A Paper Blockade.

We mean a blockade of the Southern newspapers, now hard up for the want of material on which to print their rythmical periods. The blockade established, if not on paper is most certainly in paper. In Secessiondom, be it remembered, there is scarcely a Fourdrinier machine running, the consequences of which is that every thing is going to rags! Already we find that a considerable number of disunion journals have paid the debt of nature—they do pay some debts down that way—through a short supply of paper; others are printed on half sheets; some dailies appear only twice or three times a week; others only by fits and starts. There is abundance of the materials for making good paper at the South—rags, cotton waste, hemp ropes, and the like; but despised Northern skill and capital are necessary to regenerate those articles, so as to fit them for receiving the glorious truths of the Charleston "Mercury," the elegant sentences of the Atlanta "Confederacy," or the humane teachings of the Richmond "Examiner." That capital and that skill are not forthcoming among the rebels, however.

It looks as if the insurrection might be brought under, like a prairie fire, by a total destruction of that inflammable substance known as white paper. As the stock on hand diminishes it will be interesting to notice a flare here going out at once, and gradually sinking until it shoots up its last forked tongue. There are piles of dry ashes alone surviving, whose heart tells you that it was for lack of power, not of will, that the fire went out. You feel grateful for being preserved in the general wreck, and entertain an abiding faith that put of the ashes will spring forth a verdant growth by and by, which may be husbanded as food for thousands of cattle instead of being the instrument of destruction as at present.

And so, out of those expiring incendiary sheets at the South, will one day come forth journals which will contribute somewhat of strength and wealth to the South, rather than the inflammable principles that have hitherto been diffused through their columns. Hence we have few tears to shed as we see some old acquaintance flickering and dying. Nor will the world have occasion to regret their speedy disappearance. *Exeunt omnes!*

Floating Grain Elevators in New York Harbor.

Notwithstanding the rapid growth of New York as a grain market, the means employed in trans shipping and weighing grain have, until now, been of the most primitive character—very slow and expensive in their operation, and wholly inadequate to meet the requirements of so large a business as is now going on. Heretofore a tub of about three bushels capacity, a horse and pulley to raise the same from the canal boat or barge, appliances for weighing on the deck of the receiving vessel, have been all the facilities for trans-shipping from a quarter of a million to a million bushels of grain per week; that this city has afforded. Of course very capacious elevators have been in operation at the great grain warehouses, but it is not usual for grain that now arrives to go through storage—it passes directly to consumption or shipment, and the reader can imagine the delay in loading a ship with 50,000 bushels of wheat by the bucketful.

We are pleased to be able to say that Messrs. Shaw, Faucher & Co., of the Excelsior Stores, Atlantic Docks, have taken steps to obviate this difficulty, by means of Floating Elevators. The first of these, the Brooklyn, goes into operation to-day, and will be followed in a short time by the New York. The Brooklyn is twenty-two feet beam, and a hundred feet long, and is capable of trans-shipping, screening, and weighing three thousand bushels of wheat per hour. Thus, with the ship on one side, and the canal boat or barge on the other, the work of trans-shipping is greatly facilitated, and can be done in the stream as well as in the slip. The screening of the wheat before it is delivered to the sea-going vessel, is a great desideratum, as the experience of our Corn Exchange every day proves. These engaged in the grain trade may be congratulated on the advent of the Floating Elevators.—[N. Y. Cour. & Enq.

Proposals for a Loan of $3,000,000 to the Commonwealth of Pennsylvania.

In pursuance of the first section of an Act of the General Assembly, entitled "an Act to create a loan and provide for arming the State," approved May 15th, A. D. 1861, and the sixth section of the Act entitled "an Act to provide for the payment of the members, officers and contingent expenses of the Extra Session of the Legislature," approved May 16th, A. D. 1861, and by the authority of the same,

NOTICE is hereby given that proposals will be received at the office of the Secretary of the Commonwealth, until three o'clock P. M. on Wednesday, the fifth day of June next, for the loaning to the Commonwealth the sum of THREE MILLIONS OF DOLLARS, for the purposes set forth in the before named Acts of Assembly. The said loan to bear an interest of six per cent. per annum, payable semi-annually in Philadelphia, and the loan to be redeemable in ten years from date; and for the payment of the interest and liquidation of the principal thereof, a special tax of one-half mill on the dollar has been directed to be levied on all the property subject to the Commonwealth taxable for State purposes. The certificates of loan shall not be subject to taxation for any purpose whatever, and all certificates of the denomination of one hundred dollars or less shall have coupons attached; those of a larger denomination will be issued either as inscription or coupon bonds, at the option of the bidder.

The proposals must state explicitly the amount proposed to be taken and the rate to be paid. The State reserves the right to accept the whole or any part of the amount offered to be taken unless the proposer stipulates otherwise. No conditional proposals will be considered.

Upon the acceptance of any proposal at least ten per cent. of the amount must be paid down, the balance, if preferred by the bidder, in thirty and sixty days, when certificates shall issue for the same, bearing interest from the time of the payment.

The proposals must be directed under seal to the Secretary of the Commonwealth, endorsed "Proposals for Loan."

The bids will be opened at 3 o'clock in the afternoon of the day above named in the presence of the Governor, State Treasurer and Auditor General and such other persons as may see proper to be present, when, after examination of the same, the Governor will award the loan to the highest bidder or bidders.

By order of the Governor.

ELI SLIFER,
Secretary of the Commonwealth.

The time of receiving proposals and opening bids for the above loan is hereby extended to the 15th inst., at 12 o'clock.

By order of the Governor.

ELI SLIFER, Sec'y.

TO CONTRACTORS FOR SUPPLIES.

We hereby give notice to all those who may be contracting to furnish supplies to the State, under the recent appropriation of three millions, that, having received the power under that Act of appointing inspectors of all supplies, and other power also in reference to the settlement of claims, which was not delegated to us under the previous Act of April 12th, we shall hold every contractor to the most rigid accountability in the settlement of his claims, and the inspection of his supplies must be of that character which shall prevent any imposition upon the State, and protect the volunteers who have so nobly responded to its call; and no supplies will be paid for until they have been inspected by officers who shall have been duly appointed for that purpose.

HENRY R. COSTAR.—All the summer I have been troubled with Roaches and Mice. I was actually ashamed to have my friends see my house infested. I purchased a box of your Exterminator and tried it, and in one week there was not a Roach or Mouse in the house.

HOUSEKEEPERS.—Incredible as it may seem, there is no longer, if they use "COSTAR'S" Exterminators. We have used it to every satisfaction, and if a box cost $5, we would have it. We had tried poisons, but they (Roaches) wither but Costar's Exterminator does the business. Rats, Mice and Bedbugs, cutdoor than we can write it. ANOTHER CURE BY DR. SCHENCK.—I called on Dr. Schenck some time ago in one of his visits to Pittsburgh, at the office of Dr. Keyser, No. 140 Wood st. He was examining patients with lung disease. One of my lungs and the bronchial tubes were found to be badly diseased. Discharging when I coughed I expectorated blood and matter in large quantities. I had night sweats and a great cough, and was greatly debilitated. Dr. Schenck prescribed for me his "PULMONIC SYRUP," "SEAWEED TONIC" and "MANDRAKE PILLS," and after taking them one month I have so far recovered that I do not spit any more blood or matter, and the cough has nearly left me. I live in Columbiana county, Unity township, Ohio, where I am well known. You may publish this if you wish.
Pittsburgh, August 27, 1860. MARTIN KOCH.

N. B. Since the above was written, Mr. Koch has entirely recovered, and continues well, having regained his usual health.

Consultation Free.

I, WILLIAM W. ALEXANDER, residing on Ann street, Allegheny city, do hereby certify that I have been a sufferer from severe cough and pain in the breast for about eight years. During the whole of this time I have had general debility and depression of spirits. I tried every nostrum I could hear of, but nothing took hold of my disease. I heard of Doctor Schenck's "PULMONIC SYRUP," but knowing no one personally that had tried it, I was no confidence in it. In April, 1856, I took a severe cold, accompanied with a violent cough, difficulty of respiration, and night sweats, which so prostrated me that I was confined to my room for two months.

Several of my friends who called to see me, spoke in very high praise of Dr. Schenck's Medicines, and urged me to try them. My previous condition discouraged me considerably, and I made up my mind to waste no more money for doctors or medicine, but would take the chances, live or die, as I had been so long sick that I felt completely discouraged. However, after reading several testimonials in the "Pittsburgh Dispatch" I felt induced to try Dr. Schenck's medicine a fair trial, and now, nearly two years afterwards, I am in good health, by taking less than two dollars' worth of Dr. Schenck's medicines. I unhesitatingly state that it has made a perfect cure of me. I am a well man, and I attribute my good health and vigorous constitution entirely to the use of Dr. Schenck's medicine. I enjoy better health to day, Feb. 4th, 1861, than I have done for twenty years past. If persons know the worth of Dr. Schenck's inestimable remedies, they would not hesitate to call on him in his visits to this place. I feel like advising every person to call on him, as I feel to the utmost confidence in his medicines. Any person wishing to know the facts as have stated can call on me at my place of business, at No. 3, Robert's Machines, in the city, or at my residence, Ann street, Allegheny city.

A Card to the Public.

THE amount of bodily and mental misery arising from a neglect of small complaints is incalculable, and it is therefore of the utmost importance that a strict attention to the least and most trifling bodily ailments should be had; for disease of the body invariably affect the mind. DR. HOFFMAN'S VEGETABLE LIFE MEDICINES, in every instance where they have been thoroughly used, have TRIUMPHED OVER DISEASE in almost all its diversified forms. The salutary effects of the Life Medicines have, in fact, been so universally experienced, that they have become fully established as the most safe, sure and perfect mode of treatment ever offered to the public.

THESE MEDICINES

Have now been before the public for a period of 30 YEARS, and during that time have maintained a HIGH CHARACTER in almost EVERY PART OF THE GLOBE for the extraordinary curative properties which they possess.

IN MANY THOUSANDS

of certified instances, they have even RESCUED SUFFERERS from the very verge of APPARENT GRAVE, after all the deceptive nostrums of the day have invariably FAILED. So great, indeed, has their efficacy invariably and infallibly proved, that it has apparently scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor, that they were indebted for their name.

MOFFAT'S LIFE PILLS!!!

Are composed of VEGETABLE INGREDIENTS EXCLUSIVELY, as can be ascertained by CHEMICAL TESTS. Their prominent qualities are those of an active and searching, though perfectly mild and agreeable *detergent* aperient, of a gentle aperient, promoting the insensible perspiration; of a pleasant diuretic, invigorating the kidneys and bladder; and of a delightful tonic medicine, exciting appetite by the demands of active digestion, and cheering the mind with that grateful sense of renovated health which is one of the most delicious feelings of our nature.

THE PHŒNIX BITTERS!!!

No description from their astonishing power of creating new life and strength, as it were, from the very jaws of the most dilapidated constitutions—are more strongly ionic and more immediately invigorating than the Pillc containing the same choice vegetable extracts as the latter, in a different medication. Although really less cathartic than the LIFE PILLS, they nevertheless begin to cleanse the alimentary canal much sooner, generally slightly operating within three or four hours, and producing a decided sense of relief to the Head and Stomach, and exhilarating the Mind, even in less time than this.

MOFFAT'S LIFE PILLS!!!

In Affections of the Head, Sick Headache or Nervous Headache, these PILLS will be found to possess the most sanitary efficacy.

MOFFAT'S PHŒNIX BITTERS!!!

Have been happily used for the cure of FEVER AND AGUE, with INVARIABLE SUCCESS!

BILIOUS COMPLAINTS, AND A MODE OF CURE!!!

A well-regulated and proportionate quantity of bile upon the stomach is always what it need flow. My previous condition discouraged me considerably, and I made up my mind to waste no more money for doctors or medicine, but would take the chances, live or die, as I had been so long sick that I felt completely discouraged. However, after reading several testimonials in the "Pittsburgh Dispatch" I felt induced to try Dr. Schenck's medicine a fair trial, and now, nearly two years afterwards, I am in good health, by taking less than two dollars' worth of Dr. Schenck's medicines. MOFFAT'S

Life Pills and Phœnix Bitters!!!

CURE DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead, of the stale and acrid kind; FLATULENCE, Loss of APPETITE, HEADACHE, HEARTBURN, RESTLESSNESS, ITS TRAIN, ANXIETY, LASSITUDE, and MELANCHOLY, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

THE

LIFE MEDICINES!

For BILIOUS AND LIVER COMPLAINTS, with their many well-known attendants, *Bilious and Sick Headache, Pain and Oppression after Meals, Giddiness, Dizziness, Heartburn, Loss of Appetite,* are acknowledged to be vastly superior to anything ever before offered to the public.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of Mercury, will find these medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury, infallibly sooner than the most powerful preparations of Sarsaparilla.

SCROFULA!

The most horrible cases of *Scrofula*, in which the Face, Hands and limbs of the victim had been preyed upon by the insidious disease, are proved by unmistakable testimony of the sufferers themselves, to have been completely cured by these purely Vegetable Medicines, after all others had been found more than useless.

Acute or Inflammatory Rheumatism!

ANTIROSIA CHRONICA, OR CHRONIC RHEUMATISM!!

These diseases, which are among the most painful, and, by ignorant treatment, the most formidable to which suffering humanity is liable, are completely and permanently cured, by a proper course of the LIFE PILLS and PHŒNIX BITTERS.

MOFFAT'S PILLS AND BITTERS!!!

But it is unnecessary to enumerate the many cases in which these purely vegetable diseases have been cured, for, but let it inquire, Why are they so UNIVERSAL in their very effect?

Because they PURIFY THE BLOOD, and thus remove all cause of disease in the system.

Because they act perfectly upon the secretions of the body, and remove all impurities at once.

Because they do not reduce the system, but invigorate it without requiring no restraint from pleasure or business during their operation.

TRY MY MEDICINES!!!

Try but a Single Dose of the

LIFE PILLS!!

TRY THEM! BE SATISFIED!!

BE CURED!!!

RICHARDSON'S

IRISH LINENS,

DAMASKS, DIAPERS, &C.

CONSUMERS OF RICHARDSON'S LINENS, and those desirous of obtaining the GENUINE GOODS, should see that the articles they purchase are sealed with the full name of the firm,

J. N. RICHARDSON, SONS & OWDEN,

as a guarantee of the excellence and durability of the Goods. This caution is rendered essentially necessary, as large quantities of inferior and defective Linens are frequently offered upon reputable names, and sealed with the firm of RICHARDSON, by Irish Houses, who, regardless of the injury thus inflicted alike on the American consumer and the manufacturer of the genuine Goods, will not readily abandon a business so profitable, while purchasers can be imposed on with Goods of a worthless character.
