Drilling Jars.
We would respectfully announce to our customers and the public generally that we keep constantly on hand
Cast Steel Drilling Jars
Which for Strength and Durability excel any Steel lined Jar heretofore in use.
The Advantages we Claim
Over Lined Jars are that, being ALL STEEL, they are stronger than Jars composed partly of Iron; that presenting a Steel surface to the rock, they are protected from wear on the outside, and will keep their shape longer.
We also keep on hand
Cast Iron Working Barrels.
Fisher, Norris & Co.
