THURSDAY MORNING, MAY 16.

The Secretary of War.

In referring to the war Department, and the Administration of that important trust since the present Cabinet assumed the responsibilities of office, the able and well informed Washington correspondent of the Philadelphia *Press* writes as follows to that journal of Secretary Cameron:

"It is but just to say that General Cameron, the new Secretary of War, comes up to all the anticipations of his warmest friends. His department is the one to which public attention is most directed, and in regard to which the most intense interest is felt. He came into it under peculiar circumstances. His predecessor had not only added to bankrupt other departments, but had so used his own as to assist the Disunionists in the most effective manner. When General Cameron became Secretary of War he may be said to have come into a place which had been deprived of most of its efficient elements, and which required, in fact, an almost thorough reconstruction. Nobody anticipated that out of the errors of Mr. Buchanan and John B. Floyd the present imperious emergency would grow, nor was General Cameron himself prepared for any such duties as have been devolved upon him. It will be gratifying, therefore, to all the friends of the Union, and particularly to the people of Pennsylvania, to know that he has displayed a vigilance, a promptitude and energy fully equal to the demands upon his time, and to the enormous issues involved in this struggle. Complaints are made as to a neglect of our troops in many quarters; but I have yet to hear the first man indulge in censure of the Secretary of War. Indeed, some omissions of detail are almost inevitable in such sudden preparations as have been forced upon the Administration since the 15th of April, when President Lincoln issued his first proclamation. In the midst of all his avocations the Secretary does not forget his friends of the Government. Those who are true to the good causes he delights to honor, especially young men, anxious to serve in the army, coming from the ranks of private life.

I observe in several of the New York papers allusion to the manner in which contracts have been awarded for supplying the army in provisions, munitions of war, and all the various articles necessary for a successful and vigorous campaign. No word of censure can, however, be bestowed upon General Cameron. All such contracts are made after full consultation with the officers of the regular army, and in several cases with General Scott himself. The Secretary, of course, exercises a supervision, and sometimes directs where the patronage of his office shall go, but he is exceedingly prudent to do nothing that may not be investigated by the most captious and unscrupulous of enemies. I know that he is resolved to do no act that will not defy scrutiny.

AN ENGLISHMAN'S FIST.—At Rouen, France, recently, two journeymen blacksmiths, named Bucher and Regley, the former a German and the latter an Englishman, went into a public house to drink, and after a while got into a discussion about the superiority of their respective countries, in the course of which the German derided England for producing no wine, and the Englishman was excessively bitter on the Germans for eating sourkrout. At length the disputants came to blows, and the adversaries were soon lying on the ground, the German by a terrific blow from the Englishman's fist, and the Englishman from three stabs of the German's knife. For this cutting and wounding the German was on Monday brought to trial before the Tribunal of Correctional Police. "How could you use a knife," asked the President, "against a man who has no arms?" "No arms?" replied the accused, "why an Englishman's fist is like a club—a blow from it knocks you down at once! If I had not used my knife he would have finished me!" The Tribunal condemned the man to six months' imprisonment.

The Winans Steam-Gun.

The capture of the "centrifugal gun" by General Butler pleases the troops here wonderfully. It is generally believed here that it was sent by the Baltimore authorities to Harper's Ferry. This is not positively known, but it is generally believed. Butler has the "machine," and, it is reported to-day, has sent it on to Secretary Cameron. The persons who were in charge of the infernal instrument were taken into custody and, it is said, have been sent down to Annapolis for trial. It is also reported to-night that the Winanses, who manufactured it, will soon be arrested and brought here for trial. They are unquestionably guilty of treason, and, in spite of their wealth, ought to feel the iron hand of justice upon them.

All Right.

A good story is told, and it is true, of a Virginian emigrant who stopped at Willard's a few days ago. There was considerable doubt in the minds of many whether the man was really what he represented himself to be, or a spy. He told several persons who were standing round him that he was so well known in Virginia as a Union man that $500 was now offered for his head. "Why don't you go back and claim the reward?" asked a wag who was present. "I would," was the reply, "if I wasn't afraid they would pay me in Confederate bonds." It was unanimously agreed after this reply that the man's loyalty was above suspicion.—[Wash. Cor. N. Y. Eve. Post

THE BEGINNING OF RETRIBUTION.—The Rebels have "strutted their brief hour," they have enjoyed their petty triumphs. The tables will now be turned. Already the work of retribution has commenced. A Privateer, was seized on Wednesday last; while sixteen Secessionists, on their way to join the Revolutionary army in Virginia, were taken prisoners by the Government troops on Tuesday. Thus Treason, for the first time since the rebellion broke out, finds its way blocked.

INTENSE GRATIFICATION.—The Detroit "Tribune" of Thursday afternoon says: "It is estimated that between yesterday noon and to-night, embracing say thirty-two hours, some one hundred and fifty grain-laden vessels will have passed this port from Lake Michigan, with an aggregate of over two millions bushels of grain. This is unprecedented."

ANOTHER CURE BY DR. SCHENCK.—I called on Dr. Schenck some time ago in one of his visits to Pittsburgh, at the office of Dr. Keyser, No. 140 Wood st. He was attending patients with lung disease. One of my lungs and the bronchial tubes were found to be badly diseased. Oppressive, when I coughed I expectorated blood and matter in large quantities. I had slight sweats and a great cough, and was greatly debilitated. Dr. Schenck prescribed for me his "Pulmonic Syrup," "Seaweed Tonic" and "Mandrake Pills," and after taking them one month I have so far recovered that I do not spit any more blood or matter, and the cough has nearly left me. I live in Co. lumbiana county, Unity township, Ohio, where I am well known. You may publish this if you wish.

Pittsburgh, August 27, 1860. MARTIN KOON.

N. B. Since the above was written, Mr. Koon has entirely recovered, and continues well, having regained his usual health.

I, WILLIAM W. ALEXANDER, residing on Anna street, Allegheny city, do hereby certify that I have been a sufferer from severe cough and pain in the breast for about eight years. During the whole of this time I have had general debility and emaciation of a little I tried every nostrum I could hear of, but nothing took hold of my disease. I heard of Doctor Schenck's "Pulmonic Syrup," but knowing so many quacks there I had cause to be incredulous in the matter. In April, 1859, I took a severe cold, accompanied with a violent cough, difficulty of respiration, and night sweats, which so prostrated me that I was confined to my room for two months.

Several of my friends called to see me, spoke in very high praise, as they had taken Schenck's medicines. My condition discouraged me considerably, and I made up my mind I would no more money for Doctors and Medicine, but would take the chances. I did so, as I had been so long sick that I felt completely discouraged. However, after reading several advertisements in the Pittsburgh Dispatch I felt induced to give Dr. Schenck's medicines a fair trial, and now, nearly two years afterwards, I am in good health, by taking some half a dozen bottles of Dr. Schenck's Pulmonic Syrup. I unhesitatingly state that it has made a perfect cure of me. I am a well man, and I attribute my present health and vigor of constitution entirely to Dr. Schenck's medicine. I enjoy better health to-day, Feb. 4th, 1861, than I have done for twenty years past. If persons hear the value of Dr. Schenck's Pulmonic remedies, they would not hesitate to call on him in his visits to the place. I feel like shouting every time I get up on a hill, as I know the cause of my sickness is his medicines. Any person wishing to know the facts as here stated can call or address me at my place of business, corner of Wood and Diamond streets, Pittsburgh, or at my residence, Ann street, Allegheny city.

Miscellaneous.

A Card to the Public.

The amount of bodily and mental misery arising from a neglect of small complaints is incalculable, and it is therefore of the utmost importance that a strict attention to the least and most trifling bodily ailments should be had: for diseases of the body invariably affect the mind. DR. MOFFAT'S VEGETABLE LIFE MEDICINES, in every instance where they have been thoroughly used, have TRIUMPHED OVER DISEASE in almost all its diversified forms. The salutary effects of the Life Medicines have, in fact, been so universally experienced, that they have become fully established as the most easy, safe and perfect mode of treatment ever offered to the public.

THESE MEDICINES

Have now been before the public for a period of 30 YEARS, and during that time have maintained a HIGH CHARACTER in almost EVERY PART OF THE GLOBE for the extraordinary curative properties which they possess.

IN MANY THOUSANDS

of certified instances, they have even RESCUED SUFFERERS from the very VERGE OF AN UNTIMELY GRAVE, after all the deceptive nostrums of the day have invariably FAILED. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and sending them with renewed tone and vigor, that they were indebted for their cause.

MOFFAT'S LIFE PILLS!!!

Are composed of VEGETABLE INGREDIENTS EXCLUSIVELY, as can be ascertained by CHEMICAL TESTS. Their prominent features are those of an active and searching, though perfectly mild and agreeable detergent aperient; of a gentle aperitive, promoting the insensible perspiration; of a pleasant diuretic, invigorating the kidneys and bladder; and of a delightful tonic cordial, exciting appetite by the demands of active digestion, and cheering the mind with that grateful sense of renovated health which is one of the most felicitous feelings of our nature.

THE PHŒNIX BITTERS!!!

So denominated from their astonishing power of creating new life and strength, as it were from the very ashes of the most dilapidated constitutions—are more especially recommended by their invigorating tone the Pillic contained in the LIFE PILLS, they nevertheless begin to cleanse the alimentary canal much sooner; generally slightly operating within three or four hours, and producing a decided sense of relief to the Head and Stomach, and exhilarating the Mind, even in less time than this.

MOFFAT'S LIFE PILLS!!!

In Affections of the Head, Sick Headache or Nervous Headache, these Pills will be found to possess the most sanitary efficacy.

MOFFAT'S PHŒNIX BITTERS!!!

Have been happily used for the cure of FEVER AND AGUE, with INVARIABLE SUCCESS!

BILIOUS COMPLAINTS, AND A MODE OF CURE!!!

A well-regulated and proportionate quantity of bile upon the stomach is always requisite for the preservation of sound health; it stimulates the intestines and keeps the bowels and canal free from all obstructions. When there is a deficiency of bile, the body is constantly costive. On the other hand, an overflowing tide of bile causes frequent nausea in the stomach, and often promotes very severe attacks of disease, which sometimes end in death.

Dr. Moffat's Life Medicines!!!

Should be taken in the EARLY STAGES of Bilious complaints and if persevered in strictly according to directions, will POSITIVELY EFFECT A CURE!

PILES! PILES! PILES!

As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well known to hundreds in this city that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of *thirty-five years*; and that he tried in vain every remedy prescribed with the whole compass of the *Materia Medica*. He however at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced as totally improbable, but absolutely impossible, by any human means.

MOFFAT'S

Life Pills and Phœnix Bitters!!!

Cure DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the acids and acrid humors, which generate APPETITE, HEADACHE, DIZZINESS, BELCHING, ACIDITY, FLATULENCY, LANGUOR, and MELANCHOLY, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

THE LIFE MEDICINES!

For BILIOUS and LIVER COMPLAINTS, with their many well-known attendants, *Bilious and Sick Headache, Pain and Oppression after Meals, Oddness, Giddiness, Dizziness, Heartburn, Loss of Appetite*, are acknowledged to be vastly superior to anything ever before offered to the public.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of MERCURY, will find these medicines a perfect cure, as they gently but effectually eradicate from the system all the effects of Mercury, infallibly sooner than the most powerful preparations of Sarsaparilla.

SCROFULA!

The most horrible cases of *Scrofula*, in which the Face, Bones and Limbs of the victim had been preyed upon by this insatiable disease, are proved by undeniable authority of the sufferers themselves, to have been completely cured by these purely Vegetable Medicines, after all others had been found more than useless.

Acute or Inflammatory Rheumatism!

ANTHROSIA CHRONICA, OR CHRONIC RHEUMATISM, is effectually cured by these medicines, which are among the most painful, and, by ignorant treatment, the most inveterate to which enfeebling humanity is liable, are cured *speedily and permanently*, by a proper course of the LIFE PILLS and PHŒNIX BITTERS.

MOFFAT'S PILLS AND BITTERS!!!

But it is unnecessary to enumerate the many cases in which these purely vegetable medicines have proved so beneficial, but it may be said, that they are UNIVERSAL in their happy effects!

Because they PURIFY THE BLOOD, and thus remove all causes of disease in the system.

Because they act powerfully upon the secretions of the body, and remove all impurities at once.

Because they do not reduce the system but invigorate it—thus requiring no restraint from pleasure or business during their operation.

TRY MY MEDICINES!!!

LIFE PILLS!!
