### A New Penny Paper.

Proposals for publishing in the City of Philadelphia, a new Daily Paper, to be called "THE DAILY NEWS."

THE rapidly increasing business, population, and capital of Philadelphia; the connection existing between Whig principles and the prosperity of the city, and the present position of the Whig party of Pennsylvania and of the Union, have induced the subscribers to propose the establishment of the above paper.

The NEWS will advocate Whig principles as originally expounded by our forefathers of the Constitution, and adopted and advocated by the accredited organs and champions of the Whig cause at the present day. The proprietors refrain from setting forth in a prospectus the particular property and promising necessity of the publication of a bold, energetic, and fearless Whig Penny Paper in this city. They are obvious. This is an age of cheap literature; and while the publishers aim to establish the paper upon the basis of solid merit, they would place it within the reach of all by its cheapness.

As a news, commercial and business paper, the NEWS shall be second to none of its contemporaries. The most ample resources are secured for receiving the latest and most accurate local, foreign and domestic intelligence.

Nothing indelicate or offensive to a refined taste will be admitted into this paper.

TERMS.—The NEWS will be delivered to subscribers at six cents per week, payable to carrier every Saturday. Mail subscribers $4 per annum.

### OFFICE PITTSBURGH GAZETTE, Friday Morning, September 17.

Our market, in every particular, continues without change. The weather is clear and pleasant, and business generally rather dull.

The river is falling slowly with about 27 inches in channel. Freights are recovering from the fall produced by the partial rise in the river, and the boats are charging $1,25 ₱ 100 to Cincinnati.

Flour—Very little is doing in the article. None is coming in, excepting in small quantities by wagon. We note sales by dray load at $4,80 to 4,87; also, a sale of 60 bbls from first hands at $4,75 ₱ bbl.

Wheat—Limited sales occur at 87 to 90 cents ₱ bushel.

Rye is selling in a small way at 45c ₱ bu.

Corn—Sales of 50 bu of a superior article at 45c ₱ bu.

Oats—We note sales of 300 bushel at 25 cents ₱ bu.

Ashes—The supply in market is slim, with moderate sales at previous prices. Saleratus 6¼c; Pearls 6c; Pots 4½—Soda Ash, same; and Scorchings 4@4½ ₱ lb.

Bacon—The supply is gradually falling off, but prices continue without change. Regular sales occur at the following rates—sugar cured Hams 10c—common do 9c—Shoulders 7c—Hog round 8@8½

Lard is limited in demand, with sales at 8 to 8½c ₱ lb.

Butter, in kegs is in good demand at 9½ to 10c ₱ lb.

Green Apples—Sales of 20 barrels at $7 to $1,00 ₱ bbl.

The steamer Caroline leaves to day at 10 A. M. for Cincinnati. The Caroline is new and staunchly built, and is said to be the lightest draught boat on the river. Her accommodations are good, and we can, with confidence assure all who may be going that way, that they can take passage on the Caroline without any apprehension of sticking on the way.

There were few arrivals of steamboats, yesterday from below, in consequence of obstruction in the channel at Adams' Island, three miles below the city. These obstructions, we are sorry to learn, are more owing to the carelessness of steamboat captains than to the lowness of water, for there is still water enough to carry the boats through safe, with little apprehension of detension.

We are informed that fifty dollars, expense at Adams' Island, would improve the channel so as to let the boats through without danger of sticking;—the obstruction is caused by an accumulation of sand and gravel in the channel, which could be removed in a few hours by a scraper. How much better, then, would it be for our steamboat owners to remove these obstacles at once, than to suffer loss of time and passengers by laying aground in the channel days together.

We learn that the Swatara, Mary Ann and Magnet have succeeded in passing the channel, and that others had probably got off the bar yesterday evening and last night.

ROBBERY ON THE GERMANTOWN.—The Cincinnati Commercial says that four or five robberies were committed on the steamer Germantown on the night of the 11th inst. The amount taken is not known; but it is stated that two individuals, citizens of Boston, were robbed of all the money they had.

From the Report of the Cincinnati Chamber of Commerce, we extract the following, showing the total value of Imports and Exports, for the year ending 31st of August, 1847:

LADIES Who Use Common Prepared Chalk, are not aware how frightfully injurious it is to the skin! how coarse, how rough, how sallow, yellow, and unhealthy the skin appears after using prepared chalk! Besides, it is injurious, containing a large quantity of lead. We have prepared a beautiful vegetable article, which we call JONES'S SPANISH LILY WHITE! It is perfectly innocent, being purified of all deleterious qualities; and it imparts to the skin a natural, healthy, alabaster, clear, living white, at the same time acting as a cosmetic on the skin, making it soft and smooth.

Dr. James Anderson, Practical Chemist of Massachusetts, says: "After analysing Jones's Spanish Lily White, I find it possesses the most beautiful and natural, at the same time innocent white I ever saw. I certainly can conscientiously recommend its use to all whose skin requires beautifying."

☞Price 25 cents a box.

☞Sold by WM. JACKSON, at his Boot and Shoe Store, 89 Liberty street, head of Wood, at the sign of the Big Boot.

Ladies, ladies, I'm astonished,
When you know that you are promised
A natural, life-like, snowy white,
That you will still use common chalk,
And look a deathly yellow fright,
The theme of laughter and of talk.

If you would use a box of JONES' Lily white, it would give your skin an alabaster yet natural white, and at the same time clear and improve it. Sold at JACKSON'S, 89 Liberty st. Price 25 cents per box. mr8

### BRADDOCK'S FIELD.

FOR SALE.—The valuable estate known by the name of Braddock's Field, situated in Wilkins township, Allegheny county Pa, 10 miles from Pittsburgh by the Monongahela river, and 9 by the Pennsylvania Rail Road; containing 275 perches and 29 perches. Two thirds of the tract is river bottom, and the whole may be cultivated.

There is on the premises a large brick mansion and other improvements, and several springs of excellent water. Surrounded by a most healthy and productive country, by inexhaustible supplies of the best and cheapest fuel, and having on the premises abundance of coal and limestone, this place is admirably suited for the site of a great manufacturing suburb.

The Pennsylvania Rail Road is located through it, passing south of the mansion house and through the battle ground, and is now under contract.

It is also on the first pool of the Monongahela slackwater and the Brownsville packets and other steamboats constantly touch at the landing on this estate. It is therefore the most easy of access of any property in our vicinity, and the best suited for country seats, or for the sites of mechanic's shops or great factories.

As the place is one of great renown, it has been visited by travellers from all parts of the Union; its topography much studied, and its beauty appreciated. ### "I HAVE FOUND IT."—Eureka.

CONSUMPTION CAN BE CURED BY USING DR. DUNCAN'S EXPECTORANT REMEDY.

*Cincinnati, O., March 24, 1847.*

Dear Sir:—This is to certify to the public, particularly to those afflicted with a disease of the Lungs, or Consumption that in the Spring of 1843 I was attacked with a severe cold which soon became seated upon my lungs, showing all the symptoms of an approaching Consumption. My cough was tight and troublesome, attended with copious night sweats; I spit up daily a considerable quantity of blood, mixed with thick dark matter. My situation became serious and alarming. During this time I was attended by two of our most skilful Physicians; they did the best they could for me, when at length they gave up all hopes of my recovery, informing me that nothing more could be done—that my lungs were fatally diseased, and beyond remedy. I was then persuaded by a friend of mine to make a trial of *Dr. Duncan's Expectorant Remedy*, which my Physicians persisted against, saying that this medicine would do no good, and would still add more to my suffering. I told them it was my last and only hope, and that if I must die of the disease, (which was evident to me,) there would be nothing lost. So I sent to the Cincinnati Office and obtained 3 bottles of this truly Valuable Medicine, and commenced using according to the directions, which, instead of adding to my suffering, immediately gave me relief, at once arresting the troublesome Cough easing the pain and tightness in my Chest, giving me a new life and strength, which soon enabled me to be about again. This medicine continued its good work, which it so nobly commenced, until I was made a sound man. I have since been attending to my business, (upwards of 2 years) and feel as healthy as I wish. I have recommended Dr. Duncan's Expectorant Remedy in many instances to those similarly afflicted and it has always proved successful so far as I have witnessed its effects. My sister is using this medicine at present, for a *Diseased Liver* and an *Affection of the Lungs*, which she had suffered with for some time; she has nearly recovered by the use of this medicine, and I am confident the 6 bottles that I take with me to-day will entirely cure her. I am sorry to know that there are thousands of valuable persons wasting away with this dreadful destroyer—CONSUMPTION.—Were it only possible for those to procure this medicine in time, before it be too late, many lives might be prolonged and their families and relations again rendered happy. This medicine will give instant relief, and at the same time arrest the hard and painful Cough, remove the tightness in the Chest give strength to the enfeebled and emaciated frame, and in most cases, I am certain, will perform a perfect cure.

ANDREW J. FELTER.
Montgomery, Hamilton County, Ohio.

N. B.—Those who may not be acquainted with me I refer to the undersigned, citizens of Montgomery, Hamilton county, O., they will at any time substantiate the above statements;

### PILES.

DR. INGOLDSBY'S Piles Specific, an internal remedy, a certain and radical cure, whether internal, external, bleeding or blind, also, for irritation of the kidneys and bladder, pains in the back and side, habitual costiveness, eruptions, &c.

Females before and after confinement are often troubled with constipation of the bowels or costiveness, as well as the piles. In all such cases the Specific can be taken with perfect safety, and is a certain remedy. The Specific is not a purgative, and is an entirely vegetable remedy, without a particle of gamboge, colocynth or aloes—pleasant to take and perfectly harmless in the most delicate cases.

This is to certify that I know Dr. Ingoldsby's Pile Specific to be a certain cure and safe remedy. Having seen its effects in several cases, amongst my family connexions, in several confirmed and severe cases of the piles, where it made an entire cure in every case. HENRY WHITEHEAD.

New York, May, 1845. 364 Sixth street.

I cheerfully give my testimony as to the certain and astonishing effects of Dr. Ingoldsby's Piles Specific, as I know it from my own experience and observation, to be infallible; having seen it used with success in several cases of piles, male and female. GEO. MILLER.

New York, May, 1845. 364 Sixth street.

LADIES' CERTIFICATES.

*New York, May, 1845.*

Mr. Beals—Dear Sir:—I have the pleasure to say, that your medicine, Dr. Ingoldsby's Piles Specific, has made a perfect cure in the case of my sister, and I now give you my word that I have not been troubled for years. However, I can now testify to the medicine as being infallible, and do advise all others who are afflicted in the like manner, to procure the article, as they may depend on a certain cure.

Yours with respect.

West Chester, N. Y., May 15, 1845.

Dr. Ingoldsby—Dear Sir:—That you may benefit others who may be suffering, as well as to express my gratitude for the benefit I have derived from the use of your valuable Specific, I comply with your request, and now do give my testimony in favor of it, having been cured of a severe attack of the Piles after having used other remedies without success.

Yours with respect.

CONSUMPTION ARRESTED—To those afflicted with Diseases of the Lungs.—This is to certify to those afflicted with the first premonitory symptoms of Consumption, that I have been laboring for several years with a bronchi, soreness of the throat and hoarseness. I used many medicines, but found no relief in any preparation of medicine, until I made use of DR. DUNCAN'S EXPECTORANT REMEDY. I have been using this valuable medicine for several years, and always find it to relieve whenever I make use of it. My occupation as an Auctioneer, which keeps me almost constantly engaged, causes my disease, at times, to become very alarming, when at once procure this medicine. I therefore take pleasure in making this public statement, that others affected with a disease of the lungs and expectorant organs may know the virtues of this "all healing remedy," and may be cured. I have recommended Dr. Duncan's Expectorant Remedy to many of my friends, some of whom owe their lives to this medicine.

Somerset, Ohio, Oct. 13, 1845. JAMES HEWIT

### Consumptive's Consolation.

Does sickness weigh upon your heart?
Or pains afflict your breast?
Try *Dr. Duncan's Healing Art*,
And it will give you rest.

It clears away the misty cloud
Disease spreads o'er the soul,
And whispers through the gloomy shroud,
"Your health may yet be whole."

See yonder rose of lovely hue!
'Tis withering, with decay
It scarcely sips the morning dew,
Before it fades away.

The Worm of Death was in the stem,
And strengthened as it grew—
And when it bloomed, (a lovely gem,)
It nipped through and through.

That Worm of Death might be defied,
If Dr. Duncan's art were tried;
And many lovely damsels saved
The fate of an untimely grave.

### DR. JAYNE'S FAMILY MEDICINES.

It is our principle in the management of this paper to notice anything which we find out, from personal investigation, to be of utility to the public. Some of Dr. Jayne's medicines we have used in our family for many years. For instance the EXPECTORANT, the CARMINATIVE, and VERMIFUGE, which we know to be good for the complaints they profess to cure. We were on Lake Ontario the past summer, when several of our travelling companions, from having, in Western New York, drank, for many days, the limestone water of that region, were badly attacked with violent Diarrhea, and Dysentery. Mr. B. had provided himself, previous to leaving home, with "The Carminative of Dr Jayne," and in all cases of its use, among five gentlemen, it was successful in effecting a speedy cure.

The Expectorant we have known used among our intimate friends with equal success; and we feel that we shall do a good act to families (especially those situated so they cannot have access to immediate medical skill,) to advise them to keep on hand both the Expectorant and Carminative. The Expectorant is believed by good physicians to be the best recipe for Pulmonary Consumptive Complaints, that has ever yet been compounded. The reason is, Dr. Jayne is not a quack, but a regular, scientific, and able medical practitioner himself. His medicines are used by the best physicians.

### DR. JAYNE'S CARMINATIVE BALSAM.

FROM the Rev ASA SHINN, a well known and popular Clergyman of the Protestant Methodist Church.

The undersigned having been afflicted during the past winter with a disease of the stomach, sometimes producing great pain in the stomach for ten or twelve hours without intermission, and after having tried various remedies with little effect, was furnished with a bottle of Dr D Jayne's Carminative Balsam: This he used according to the directions, and found invariably that this medicine caused the pain to abate in three or four minutes, and in fifteen or twenty minutes every uneasy sensation was entirely quieted. The medicine was afterwards used whenever indications of the approach of pain were perceived, and the pain was thereby prevented. He continued to use the medicine every evening and sometimes in the morning, and in a few weeks health was so far restored, that the sufferer was relieved from a large amount of oppressive pain. From experience, therefore, he can confidently recommend Dr D Jayne's Carminative Balsam, as a salutary medicine for diseases of the stomach and bowels. A SHINN

### No Cure, No Pay!
*Dr. Jackson's Pile Embrocation. Never Fails!*

THERE are few diseases more common or troublesome than the Piles, and yet, notwithstanding great efforts have been made to cure by the use of pills, electuaries, liniments, &c., all were futile and of little benefit. Now the Embrocation is the only medicine used. A person who has been suffering with the Piles of the worst kind came from Salem, New-Jersey, almost on purpose to express his gratitude for the speedy cure that this medicine had effected in his case.—Phila. Sat. Post.

READ AND REFLECT:—Don't be so miserly, but follow the dictates of common sense. How many thousands there are, who for the paltry sum of two dollars, are willing to remain deaf for years, and yet it is no more strange than true. Notwithstanding many of their friends and acquaintances have been perfectly cured by the use of Scarpa's Acoustic Oil, and letters and certificates of undoubted authority may be daily examined at the store of Dr D Jayne, No 8 South Third st, Philadelphia, where the medicine is for sale; yet because there is a bare possibility of its failure, they continue not only to annoy their friends, but to be miserable themselves.—Phil.
