The gold market has been undecided and fluctuating, opening at an advance of three percent above yesterday's quotations, but soon falling off again. We presume gold could be stimulated to something like old prices, were it not for the evident success of Jay Cooke & Co. in selling the 7-30 loan, thus supplying the present need of the Treasury, even in face of the stay movement. But couple the stay movements, forcing the evacuation of one city after another, and the rush for 7-30's and we may be sure gold cannot bound upward to remain more than twenty four hours at a time.

Governments off slightly to-day for some unexplained cause. Five-Twenties up against 109½ yesterday—others in like proportion. But slight changes to note in regular Board quotations. 79 was bid for Exchange Bank Stock without bringing it out—155 for 4th National—none offered.

The market for oil shares steady without excitement. It is very difficult to follow or account for the public choice in oil shares. To-day this one is up, up—to-morrow that one, and nobody can give a good reason for the faith that is in him. His neighbor "buys" and he "buys"—to-morrow a rumor comes, and both hasten to sell, without hunting the lie or truth to its source, and so it goes from day to day.

Sales of Stocks, Tuesday evening, Feb. 14th, at McIlwaine's Auction Rooms, 54 Fifth street:

There is no falling off in the demand for Oil Stocks if the operations at the Peoples' Exchange this evening is any criterion. The attendance, as usual, was large and considerable excitement was manifested in certain stocks, and, upon the whole, prices were well sustained, and in some instances higher rates were realized. Ritchie jumped from 45 last night to 100 tonight, with sales of 2,700 shares, and Oil Cr'k & Cherry Run advanced 40@50 cents per share, selling at 5,60@5,75 was off'rd buyer thirty days, and refused. Tarr, Story & Cherry Run was quite brisk, 4,700 shares changing hands, at 107, an advance of 10@c as compared with last night's sales. Whitney Creek was in better favor, and higher, selling at 1,50@1,60. Cherry Run & Pithole (and Cherry Run & Pit-Hole) ruled steady at previous rates. The following is a list of the sales:

There was some excitement in "Star Well" stock on the street to-day, owing to the report of a large flowing well having been struck on the property of this company, and quite a large amount of it changed hands at par. This evening, however, it was offered at 1.05, at the Peoples' Exchange without finding buyers.

We see it stated that an old well located on the Allegheny river, about a mile below Franklin, has just been reamed out, and a seventy barrel blow obtained. This is the property of the "Fuller Reserve Oil Company."

ALLEGHENY CATTLE MARKET.

Reported Expressly for the Gazette

ALLEGHENY CITY, Feb. 14, 1865.

CATTLE—The market opened pretty brisk early on Monday; but it soon become apparent that the supply in the pens was much larger than had been anticipated, and, as a consequence, last week's prices were barely maintained. There was but a limited demand for shipment, fears being entertained of the Eastern markets, while good government stock ruled firm with sales of 200 head at prices ranging from 9½c to 9¾c cents, as to quality and condition. It is a fact worthy of remark that government contractors are now, and have been, for some time past, compelled to furnish good fat cattle as no other kind will pass inspection. Prime heavy smooth stock, such as our best butchers are accustomed to buying, still meet with a fair demand and command extreme prices, say from $10,00 to $10,50 per cwt., gross.

The impression appears to prevail to some extent in certain quarters, and especially in the cities in Western Pennsylvania and Eastern Ohio, that the supply of Cattle is about exhausted, caused by the fact that there were but comparatively few arrivals last week and the week previous. The reason why the supply on sale during the past two or three weeks was below the usual average, was not because there was any scarcity, but owing to the fact that all the rolling stock on the Western railroads was employed in the transportation of troops. Our best informed and most intelligent dealers are of the opinion that from this time out there will be an abundance of stock to supply shippers, butchers and government contractors, and that those parties who are holding heart in anticipation of a lull bigger prices, will be most grievously disappointed. We subjoin a list of all the principal transactions since our last report:

W. J. Lafferty & Co., bought 37 head 1 ocen and 2 heifers, from Crawford & Cameron at 9¼c; 14 do of steers, from Geo. Stoots, averaging 1,000 lbs heavy steers, from Geo. Stoots, averaging 1,000 lbs at 9¾; 16 head of fatish cows and heifers, from Faun at 8¾; and 19 head of fatish steers at 9¾. This firm, also retailed 43 head at 5@9¾; and shipped 10 fresh cows.

Silas Funk wholesaled 12 head of common stock steers, to Rothchilds, at 9¼c per head; and 21 head of heavy stock to Marks & Trauerman, at 9 cents.

Isaac Vannatta wholesaled 18 head of good Ohio steers, to M. Crouse, at 9¾.

Phillip Fredericks wholesaled 27 head of mixed Ohio stock at 9¾.

John Hyle wholesaled to Carr & Co, 35 head of good cows and steers at 9¾.

James Dunlevy retailed 21 head of fatish cows, steers and heifers, at 6@9c.

Keenan wholesaled to Cullen 38 head of fatish steers at 9¾.

M. Wyler, wholesaled to Cullen 18 head of fatish light stock at 9¾c.

Cunningham retailed 18 head of Penna. stock, at 6@9¾.

James Daniels retailed 28 head of small common stock at 5¾@7c.

J. Lynch retailed 22 head of small common stock, at 6¾.

H. A. Merrick retailed to J. Potter, 58 head of cows and steers at prices ranging from 9½ to 10¼ cents.

O. F. Taylor wholesaled 18 head of good Ohio stock at 9¾.

James McAllister reports having retailed 75 head, all fresh, at from 7½c to 10 cents.

J. J. Farrel wholesaled 22 head of common Ohio stock at 9¾c.

Marks & Trauman retailed 120 head of good Illinois steers at 9¾@9¾; and wholesaled 40 head of Ohio steers and cows at 9¾c.

C. Marks & Co, retailed 40 head of Illinois steers at 9¾@9¾c.

L. Rothchilds retailed 37 head of Ohio stock at 6 @9 cents.

Hogs—There is but comparatively little doing in this class of stock, the demand being light and mostly of a retail character, while prices have undergone no material change. There was but one lot wholesaled—144 head sold by Wm. Hazlewood to Geo. Emerick & Co, averaging 200 lbs at 12¾@12¾c per cwt., gross. The number retailed was up to the average, and prices ranged from $12 to $13, as to quality.

Sheep—None in market to-day, and but very few yesterday. Some few small lots were sold to butchers at prices ranging from 6 to 10 cts.

DAILY REVIEW OF PITTSBURGH MARKETS.

TUESDAY, Feb. 14, 1865.

There is no improvement to note in the general markets, nor are the indications at present very auspicious for such an occurrence. There is a determined disposition manifested on the part of both consumers and small dealers to buy just sufficient to meet their immediate and most pressing requirements, and this policy is likely to be followed up until after the forthcoming draft is completed, and matters become more settled. The receipts of produce of all kinds continue exceedingly light and no improvement in this respect need be looked for while our rivers are frozen up, and the railroads blocked with snow.

GRAIN.—There is, comparatively speaking, nothing doing in either Barley or Wheat, and, in the absence of sales, prices are nominally unchanged. Corn is firm and in demand and in light supply; sale of 800 bushels, in ears, at $1,35.—Oats quiet and rather dull, but unchanged; sale of 200 bush from store at 90 cents. Rye—No sales.

FLOUR.—There is no improvement to note in the demand for Flour, and no change to make in quotations. Sales of Extra Family from store at $10,-00@10,75 for Spring and Winter Wheat brands.

PROVISIONS.—Bacon is dull and inactive, but unchanged; we continue to quote at 20@21 for Shoulders; 22 for Sides, and 24 for Hams. Lard is quiet but unchanged at 24 cts. No sales of Mess Pork or Bulk Meats.

SEEDS.—Flax seed is firm with small sales at $2,25@2,30. Clover seed is selling in the small way from store at $10,50, and Timothy at $4.

DRIED FRUIT.—The demand is less active and prices are nominal at 12@14 cents for Apples and 25@30 for Peaches. It must be borne in mind that large lots would not command the above quotations.

GREEN APPLES.—There is an active demand for good qualities and we note sales at $4,50 to $5,00 per bbl.

HAY.—Is steady, but unchanged; sales of ten loads from scales, at $20@24 perton and 1 car baled at $23.

BUTTER.—Quiet but steady with regular sales of Roll at 40 to 45 per common to prime. Receipts light but the supply is fully equal to the demand.

EGGS.—In demand and higher, with sales at 25@30 cents per dozen.

CHEESE.—Steady with regular sales at 22c for Western Reserve and 22½c for Hamburg.

HOMINY—Sales at 6c ⅌ lb.

PITTSBURGH PETROLEUM MARKET

TUESDAY, Feb. 14, 1865.

There is really so little transpiring in the Petroleum trade that it is hardly worth reporting, the time and attention of those who formerly were engaged in the business, being absorbed almost exclusively in buying and selling stocks, or getting up new companies. Another obstacle in the way of trade, is the fact that the stock of Crude is almost entirely, if not altogether, exhausted, and, hence, is but little better in this respect, and, even if there was a will to operate, there is no absence of material. Therefore, with the above facts in view, it is a lot all astonishing that so little has be done for some months past, but the worst feature to note, is the fact, that there is no prospect of any immediate improvement. The nominal quotations for Crude are 22@23c, bbls returned, and 40@41, bbl included, and with anything like an average supply, it is generally conceded that these rates could not be sustained. For Refined, in bond, there is no demand whatever, and, in the absence of sales, we omit quotations. Free Oil is quiet and dull, the only sale reported being 50 bbls at 65c. Naphtha is quoted steady at 28@30c in bond, and 42@45, for free. Residuum is in demand, and firm at $2,75 ⅌ barrel.

NEW YORK, Feb. 14, 1865.
