The Gold market is not so strong to-day. The sensation rumors gotten up two days ago have already lost their power at the Gold rooms. The closing rate this afternoon in New York is reported at 200¼.

Governments firmer under the decline in gold. 5-20's advanced ½ per cent yesterday. They will be quoted after to-day, Ex-Coupon. 110 bid for 5-20's in our board. No sales reported. Bank shares firm. Sales of Citizens' at McIlwaine's sales at 67. Exchange, at same, 87—which is an advance of 5 per share.

Oils continue excited and advancing for the favorites, Pittsburgh and Philadelphia, Oil Creek & Cherry Run, Caldwell and Paxton. For the first named 3 is bid. Oil Creek & Cherry Run selling in Philadelphia at 5⅞@6; Dalzell 3⅛; 3,75 bid for large lots of Paxton at board. None offered—street sales during the day at 3,87@4. Caldwell offered at 2¾. Columbia stronger, 78 bid, 79 asked. Tarr, Story & Cherry Run, a good deal knocked about—stands at one figure scarcely long enough to give a positive quotation—medium quotation about 1,06.

That there is no abatement in the excitement in Oil Stocks, we are sure no one who has been in attendance at the Peoples' Stock Exchange for some time past will dispute. The attendance this evening was fully up to the usual average, and with spirited offerings and bids, and large transactions, prices in most instances, ruled higher. The demand for Merchants was unusually brisk, 2,300 shares changing hands, and that, too, at an advance. Ohio Valley has still further advanced, selling from 2 up to 2,25. Oil Creek & Cherry Run and Paxton, also ruled higher the former bringing 8,75 up to 9⅛ and the latter 3,60 to 3,82. Pittsburgh and Philadelphia is steadily creeping up; and Banner sold at an advance of 8@10 per share. Cherry Run Central is not so active, and prices are lower, selling this evening at 2,10, and Ross has partially lost the recent advance, selling down to 1,57 and 1,56. Tarr, Story & Cherry Run was held more firmly, and if anything, a slight advance was established. The following is a report of the sales:

The following is from the Philadelphia Ledger of Monday: The stock market on Saturday was very lively in Oil shares, the result of a great and sudden advance in the prices of two or three stocks, located in a particular region, in which oil has been newly discovered in such amounts as favor the conclusion that it is among the best oil districts in the State. Under this idea, buyers are crowding up prices wonderfully, and indeed the whole Oil list seems more or less affected by the activity in the two or three stocks alluded to. From present indications the wild furor that characterized the market six months ago in this department of stocks is about to be revived. An easy money market, a low rate of interest, and the chance (though perhaps not more favorable than one in ten) to suddenly double or quadruple an investment, all tend to provoke speculations in low-priced stocks, and there is so much of the spirit of gambling in poor human nature that hundreds will yield to the temptation, though loss at the end should be demonstrated never so plain. We have only to say to our readers, be careful. Some may realize fortunes, but in the end, when it comes, many must be losers. Hamlet's advice to the players, "use all gently," may be appropriately applied to the buyers of Oil shares. There is no need of rushing the business into a single day. A few shares will no doubt be left over for to-morrow or next week, and if those engaged in their manufacture are to be credited, shares that promise much larger returns than those now on the market. Our caution is, inquire closely, deal deliberately, and above all avoid that great danger of putting all your eggs into one basket. The amount of oil stocks sold during Saturday, as reported, reached 65,000 shares.

The following is a comparative statement of the condition of the Philadelphia Banks on Monday and a week previous:

	Feb 20.	Feb 27.
Capital stock	$13,740,350	$14,495,050
Loans	47,639,281	48,092,572
Specie	1,569,222	1,498,644
U S legal tender	13,922,854	15,289,502
Deposits	37,149,910	39,111,180
Circulation	4,806,771	5,077,488

Our information from all the oil territories of Pennsylvania, West Virginia, and Ohio, is of a character that evinces an exciting campaign on the opening up of Spring. Along Slippery Rock creek, in Lawrence and Butler counties the greatest excitement prevails, and the oil lands thereabouts are doubling and trebling in value. The developments already, and about to be made on the creek this spring, promise largely. In Wirt county, West Virginia, the excitement is said to be on the increase, especially on the line of Hughes river.

DAILY REVIEW OF PITTSBURGH MARKETS.

WEDNESDAY, March 1, 1865.

There was but little done in the general markets to-day, notwithstanding the weather was warm and pleasant, and all that could possibly be desired for out-door transactions. The receipts of Flour, Grain, Provisions, Butter, Seed, and, in a word, produce of all kinds, continue large, and as the supply is accumulating and there is a general disposition to sell, there is every appearance of a still further depreciation in values. The mania to speculate, which prevailed last fall, has almost entirely subsided, and the transactions now are almost entirely of a local character, the demand for most, if not all, of the leading articles being restricted to the immediate wants of small dealers and consumers.

GRAIN—The transactions in Wheat continue limited being confined to small sales from wagon at $1,90 for Red, and $2 for White. Barley is still quoted dull at $1,25. Corn is dull and lower, with sales on track at $1,25@1,30. Oats very quiet but unchanged.

GROCERIES—There is a moderate jobbing demand for Coffee, and we note sales at 45@46 for good to prime Rio. Sugar is dull but unchanged; small sales of Cuba at 20½@21, and Crushed at 29½@30. Molasses quoted steady at $1,25@1,30 for ordinary New Orleans.

FLOUR—The receipts continue large, and the supply, although not exceedingly heavy, is larger than for some time past. There is no improvement to note in the demand, and the market is quiet though prices are unchanged—$10,25 to $10,50 for Spring Wheat brands, and $10,75@11 for Winter Wheat do—the latter figure only for choice brands. Buckwheat Flour is selling at $2,50 per cwt, for round lots and $4 in the small way.

PROVISIONS—The demand for Bacon continues light, while prices are nominally unchanged—20@20½ for Shoulders, 22 for Ribbed, and 25 for Clear Sides, and 24 for Hams. Lard is quiet at 21 for prime kettle rendered, while in Mess Pork or Bulk Meats there is nothing doing.

BUTTER—Continues to come in pretty freely, and with a supply largely in excess of the demand, the market is very dull and prices are drooping; small sales at 35 to 40 cents, chiefly at 37@38.

EGGS—Are commencing to arrive more freely, and with only a moderate demand, prices may be quoted a shade lower, ranging from 38@40 cents ℔ dozen.

POTATOES—Steady but unchanged; sale of 300 bush Peach Blows at $1, and 100 do do, at $1,10.

GREEN APPLES—In good demand both for home use and shipment, and prices are well sustained, ranging from $4 to $5 per bbl. Sale of 126 bbls for shipment at $4,75.

SEEDS—Sales of 5 bgs Clover Seed, to the trade, at $14 per bushel; also, small sales, at $14,50@15. Flax Seed is dull and drooping, with sales from first hands at $3. Nothing doing in Timothy Seed.

BEANS—Sale of 16 bbls common White at $2,25 per bushel; also, small sales of prime White at $2,37 @2,00.

FEATHERS—Sales at 80c ℔ ℔.

DRIED FRUIT—The demand for Apples has fallen off and prices are a shade lower, with small sales at 12@13c per pound. Peaches, (prime halves) are still quoted at 30c.

PITTSBURGH PETROLEUM MARKET

WEDNESDAY, March 1, 1865.

Dispatches received from Oil City to-day, report that the ice gorge in the Allegheny river at that place gave way, but stopped again a short distance below. It was thought, however, that it would break again in the afternoon, and if so, it is not probable that it would gorge again, as the current in the Allegheny is becoming pretty strong. We think, therefore, that it may be settled as a fact that the Allegheny will be clear of ice within the next few days, and that communication between here and Oil City will soon be established, and large arrivals of Crude will be next in in order. As there is no stock there can be no sales, and in the absence of sales, it is impossible to give quotations. We are cognizant of 4,000 bbls, in bulk, being offered at 31 cents, to arrive, and refused. Refined, in bond, is scarcely ever mentioned, there being no demand for either shipment or speculation. Free Oil is rather dull, and prices are gradually giving way, and quotations may be fairly given at 80@81 cents; sale of 60 barls "Champion" brand, at 81. Napthalis firm but unchanged. Sale of 60 brls Residuum at $8,50 per bbl.

PHILADELPHIA STOCK MARKET.

Special Dispatch to the Pittsburgh Gazette.

NEW YORK PETROLEUM MARKET.

Special Dispatch to the Pittsburgh Gazette.

NEW YORK, March 1, 1865.

The Petroleum market is dull and flat, and prices are lower. Crude is dull at 43½. Refined, in bond 66@67, and free 86@87.

Boston Dry Goods Market, Feb. 25.

The great feature in the dry goods market the present week has been the Boston trade sale, at the warehouse of Messrs. Jordan, Marsh & co. This sale was one of the most successful ever held in this city, so far as the quantity and variety of the goods sold, and the attendance of buyers was unprecedented, and surpassed all expectation. The goods were put up to be sold without regard to price. The auctioneers performed their work well, and the bidding was prompt and quick. The goods are now being forwarded north, south, east and west, to the remotest corners of the country.

In heavy standard sheetings very little change has taken place. These goods have been quick for goods at 47½c. Fine brown sheetings, of favorite brands, are selling at the same prices as before the sale, and are in small stock. Prints have been placed on the market at a considerable concession. Large lots of Dunnell have been sold at 25c, and other kinds at a reduction of about 5c ℔ yard since the trade sale. Among the new and beautiful styles offering the Cocheco L's are attracting considerable attention, and have been selling freely at 27c. The Delaine manufacturers have also submitted to a considerable reduction—five cents per yard.

Philadelphia Market, Feb. 28.

The market is very poorly supplied with wheat, with further sales of strictly prime Red at $2,55@2,60. We quote White at $2,65@285; 500 bushels Rye sold at $1,72—at which figure it is in demand. Corn is in rather better request, with sales of 500 bushels in the cars at $1,59, and 2000 bushels afloat at $1,60. Oats are worth 96@98 cents.

There is an active inquiry for Clover Seed of prime quality at rather better prices, but inferior quality is not wanted. Sales of fair and prime quality at $15,50@16,00 per 64 lbs. 100 bushels Timothy sold at $5,75 per bushel. In Flax Seed nothing doing.

Boston Fish Market, Feb. 27.

The market for Codfish is steady and firm, with a good demand for export, and stocks reduced and in few hands. Sales of Grand Bank at $8,50@9, and Bay Shore $9,50@10 for large; small, $8@8,50 ℔ qtl. Hake are scarce and selling at $6@7 ℔ qtl; and $5,25@6,50 packed. Pollock, $5,50@7,50 ℔ qtl. Mackerel are very firm, with a good demand. Sales of No. 1 Bay at $16@16,50, and Shore, $21@22; No. 2 at $14,50@15, and Shore, $16,50; No. 3 large, $14 @14,50, and medium $13@13,50 ℔ bbl. Alewives are nominal at $6@6.50 ℔ bbl. Pickled Herring are firm and selling at $6@12 ℔ bbl, the outside figure for Labrador. Salmon nominal at $30@33 ℔ tierce. —Bulletin.

Philadelphia Cattle Market.

In Beef Cattle the market continues about the same as last week. The sales reached about 1,800 head, and prices ranged from $15 to 18 per 100 lbs, for common to good, and from $19 to 21 for extra quality. Hogs—About 2,500 head were sold at from $19 to 21 per 100 lbs, net. There was a largely increased supply of Sheep, and prices declined somewhat. The sales were about 10,000, and prices at 11@12½c per lb gross. Cows brought from $20 to 40 for springers, and from $40 to 80 for Cow and Calf. About 55 were disposed of.

RIVER INTELLIGENCE.

The weather continues clear and pleasant, and very favorable for out-door operations, while the river is still receding steadily although there is still an abundance of water for all practical purposes. The Allegheny was almost entirely clear of ice at this point yesterday, but as the gorges above cannot hold out much longer, we may look for some of the heaviest ice of the season to-day or to-morrow. Dispatches from Oil City report that the gorge at that point gave way, but subsequently gorged again, but a short distance from where it started.

The Minerva, from Wheeling, and the Empire City, from St. Louis, constitute the arrivals, while aside from the regular packets there has not been a single departure. The Empire city had a good freight list including over three thousand barrels of flour.

The America and Lenora left Cincinnati for this city on Monday, and the Golden Era was announced to follow on Tuesday.

We learn from the Cincinnati Commercial, that Captain C. A. Dravo has taken charge of the fine and fleet side-wheel steamer C. T. Dumont, and placed her in the Wheeling trade, in place of the St. Johns, recently sold to Captain Entriken and others.

The Steamer Olive and Columbia are route from this city to St. Louis, were at Cairo on Monday. They are both reported as having big trips.

A Cairo dispatch to the St. Louis Democrat under date of Feb. 27th says: Captain Batchelor, clerk and mate, had a difficulty with the deck hands here. Clerk and mate were fined $50 each, and the Captain was acquitted. The Police officer in making the arrest, struck the Captain on the head in a brutal manner, but did not injure him seriously.

The Maggie Hays, in command of Capt. Hendrickson, was advertised to leave St. Louis for Pittsburgh on Tuesday last. We take the following from the St. Louis Democrat of Tuesday:

The weather was of a disagreeable character yesterday, snow having fallen all day, and melted as it fell, and the atmosphere was very chilly. The river rose rapidly, and the current was filled with a scum which was indicative of a rise far up the northern rivers. The Ohio there cannot be less now than 14 feet in the channel. The Upper Mississippi is swelling, with six feet to Keokuk. The Illinois is rising, with 10 feet to Peoria. The Missouri has risen five feet, and is in good boating condition, and is reported rising at St. Joseph and Omaha. The Cumberland, Tennessee, White and Arkansas rivers are in good boating order.

The new and staunch steamer Hard-Times, Capt. Perry Brown, clerk, A. J. Hazlett, is announced to leave for Cincinnati and Louisville this evening.

The neat passenger packet W. F. Curtis, Capt. Birch, leaves for Nashville and all intermediate points to-day without fail, and passengers and shippers should bear this in mind.

The commodious and popular St. Johns, in command of Capt. Entriken, leaves for St. Louis and all intermediate points to-morrow evening or Saturday morning. She will be followed by the Kate Putnam, Capt. John Anawalt.

The pretty steamer America, Capt. Golding, is announced for St. Louis, and all points on the Upper Mississippi, and she will be ready to leave at an early day.

The high headed Minnesota, Capt. Dickerson, is the regular packet for Cincinnati to-day, leaving at 4 P. M. She has excellent accommodations for passengers, and plenty of room for freight. Mr. Morris Dorsy has charge of the office.

PILES! PILES! PILES

PILES,

TWENTY YEARS' STANDING,

CURED!

Below will be found a certificate from one of the most respectable citizens of Wilkins township, in regard to

Dr. Keyser's Lindsey's Blood Searcher.

The Doctor's certificates are within reach, and one need be deceived in regard to his preparation.

DR. GEO. H. KEYSER: I became afflicted with Piles about twenty years ago, and every year they were growing worse, so as to trouble me very much so much so at times as to unfit me for work. Sometimes I was so bad that I could not do anything on account of them; they came out on me as large as a hickory nut. I had tried a great deal of medicine for them. I used to buy and take whatever could hear of or read of in circulars and pamphlets that fell in my way, but I could not get cured; sometimes they would do me some good for a little while, but afterwards they would return again as bad as ever. I also applied to two Doctors, who visited me at my house and gave me some medicine, but it would not do, I could not get well. Over a year ago I got an advertisement of your Lindsey's Blood Searcher, made by yourself. When you sold it to me you told me one bottle would not cure me, and that my whole system would have to be renewed by the medicine before I got well. I bought one bottle and took it home with me and used it according to your directions. I then called to see you again when you said I could not expect much benefit from one bottle. I bought it, one bottle at a time, until I had used five bottles. After this quantity was used, I was entirely well of the Piles, which had tortured me for twenty years. In other respects my health is improved, and I am as well as could be expected for one of my age, being sixty years past. I have been well now for six months, and there is no appearance of the return of the disease. I can do any kind of farming now without work the Piles coming down and hurting me. I can pitch hay, chop wood, lift, or do any kind of work which before used to hurt me. When I found out your Blood Searcher I kept on taking it until I got entirely well. I consider it my duty to make my case known to the country for the benefit of others who may be suffering as I was, and do not know the value of your medicine. You may publish this if you like. I live in Wilkins township, and will be pleased to satisfy any one of the truth of this certificate they wish to call on me.

CATARRH!

DR. R. GOODALE'S

CATARRH REMEDY!

It penetrates to the very seat of this terrible disease, and exterminates it, root and branch, forever. Dr. GOODALE is the first and only person who ever told the world what Catarrh really was, where it commenced, and what would cure it.

Dr. GOODALE has spent a lifetime in battling with this fell disease, exploring its secret ambush and making known to the world the fact that Catarrh, which has for years defied the skill of a research of medical men and authors in this country and in Europe, can now be cured, with the same uniform certainty that morning follows night. Thousands, who tried every known cure in vain, have been permanently cured by Dr. GOODALE'S CATARRH REMEDY, and now praise it in the most extravagant terms of praise.

MEDICAL.

DR. W. R. MERWIN & CO.'S COLUMN FOR THE CHEROKEE MEDICINES COMPOUNDED FROM ROOTS, BARKS AND LEAVES.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Gonorrhoea, and is especially recommended in those cases of Fluor Albus, (or Whites in Females) where all the old nauseous medicines have failed. It is prepared in a highly concentrated form, the dose only being from one to two teaspoonfuls three times per day.

It is diuretic and alterative in its action: purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhoea, Gleet, Fluor Albus, or Whites. Its effects are healing, soothing, and demulcent; removing all scalding heat, chordee, and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the cheap quack injections.

By the use of the Cherokee Remedy and Cherokee Injection—the two medicines at the same time—all improper discharges are removed, and the weakened organs are restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us, and we will mail free to any address a full treatise.

CHEROKEE CURE.—An unfailing cure for Spermatorrhea, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution; such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficulty of Breathing, Trembling, Wakefulness, Eruptions on the Face, Pale Countenance, Insanity, Consumption, and all the direful complaints caused by departing from the path of nature.

This medicine is a simple vegetable extract, and one on which all can rely, as has been used in our practice for many years, and with thousands treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn case. To those who have trifled with their constitution until they think themselves beyond the reach of medical aid, we would say, despair not! the Cherokee Cure will restore you to health and vigor, and after all quack doctors have failed.

DR. WRIGHT'S REJUVENATING ELIXIR; or ESSENCE OF LIFE! Prepared from Pure Vegetable Extracts containing nothing injurious to the most delicate. The Rejuvenating Elixir is the result of modern discoveries in the vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine has been tested by the most eminent medical men of the day, and by them pronounced to be one of the greatest medical discoveries of the age. One bottle will cure general debility. A few doses cures Hysterics in females. One bottle cures Palpitation of the Heart. A few doses restores the organs of generation. From one to three bottles restores the manliness and full vigor of youth.

A few doses restores the appetite. Three bottles cures the worst case of Impotency. A few doses cures the low spirited. One bottle restores mental power. A few doses brings back the rose to the cheek. This medicine restores to manly vigor and robust health the poor debilitated, worn down, and despairing devotee of sensual pleasure.

The ELIXIR cures Hysteria, General Debility, Palpitation of the Heart and Impotency. It restores mental power and the appetite, and causes the rose to mount to the cheek of palor, and the debilitated man or woman to feel vigorous and strong, the young and ambitious blood to course through every vein, the nerves to become strong and the fires of new life and vigor to reanimate the entire body, building up the constitution, restoring joy and life to many a sad and darkened fireside.

CHEROKEE PILLS! SUGAR-COATED FEMALE REGULATOR, HEALTH PRESERVER, CERTAIN & SAFE. For the removal of Obstructions, and the insurance of Regularity in the Recurrence of the Monthly Periods. They cure or obviate those numerous diseases that spring from Irregularity, by removing the irregularity itself.

They cure Suppressed Excessive, and Painful Menstruation. They cure Green Sickness (Chlorosis.) They cure Nervous and Spinal affections, pains in the back, and lower parts of the body Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the Irregularity, they remove the cause and with it all the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do. They may be safely used at any age, and at any period, EXCEPTING DURING THE FIRST THREE MONTHS, during which the unfailing nature of their action would infallibly PREVENT pregnancy.

PRICES OF THE CHEROKEE MEDICINES.—Cherokee Remedy—$2 a bottle or 3 bottles for $5. Cherokee Injection—$2 a bottle, or three bottles for $5. Cherokee Cure—$2 a bottle, or three bottles for $5. Dr. Wright's Elixir—$2 a bottle, or three bottles for $5. Cherokee Pills, for females—$1 a box, or six or $5, boxes.

A day splendid and glorious, when they shall no longer suffer without cessation or repose, either through mercenary quacks or the inefficiency of nauseous preparations. The Cherokee Medicines accomplish their ransom—their emancipation. An emancipation so great, so admirable, and so prolific of universal good. These medicines will prove, in any and every case, faithful and never failing friends in time of need.

We send all the Cherokee Medicines by express (except the Cherokee Pills; these are sent by mail, free of postage) on receipt of price, to any part of the civilized world, securely packed, in such a manner that no one through whose hands they may pass would know the contents.

The Cherokee Medicines are sold by all enterprising druggists in the civilized world. Some unprincipled dealers, however, try to sell worthless compounds in place of these—those which they can get at a cheap price, and make more money by selling than they can on the Cherokee Medicines. As you value your health; ay, the health of your offspring—do not be deceived by such unprincipled druggists. Ask for these Medicines and take no others.
