The speculative feeling continues to-day, without apparent change, and the market for oil stocks is active. The loan market is brisk, with an increased pressure for money, on collaterals. The morning reports on gold indicated a steady market with a small advance. Governments advanced under the rise in gold about one per cent.

Later quotations, 4½ p. m., gold has declined from 2,15 to 2,13½.

The Governor has issued his proclamation announcing that the Iron City National Bank has surrendered its charter under the State law, having become a National Bank under the National Banking Law. The institution, we may further add, has declared a dividend of three per cent out of the profits of the last three months. This is a very handsome return to the stockholders and speaks well for the judgment with which the affairs of the institution are administered.

The Chicago Evening Journal of Monday says: Business at the Banks continues light, and there is no essential change whatever worthy of notice in Monetary affairs. Eastern Exchange is still scarce, on account of the limited shipments of Produce and Provisions to the seaboard, and rates rule firm at par buying, and ½ @ cent. premium selling. The demand for Money is active, and the supply is fair, but the Banks are using a great deal of caution and it is only strictly first class paper that can be discounted. The current rate of interest is 10 per cent.

The following sales were reported on Monday at the New York Petroleum Stock Board: 100 shares Excelsior, $12; 500 Germania, 25c; 100 Knickerbocker Petroleum Co., 68c; 200 Buchanan Farm, $1 68; 50 Brooklyn Pet. The Somerset Herald and Whig is informed, on what the editor esteems reliable authority, that petroleum has been discovered in that county. It will be difficult to find a locality in the State, after awhile, that does not claim the same. It is stated that parties are engaged in boring at the mouth of the Sinnemahoning creek, in Clinton county, and a geological report claims that there are indications of oil-bearing lands in that locality.

Pork Packing at Chicago.

[From the Circular of G. W. Phillips & Co.]

The packing of hogs in Chicago, it is supposed, has finally been ascertained, and is reported as being 204,613 short in numbers, and 10½ lbs per hog lighter in weight than last season, though Smith, of the Cincinnati Price Current, says 8 lbs is correct. We notice that this report is made up six weeks in advance of other seasons, that hogs are still arriving, and that several houses are still cutting, and will continue to do so as long as they can get hogs. We don't know, however, that this will make any great difference in the final result, as the cutting from this out will be as a "drop in the bucket," in the grand aggregate of the packing of the whole country. Yet, we regard these as points worthy of note, especially as there has been such a desperate effort made to make the crop appear very short this season, and we do not doubt that the figures will show it far short of what it really is, yet the more apparent this showing becomes, the lower prices seem to go. We expect to see it finally reported 700,000 to 750,000 short of last season, but under all circumstances, of high prices, reduced consumption, limited exports, and the Government the only buyer, will not the present crop prove ample to supply all our wants until a new season? Will it not even prove too large should present prices continue? As for the predictions of short crop next season, they amount to nothing. We all know the hog is a prolific animal, and with very little care and attention a large crop can soon be raised from a very small start. The packing of Cincinnati is 350,000, being 20,023 less than last season. The weight is 12 pounds per hog greater. We think the total packing will show a gain per hog in weight, notwithstanding Chicago claims 10½ pounds short per hog, and one third the entire packing. The receipts of hogs during the week were 16,978, a large portion of which were shipped and the balance cut here.

Boston Dry Goods Market.

The Shipping List of the 4th says: Cotton goods have been selling more freely but at low and irregular prices, and quotations for leading styles are almost entirely nominal. The stock in first hands is small, and a more settled and firmer market is looked for. In the Print market there has been a little more activity, with increased sales. Since our last the spring styles of several popular makes have been opened and jobbers connected with the western trade have made some purchases. There are many buyers in market who will doubtless take hold with more activity after some of the disturbing influences now affecting the market are disposed of, and as soon as trade is fairly opened we look for a better state of things. The demand will in all probability keep the supply well used up and the sales maintain an advance on prices. We quote Pacific Prints at 31c; Sprague 30c; Dunnell and American 31c; Allen 30c; and Arnolds 27c. Delaines have been in better demand and the sales of the week have been to a fair extent. The Pacific Mills are selling at 38c; Challies 40c; and Armures at 43c. The Manchester and Hamilton Delaines are selling at 38c.

For Woolens there has been a moderate demand. Heavy Cassimeres are in some request at about previous prices. Light fabrics for Spring are in the market, but sales thus far have been very light.

DAILY REVIEW OF PITTSBURGH MARKETS.

TUESDAY, FEB. 7, 1865.

There has been no new feature to note in the general markets to-day worthy of special notice: Out-door operations were restricted materially by the stormy condition of the weather, though there is evidently a better local demand for most articles, and while a better feeling prevails, prices, as yet, have undergone no change.

GRAIN—Wheat is firm and in demand, with sales from wagon at 2,10 for Red and $2,15@2,20 for White; sale of 1650 bush. in second hands, on private terms. Barley is dull and nominally unchanged. Oats quiet and unchanged; small sales from store at 88@90 cents—900 bushel at 88c. There is considerable inquiry for Corn and prime Ear would sell readily at $1,35.

FLOUR—Continues quiet and rather dull though without quotable change. Small sales of Extra Family from store at $10,50@11 for Spring and Winter Wheat brands. Buckwheat Flour is dull and unchanged.

PROVISIONS—There is a slight improvement in the demand for Bacon and we note small sales at previous rates. Lard is steady with regular sales at 24@24½ for steamed and kettle rendered.

SEEDS—There is some inquiry for Clover Seed, and we note a sale in one lot of 100 bushel at $14, and 20 bush in small lots at $15. Flaxseed is selling at $3,25 and Timothy at $6.

BUTTER—The demand is rather better but the market is well supplied, and prices are without change; sale of 3 bbls prime Roll at 45.

EGGS—Steady but unchanged; small sales at 35 cents per doz.

CHEESE—Unchanged; sales of prime Western Reserve at 22 and Hamburg at 23c.

WHISKY—Sale of 21 bbls new Westmoreland County Whisky at $2,25. Also, small sales of Common Rectified at same prices.

GREEN APPLES—Sale of 100 bbls, to go East, at $4,00 per bbl; also, small sales at from $3,50 to $4,50, as to quality.

CORN MEAL—Sale of 45 bushels prime sifted at $1,60 per bushel.

SALT—Is quiet but steady with small sales of No. 1 Extra at $3 on the spot and $3,10 delivered.

HOMINY—Sales at prices ranging from $12,25@12,50 per bbl.

POTATOES—Small sales of prime Peach Blows from store at $3,50 per bbl.

PITTSBURGH PETROLEUM MARKET.

TUESDAY, Feb. 7, 1865.

The only sale of Crude reported to-day was 35 bbls "heavy gravity,"—Franklin Oil—at 43 c, bbls returned. This however, should not be taken as any criterion of the market for ordinary Crude, as it would not command over 35@36 cts, bbls returned, and 40@41 bbls included, but as there is no stock and but little inquiry, the market is in that condition that quotations cannot be given. We hear it rumored that there are orders here for several thousand barrels of Refined, in bond, but as yet, no sales have been effected, nor is such an event likely unless the market improves in the East, or gives way here, as at present there is no little difference between the rates, that there is no margin for shipment. Free Oil is quiet and dull but without quotable change. We note an occasional small sale at 84@85 cents, and these appear to be extremes of the market. In Naptha or Residuum, we have no sales to report, and, consequently, we omit quotations.

The Government Contract for Beef Cattle.

[From the New York Tribune.]

The new Government contract was bid for the past week at 14@17c per pound, live weight, as we are informed, and has not been awarded, and we hope never will be. It is one of the abominations of the "red tape" system that government should give out a contract where its own paid agents, of undoubted ability and integrity, can select one or two hundred head of cattle from a weekly supply averaging over five thousand. The purchases of agents this week, under the most unfavorable circumstances they have ever had to contend with, will be cheaper to government, quality considered, than they would under the contract. If a contract is made upon the present bids we denounce it in advance as an outrageous swindle, and a deliberate design of somebody to give our soldiers old stag beef instead of the first quality purchased this week. If the contract system goes into operation again, we intend to watch and report every lot of contemptible scallawags that may be put in or off, and the men who contracted for the same.

ALLEGHENY CATTLE MARKET.

ALLEGHENY CITY, Feb. 7, 1865.

CATTLE—The supply of cattle on sale was unusually light this week, and with a good local and shipping demand, the market ruled exceedingly firm, and, as compared with last week, prices have advanced from 75c to $1,00 per cwt. Nice heavy stock, such as our best butchers are in the habit of buying, sold at from $10 to $10.50 per cwt, and medium and common grades, may be quoted at from $6,00 down to $5.00. The very short supply, we are informed, was owing mainly to the difficulty in procuring transportation, all the available cars on the Western railroads being required for the forwarding of troops. We subjoin a list of all the principal sales:

Kerwin & Duff bought 30 head of large steers and oxen, averaging 1400 lbs, at $7@9½.

C. A. Thayer sold 18 head of fairish Ohio steers at 9.

Jacob Phillips sold 4 head of bulls and stags at 6@7.

F. Morgan wholesaled 18 head of nice smooth Ohio steers and oxen at 9½.

M. Crouse retailed 24 head of fairish Ohio steers at 6@9¼.

W. J. Lafferty & Co. retailed 24 head of mixed stock at prices ranging from 6½@7¾.

Crawford & Cameron wholesaled 25 head of steers and heifers at 7¼; 17 head of prime Ohio steers at 9½; and retailed 15 head at 5@7.

H. Merrick wholesaled 16 head of nice heavy stock, for Jacob Needy—from Licking Co., Ohio—at 9½.

L. Haskett wholesaled 60 head common steers and heifers, at 6½@7 per cwt.

Rothchilds retailed 23 head of Ohio stock at 7½@9½, for medium to good.

Marks & Trauman retailed 70 head of fairish Illinois steers at from 7¼@8¾.

Myers & Bro. bought in different lots, 100 head of mixed stock at 5@9½.

Reis & Hazlewood retailed 25 head of mixed stock at 6@9.

U. D. Wolfe retailed 18 head of Ohio steers and oxen—4 head of extra to Wm. Blackstock, at $10,37½ per cwt. and balance at from 7@9½.

J. Shaw retailed 18 head of Penna. stock at 6@8 cts.

Greenwald & Kahn retailed 94 head, mostly common Ohio steers and cows, at 4½@7¼, and 17 head of good Ohio stock, averaging 950 lbs, at 9 cts.

HOGS—The market for this class of stock has been rather quiet during the past week, the transactions being mostly of a retail character, though prices have been pretty well maintained, ranging from $12 to $16 per cwt. The only bunch we could hear of being wholesaled was 45 head, averaging 290 lbs, at $13,25.

SHEEP—There is a continued fair local demand, and with light receipts, the market rules steady and prices are well supported, ranging from 8 to 10c. We note sales of 150 head commonish at $6,00 per cwt. and W. J. Lafferty & Co. purchased 202 head, averaging 102 lbs, at 9¼ cts per pound, gross.

Philadelphia Cattle Market, Feb. 6.

There is a better demand for Beef Cattle this week, and prices have advanced 1@2 cents per lb. About 1,700 head arrived and sold at the Avenue Drove Yard at from 19@21 cents ⅌ lb for extra; the latter rate for choice, 15@18 cents for fair to good, and 14@15 cents for common, according to quality. The following are some of the particulars of the sales:

100	J. McFillen, Western	18	@20
77	B. C. Baldwin, Chester county	16	@18
55	P. McFillen, Chester County and Western	15	@20
60	H. Christy & Bro., Western	15	@18½

30	E. S. McFillen, Western	18	@19
130	P. Hathoway, Chester county and Ohio	16	@19

HOGS—The receipts have fallen off this week; only reaching about 1,500 head with sales to notice at from $17@19 the 100 lbs nett—the latter for prime corn fed.

SHEEP—Prices are rather better and the demand is good, about 4,000 head arrived and sold at from 10@12 cents per pound gross, as to quality.

COWS—The market is firmer with sales of about 100 head at from $30@60 for springers, and $35@75 per head for cow and calf, according to quality.

New York Cattle Market.

NEW YORK, Feb. 7.—The current prices for the week at all of the markets are as follows:

BEEF CATTLE—First quality, $22@25,00; fair to good, $16@22,50; common, $15,00; inferior, $14@15.00.

COWS AND CALVES—First quality, $80@75,00; ordinary, $45@55,00; common, $40@45,00; inferior, $35@40,00.

VEAL CALVES—First quality, ⅌ lb, 14@15c; ordinary, 11½@13c; common, 10½@11c; inferior, 10@10½c.

SHEEP AND LAMBS—Extra, ⅌ head, $12@14,00; prime quality, $9@10,00; ordinary, $7,50@8,00; common, $7@7,50; inferior, $6@7,00.

SWINE—Heavy corn-fed, ⅌ lb, 15½@16½c; light and medium, 14@14 and 13½c; still-fed, 13@13¼c.

The small receipts of Beef Cattle and continued favorable weather have combined to render the market extremely firm, and sellers tried hard to establish another advance; but owing to the obstinate resistance of butchers and the refusal of some of them to buy at all, the effort of frustrating this design. Hogs were without decided change. Prime a shade better, if anything.

The total receipts of all the stock for this week and last week are as follows:

RIVER INTELLIGENCE.

The weather yesterday was stormy and extremely unpleasant out of doors with a heavy snow falling during the greater part of the day. The river was apparently about at a stand last evening, with eight feet feet in the channel by the marks.

There has not been a single arrival since our last report, and the Minerva for Wheeling was the only departure. The Golden Era from Portsmouth is on the way up and may be expected in to day. Captain Bryan, the clerk, was in the city yesterday, having come through from Cincinnati by rail.

There was but comparatively little business transacted at the wharf yesterday, owing mainly to the miserable condition of the landing itself and the inclement condition of the weather. The offerings of freight are fair, and we apprehend that the first boats out will have good trips.

We inadvertantly omitted to note yesterday that Capt. G. W. Dickerson, formerly of the White Rose, has purchased the Minneola, and is now in command. We understand that Capt. D. intends loading for Cincinnati and Louisville.

The Allegheny river is almost entirely free from floating ice at this point, and unless the weather should turn suddenly cold, we expect to see navigation resumed in earnest in a day or two.

The Olive is loaded and ready to leave for St. Louis, as is also the Argonaut for Cincinnati and Louisville.

The Columbia, in command of Captain R J Porter, will be the first boat for St. Louis after the Olive.

The Yorktown, Captain G. W. Ebbert, will be ready to leave for Cincinnati and Louisville to-morrow.

Messrs. Schaffer and Maguire, Local Inspectors at St. Louis, in the case of the explosion of the steamer Maria, have revoked the license of the engineers, Washington Couch and Frank Crugor. In closing their report, they add:

"The testimony was so conflicting that no correct conclusion could be made without a personal examination, by the Board, of the wreck and boilers of the boat. This could not be done until Feb. 1, 1865; the wreck had drifted to the Illinois shore, opposite Carondelet, and could not be approached by reason of ice until now. The Supervising and Local Inspectors of boilers visited the wreck and found the starboard boiler had been bursted, only leaving three rings of the boiler remaining whole; these were attached to the after head; the middle part of the boiler, two or three rings, were found flattened out from the forward head of the boiler, with one ring torn from the bottom. The appearance of the boiler is conclusive proof that the explosion was caused by steam; and indicates that there was not sufficient water in the boiler at the time. It is the decision of this Board that the explosion was caused by incompetency or inattention of duty on the part of the engineers, and that, the licenses of said Couch and Crugor be, and are hereby revoked."

We clip the following items from the Cincinnati Commercial of Monday:

The Jacob Strader having been removed from the head of the canal, the Alice Dean was permitted to descend the canal yesterday, on her way to Memphis. Capt. C. B. Russell, late of the Mist, has taken charge of the office of the Nashville. Twenty steamers have left Cincinnati during the past forty-eight hours in the government service.

MEDICAL.

PILES! PILES! PILES!

PILES, TWENTY YEARS' STANDING, CURED!

Below will be found a certificate from one of the most respectable citizens of Wilkins township, in regard to Dr. Keyser's Lindsey's Blood Searcher.

The Doctor's certificates are within reach, and no one need be deceived in regard to his preparations.

DR. GEO. H. KEYSER: I became afflicted with Piles about twenty years ago, and every year they were growing worse, so as to trouble me very much so much so at times as to unfit me for work. Sometimes I was so bad that I could not do anything on account of them; they came out on me as large as a hickory nut. I had tried a great deal of medicine for them. I used to buy and take whatever I could hear of or read of in circulars and pamphlets that fell in my way, but I could not get cured; sometimes they would do me some good for a little while, but afterwards they would return again as bad as ever. I also applied to two Doctors, who visited me at my house and gave me some medicine, but it would not do, I could not get well. Over a year ago I got an advertisement of your Lindsey's Blood Searcher, made by yourself. When you sold it to me you told me one bottle would not cure me, and that my whole system would have to be renewed by the medicine before I got well. I bought one bottle, and took it home with me, and used it according to your directions. I then called to see you again when you said I could not expect much benefit from one bottle. I bought it, one bottle at a time, until I had used five bottles. After this quantity was used, I was entirely well of the Piles, which had tortured me for twenty years. In other respects my health is improved, and I am as well as could be expected for one of my age, being sixty years past. I have been well now for six months, and there is no appearance of the return of the disease. I can do any kind of farming now without work the Piles coming down and hurting me. I can pitch hay, chop wood, lift, or do any kind of work which before used to hurt me. When I found out your Blood Searcher I kept on taking it until I got entirely well. I consider it my duty to make my case known to the country for the benefit of others who may be suffering as I was, and do not know the value of your medicine. You may publish this if you like. I live in Wilkins township, and will be pleased to satisfy any one of the truth of this certificate if they wish to call on me. ELLIOTT DAVIS.

December 24th, 1864.

Look out for the name of Dr. GEORGE H. KEYSER on the cover of the bottle, and pasted over the cork: also for his stamp on the United States stamp on the top of the bottle, to prevent being imposed upon by a spurious article which is in the market.

CATARRH!

DR. R. GOODALE'S

CATARRH REMEDY

It penetrates to the very seat of this terrible disease, and exterminates it, root and branch, forever. Dr. GOODALE is the first and only person who ever told the world what Catarrh really was, where it commenced, and what would cure it. Dr. GOODALE has spent a lifetime in battling with this foul disease, exploring its secret ambush and making known to the world the fact that Catarrh, which has for years defied the skill of a search of medical men and authors in this country and in Europe, can now be cured, with the same uniform certainty that morning follows night. Thousands, who tried every known cure in vain, have been permanently cured by Dr. GOODALE'S CATARRH REMEDY, and now praise it in the most extravagant terms of praise.

Call at our nearest agency, or send a stamp for a pamphlet. Devised and prepared by R. GOODALE, M. D., New York. NORTON & CO., Sole Agents, 612 BROADWAY, NEW YORK. DR. G. H. KEYSER, Sole Agent, No. 140 WOOD STREET, Pittsburgh. oc3

This Ointment penetrates to the basis of the disease—goes to the very source—and cures it from the flesh beneath to the skin on the surface—throws the poison of the disease upward, and every particle of it is discharged through the pores—the seeds of the disease are expelled from the flesh, consequently there can be no relapse.
