Gold had a serious tumble on the reception of the surrender of Lee. Government Bonds fell off only ¼ per cent, and closed strong on a slight recovery of the gold market. We have no report of to-day's stock market either in New York or Philadelphia.

There was a disposition to sell at our Morning Board, although stocks were not pressed at a sacrifice. We report street sales of Five-Twenty Bonds, (ex-coupon) at 1,02½. Columbia Oil Company brought 56. 1,21 was bid for a few shares of 1st National Bank of Allegheny City. 154 bid for Pittsburgh & Philadelphia Oil. 74 bid, 79 asked for Connellsville Bonds, (1st mortgage, 6 per cent.) This is down to gold prices, and they should certainly find buyers at these figures.

We were shown a fine specimen of Crude Petroleum to-day, taken from the "Morse and Stewart Well," which is located on Deep Hollow, below Blairsville, Indiana County, Penna. The oil is of heavy gravity, and is pronounced by experienced men, a superior lubricating oil, and, as a matter of course, very valuable, 400 per bbl having already been offered for all produced by this well.

There was a remarkably slim attendance at the Stock Board this evening, and the transactions were light, the whole number of shares changing hands reaching 1000. Tarr, Story & Cherry Run sold up to 68, a slight advance, while Pittsburgh & New York ruled lower. Ross sold down to 1,04 but 1,10 was subsequently offered without bringing it out. There was a persistent effort made to bear this stock, and we do not believe that the sale alluded to was an honest one. The transactions were as follows:

500 Pittsburgh & New York ... 1 10
100 do ... 1 10
100 Rose ... 1 04
250 Tarr, Story & Cherry Run ... 68

The Petroleum (N. Y.) *Recorder* says: The Fuller Farm Oil Co. owns the Fuller Farm, one mile below Franklin on the Allegheny River, with the exception of the Stewart & Ramsey Reserve of five acres, upon which the great Lee well was struck within a very short time. They have two old wells on their property producing, and a new well is now going down in a very fine location near the Lee well. Dividends to the amount of 75 per cent have been paid in four months, with every prospect of the continuance of regular dividends.

Baltimore Market, April 8.

The New Tobacco Law.

In the new Revenue law the following are the changes made affecting Tobacco:

All plug tobacco and fine cut chewing, whether manufactured with stems or not and however cored, whether loose, in bulk or rolls, packages paper, wrappers or boxes, per 2 cts.

Manufactured, of all kinds, not herein provided for, from which the stems have been taken, in whole or part, or which is sweetened, and smoking of all kinds and imitations thereof, not otherwise provided for, per pound 16 cts.

Smoking made exclusively of stems and not mixed with leaf, or leaf and stems, and on fine cut and shorts and scraps of tobacco, the refuse of cigars manufactured, and also on all scraps or pieces manufactured—when sold for smoking tobacco for consumption or otherwise—per lb 16 cts.

Twist, manufactured by hand without the use of any machine and without being pressed, sweetened or otherwise prepared, per lb 20 cts.

All other kinds of manufactured not otherwise provided for, 40 cts.

All snuff 36 cts.

All cigars per thousand $10.

The new law provides for an inspection of all tobacco; and any box, package, barrel or bale, found after the first of April without the brand of the U. S. Inspector of Tobacco upon it, is subject to confiscation under the Revenue law. In consequence of this we would advise all having tobacco on hand, to have it inspected at once, in order to save trouble and inconvenience, and possibly, the additional tax of five cents per lb above the present tax.

Manufacturers need report but once a month, which will be found a great convenience, except that on the first of April a report must be made of the stock on hand.

Manufacturers and Inspectors under the new law are required to give bond.

DAILY REVIEW OF PITTSBURGH MARKETS.

MONDAY, April 10, 1865.

The exciting and glorious character of the war news, together with the inclement condition of the weather, had a depressing influence on business to-day, which at best is, and has been for some time past, very dull. There is no disposition on the part of buyers to take hold, unless compelled by sheer necessity to do so, as the impression that values have not "touched bottom" still prevails.

GRAIN—Wheat continues quiet and dull, with a drooping tendency. There is some inquiry for Barley for shipment, at very low figures. Corn continues to decline; Sale of 1000 bushels in cars, on wharf at 75, and small sales of shelled, from store, at 80. Oats—sale of 500 bushels at 60; also, small sales from store at 65.

FLOUR—There is no improvement to note in the demand, and the market continues dull and depressed, with a drooping tendency. Small sales of Extra Family at $7, $8,25, $9,50, and $8,75, as to quality.

PROVISIONS—There is no feature in Bacon worthy of special notice; the demand continues very light, while prices are nominally unchanged. Lard is dull and nominal at 20@21 for steam and kettle. Mess Pork dull and unchanged.

BUTTER—There is a fair local demand for strictly prime Roll Butter, and we note sales to fair extent at 22@23; Inferior and common grades are in good supply and very dull, with sales from 16 up to 25.

EGGS—The demand was pretty active to-day, but prices remain unchanged. Sales of 20 bbls at 18, 14 do do, at 18, and 32 do do, at 20.

CHEESE—is quoted steady, at 22 for prime Western Reserve, and 19 for Hamburg.

POTATOES—Prime "Peach Blows" are in good demand, and sell readily at $3,50@3,75 per bbl, as to quality. Jersey Sweets are selling at $7,00@7,50 per bbl.

SEEDS—Clover seed is firm, with a fair jobbing demand at $16,50@17 per bu—an advance. Flax Seed is quoted at $2,55. Nothing doing in Flax Seed.

DRIED FRUIT—There is little or no demand for Apples, and notwithstanding they are offered at greatly reduced rates, there seems to be no buyers. Peaches quiet and unchanged.

BEARS—In good supply and very dull—small sales from store at $2,50@2,75 per bushel, for common to prime.

PITTSBURGH PETROLEUM MARKET

MONDAY, April 10, 1865.

The decline in gold and unfavorable condition of the weather, together with the excitement attending the glorious news of the surrender of the rebel army in Virginia, all combined, had a depressing effect on the Petroleum market. There was, apparently, a great falling off in the demand for Crude, and with liberal receipts and with a supply above the usual average, the market ruled very dull, with a drooping tendency—the only sale reported was 60 bbls at 20 cents, bbls returned. Refined, in sympathy with Crude, was also very dull, not a single transaction being reported. Free Oil is quoted nominal at 63 cents, for prime city brands. Naphta is still quoted at 40@45, and Residuum at $3,25@3,50 ⅌ bbl.

The receipts of Crude by the Allegheny river since Saturday, were as follows:

Jas. Wilkins	151	Fisher & Bro	376
W. P. Logan	248	McKelvy & Co	297
Clark & Co	70	A. C. Dunsan	50

RIVER INTELLIGENCE.

The weather yesterday was cloudy and unsettled, with occasional showers of rain. The river remains about stationary at this point, with scant eight feet in the channel by the pier marks last evening.

Business continues very dull at the wharf, and the indications of any immediate improvement are not very encouraging. Freights to all points continue very scarce, and boats experience great difficulty in getting anything like a full trip.

The only arrival from below was the Esmelda Graham from Zanesville. She had a good freight list and quite a number of passengers. The Pike Grove, from St. Louis, is about due, and may probably arrive to-day.

The Bella Echo and Petrolia, arrived from Oil City on Sunday, and the Utilda got in on yesterday.

The Belle and Echo were making preparations to return again last evening.

The Bayard, for Parkersburgh, was the only departure for below.

The Emma Graham, Capt. Stull, is the regular packet for Zanesville, leaving at 4 p. m.

The Iron City from Cincinnati, may be expected in on Wednesday night or Thursday, and the Yorktown, from Louisville, ought to reach here again Friday or Saturday.

The Maggie Hays, Capt. Hendrickson, is filling up rapidly for St. Louis and the Upper Mississippi, and she will be ready to take her departure this evening or to-morrow. Passengers and shippers should remember this boat.

The Iron City left Cincinnati for this city on Saturday, and the Yorktown and Argonaut were advertised to follow on Monday.

The Kenton, Roanoke, J. R. Gilmore Clara Poe, and Alock, Speer, arrived at Nashville, on Friday last.

The tow-boat Bengal Tiger, bound from this city to Vicksburg and New Orleans, with a heavy tow of coal, was expected to arrive at Louisville, on Saturday last.
