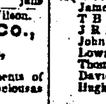
GAZZAM'S PATENT BEDSTEAD.



NOTWITHSTANDING an interested opposition to this invention of a Pittsburgh Mechanic, a majority of the Cabinet makers of this and Allegheny city, and their numerous customers have shown themselves above the vulgar prejudice against home inventions, and they give Gazzam's Bedstead the preference, simply because it deserves it, being the best, strongest, and most convenient Bedstead in use. The following testimonial speaks for itself:— We, the subscribers, practical cabinet makers of the cities of Pittsburgh and Allegheny, Pa., do hereby certify that we have bought the right to manufacture bedsteads with Gazzam's Patent Fastenings, and consider the same superior to any fastenings with which we are acquainted.

PATENT PRESS BRICK MACHINE. THE subscribers having obtained a patent, May 18 1846, for a Press Brick Machine, and having since thoroughly tested its ability, are now prepared to sell rights and contract to deliver machines to any part of the United States. The machine is designed to make Brick from crude clay, and will make 30,000 good first brick per day, sufficiently hard to stack up in the kiln; thus avoiding the expense and labor of preparing the clay, drying and handling the brick when moulded. We are now building machines, and can furnish them on short notice. For a full description we would refer to a machine now in successful operation at Allegheny city, on the West end of Eighth street, where we shall be happy to explain everything connected with it to all who may call. We have at present no authorized Agent. All letters to our address will be promptly attended to. sep22tf CULBERTSON, McMILLEN & Co., CINCINNATI.

The Family Medical Library. A TREATISE on the Prevention and Cure of Diseases by regimen and simple Medicines. New edition, revised and enlarged, with the addition of a Vegetable Materia Medica, pointing out the virtues, preparations and doses of the native medical plants, and an appendix, illustrated with 100 engravings, 6 of which are colored. By J. G. Norwood, M. D. The object of the above work is to give the history, characteristic symptoms, progress and termination of all common diseases, in as correct, simple and intelligible manner as possible, suited to the capacities of all persons, and, in any event, to undertake the treatment of illness without the necessity of calling in a physician, or in cases of sudden attacks from which human life may be endangered. The treatment pursued by the generality of practitioners, and found most successful, particularly in the Diseases Endemic to the South and West, has been detailed with much minuteness and great care. The Family Medical Library, it is believed, has given more general satisfaction than any book of the kind extant. By its simple and perspicuous directions—its list of remedies and their proper doses, any one of ordinary intelligence, will be enabled to treat many cases of illness without the necessity of calling in a physician. We have been informed by the heads of families, who have used it in their houses, that they could not procure a copy of the work, if ten times the cost could not purchase it, and that it has saved more than that, in one year, by its use. Agents wanted to sell this work—a liberal commission allowed. J. A. & U. P. JAMES, Publishers, je27 Walnut st. bet. 4th and 5th, Cincinnati.

MR. MILNE, Builder, in Brooklyn, was attacked with raising blood, followed by a cough, pain in the side, and all the usual symptoms of consumption. He employed two of the best physicians; they did him no good, and told him he COULD NOT LIVE. Hearing of the wonderful cures performed by Sherman's Balsam, he sent at 10 o'clock at night to Mrs. Hayes, 139 Fulton st., and got a bottle; it operated like a charm, stopped the bleeding and cough! Before he had taken one bottle he was able to be about his work. It had SAVED HIS LIFE. His daughter, residing at 127 Myrtle Avenue, can attest it.

Miss Ann Maston, of Williamsburgh, living in Tenth near South Fourth st, says—That she had been troubled with a hacking cough, and pain in the chest, for a long time, which at last became so bad that she was obliged to give up her school for more than a year. She then commenced taking the All-Healing Balsam; which soon alleviated her symptoms. She is now fast recovering, and has resumed her laborious occupation as a teacher, 14 YEARS.

Mr John O'Neal, 10th avenue and 21st st, suffered with a cough, raising of phlegm and pain in his side. He could get NO RELIEF till he tried the All Healing Balsam, which drove the pain from his side, allayed the cough, and brought the disease upon the surface; and before he had taken three bottles, was entirely cured.

*Pleurisy and Consumption.*

Mrs. Baggas, a lady upwards of 70, residing 86 Sheriff, has for years been subject to attacks of Pleurisy, Raising of Blood, severe Cough, Shortness of Breath, Pain in her Head and various parts of her body. Her friends believed her PAST RECOVERY. The All-Healing Balsam relieved her at once of all her alarming symptoms, and she is now able to attend to her work.

*Asthma and Whooping Cough.*

Mrs. Lucretia Wells, 95 Christie st; L S Beals, 19 Delancey st, Wm H Young, 75 Walnut st, know the value of this great remedy.

Ask for Sherman's All-Healing Balsam, and see that his written signature is on each bottle. Price 25 cents and $1 per bottle. Dr Sherman's Worm and Cough Lozenges sold as above. THOMPSON'S COMPOUND SYRUP OF TAR AND WOOD NAPHTHA.—The Portland (Me) Advertiser says:—"This remedy has been more successful than any medicine we have ever known for its numerous cures in Consumption, Spitting Blood, pain in the Side and Breast, Bronchitis, Asthma, Obstinate Coughs, Hoarseness, Sore Throat, Palpitation of the Heart, Whooping Cough, Croup, Nervous Tremors, &c. Individuals of the highest respectability in this city bear ample testimony to its power and efficacy in this class of diseases."

Among the testimonials to the value of the above medicine, are several from distinguished physicians of Philadelphia. Read the following from Dr. Young, the eminent oculist.

PHILADELPHIA, Jan. 16, 1847. Having used in my practice, as well as in my own family, 'Thompson's Compound Syrup of Tar and Wood Naphtha,' I have no hesitation in saying that it is the best preparation of the kind in use for persons suffering from Consumption, Coughs, Colds, and all affections of the Throat, Breast, &c., so prevalent at this season of the year. WM. YOUNG, M. D., 152 Spruce st.

We have seen within a few days the person who gave the following certificate. He remains well, being perfectly cured of his disease:

PHILADELPHIA, January 3, 1847. From a sense of gratitude, and a doubt that the afflicted may have resource to a truly invaluable medicine, I would state the benefit I have experienced from the use of Thompson's Compound Syrup of Tar and Wood Naphtha. For several years I have been afflicted with a distressing racking cough, accompanied with great oppression and difficulty of breathing, with a sensation of tightness at the chest. Becoming greatly alarmed, a friend who had been much benefited by this medicine, recommended me to try it, I did so, and in a very short time every alarming symptom disappeared; my expectoration became free, all oppression left me, my cough ceased, and in a few days I was able to go out and attend to my business a well man. Any further information will be cheerfully given the afflicted, by calling at my residence, No. 191 S. Front st. JOS. McMANAMY.

This invaluable medicine is prepared only by ANGNEY & DICKSON, at NE corner of Fifth and Spruce sts, Philadelphia. Sold in Pittsburgh by L WILCOX, Jr. Price 50 cents or $1 per bottle. CAUTION—Beware of the many counterfeits that are now afloat. The unscrupulous are ever ready to deceive the unwary.

THE MOST ASTOUNDING DISCOVERY—A Blessing! A Miracle!! A Wonder!! —To cure Eruptions and Disfigurements of the Skin, Pimples, Freckles, Sunburn, Salt Rheum, Scurvy, Sore Heads, &c., &c. Four years ago last August, the capital of France was astonished in consequence of a discovery made by an Italian Chemist. Many doubted—it seemed almost an impossibility that anything made by the hands of man, could have such singular powers as that claimed by Antonio Vesprini for his invention. Many classed him and his invention as a humbug, (and, alas! many foolish persons without trying do the same now,) at last, after testing it in the hospitals, the Medical Society of Paris [the best chemists in the world] delivered the following report to Signor Vesprini: "We have now minutely and carefully examined the singular invention of Vesprini. We have analyzed its component parts—we have used it in several cases, and we hesitate not to pronounce it [the Italian Chemical Soap] a great blessing, and a truly wonderful remedy for any cutaneous eruption or disfigurement of the skin. Its inventor we consider as the philanthropist of suffering mankind. (Signed) LEOPOLD DUPREY President"

READ THIS! From the inventor himself to the present Proprietor. PARIS, Nov. 4, 1846. In consideration of the sum of $3,600, I have divulged to Mr. T. Jones, residing in the city of New York, N. A., the whole process of manufacturing, together with a statement of the ingredients composing my Italian Chemical Soap. He is to manufacture it for sale in the United States only, and to have the privilege of naming it "Jones' Italian Chemical Soap." Witness: Henry J. Holdsworth. (Signed) ANTONIA VESPRINI

DR. JAYNE'S ALTERATIVE. We have been informed by Mrs Rose of a cure performed on her by Dr. Jayne's Alterative, which proves its superiority over every other remedy of the kind. She has been afflicted for the last sixteen years with NECROSES or WHITE SWELLINGS, attended with ulceration and exfoliation of various bones, during which time many pieces have been discharged from the frontal bone of the cranium, from both her arms, wrists and hands, and from both legs, and from the left femoral bone, and from the right knee, besides painful ulcers on other parts of her person, which have baffled the skill of a number of the most eminent physicians of our city—during most of the time her sufferings have been excruciating and deplorable. About three months since she was induced to try Dr. Jayne's Alterative, which has had an astonishingly happy effect upon her, by removing all pain and swellings, and causing the ulcers to heal, while at the same time her general health has become completely restored, so that she now weighs 25 lbs more than she did before she commenced the use of this truly valuable preparation.—[Sat. Eve. Post. For further information, inquire of Mrs. Rose, No. 109 Filbert st, Philadelphia. For sale in Pittsburgh, at the PEKIN TEA STORE, 72 Fourth st, near Wood. jy5

ANTI-BILIOUS PILLS. LONG experience has established these Pills on the basis of their own merits, and they have taken their place among the standard medicines of the U. S. Their unfailing activity, yet mild operation, have rendered them favorites, especially through the West and South. Entirely free from those deleterious ingredients which are so apt to produce Piles, by violent purging after repeated use, they act pleasantly and decidedly upon the system, removing all billious humors, and leaving the bowels in a healthful condition. It may not be generally known, but is nevertheless an important fact, that many of the purgatives now in common use, both mineral and vegetable, bring on the most obstinate constipation after they have ceased operating. B A Fahnestock's Anti-Bilious Pills, having none of those hurtful ingredients, can safely be relied upon to produce the most beneficial effects, and thousands are ready now to bear witness to their sterling merit. RUST PROOF IRON FOR ROOFING, WINDOW SHUTTERS, &c. THE subscribers beg to call the attention of all those interested in roofing, to their GALVANIZED TIN PLATES, and to the many advantages which they possess over all metalic and other substances hitherto used for this purpose, possessing as they do, the strength and lightness of iron without its liability to rust, having now been tested several years, both in this country and in Europe. They are also less subject to expansion and contraction from sudden changes of the atmosphere than common Tin Plate, Iron, Zinc, &c., or any other metal now used for roofing, and consequently form a much better and tighter roof, requiring far less frequent repair, whilst the first cost is but a trifle more. The subscribers would also call the attention of all dealers and workers in metals, to the many other purposes to which Iron thus protected, can be applied.— In general terms it is applicable to all articles of iron, which it is desirable to protect from the action of the atmosphere. And they would especially call the attention of those interested in TELEGRAPHIC LINES, to their Galvanized Wire, which is now almost entirely used in Europe, and which answers every purpose as a conductor of electricity, costing only about one half as much as copper, and possessing equal durability with that metal. Having lately erected works in this city for the purpose of galvanizing nails, spikes, bolts, wire, &c., they will be able to furnish any article which may be desired. A supply of Plates [manufactured in Europe,] constantly on hand, from 18 to 32 wire guage. GEO. B. MOREWOOD & Co Nos. 14 and 16 Beaver st., NEW YORK.
