MEDICAL.

A POSITIVE & PERMANENT CURE FOR RHEUMATISM
AND ALL NERVOUS COMPLAINTS.

"Was though the causes may not be explained,
Since their effects are daily ascertained,
Let not delusion, prejudice, or pride,
Induce mankind to scouge means aside;
Means which, tho' simple, are by Heaven designed
To alleviate the ills of human kind."

DR CHRISTIE'S GALVANIC RINGS AND MAGNETIC FLUID.

THIS remarkable invention, which has received the universal approbation of the medical profession of Great Britain, comprises an entirely new application of Galvanism, as a remedial agent, by means of which the ordinary Galvanic Batteries, Electric and Magnetic Machines, &c., are entirely dispensed with, and the mysterious power of Galvanism applied without any of the objection which are inseparable from the general mode now in use. The strong doses, and irregular intervals in which Galvanism is applied by the Machines, has been pronounced, after a fair and impartial trial, to be decidedly injurious, and it was to remedy this radical defect that this new application was projected, which, after unceasing toil and perseverance, has been brought to its present state of perfection. The *Galvanic Ring* answer all the purposes of the most expensive Machines, and in many other respects are more *safe* and *certain* in accomplishing the desired effect.

The *Galvanic Rings* used in connection with the *Magnetic Fluid*, are confidently recommended in *all disorders which arise from an effeblad or unhealthy state of the nervous or vital system*, and these complaints are among the most painful and universal to which we are subject. They arise, without exception, from one simple cause—a derangement of the Nervous System—and it was in these cases that other 'remedies' having no effect, a new agent was greatly needed, which it is confidently believed, has been found in the proper and judicious application of Galvanism.

The Galvanic Rings have been used with entire success in all cases of RHEUMATISM, acute or chronic, applying to the head, face or limbs; *Gout, Tic-Doloreux, Headache, Bronchitis, Vertigo, Nervous or Sick Headache, Indigestion, Paralysis, Palsy, Epilepsy, Fits, Cramp, Palpitation of the Heart, Apoplexy, Stiffness of Joints, Spinal Complaints, Lumbago, Neuralgia, Nervous Tremors, Dizziness of the Head, pain in the Chest and Side, General Debility, Deficiency of Nervous and Physical Energy, and all* NERVOUS DISORDERS. In cases of confirmed Dyspepsia, which is simply a nervous derangement of the digestive organs, they have been found equally successful. Their extraordinary effects upon the system must be witnessed to be believed, and are certain preservative for the preceding complaints they are equally recommended. The Rings are of different prices, being made in lots of six sizes, and of various ornamental patterns, and can be worn by the most delicate female without the slightest inconvenience. In fact, the sensation is rather agreeable than otherwise.

The Galvanic Belts, Bracelets, Bands, Garters, Necklaces, &c.

In some cases of a very severe character, and of long standing, the power applied by the Galvanic Rings is not sufficient to arrest the progress of disease and ultimately restore health. The improved modification in the Galvanic Belts, Bracelets, &c., entirely remedies this objection; any degree of power that is required can readily be obtained, and no complaint which the mysterious agent of Galvanism can cure will be found to be permanently relieved. These articles are adapted to the waist, arms, wrists, limbs, ancles, or any part of the body, with perfect convenience. The Galvanic Necklaces are used with greater benefit in cases of Bronchitis or affections of the throat generally, also in cases of Nervous Deafness, and with almost uniform success as a preventive for Apoplexy, Epileptic Fits, and similar complaints.

Christie's Magnetic Fluid

is used in connection with the Galvanic Rings and all their modifications. This compound has been pronounced by the French Chemists to be one of the most extraordinary discoveries in modern science. It is believed to possess the remarkable power of *rendering the nerves sensitive to galvanic action* by this means causing a concentration of the influence, in the seat of disease, thus giving rapid and permanent relief. No other composition in chemistry is known to produce the same effects or to impart a similar property to the nervous systemby means of an outward local application. The agents of Galvanism contain nothing capable of the slightest injury; its application is agreeable, and is perfectly harmless in its action as it is beneficial in its results. Full explanations and directions accompany it. The combined inventions are in every way perfectly harmless; they are sold at prices within the reach of all and the discoverer only requests a fair trial as a test of their surprising efficacy and permanent benefit.

Christie's Galvanic Strengthening Plasters.

These articles form another valuable application of the mysterious influence of Galvanism. They have an important adjunct to the genuine Galvanic Rings and their modifications, acting upon the same principle, but having the advantage of more local application. They are confidently recommended as a valuable addition in the speedy cure of Rheumatism, acute or chronic; in all nervous complaints, and as a positive remedy in cases of *Pain and Weakness in the Chest or Back, Pain in the Side, in Rheumatic Affections, and in Weakness or Oppression of the Pulmonary Organs*. In Spinal Complaints their effects are of the most decided character, and they have often been used with entire success. They are also of the greatest advantage in Pains and Weakness of the Bowels, and are highly recommended for many of those complaints to which females are especially liable. As an effectual means for strengthening the system when debilitated we consider *other* remedies a certain aid in Constitutional Weakness, as a Preventive for Colds and all affections of the Throat, generally, the Galvanic Strengthening Plaster will be found a great and permanent advantage. In a few words it embraces all the virtues of the best tonic preparation, with the important addition of the galvanic influence, which is neither impaired nor exhausted, while the action continues. These articles will be found entirely free from those objections which are a constant source of complaint with the ordinary plasters in common use.

CAUTION.

☞ The great celebrity and success of these articles has caused them to be counterfeited by unprincipled persons. To provide against imposition, Dr. Christie has not one authorized agent in each city of the Union. The only agent in Pittsburgh, is W. WILSON.

CERTIFICATES & TESTIMONIALS.

Of the highest and most respectable character, are constantly received, regarding the extraordinary value and success of the above articles. It is believed that in the cities of New York alone, upwards of EIGHT THOUSAND PERSONS during a period of less than a year, have been entirely relieved of the most painful chronic diseases, some of which have completely baffled all former efforts of medical art. Indeed many of the first physicians of the city, who disapprove of the Galvanic and Magnetic Machines, constantly recommend this application in their practice, and with the exception of those who are too prejudiced to give a trial, all the invention has received unanimous favor with the most intelligent among the American Faculty. Dr Christie is at all times ready and most happy to give every facility to physicians, and all interested, for testing the truth of his assertions and the efficacy of his discovery

IT NEVER FAILS!

Dr. CULLEN'S INDIAN VEGETABLE PANACEA

PERSONS afflicted with Scrofula, King's Evil Cancer, Erysipelas, Old Sores, Ulcers, Tetter Mercurial Diseases, or any other complaints arising from impurities of the blood, are requested to read the following testimonials, in proof of the wonderful properties of the above named medicine.

READ! READ! READ!

We the undersigned, having visited Mr. Isaac Brooks, Jr. at the office of Messrs. Rowand and Walton, 376 Market street, Philadelphia, consider his case the most remarkable one we have ever witnessed or heard of.

His disease was SCROFULA, and terrible must have been his twelve years' conflict with the destroyer!

His Palate, the entire roof of his mouth, Nose, Upper Lip, and lower Lid of the Right Eye have been destroyed, his Throat nearly eaten up, and part of the Jaw Bone carried away. And yet we can give a description of his case.

Mr. B. informs us that in January last, the whole interior of his mouth, as well as the roof of his face was a mass of deep and painful ulcers!

On the 14th of January last, he commenced taking Dr. CULLEN'S INDIAN VEGETABLE PANACEA, which checked the disease in a few days, since from that time the cure has progressed without intermission.

New flesh has supplied the place of the deep ulcers, and though badly disfigured, his face is sound, and his general health is restored.

We are assured that in the treatment of Mr. Brooks' case, no Mercurials, Ointments, or Caustic applications have been used—in fact, the PANACEA ALONE, has wrought this wonderful change.

JAYNE'S HAIR TONIC—After giving this article a fair trial, we unhesitatingly pronounce it to be what it professes—the best article, without any exception, in use, for the restoration and preservation of the human hair. We know of numerous instances where hair has been restored to heads which have been bald for years, and we think we cannot do greater favor than to recommend to all our readers who are bald, their hair, to make a trial of this Tonic immediately.—Boston Mail.

MEDICAL.

TO THE SICK AND AFFLICTED.
DR. SWAYNE'S
GREAT DISCOVERY.
The great Remedy for
Consumption, Coughs, Colds, Asthma, Bronchitis, Liver Complaint, Spitting Blood, Difficulty of Breathing, Pain in the Side and Breast, Palpitation of the Heart, Influenza, Croup, Broken Constitution, Sore Throat, Nervous Debility, and all diseases of the Throat, Breast and Lungs; the most effectual and speedy cure ever known for any of above diseases, is DR. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY.

ANOTHER LIVING WITNESS.—Read with astonishment the wonderful cure performed by Doctor Swayne's Compound Syrup of WILD CHERRY:

PHILADELPHIA, January 25, 1847.

Dr. Swayne—Dear Sir: In justice to yourself and a duty I owe to suffering humanity, I cheerfully give my testimony, and declare to the world the most astonishing effects, and the great cure your Compound Syrup of Wild Cherry performed on me, under the most unfavorable circumstances. I was taken with a violent Cough, Spitting of Blood, severe Pains in the Side and Breast, which seemed to break down and enfeeble my constitution, so that my physician thought my case beyond the power of medicine, and my friends all gave me up to die; but thanks to you and the effects of your great discovery, I now feel myself a well man, and raised from a mere skeleton to as healthy and healthy a man as I have been for years, and shall be pleased to give any information respecting my case, by calling at my residence, Mechanic street, third door below George street, Northern Liberties. JACOB MANTZ.

Testimony is now received from all quarters of the Globe.

The following letters are presented with a view of more fully showing the opinions of Physicians in relation to the Medical value of Dr. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY.

Dr. Swayne—Dear Sir: Having used your Compound Syrup of Wild Cherry extensively in my practice, I was requested by your Agent, Doctor Crutcher to express my opinion in writing of its properties as a remedy. I could not honestly comply, as I feel by so doing, I will discharge a debt I owe the community at large, and Physicians in particular. As much as I detest Quack Remedies and Patent Nostrums, I have witnessed such a failure of the most potent expectorants, recommended in our materia medica in some cases of Diseased Lungs, to the very prevalent disease in Virginia or Wild Cherry. It is sufficient to say that I was so much pleased with the result of that and subsequent trials, that I now prescribed it in preference to all other Remedies of the expectorant class indicated. In the much dreaded Pneumonia or Disease of the Lungs, in the alarming form in which it appears in Kentucky, I regard it as an invaluable Remedy in the treatment of that disease. To all who know me I have said enough, but as this may be seen by persons out of the vicinity of Frankfort, I will briefly add, that I have been engaged in the active practice of my profession of 12 years, and am a Regular Graduate of Transylvania, and this is the first Patent Medicine I have ever thought enough of to express an opinion in writing.

FRANKFORT, Ky. January 7th, 1847.

The above certificate is from one of our Physicians living a few miles from here, he is doing a very good practice, and is considered a good Physician. I can recommend it to you as a safe External Remedy, and in my opinion, the best Liniment now in use. Very truly and respectfully yours,

A K HOFFMAN.

Col Pierre Van Cortlandt, Cincinnati, Ohio.

I fully concur in the above opinion.

YORKTOWN, Jan. 16, 1845.

Sir—In reply to your letter, I would say that I have used your External Remedy, called Hunt's Liniment, in my practice since you made me acquainted with its component and substantial properties, and I have no hesitation in saying that I believe it to be the best External Remedy now in use for the complaints for which you recommend it. Yours respectfully,

BENJ D MILLER, M. D.

Geo E Stanton, Esq.

☞ Among the mass of worthless articles and lotumbugs that are poured forth at the present day upon the country, it is really refreshing to find something of real practical utility, something simple, speedy and effectual in its operation, and at the same time free from those injurious effects which generally attend powerful remedies. Hunt's Liniment, prepared by Geo. E Stanton, of Sing Sing, though it has been but a short time before the public, has already obtained the confidence, not only of our most wealthy and influential citizens, but our most eminent physicians. All acknowledge it to be a sovereign balm for many of the ills that flesh is heir to, soothing the aching limb, and by its genuine stimulating influence, banishing disease from the system.

Mr. Stanton—Sir—Seeing your advertisement of Hunt's Liniment, I was induced to try its effects on my son, who had been crippled with a lame back from an infant, and it is with gratitude I bear testimony to its wonderful healing properties. My child, who is now five years of age, is now in a fair way of recovery. Yours, &c.

DEMMON C NICKERSON.

POST-OFFICE, TOWANDA, Putnam Co.

I certify that I am personally acquainted with the above named child, and think the father would be safe in saying that his son is almost well.

JAS W DYKMAN, Deputy Post Master.

P. S. I would also state that I have been for a number of years subject to frequent attacks of the Rheumatism, which in many instances prevented my attending to my business. Two or three applications of the Liniment invariably remove all affections of the kind. In cases of bruises, sprains and sores, too numerous to mention, it has in this vicinity proved a certain remedy. Its value can only be estimated by those who have given it a fair trial.

This Liniment is sold at 25 and 50 cents per bottle, by all the Principal Druggists and Merchants throughout the country.

MEDICAL.

DR. ROSE'S
DESERVEDLY CELEBRATED CHRONO-THERMAL MEDICINES,
CONSISTING of his Prophylactic Syrup, a certain remedy for all CONSUMPTIVE and Scrofulous affections; Cough Syrup, Cough Syrup, Concentrated Syrup of Sarsaparilla, Pills, Ointment, superior to all other extracts, having given relief when all others have failed, being much stronger, a more concentrated than any other medicine offered to the public. ANTIPHMATIC ELIXIR, having effected permanent cures of that stubborn disease, when of more than 12 years standing, hence it stands without a rival in that much dreaded disease.

Dr. Rose's LINIMENT, for all cases of weak nerves or pain, and is a complete substitute for blisters.

Dr. Rose's TONIC ANTI-DYSPEPTIC, for the cure for chill and fevers, and indeed in more of a specific for cures of all kinds it is sold at Dr. Rose's Depot.

Dr. Rose's INCOMPARABLE VERMIFUGE, where known, is used in preference to any other Vermifuge extant.

Dr. Rose's TONIC ANTI-DISPEPTIC, for all diseases of the Stomach and bowels, Cholera infections, &c. Too high an encomium cannot be passed on the merits of this medicine, as a cure of Dispepsia and all diseases that result from weakness of stomach or bad digestion.

Dr Rose's REALL'S PILLS, a most valuable remedy for those general complaints to which females are subject.

Dr. Rose's TONIC ALTERATIVE PILLS—the pill ever before offered the public so happily combines the qualities of a valuable medicine, as an anti-dispeptic, LIVER or Stomachic pill, correcting those diseases of a severe character, resulting in consumption. A young Lady 25 years of age, having a diseased liver for some time, her strength prostrated and appetite gone, was completely restored in six weeks by the use of the Anti dispeptic mixture and these pills alone.

Dr. Rose's CHRONO-THERMAL STRENGTHENING PLASTER, for weakness of the back, side breast, &c.

Dr. Rose's SPECIFIC EPILEPSY, the most certain remedy for all cases of fits or convulsions, whether in infants or adults. Certain a specific as it for this formidable disease that the most obstinate cases, and those too of long standing, have yielded to its use.

Dr. Rose's RHEUMATIC MIXTURE—After many years of diligent research the compound was discovered, and was offered to Rheumatic sufferers in confidence above all others for the cure of Rheumatism.

Dr. Rose's ASTRINGENT COMPOUND, a certain remedy for spitting blood, indeed the expectoration of blood whether from Lungs, bowels or other parts of our body.

Dr. Rose's SYRUP for Cholera and bowel complaints—This mixture will effectually cure bowel complaints, Dysentery, Cholera Morbus, and Cholera Infantum, as the Asiatic Cholera was raging in Philadelphia it was found to be the most certain of a speedy cure, during time tenths of all those who used it.

What may be said of one of these remedies may be said of all, their value will only be appreciated by those who try them. Letters from those who have been cured of the various maladies that afflict the human body might be given, but the proprietor leaves the matter on the merits of the compounds. We have a plenty of testimonials, in various forms, on confidence and efficacious that its healing power has astonished many. A case of Cancer, occurring in the wife of the late Governor of Delaware, was completely cured in a few months. The cancer had been twice cut out by eminent Surgeons, and from repeated operations and malignity, yet notwithstanding the debility of Constitution and removal of the soft parts, the use of the Prophylactic completely removed every vestige of the disease.

These are innumerable of the various cures that have followed the use of these remedies, it would be tedious, but it is not deemed necessary to enumerate them in the use of these medicines, they speak for themselves.

Dr. Rose's Medicines, which has entirely relieved me from scrofula at my stomach, and restored me to comfortable health. Several of my friends and acquaintances have made use of the Pills, and received much benefit from them. I can with confidence recommend them.

PILES.

DR. INGOLDSBY'S Piles Specific, an internal remedy a certain and radical cure, whether internal, external bleeding or blind, also, for irritation of the kidneys and bladder, pains in the back and side, habitual costiveness, eruptions, &c.

Females before and after confinement are often troubled with constipation of the bowels or costiveness, as well as the piles. In all such cases the Specific can be taken with perfect safety, and is a certain remedy. The Specific is not purgative, and is an entirely vegetable remedy, without a particle of gamboge, colocynt or aloes—pleasant to take and perfectly harmless in the most delicate cases.

This is to certify that I know Dr. Ingoldsby's Piles Specific, to be a certain cure and safe remedy. Having seen its effect in several cases, amongst my family connections, in several confirmed and severe cases of the piles, where it made an entire cure in every case. HENRY WHITEHEAD.

DR. JAYNE'S FAMILY MEDICINES.—

It is our principle in the management of this paper to avoid anything whatever, that, directly or indirectly, tends to injure the health of our readers, or, by any investigation, to be of utility to the public. Some of Dr. Jayne's medicines we have used in our family for many years, and have found them invaluable. We speak of CARMINATIVE, and VERMIFUGE, which we know to be good for the complaints they profess to cure. We have on Lake Ontario the past summer, when several of our traveling companions, from having, in Western New York drank, for ardent spirits, the Genesee water of that region were badly attacked with violent Diarrhoea, and Dysentery. Mr. B. had provided himself, previous to starting, with Dr. Jayne's Carminative and Dr. Jayne's, and in all cases of its use, among five or six, it was universally effectual in arresting the disease.

The Expectorant we have known used among our intimate friends with equal success; and we feel that we shall do a good act in further recommending these articles to those who cannot have access to immediate medical advice, in cases where the whole family are taken down with violent pain and sickness. Should any of, and none of them had the effect to relieve the patient, or to stop the progress of the same, there was constant inflammation of it, and a severe and rapid consumption, which carried down into a regular fever soon. Mr. Spencer Stafford of the city, was cured by the use of your Ointment; I laughed at the idea, but upon his urgent solicitation, I was induced to try it, and to my great relief and astonishment, it almost immediately relieved the pain, and in a few days inflammation, and consumed healing the sore, which is now nearly well.

I do confidently and sincerely believe that it will cure any fever sore, if thoroughly applied.

Respectfully yours, J. P. SPARKS

DEAN'S CHEMICAL PLASTER.

From Rev. Charles Morton, Minister of the Baptist Church, Worcester, late of Philadelphia.

Messrs. H. Harris & Co, Proprietors of E. Dean's Chemical Plaster, Gentlemen:—For several years I have from time tested the virtues of E. Dean's Chemical Plaster by using it in my family as a remedy for Rheumatism, weakness and lameness of the back, pain in the breast, inflammation of the throat and cyck, sprains and bruises, and I take pleasure in say ng to you and to the public, that in every case I have found it useful, and I do believe that said Plaster possesses virtues of more than ordinary character, and that it will generally be found a sufficient remedy for those diseases for which it is recommended, and is justly entitled to the notice and patronage of an enlightened community.

Yours truly, CHAS. MORTON.

SEAR'S AMERICAN VEGETABLE RENOVATING PILLS.

☞ For about one year, previous to making use of Mr. Sear's Renovating Pills, I have suffered extremely from Dyspepsia, and an acid Stomach. I have made use of a great variety of medicine without receiving material benefit. About three months since I commenced using Mr. Sear's Medicine, which has entirely relieved me from acidity at my stomach, and restored me to comfortable health. Several of my friends and acquaintances have made use of the Pills, and received much benefit from them. I can with confidence recommend them.
