2 Spring sell at $1,71¾@1,72. Winter Wheat was in fair request, and about 12,000 bush changed hands at $1,67@1,68 for No 2, and at 1,72@1,80 for Rejected. Barley was not much done in No 1 Spring, and sales were limited at 1,70.

In Rye there was but little done and the market was dull and almost nominal.

New Corn was in good demand for shipment to Canada, where it is converted into whisky. The Canadians don't propose to pay Uncle Sam's tax. Old Corn was scarce and almost nominal at $1,60 for No 2. The price for New Corn in store ranged from 1,50@1,51. Ear Corn was steady at 1,10 on track.

There was a steady demand for Oats, and prices were firmer at 69¾@70c for No 2, and at 62c for Rejected.

Rye was firmer and advanced 2@3c, with sales at $1,16@1,18 for No 1; 1,13 for No 2, and at 1,05 for Rejected.

There was more firmness in the Barley market under a better demand. No 2 in store sold at $1,42@1,43.

In Highwines there was more doing, and about 500 bbls changed hands at $1,05@1,06½c.

MEDICAL.

GLAD NEWS!
FOR THE UNFORTUNATE!
THE LONG SOUGHT FOR DISCOVERED AT LAST
CHEROKEE REMEDY
AND
CHEROKEE INJECTION.
Compounded from Roots, Barks and Leaves.
CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Gonorrhea, and is especially recommended in those cases of Fluor Albus (or Whites in females) where all th old nauseous medicines have failed.
It is prepared in a highly concentrated form, the dose being from one to two teaspoonfuls three times per day.
It is diuretic and alterative in its action—purifying and cleansing the blood, causing it to flow in all its original purity and vigor, thus removing from the system all pernicious causes which have induced disease.
Cherokee Injection is intended as an ally or assistant to the Cherokee Remedy, and should be used in conjunction with that medicine in all cases of Gonorrhea, Gleet, Fluor, Albus or Whites. Its effect are healing, soothing and demulcent; removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain, that is experienced with nearly all the cheap quack injections.
By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.
For full particulars, get our pamphlet from any Drug store in the country, or write to us, and we will send free, to any address, a full treatise.
