WEDNESDAY MORNING, JULY 10.

From Baltimore.

A correspondent of the New York "Tribune," writing from Baltimore, on the 5th inst., says:

There are now on Col. Kenly's table one thousand two hundred applications of respectable working men proffering their services in the new police, without pay or reward, as long as needed, and this is in addition to the thousands who are eager to serve in the usual way, having been thrown out of work by the rebellion. The whole force, six hundred all told, comprises as good and as true men as are to be found in any community, and though there may be a few who are obnoxious to the silk-stocking rebel gentry, because of their former connection with ex-Mayor Swan's police, yet none of them have ever lifted up their hands against the dear old stripes and stars, or attempted to impede the march of the United States troops to the defense of Washington.

It is believed in many quarters that the Senate will not confirm the appointees to the Baltimore Customs, and that the President would submit to this decision with more than his usual grace. No act of the Senate would be hailed with greater gratification than this, by the whole Republican party of the country. It would enable the President to repair the gross wrong inflicted upon party fidelity by the existing appointments, in an hour of embarrassment and deception. Of course, the few Republican appointments will not be embraced in the expected rejections.

A RICH JOKE.—It is well known that some of the most rampant secessionists in the State are mule-traders who have large sums of money due them in the Confederate States. Not long since a Union man of this State met one of this class and pretended that he had a contract with the government to buy a large lot of mules, and that his compensation was to be $10 on each mule purchased. Said the Union man to the secession mule-trader, "I am unskilled in this business, and I should like to procure your aid, and I will agree to divide the profits with you." Said the secessionist, "if there is anything that I do understand it is buying mules." "But," inquired the Union man, "are you not a secessionist? Didn't you vote for Simms?" "I ask because I am instructed by the government to have nothing to do in this business with any secessionist." "Well," responded the latter, "it is true I voted for Simms, but I have been sorry for it ever since, and am now against secession." The moral of this story is that some Kentuckians would be intense Union men if they didn't own plantations or have debts due them in the South. They are ready to sell their country for money. They carry their patriotism in their pocket.—Louisville Jour.

HOW A WIFE LEFT HER HUSBAND, AND HOW SHE WAS SORRY FOR IT.—Mr. X. and his wife lived in Cincinnati. They were blessed with plenty of this world's goods; with a nice home; with a handsome little son; and $10,000 in gold. But one happy day Mr. X. came home cross to dinner. He and his wife had some words; they quarreled; and they parted unhappily. Mrs. X. went to the bureau where the $10,000 in gold was. She took half of it; and an adieu to Cincinnati. She arrived here early yesterday morning. A telegraphic message arrived about the same time, requesting her detention as a fugitive wife. She was detained, and spent the day in tears at the Police Station. At seven o'clock her husband arrived in anxious expectation, and the express train on the Cincinnati & Chicago Air Line. The twain met, looked at each other, cried, laughed, rushed into each other's arms, cried again, laughed again, kissed and made up. They left for Porkopolis last night, taking the sleeping car.—[Chic. Dem.

A PRETTY little bantam was recently thrown into the cage of one of the tigers domiciled in the menagerie of the Jardin des Plantes. It was designed to sharpen his appetite for some blocks of meat which he had declined to eat. Not in the least alarmed by his terrible roars, bantam advanced with the most unsuspicious confidence to peck the food that was tying untasted before him, and, when she had satisfied her hunger, began to examine closely the claws of the monster. Far from being affronted at this familiar treatment, he appeared to be delighted with the new inmate of his cage, and when the keeper managed to take her away, he obstinately refused to taste any food, either living or dead, till she was put back again.

THE telegraph tells us very briefly that Sir Archibald Alison, in a letter to Cassius M. Clay, contends that the American Constitution is a failure, and recommends a national church and monarchy as a remedy." Sir Archibald is a historian and essayist, of the bigoted Tory School. He believes in the divine right of kings, in the beauties of an aristocracy, an established church, and the smallest possible amount of liberty for the largest number of people. We are rather anxious to read his letter to Mr. Clay, and have no doubt it is a very amusing production.—[Phila. Press.

A GRADUATE AT WEST POINT.—The first graduate in the first examining class at West Point, last week, was a poor Irish boy, named Peter O'Rourke, who at the age of sixteen years did not know his letters. This lad had saved the lives of several persons on Lake Erie, who, out of gratitude, offered him a considerable sum of money, which he declined on condition that they would secure him an education. They complied with his request, sent him to school, and afterwards secured him a situation at West Point, where he has just graduated with the highest honors.

A TEXT FOR THE REBELS.—Our friend, the editor of the "Northwestern Christian Advocate," of this city, met a brother clergyman the day we received the confirmation of the routing of 10,000 rebels at Millersport, by Gen. Patterson and said "I should like to preach a sermon to that rebel army, so disturbed by Gen. Patterson?" "Ah, from what text?" "Ye did run well for a season," was the clerical rejoinder.—[Chicago Paper.

ANOTHER CURE BY DR. SCHENCK.—I called on Dr. Schenck some time ago in one of his visits to Pittsburgh, at the office of Dr. Keyser, No. 140 Wood st. He was examining patients with lung diseases. One of my lungs and the bronchial tubes were found to be badly diseased. Oftentimes when I coughed I expectorated blood and matter in large quantities. I had night sweats, was greatly emaciated, and was greatly debilitated. Dr. Schenck prescribed for me his "PULMONIC SYRUP," "SEAWEED TONIC" and "MANDRAKE PILLS" and after taking them for a month I have so far recovered that I do not spit any more blood or matter, and the cough has nearly left me. I live in Observatory Hill, Allegheny, Ohio, where I am well known. You may publish this if you wish.

MARTIN ROCH.

Pittsburgh, August 27, 1859.

N.B. Since the above was written, Mr. Roch has entirely recovered, and continues well, having regained his usual health.

I, WILLIAM W. ALEXANDER, residing on Ann street, Allegheny city, do hereby certify that I have been a sufferer from severe cough and pain in the breast for about eight years. During the whole of this time I have had general debility and decomposition of spirits. I tried every nostrum I could hear of, but nothing took hold of my disease. I heard of Doctor Schenck's Pulmonic Syrup, and tried it, having no one personally that it had cured, I had no confidence in it. In April, 1858, I took a severe cold, accompanied with a violent cough, night sweats, and a severe and painful pain in my breast. I expectorated so that I was confined to my room for two months.

Several of my friends called to see me, spoke in very high praise, as they knew what it had done. My prostrated condition discouraged me considerably, and I made up my mind to venture no more money for doctors or medicine, but would take the chances, live or die, as I had been so long sick that I felt completely discouraged. However, after hearing several acquaintances in the Pittsburgh Dispatch I felt induced to give Dr. Schenck's medicine a fair trial, and now, nearly two years afterwards, I am in good health, and feel as much better as I do worth of Dr. Schenck's medicine. I unhesitatingly state that it has made a perfect cure of me. I am a well man, and I attribute my good health to the vigor of constitution imparted to Dr. Schenck's medicine. I enjoy better health to-day, at 45, than I did at twenty-five for twenty years past. If persons knew the value of Dr. Schenck's inestimable medicines, they would not hesitate to call on him in his visits to this place. I feel no hesitancy in advising every person to call on him, as I have the utmost confidence in his medicines. Any person wishing to know the facts as here stated can call on me at my place of business, at Wm. M. Faber's, Machinist, in this city, or at my residence, Ann street, Allegheny city.

A Card to the Public.

THE amount of bodily and mental misery arising from a neglect of small complaints is incalculable, and it is therefore of the utmost importance that a strict attention to the least and most trifling bodily ailments should be had; for diseases of the body invariably affect the mind. DR. MOFFAT'S VEGETABLE LIFE MEDICINES, in every instance where they have been thoroughly used, have TRIUMPHED OVER DISEASE in almost all its diversified forms. The salutary effects of the Life Medicines have, in fact, been so universally experienced, that they have become fully established as the most easy, safe and perfect mode of treatment ever offered to the public.

THESE MEDICINES

Have now been before the public for a period of 30 YEARS, and during that time have maintained a HIGH CHARACTER in almost EVERY PART OF THE GLOBE for the extraordinary curative properties which they possess.

IN MANY THOUSANDS

of certified instances, they have even RESCUED SUFFERERS from the very VERGE OF AN UNTIMELY GRAVE, after all the deceptive nostrums of the day have invariably FAILED. So great, indeed, has their efficacy invariably and healthfully proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their unassisted and sensible action in purifying the springs and channels of life, and sending them with renewed tone and vigor, that they were indebted for their name.

MOFFAT'S LIFE PILLS!!!

Are composed of VEGETABLE INGREDIENTS EXCLUSIVELY, as can be ascertained by CHEMICAL TESTS. Their properties (unlike are those of an active and searching, though perfectly mild and agreeable detergent aperient; of a gentle aperitive, promoting the insensible perspiration; of a pleasant diuretic, invigorating the kidneys and bladder; and of a delightful tonic cordial, exciting appetite by the demands of active digestion, and imparting a cheering mind with that grateful sense of renovated health which is one of the most delicious feelings of our nature.

THE PHŒNIX BITTERS!!!

So denominated from their astonishing power of creating new life and strength, as it were from the very ashes of the most dilapidated constitutions—are more strongly tonic than any other medicine, invigorating than the Pillic containing the same choice vegetable extracts as the latter, in a different medication. Although really less cathartic than the LIFE PILLS, they nevertheless begin to cleanse the alimentary canal much sooner; generally slightly operating within three or four hours, and, producing a decided sense of relief to the Head and Stomach, and exhilarating the Mind, even in less time than this.

MOFFAT'S LIFE PILLS!!!

In Affections of the Head, Sick Headache or Nervous Headache, these PILLS will be found to possess the most salutary efficacy.

MOFFAT'S PHŒNIX BITTERS!!!

Have been happily used for the cure of FEVER AND AGUE, with INVARIABLE SUCCESS!

BILIOUS COMPLAINTS, AND A MODE OF CURE!!!

A well-regulated and proportionate quantity of bile upon the stomach is always requisite for the promotion of good health—it stimulates digestion and keeps the intestinal canal free from all obstructions. When there is a deficiency of bile, the body is consequently costive; on the other hand, an overabundance of bile causes frequent nausea in the stomach, and often promotes very severe attacks of disease, which sometimes end in death.

Dr. Moffat's Life Medicines!!!

Should be taken in the EARLY STAGES of Bilious complaints and if persevered in strictly according to directions, will POSITIVELY EFFECT A CURE!

PILES! PILES! PILES!

As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and decided recommendation. It is well-known to the thousands in this city that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of thirty-five years; and that he tried in vain every remedy prescribed within the whole compass of the *Materia Medica*. He however at length tried the Medicines which he now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

MOFFAT'S

Life Pills and Phœnix Bitters!!!

OPEN DEPRESSIVE, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acrid kind. BILIOUNESS, Loss of APPETITE, HEADACHE, HEADACHE, BILIOUSNESS, LIVER COMPLAINT, DYSPEPSIA and MELANCHOLY, which are the immediate sequences of Dyspepsia, will vanish, as a natural consequence of its cure.

THE

LIFE MEDICINES!

FOR BILIOUS AND LIVER COMPLAINTS, with their many well-known attendants, *Bilious and Sick Headache, Pain and Oppression after Meals, Costiveness, Giddiness, Heartburn, Loss of Appetite*, are acknowledged to be vastly superior to anything ever before offered to the public.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of MERCURY, will find these medicines a perfect cure, as they never fail to expel mercurial poison from the system at the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla.

SCROFULA!

The most horrible cases of *Scrofula*, in which the Face, Bones and Limbs of the victim had been preyed upon by the insatiable disease, are pronounced by undeniable authority to be the most intractable of all the cases in the American Continent and the medicines, after all others had been found more than useless.

Acute or Inflammatory Rheumatism!

ARTHROSIA CHRONICA, OR CHRONIC RHEUMATISM!!

These diseases, which are among the most painful, and, by ignorant treatment, the most inveterate to which suffering humanity is liable, are CURED speedily and permanently by a proper course of the LIFE PILLS and PHŒNIX BITTERS.

MOFFAT'S PILLS AND BITTERS!!!

But it is unnecessary to enumerate the many cases in which these purely vegetable medicines have been proved to be a boon to mankind. Let the sick and suffering invalid, by a proper course of the LIFE PILLS and PHŒNIX BITTERS,

Become they PURIFY THE BLOOD, and thus remove all causes of disease in the system.

Because they act powerfully upon the secretions of the body, and remove all impurities at once.

Because they do not reduce the system, but invigorate it—thus requiring no restraint from pleasure or business during their operation.

TRY MY MEDICINES!!!

Try but a Single Dose of the

LIFE PILLS!!

TRY THEM! BE SATISFIED!!

BE CURED!!!
