CITY AND SUBURBAN.

Elopement and Elegant Arrest of the Runaways.

Information was conveyed to the Mayor this morning, to the effect that Dr. John William Hughes, of Cleveland, had eloped with a young lady named Parsons, residing at Bedford, ten miles from Cleveland, and had come to this city on Tuesday, by railroad, evidently for the purpose of getting married. One of the parties who applied for their arrest is a brother-in-law of the young woman. He stated that Dr. Hughes has a wife living at or near Cleveland, to whom he had been married for about eight years.

Chief of Police Loip, after getting a photograph of the girl, and a description of the doctor, detailed officer Messner to search for the parties. After visiting several hotels, he called in at the St. Clair, and succeeded in finding the girl there. She admitted that she had been married to the doctor, and produced a marriage certificate, duly signed by our worthy fellow-citizen, Rev. J. G. Brown, D. D. They had applied to Dr. Brown, soon after their arrival on Tuesday, and were duly married. She stated that Hughes had gone out, but she did not know where. Officer Messner made the arrest about six o'clock in the forenoon, and it being necessary for him to remain with her, he sent word to the Chief of Police, who sent officer Culp to watch about the hotel, and nab the doctor should he make his appearance. Officers Willison and Wray had, in the meantime, been searching about the city for the doctor, and had got close upon his trail, when he started for the hotel and was tapped upon the shoulder by officer Culp, as soon as he entered. He was then taken to the Mayor's office, and locked up for a hearing. The young woman was conveyed to a room in the Mayor's office, but she will probably return home with her brother-in-law. She states that she had known the doctor for some time, and knew that he had a wife living, but he had shown her a divorce, at her father's house. Previous to her eloping with him, she gave as a reason for running away, that her friends were opposed to the marriage. Dr. Hughes is a genteel looking man, about thirty-two years of age, and weighs almost two hundred pounds. He has been moving about considerably, living of late in Cleveland, Warrensville, Bedford, and other places. Miss Parsons is perhaps not twenty years of age, and is prepossessing and lady-like in appearance. If her statement be correct about the doctor showing her a writ of divorce it is inferred that he has added forgery to the crime of bigamy. The document, however, had not been found when we left the office, and it may have been destroyed. Miss Parsons does not know what he did with it, but asserts that he exhibited it to her and assured her that he was divorced, before she consented to marry him. The only baggage which the doctor had was a valise, which has been seized by the proprietor of the St. Clair, as security for the payment of the hotel bill—the doctor's finances apparently being in a very low state.

During the afternoon, Hughes had a hearing before the Mayor, who fully committed him, in default of bail, to await the action of court. The young woman was also required to give bail to appear and prosecute the case when the proper time comes. Her own recognizance was taken in the sum of five hundred dollars, and she left for home, in company with her brother, in the 3.45 train of the Cleveland road.

The Enrollment Lists.

Now is at another draft has been ordered, immediate attention should be given to the work of correcting the enrollment lists. If this matter is not attended to the result will be that, in the districts neglecting, a much larger quota will have to be filled. The Enrollment Boards are doing all in their power to awaken the people to a sense of the importance of making these corrections, but so far as we can learn (especially in the cities) very little is being done. It is in the populous districts, however, that the lists are most defective, and committees should be appointed in every ward and borough, to attend to their revision. Every man improperly enrolled should be stricken from the lists—all aliens, all over age, all who are manifestly unfit for service, etc. All who have moved into the district since the enrollment, all who took out naturalization papers to vote at the late elections, and all whose names have heretofore been omitted, should be added to the lists. Let us urge this matter upon our enrolled citizens as one of the utmost importance, and let it be attended to without delay.

City Fines and Forfeitures.

The following statement exhibits the amount of fines and forfeitures paid into the City Treasury by Mayor Lowry, for the months of October and November, as compared with the corresponding period in 1863. It shows a very large increase of fines and forfeitures in favor of the present incumbent:

	October, 1863.	October, 1864.	November, 1863.	November, 1864.
Fines,	$47 87	$251 25	$72 10	$222 00
Dramatic License,	100 00		114 00	250 00
Railroad License,			31 25	
Watchmen's Fees,	62 85	82 50	57 55	50 75
	$210 72	$333 75	$274 90	$518 25

The total returns for October and November, 1863, were, $484,62
Same period, in 1864, " 912,10
Increase over 1863, $377,18

The fines and forfeitures are becoming a large item, and will yield a handsome revenue to the city.

The Special Income Tax.

David N. White, Esq., Collector of the 23d District, gives notice that the special income tax list, of five per cent., has been placed in his hands by the Assessor, for collection. He also notifies all persons concerned, that the said income duty is now due and payable. If not paid within *ten days* this per cent. will be added to the amount unpaid, and the amount of the tax, together with the ten per cent. additional, becomes a lien on the property. Payment may be made on or before the 5th day of January next, at the office of the Collector at No. 67 Water street, Allegheny.

The Late Gorge in the Youghiogheny.—A friend informs us that no lives were lost during the late ice gorge and freshet in the most destructive gorge ever witnessed, and much property was destroyed, but the reports of lives having been lost were untrue. A loaded barge, and several empty barges were participated over the dam, together with a number of coal boat bottoms. The Monitor No. 2 also went over the dam, but the only man aboard of her escaped in safety.

Died from his Injuries.—Wm. Barry, the man who was severely injured Monday morning, on the south-side of the Monongahela, by a piece of rock falling upon his head whilst laboring on a deep cut on the Brownsville railroad, died the same evening from the effects of his injuries. He was buried from his residence on Webster street, yesterday afternoon. The usual services of the Convent were dispensed with, by what authority we do not know.

Dead.—Some days since, we noticed the fact that a man had his legs crushed, by being run over by a train of the Connellsville railroad depot. We were unable at the time to learn the injured man's name, but we have since ascertained that it was James McKenna, and that he was from New York. After the accident he was removed to Mercy Hospital, where he lingered until Friday morning, when he expired.

Call Accepted.—Mr. R. P. Swift, licentiate of the O. S. Presbytery of Allegheny city, and a son of the venerable Rev. E. P. Swift, D. D., of the First Church, Allegheny city, has received and accepted a call to become pastor of the Presbyterian Church of Lancaster, Ohio.

Is induced to make this visit on account of numerous applications from parties residing in Pittsburgh and vicinity, who are unable to come to New York for the indispensable personal examination rendered necessary from the impossibility of prescribing with benefit to the patient without it.

DR. LIGHTHILL will revisit Pittsburgh at regular intervals, according to the requirements of the patients under his charge. The business in New York does not suffer any interruption from this visit, as one of the firm is there in constant attendance.

TESTIMONIALS.

Pittsburgh, Pa., Nov. 5, 1864.

This will certify that I have been under the care of Dr. Lighthill for the cure of Catarrh, and that, although he has attended me for a little over one week, I feel that a permanent cure is to be effected, and am so much better in all respects as to warrant me in giving publicity to these facts, and recommending Dr. Lighthill to any one affected with Catarrh. [*From the Home Journal, June 4th.*]

In every business or profession, indeed in every department of human skill, there is always some acknowledged head—some one who stands out in bold relief from the surrounding crowd of leaders. In the study and treatment of Deafness and Catarrh, as special diseases, Dr. E. B. LIGHTHILL, of this city, occupies just the position above described. He has devoted years of labor to this speciality, and is now reaping the reward of his industry. The editorial columns of the Tribune of a recent date, bear witness to the Doctor's success in this department of medicine. We quote the paragraph:

"CURE OF A DEAF MUTE.—Louis Loewingstein aged fourteen years of age, came from Germany, came to this city when he was about two years of age. Soon after arriving here he was taken sick and lost his hearing. By degrees he was totally deaf and then dumb. For nearly ten years he was a mute, unable to hear the loudest voice or the sound of a word. About one year ago he was placed in the hands of Dr. LIGHTHILL, who has so far succeeded in restoring to his hearing and speaking, and ensuring that he can converse with those who speak to him distinctly and deliberately. During the past four or five months he has been under the tuition of Mr. Beantche, and has made considerable progress in reading and arithmetic."

Having been supplied with the lad's address, we further investigated the matter, and discovered the previous to coming to my asylum, the youth's case was considered hopeless, and he was for two years an inmate of a Deaf and Dumb Asylum. The Rev. John Nott, D. D., Professor in Union College, Schenectady, is a published letter, tenders his gratitude to Dr. Lighthill for treating successfully his case of Deafness. Rev. Fred. S. Jewell, Professor of the State Normal School at Albany, has testified to having been cured of Catarrh. Dr. Lighthill possesses other testimonials and tributes to his talent from some of the wealthiest and most prominent and respected citizens, which may be seen on application. It would be difficult to speak in any but terms of praise of his treatment, in the face of these many proofs and facts testifying to his success.

[*From Rev. Fred. S. Jewell, Professor of the State Normal School, Albany, New York.*

ALBANY, Jan. 25th, 1864.

DR. LIGHTHILL—Dear Sir: Under date of March 14th, I sent you a careful statement of my case in former treatment, my failure to obtain relief in that direction, my resort to your treatment, and its beneficial results.

I have been, from the winter of the year 1841, subject to violent periodical attacks of Catarrh, ushered by strong forcible symptoms, violent inflammation of the lining membrane of the cavities of the head, accompanied in the first stage by a watery discharge from the nose, subsequently becoming acrid and yellow, and toward the close of the attack purulent and bloody. These attacks produced a most distressing species of headache, occurring periodically each day for a period varying from one to three weeks, sometimes so violent as to incapacitate me for business and confine me to my bed. At times the attendant inflammation would extend to the teeth, producing toothache; or to the throat, occasioning hoarseness and partial loss of voice; and twice within the last few years it has so affected the left eye as to confine me, for weeks, to a darkened room.

I had tried medicines and applications of various kinds, snuffs and other catarrhal preparations of some kind, almost ad infinitum, including the vapor of camphor, ginger and not fomentations of different kinds; and in connection with these the usual emetics or cathartics, and yet the complaint baffled me. But none of these had produced any permanent improvements, and those for a short time at which temporal relief was afforded it was at the expense of so much strength as to leave me greatly exhausted. Under these circumstances I was led, though with reluctance, from the supposed incurability of the disease, to make a trial of your treatment. I found it soon even beyond my hopes, reaching the disease as it had never been reached before, and alleviating its symptoms to an extent which I had supposed impossible. At the time I gave you my former certificate, while I did not feel assured of a complete cure, I had obtained a miraculous relief which amply repaid me for my trial of your treatment, and which satisfied me that that treatment was as effective as it was simple and philosophical. A substantial escape from my old attacks of catarrh, for the unprecedented period of nearly half a year, and that in spite of several occurrences of illness which would have formerly rendered such an attack inevitable, was, to me, proof of an important success. It is now six months since I sent you that statement, and while it is unpleasant to appear thus constantly, and in this guise, before the public, it seems to me a matter of simple justice to yourself, and to those who may be suffering as I was, to add that I am not only satisfied as to the utility and efficacy of your method of treating catarrh as it was six months ago, but I am now of the belief that if there is such nothing as a cure for *chronic catarrh*, in my case a substantial cure has been effected.

Yours, respectfully,
FREDERICK S. JEWELL.

Albany, N. Y., Sept. 1, 1864.

ALBANY, Jan. 25th, 1864.

DR. LIGHTHILL—Dear Sir: It is with great satisfaction that I communicate to you the effects of the medicines you gave me. Soon after my return I followed your directions, and am happy to state that I am now so far recovered after the first few applications as to feel quite confident that I am well and shall not need to proceed further.

Be assured, my dear sir, that should I require, I should not hesitate to place myself under your magic influence.

Yours with respect, D. H. COLNEY,
Albany, Albany county.
