CITY AND SUBURBAN.

(FROM YESTERDAY'S EVENING GAZETTE.

A Pittsburger Murdered at Sunbury.—On Saturday last, the mangled body of a man was found lying on the track of the Sunbury and Erie railroad, a short distance from Sunbury. The body was literally severed in two, the wheels of a passing train having passed over the segment, scattering the entrails along the track. The body was afterwards identified as that of Francis Young, a resident of this city, who was employed on the Sunbury and Erie railroad as a "dispatcher." A severe contusion was discovered on the head, and as the pockets of the deceased had been rifled of his watch, papers, money and other valuables, it was at once suspected that he had at first been murdered and robbed, and that the wretches had afterwards placed the body on the track so as to cover up their horrible crime.

A Coroner's jury was immediately empannelled, and during the investigation it was ascertained that the deceased, a few days prior to his death, had some altercation with a man named Albert Robbins and another named Lesser. These men were seen together in the vicinity of the murder shortly before the discovery of the body, and as there were other circumstances that seemed to implicate them in the crime, the Coroner's jury rendered a verdict that the deceased came to his death by violence at the hands of Robbins and Lesser. The accused were immediately arrested and are now confined in the jail at Sunbury for trial.

The deceased was twenty-four years of age, and was well known in the community. He was employed as a conductor on the Pennsylvania Railroad for a number of years past. He left the employ of the Pennsylvania Railroad Company about six months ago, since which time he held the position of "dispatcher" on the Sunbury road. The body was brought to this city on Monday, and was conveyed to the residence of his mother, near Fairview, Indiana township, from whence the funeral will take place this morning at eleven o'clock.

Sixth Ward and the Draft.—At a meeting of the citizens of the Sixth ward held last evening in the School-house, the following resolutions were unanimously adopted:

Whereas, The country has been called upon by the President to furnish three hundred thousand more men for the army; therefore,

Resolved, That the Sixth ward of the city of Pittsburgh will furnish its quota in volunteers.

Resolved, further, That as the law of the State relative to payment of bounties to volunteers makes it imperative on the Board of School Directors of the ward, at the direction of the citizens, to levy a tax not exceeding in amount $300 for each volunteer, the Board are hereby requested to add to once issue bonds for $30,000, or such sum as may be requisite to fill the quota of the draft.

Resolved, That as property owners, by their great increase of rents, have confessed that the levying of a tax is a profit rather than a loss to them, and shown that the burden of the tax really falls on the tenants, who are the mass of those liable to draft, and as it is manifest injustice to the people that they should pay from their own pockets not only large sums to bounty jobbers, but also ultimately pay the bounty tax of the landlords, we earnestly urge upon the Board of School Directors to *do their duty*, and at once put the ward in possession of means to procure the volunteers to fill its quota on the forthcoming draft.

A committee of three was appointed to wait upon the Board of School Directors and apprise them of the foregoing action of the citizens of the Ward.

The International Exhibition.—The exhibition of the Industry of all Nations, to be held at Stettin, Prussia, in May next, will no doubt receive contributions from a number of our manufacturers and artizans. The Committee for the Prussian exhibition express a strong desire that an ample contribution of American inventions of agricultural implements and machinery, and improvements connected with shipping and steam navigation as well as of articles of domestic utility should be sent to this exhibition. They would also be pleased to have samples of seeds and other agricultural products from the different agricultural societies of the several States of the Union. It is to be hoped that our National pride, as well as motives of interest in opening new markets in Europe for our various productions, will secure a creditable American representation at this exhibition.

Our citizens can obtain further information on application to Wm. Bingham, Jr., Adams Express office, Fifth street.

A Vile Den Broken Up.—For some time past, serious complaints have been made against a "rookery" on the corner of Third street and Cherry alley, where the lowest classes of colored persons of both sexes assemble nightly. Gambling, debauchery and drunkenness are common practices here, and the immediate neighborhood is frequently disturbed by the riotous conduct of the visitors to the house. Mayor Lowry has placed a check on the operations there, by arresting the keeper of the den, Frederick Negro, on a charge of keeping a gambling house, and also for being a common gambler. The information is made by Edward Brown, and both the parties are colored. The second has not yet been able to find bail, and he will probably be committed to jail in default.

THE BIRMINGHAM PASSENGER RAILWAY.—The stockholders of the Pittsburgh and Birmingham Passenger Railway Company held their annual meeting yesterday and re-elected the old board of directors, viz: W. M. Hersh, W. R. Nimick, John McD. Crossan, B. F. Jones, and Florence Kramer. We understand that this company did not declare any dividends during last year. This is not surprising when the high cost of horse food, &c., is taken in consideration.

MAN KILLED.—A colored man named Griffith Patterson was killed last week near Cannonsburg, Washington county. He was engaged in digging coal, and having drawn out a load in a sort of hand cart, was in the act of turning it around on a platform, when the load suddenly slipped backwards, and he being between the shafts, was caught up and thrown clear across the road, sustaining such injuries in his fall that he died a few hours afterwards.

NEPTUNE FIRE COMPANY.—The annual election of the Neptune Fire Company was held on Monday evening. Sheriff J. H. Stewart has been elected President, D. E. Hall has been re-elected Captain, and T. J. Busha, First Engineer. The Neptune has always been an efficient and reliable company, and with such officers as these in command we feel assured that its good reputation will be fully sustained.

DISORDERLY HOUSE.—Mrs. McFarland, Mary Pilgrim and others, have been charged with keeping a disorderly house on Pennsylvania avenue, near Elm street, on oath of James Thackary. Mayor Lowry has issued warrants for their arrest.

DISORDERLY CONDUCT.—George Kirkpatrick, John Disert and Francis Toner were before Mayor Lowry to-day on a charge of disorderly conduct. They were fined $5 each, and, in default of bail were committed for six days to jail.

SAFE DESKS, tobacco, segars, furniture, bedding, &c., at auction on Thursday, at ten o'clock, at McClelland's, 55 Fifth street.

SPECIAL NOTICE.

AYER'S CHERRY PECTORAL for the rapid cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other expectorant is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten. We can only assure the public, that its quality is carefully kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever done.

Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled usefulness of our remedies, but space here will not permit the insertion of them. The agents below named furnish gratis our American Almanac, in which they are given; will also full descriptions of the complaints they cure.

Those who require an alterative medicine to purify the blood will find AYER'S COMP. EXT. SARSAPARILLA the remedy to use. Try it once, and you will know its value.
