SPECIAL NOTICES.

CLEANSE THE BLOOD.—With corrupt, stagnated and vitiated blood, you are sick all over. It may burst out in Pimples or Sores, or in some active disease, or it may merely keep you listless, depressed and good for nothing. But you cannot have good health while your blood is impure. AYER'S SARSAPARILLA purges out these impurities and stimulates the organs of life into vigorous action, restoring the health and expelling disease. Hence it rapidly cures a variety of complaints which are caused by impurity of the blood, such as *Scrofula or Kings Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Itch or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, Cancer or Cancerous Tumors, Sore Eyes, Female Diseases*, such as *Retention, Irregularity, Prostration, Whites, Sterility*, also *Spinal Disease, Neuralgia, Liver Complaints* and *Blood Diseases*. Try AYER'S SARSAPARILLA, and see for yourself the surprising activity with which it cleanses the blood and cures these disorders.

During late years the public have been imposed upon by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter disappointment has followed the use of the various compounds of Sarsaparilla which flood the market, until the name itself has become synonymous with imposition and cheat. Still we call this compound "Sarsaparilla" and intend to supply such a remedy as shall rescue the good name of Sarsaparilla from the load of obloquy which rests upon it. We think we have ground for believing it has virtues which are irresistible by any ordinary run of the diseases it is intended to cure. We can only assure the sick, that we offer them the best alterative which we know how to make, and we have reason to believe it is by far the most effectual purifier of the blood, yet discovered by any body.

AYER'S CHERRY PECTORAL is so universally known to surpass every other remedy for the cure of *Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption*, and for the relief of Consumptive Patients in advanced stages of the disease, that it is useless here to recount the evidence of its virtues. The world knows them.

Prepared by Dr. J. C. AYER & Co., Lowell, Mass., and sold by B. A. FAHNESTOCK & SON, and by all Druggists. jy12mwsawood

The State and County Taxes—Important to Tax Payers.

The recent change in the act relative to the payment of the State tax, provides that a penalty of five per cent. shall be added by the Auditor General on all State taxes remaining unpaid on the 1st of August, 1865, which shall be charged in the duplicates against each delinquent tax payer in arrears on and after said date.

Under the old law, a deduction of five per cent. was allowed if the tax was paid on or before the 15th of September, but now a penalty of five per cent. is added if the tax is not paid before the 1st of August.

The State tax in Allegheny county amounts, we believe, to about $70,000. Although the Treasurer, Mr. David Aiken, Jr., has given the necessary legal notice, and although the newspapers have frequently called the attention of the public to the provisions of the law, the greater proportion of the tax remains unpaid, and (as the time expires to-day) subject to the five per cent. penalty. We think, however, having sufficient funds on hand to pay the entire amount due the State, has settled the claim, and will thereby save the delinquent tax payers of the county, the penalty fixed by the law, *if the taxes due are paid within the ensuing twenty days*. In other words, the Treasurer will excuse no penalty if the taxes are paid before the 20th of August. This gives ample time for all in arrears, to call at the Treasurer's office and settle. Those who have not yet attended to this important matter should do so promptly, for time is valuable. It is their *interest*, as well as their duty to do so. The Treasurer deserves the thanks of the tax-payers of the county for looking after their interests in this matter, and saving them from the penalty. As he will need the funds now due, within the time stated, it is to be hoped that no tax payer will delay payment beyond the 20th. Indeed, all taxes due the county should be paid within the next three or four weeks, if property owners would avail themselves of the liberal deduction allowed by law. The time in which the five per cent. abatement is allowed will soon begin to expire in the several districts, and the sooner the matter is attended to the better. It will be for all concerned, to settle promptly. There has been a considerable "rush" to the office of the Treasurer during the past few days, but as an ample force of clerks is employed all applicants are soon dispatched with their receipts with as little delay as possible.

To sum up, the case may be stated thus—Up to the 20th of August, five per cent. deduction will be allowed. Between the 20th and the 30th of September, the net amount only will be exacted. After the 20th of September, a penalty of five per cent. on *all taxes unpaid* will be collected. These facts should be borne in mind by all who have not yet paid their county and state taxes.

Kentucky Oil Intelligence.

Correspondence of the Pittsburgh Gazette.

CATLETTSBURG, KY., July 31st, 1865.

It has been some time since the name of "Anawan" graced (?) your columns, but in future I trust I will be more frequent. The fact is I am a little diffident—do not like too much notoriety. This I offer in extenuation. Let me say, however, to those of your readers who are interested here, that I will endeavor to keep them posted, from time to time, as the country becomes developed.

At the present time there are some thirty odd wells being drilled on the Sandy and its tributaries. Several of them have struck small crevices of oil. The one at the mouth of Blain got quite a flow for a short time in the second sandrock, five hundred feet down, but it soon turned into salt water and gas. They did not test it, but went to boring some thirty feet deeper.

News has just reached here to day, that Lyons, the same gentleman who struck oil on Paint Creek in '61, has again struck a good well on the same creek. We do not know how much. There are wells going down on "Blain," "Centuary," "Cat fork of Blain," "French Orchard," "Price's farm," "Boy and Settle Paint," "Jennies creek," "Mudlick," "John's creek," "Peach Creek," "Grant's creek," "Little Hurricane" and a host of them on Little Sandy. Nearly all have a good prospect.

Pittsburgers are largely interested here, as are also Philadelphians, both in coal and oil territory; but Cincinnati companies seem to be more in earnest; they are boring many places, some in a number of places.

The small grain has been very much damaged in this locality by the continuous wet weather, but never has there been a fairer prospect for corn and peaches; while the sandy soil will protect the potatoes from the second growth. Never has there been such reason for boasting on the Sandy. For eleven consecutive months there has been a good navigable stage of water. The boats are still running to the head of Sandy navigation. This little river beats your Allegheny and Monongahela all "hollow."

The Valley Hotel here will change hands on the 24th inst. Mr. Norris, an experienced landlord takes it, and it is to be hoped he will keep a place fit for a white man to stick his nose in. The various odors that now arise from in and around the "diggings" would puzzle a *connoisseur* to locate.

There is still a military post here and a lot of idle soldiers, who are about as useful to the place as a fifth wheel is to a wagon. Why is the post not abandoned?

I would like to see these mammoth mountains of coal taken hold of and worked by Pittsburghers. There is coal enough in these mountains, in accessible localities, to supply the whole lower Ohio and Mississippi for centuries. Why do not your capitalists "go in" where they would be so much nearer the market?

The enterprising people of Ceredo, three miles above here, on the Virginia side of the Ohio, have got engineers to work locating a railroad up through Wayne, Cable, and Logan counties to and through the Oil regions, and I would not be astonished to see a road located up Sandy before winter yet. No road in the country would pay stockholders better. More on this subject anon. ANAWAN.

Outrageous Assault by Rowdies.

A few evenings since, as a party of young men were returning from a pic-nic at M'Koe's Rocks, on one of Jones' ferry boats, they were attacked at the Point by a party of rowdies, after the boat had landed. One of the rowdies stepped from the wharf boat to the ferry boat, and began rummaging the baskets, when one of the young men having charge of the baskets shoved him off into the water, which was about eighteen inches deep. This "blow in self-defence" was the signal for a general onslaught by the rowdies on shore, and eight or ten of them rushed to the assistance of their comrade. The result was that three or four of the young men, having charge of the baskets, were assaulted and severely beaten. They maintained their ground manfully, however, and made the best fight they could under the circumstances. Warrants have been issued for the arrest of the rowdies, and Mayor Lowry's police have succeeded in capturing six of them, namely: Wm. Oliver, Michael Lawrence, David Oliver, Patrick Welsh, Patrick Cauley and —— Miller. They are now in the lock-up awaiting a hearing.

Rescued Alive.—The two brothers, Jacob and Frank Miller, whom we mentioned on Saturday as having probably been drowned in the inundation of the Hubard coal mine, were rescued alive on Wednesday night. When found they were both insensible from cold and hunger, and were lying in an excavation above the reach of the water.

The German Lutheran Church vs. The Pennsylvania Railroad Company.

Some time since the corporators of the German Lutheran Church, located at the corner of Wylie and High streets, brought suit against the Pennsylvania Railroad company, for damages sustained by their church property in consequence of the erection of a tunnel for the Steubenville Railroad Company. Viewers were appointed in October last, to assess the damages sustained
