The Society oy

The other evening there was a little company up on Jonalemon street, and during the entertainment the hostess dragged her hopeful to the front to "speak a piece."

Johnny knew that there was remuneration in the background, and the perliminaries having been arranged in an undertone, he wet his thumb, slicked his hair and started in:

"Mary had a little fleece,
Its snow was white as wool.
And every time that Mary jambed
That fleece would go to school.

"Now, now, Johony," said his mother, "you know that isn't right. It just as you did this afternoon." Here she broke into a maternal whisper, and the inevitable nonsense turned up again:

"Mary had a little lamb,
Whose white was in was fleece;
And everywhere that Mary went,
That lamb would go a piece."

"Johony, Johony" chided the mother; "that isn't quite right. Speak it right this time. The ladies and gentlemen never heard it. Now go on."

Once more the common and inextinguishable fraud went at it:

"Mary had a little snow,
Its fleece was lined with white,
And everywhere the lamb would go,
Mary was sure to bite."

"Wust a naughty boy!" exclaimed the proud mother, who had been training the cub all the afternoon for this display.

"Now speak it right or mamma won't kiss you before you go to bed."

Thus encouraged the insect perpetrated himself once more:

"Mary had a little wool,
Its fleece was white as snow,
And every one that Mary fleeced
The white was sure to show."

"I'm ashamed of you, Johony, that you don't speak it right. You must do it this time or mamma will have to punish you."

"I won't" bawled the urchin.

But his mother promised him some additional candies or buns or clams or something that had the great social advantage of laying heavy on his stomach, and the wretch began to bawl:

"Mary had a little school,
Its snow was fleece as lamb,
And everywhere that Mary went,
You'd surely find that ram."

Then the guests very properly interfered, and said it was a shame to torment the sweet child. He had done nobly, and should have his pay right off.

And his mother packed him off to bed while the company found solace in the reflection that he would probably burst his head open before morning bawling with the stomach ache and writhing under the nightmare.

Brother Gardner on Sympathy.

"Am dis a sympathy kentry, or am yer a race of inconsistents?" asked the old man as he slowly unfolded his legs and stood erect. "As soon as a murderer am sentenced to be hung, a sheer of de public begin to weep an' to snuffle an' wipe der eyes an' petisnun for his pardon, entirely forgettin' de widder an' chill'en of de victim. Wust do you call dat? Gentlemen had two terms, a big salary and a good show, an' while 10,000 orphans in America wanted bread, 'public sympathy' raised a quarter of a million of dollars for a man already rollin' in wealth, while 20,000 private soldiers, maimed and wounded for life, have to fight the bull kentry for a petty pensium! What do you call dat? A good husband an' a kind father am killed ebery hour in de day in dis kentry, an' a man would have a hard day's work to collect a kind of two dollars to help bury him.

If Vanderbilt or Gould war to be sent up to-morrow, somebody would suggest a testimonial of a million dollars. If twenty honest but poor men were smashed up nex' day, it would be nip an' tuck to raise a fund large 'nuff to pay fur de coffins. We am at fust horrified at a murder, an' den turn arounu' an' weep ober de murderer. We sen' men to prison to reform 'em, an' de judge an' de jury arise turn arounu' an' sign a petishun for pardon. We make laws on Monday, an' seek to upset em de nex'. If a man commits a great crime he is spoken of as a frien' to humanity. After sleepin' on it one night we call him a lunatic an' fu' reasons for him. Public sympathy has abolished the gallus, and yet it will suffer women and children to starve an' freeze to death. Men rob our banks an' am pursued, not to be punished, but to be given a commission under de steslius. Public sympathy, as I see it, am a sort of jar filled with buttermilk, bones, hash, butter, scrap iron, beer slops an' wheel scrapers. I don't want any of it. If I break de law I want de penalty enforced. If I meet wid misfortune I want to borry instead of beg. If I die I want no eulogies on my virtues or criticisms on my failings."

Sarsaparilla

Is a compound of the virtues of sarsaparilla, stillingia, mandrake, yellow dock, with the iodide of potash and iron, all powerful blood-making, blood-cleansing, and life-sustaining elements. It is the purest, safest, and in every way the most effectual alterative medicine known or available to the public. The sciences of medicine and chemistry have never produced so valuable a remedy, nor one so potent to cure all diseases resulting from impure blood. It cures Scrofula, and all scrofulous diseases, Erysipelas, Rose, or St. Anthony's Fire, Pimples and Face-grubs, Pustules, Blotches, Boils, Tumors, Tetter, Humors, Salt Rheum, Scald-head, Ringworm, Ulcers, Sores, Rheumatism, Mercurial Disease, Neuralgia, Female Weaknesses and Irregularities, Jaundice, Affections of the Liver, Dyspepsia, Emaciation, and General Debility.

By its searching and cleansing qualities it purges out the foul corruptions which contaminate the blood, and cause derangement and decay. It stimulates and enlivens the vital functions. It promotes energy and strength. It restores and preserves health. It infuses new life and vigor throughout the whole system. No sufferer from any disease which arises from impurity of the blood need despair, who will give AYER'S SARSAPARILLA a fair trial. Remember, the earlier the trial, the speedier the cure.

Its recipe has been furnished to physicians everywhere; and they, recognizing its superior qualities, administer it in their practice.

For nearly forty years AYER'S SARSAPARILLA has been widely used, and it now possesses the confidence of millions of people who have experienced benefits from its marvellous curative virtues.

POSITIVELY CURED BY
Benson's Capcine Porous Plasters.

Reasons Why they are Preferred to All Other Porous Plasters or External Remedies:

First.
Because they possess all the merit of the strengthening porous plaster, and contain in addition thereto the newly discovered powerful and active vegetable combination which acts with increased rubefacient, stimulating, sedative and counter irritant effects.

Second.
Because they are a genuine pharmaceutical preparation, and so recognized by the profession.

Third.
Because they are the only plasters that relieve pain at once.

Fourth.
Because they will positively cure diseases which other remedies will not even relieve.

Fifth.
Because over 8000 physicians and druggists have voluntarily testified that they are superior to all other plasters or medicines for external use.

Sixth.
Because the manufacturers have received the only medals ever given for porous plasters.
