### A Losing Joke.

A prominent physician of Pittsburgh said jokingly to a lady patient who was complaining of her continued ill health, and of his inability to cure her, "try Hop Bitters!" The lady took it in earnest and used the Bitters from which she obtained permanent health. She now laughs at the doctor for his joke, but he is not so well pleased with it, as it cost him a good patient.—*Harrisburgh Patriot.*

### Music School.

This noted Institution for the study of Vocal and Insturmental music will begin a session of six weeks on Monday August 1st, '81.

Address,
MUSICAL COLLEGE,
June 23, '81 3w. Freeburg, Pa.

PETERSON'S *MAGAZINE* for July is on our table, ahead of all others, as usual. We have so often spoken of this lady's book, as the cheapest and best, that all we can do now is to reiterate that opinion. The present number is peculiarly rich in embellishments.

There are some two score cuts of fashions, work-table designs, etc.; besides a beautiful colored pattern for a Photograph Frame, in daises on black velvet, alone worth the price of the number. Every lady ought to be a subscriber for this magazine. The terms are but two dollars a year, with great reductions to clubs, and handsome premiums to the person getting up the club. Specimens are sent, graits, if written for, to persons wishing to get up clubs. Address, CHAS. J. PETERSON, 306 Chestnut Street, Philadelphia.

The following items we copy from the *Bloomfield* (Perry Co.) *Times* of last week.

John Finnicle of Rye twp., had one of his feet badly crushed by a log rolling on it a few days ago.

On the morning of the 6th inst., the body of a man who proved to be a boatman named Warren Low, was found in the canal lock near Mt. Patrick. The body was taken out and an inquest was held by S. E. Buck, Esq. and the verdict was that the deceased had come to his death by accidental drowning. *He* was knocked into the canal by the two-line. *He* was a stranger, and without money or friends and the boat Captain said he had no wages due him, and did not know where he belonged.

### Burglary In Newport.

On Friday night burglars entered the warehouse of Jones Bro., in Newport, and attempted to rob the safe. They drilled a hole in the top and the charge of powder they put in, blew the outer safe door to pieces, and badly damaged the inner door. It is not known whether they succeeded in getting the money out or not. They may have had that door open and shut it again, breaking off the knob and destroying the combination.

The noise of the explosion had been deadened by placing wet blankets on the safe and piling bags of clover seed around it. Still the explosion was heard by several parties. *In* a boat lying by the warehouse a man was sleeping, who was awakened, but they had taken the precaution to fasten him in, so he could not get out to give the alarm. The combination to the inner door is so badly damaged that the safe will have to be sent to the manufacturers before the books or contents can be got at, or it will be known whether the money is there or not.

### "The Cyclopedia War."

The Cyclopedia War and the Literary Revolution are working wonderful and happy results for the readers of books, and searchers after knowledge. The great "Library of Universal Knowledge," is announced to be completed, ready for delivery to purchasers, the early part of July. It is probably the largest and most important literary work this country and the century have seen. *It* is based upon Chambers's Encyclopedia, the last London edition of which is reprinted entire as a portion of its contents, a large corps of American editors and writers adding thereto, a vast amount of information upon about 15,000 subjects in every department of human knowledge. Chambers's Encyclopedia, whose distinguished merit is universally known, is the laborious product of the ripest British and European scholarship, but being a work of foreign production it has been naturally deficient in its adaptation to the wants of American readers. In this new form it is most thoroughly Americanized, and becomes at once the largest and most complete encyclopedia in the field, at a mere fraction of the cost of any similar works which have preceded it, containing about 10 per cent. more matter than Appleton's *Encyclopedia*, at less than one-fifth its cost, and 20 per cent. more than Johnson's Cyclopedia at a little more than one-fourth its cost.

The superlative value and importance of this great *Encyclopedia*, however, lies especially in the fact that it is brought within the reach of every one who aspires after knowledge and culture. It is really a library of universal knowledge. *It* brings a liberal education easily within the reach of every plow-boy. Every farmer and every mechanic owns it to himself and to his children that such a cyclopedia shall henceforward form a part of the outfit of his home. To the intelligent man in every walk of life a Cyclopedia is indispensable. *It* is issued in various styles, in 15 large beautiful octavo volumes, varying in price from $15 for the edition in cloth, to $25 for the edition in full library sheep binding. Liberal discounts even from these extraordinary prices are allowed to clubs, and the publishers, besides, propose during the next two months to distribute $10,000 cash in special rewards to persons who forward clubs of five, ten, or more subscribers. The American Book Exchange, 764 Broadway, New York, are the publishers, who will send sample pages and full particulars free on request.

*It* is simply marvelous how quickly constipation, biliousness and sick headache are cured by "Sellers' Liver Pills." 25 cents.
June 16, 4w.

*H.* E. Carpenter, Esq., Henderson, N. Y., cured of Psoriasis or Leprosy, of twenty years' standing, by the CUTICURA RESOLVENT internally, and CUTICURA and CUTICURA SOAP externally. The most wonderful case on record.
June 2, 1881. 4w.

It will pay every body to examine the immense Stock of Furniture for sale by the Popular Furniture man W. H. FELIX Lewistown Pa.
