Prosperity of the Manufacturers.

Never, since the government of the United States was organized has there been such steady and healthy prosperity among the manufacturers, in all their different branches, as since the Democratic tariff of 1846. The growth of all our manufactoring towns, for example Derby, Seymour, Waturbury, Naugatuck, Merden, Wallingford, and we may say New Haven, and we may name them because they are near to us and in this country has been beyond all former precedent, since the year 1846. Go into those and you find prosperity, thrift, and extended and extending business in other parts of Connecticut, Massachusetts and throughout New England. Even our millionaire ambassador in London, Mr. Abbott Lawrence, who predicted the ruin of the country if the Democrats should pass the tariff of '46, finds the temptation to make money at home in his manufacturing establishments so great that he cannot resist it. He is about to relinquish his mission and come home to superintend by his advice, the largest establishment for manufacturing that has ever been built in the United States, and which is now going up by his means, well contented to take the tariff of 1846 as it is, and abide by it.—*New Haven Register.*

ATTACK OF THREE THOUSAND SAVAGES UPON AN AMERICAN BRIG—INTERESTING INTELLIGENCE.

We learn by the private letters from Rio de Janeiro, says the New York Times of yesterday, that the American brig Mary Adeline, A. Oaksmith, of New York, Master, arrived at that port on the 9th of August, from the coast of Africa, where she had a most perilous and thrilling adventure with savages on the river Congo. She was bound into the river, with a valuable cargo from Rio Janeiro, and, on rounding Shark Point, unfortunately got aground near the shore. The natives seeing her helpless condition, flocked to the shore to plunder the vessel, and, in the course of the day, their numbers amounted to some three thousand. They made a furious and assault on the vessel, which was most bravely and gallantly defended by Capt. Oaksmith and his crew for some hours, till the British armed brigantine Doldhin, which was fortunately in the river, came to his rescue, and saved the vessel and cargo, and the lives of all on board, though not without the loss of life on the part of the savages. On the following day the British steamship Firefly came into the river, and promptly rendered every possible aid, together with the Dolphin, to relieve the Mary Adeline, which was at length got afloat, and enabled to pursue the voyage without much loss or damage.

THINNESS OF A SOAP BUBBLE.—A soap bubble, as it floats in the light of the sun, reflects to the eye an endless variety of the most gorgeous tints of colors. Newton showed that to each of these tints corresponds a certain thickness of the substance forming the bubble; in fact, he showed in general, that all transparent substances, when reduced to a certain degree of tenuity, would reflect these colors. Near the highest point of the bubble, just before it bursts, is always observed a spot which reflects no color, and appears black. Newton showed that the thickness of the bubble at this black point, was the 25,000,000th part of an inch! Now, as the bubble at this point possesses the properties of water as essentially as does the Atlantic Ocean, it follows that the ultimate molecules forming water must have less dimensions than this thickness. —*Lardder's Handbook.*

The only True Portrait of Washington.

Just Published, J. T. Welch's Magnificent

PORTRAIT OF WASHINGTON.

Engraved, by permission, from Stuart's only original portrait in the Atheneum, Boston.

THIS superb picture, engraved under the superintendence of THOMAS SULLY, Esq., the eminent and highly gifted artist, is the only correct likeness of Washington ever published. It has been characterised as the greatest work of art ever produced in this country. As to its fidelity, we refer to the letters of the adopted son of Washington, GEORGE WASHINGTON PARK CURTIS, who says, "it is a faithful representation of the celebrated original," and to CHIEF JUSTICE TANEY of the Supreme Court of the United States, who says, "As a work of art its excellence and beauty must strike every one who sees it; and it is no less happy in its likeness to the Father of his country. It was my good fortune to have seen him in the days of my boyhood, and his whole appearance is yet a vongly impressed on my memory.—The portrait you have issued appears to me to be an exact likeness, representing perfectly the expression as well as the form and features of the face." And says SENATOR CASS, "It is a life-like representation of the great original." PRESIDENT FILLMORE says, "The work appears to me to have been admirably executed, and eminently worthy of the patronage of the public." Says MERCHANT, the eminent portrait painter, and the pupil of Stuart, "Your print, to my mind, is more remarkable than any other I have seen, for presenting the whole individuality of the original portrait, together with the noble and dignified repose of air and manner which all who ever saw him considered a marked characteristic of the illustrious man it commemorates."

For the great merits of this picture, we would refer every lover of Washington to the portrait itself, to be seen at the office of this paper, and to the letters of the following artists, statesmen, jurists and scholars accompanying it.

ARTISTS.—Merchant and Elliott, of N. York; Neagle, Rothermel, and Lambdin, of Philadelphia; Chester Harding, of Boston; Charles Fraser, of Charleston, S. C.; and to the adopted son of Washington, Hon. G. W. P. Curtis, himself an artist. STATESMEN—His Excellency Millard Fillmore, Major General Winfield Scott, Hon. Geo. M. Dallas, Hon William R. King, Hon. Daniel Webster, Hon. Lynn Boyd, Hon. Lewis Cass, Hon Wm. A. Graham, Hon. John P. Kennedy, Hon. R. C. Winthrop, LL. D. Jurists—Hon. Roger B. Taney, Hon. John Duer, Hon. John McLean, Hon. Rufus Choate. SCHOLARS—C. Folsom, Esq., the well known Librarian of the Boston Atheneum, who says, "I would rather own it than any painted copy I have ever seen;" E. P. Whipple, Richard Hildreth, Hon. Edward Everett, LL D., Washington Irving, Ralph W. Emerson, Esq., Prof. T. C. Upham, J. T. Headley, Fitz James Halleck, Henry W. Longfellow, Wm. Gilmore Simms; and from EUROPE, Lord Talford, T. B Macauley, Sir Archibald Alison, Lord Mayor of London, &c. &c. THE PRESS throughout the entire Union have with one voice proclaimed the merits of this superb engraving.

To enable all to possess this valuable treasure, it is sold at the low price of $5 per copy.
