PETER DECKER,

Great Bend, Oct. 4th, 1853.

Invalids of Pennsylvania,

Your attention is urgently invited to a careful and candid perusal of something that has just been introduced into your rich and time honored State.

Pulvermacher's Hidro Electric Voltaic Chains.

A new and novel mode of applying a powerful remedial agent, so constructed as to be worn under the garments, next to the skin producing a constant uninterrupted current of Electro Magnetism, effecting immediate relief from the most acute pain, and also a permanent cure of all Nervous Diseases. It seldom has failed to furnish almost instant relief, and a final, permanent cure, by being used according to directions, to the following diseases.—Rheumatism, Gout, Sciatica, Paralysis, Painful and Swelled Joints, Neuralgia of the face, Diseases of the Spine, Deafness and Blindness, Uterine Pains, Palpitation of the Heart, Periodical Headache, St. Vitus Dance, General Debility, Pains of the Chest, Hysterics, Dyspepsia, all diseases that are caused by a deficient amount of Nervous Fluid are greatly relieved, if not permanently cured by simply wearing the chains a few hours each day.

It is understood that it is not claimed that it cures all diseases, but only those for which it is recommended; and moreover we boldly claim and defy that no medical agent of any kind has performed so MANY cures during the last year, of those diseases just named as

Pulvermacher's Electric Chain.

And to prove this assertion, we defy any person to produce so many well authenticated Certificates of scientific Physicians and intelligent patients as may be found in a pamphlet of 36 pages, to be had gratis at the agent in this town. The Electric Chains were first introduced in France in 1850, and after being subjected to the most thorough and rigid trial, by the first medical men in Paris, they were found to possess strange and marvellous power for relieving pain, wherever applied, and by their influence were introduced into the hospitals of that city, and also secured letters patent by the French Government. They are now introduced into almost every Hospital in England, Germany, Austria, Belgium, and patented in those countries, where they have become the most

Popular Curative Agent in the World.

They were first introduced into the U. States about one year since, and went through the same trial as in Europa, and were at once introduced into every Hospital in N. York, where they are now in daily use, effecting even more wonderful cures than had ever before been awarded them. They are highly recommended by Prof. Valentine Mott, Van Buren, Post and others, who have published their views of their power and value in several of the medical journals in that city, and are also in the daily practice of recommending their use to patients. A full account of their opinion may also be found in every pamphlet, and sent to the address of every person in the State by applying (post paid) to ABEL TURRELL, Agent, Montrose, Pa. The Chains can be sent by mail, with full descriptions for use. Price of Chains, $3 and $5.

Physicians are politely invited to call and examine their construction, and pronounce upon their merits. One word to INVALIDS, no person need fear that they will not accomplish just what it is claimed they can do.

N. B. One Chain will last for years and lose none of its electric power by use, and can be applied to either adult or child.

ABEL TURRELL, Agent, Montrose, Pa.

JOS. STIEVERT, General Agent, 568, Broadway, New York 6y1.

The Artist's Greeting.

Friends, Patrons, and Everybody, another mile stone has been reached on the journey of life—another degree has been marked on the scale of time—another link has been severed from the chain of the future—another page has been written in the great volume of the past—and again we witness the bright opening of a New Year:

And at its early dawn we meet you,
And with a "happy new year" greet you.

And now, as you review the year just departed, and dwell upon its joys and sorrows—its privileges enjoyed, and its duties neglected: perchance, some of you have neglected to call on the Artist and secure one of those "*Faithful Shadows*"

Which light and art, with magical spell,
By working together, can catch so well!

But you may yet redeem the past. As you lay your plans for the advancing year, let *this* occupy an early and prominent place on the programme of your future intentions.

Would you leave a *lasting impression* behind you! Come to the Daguerrean Gallery! Would you "see yourselves as others see you?" Come to the Daguerrean
