HORACE WATERS' MODERN IMPROVED PIANOS.

NEW YORK, Dec. 12, '54.

HORACE WATERS, Esq., 333 Broadway:

Dear Sir—Having examined your Piano Fortes from scientific and appropriate tests, I am enabled to form a satisfactory judgment of their merits, and it is with pleasure that I can speak of them as among the most celebrated and improved makes of the day.

For power, brilliancy and richness of tone elasticity of touch, and beauty of finish, they will not suffer in comparison with those of any other manufacturer and those desirous of obtaining a really good Piano Forte—one that will prove an equivalent for their means, will find such a one in your beautiful instruments.

THOMAS BAKER,

R. A. M. Leader of Jullien's Band and musical Director and Conductor at Niblo's Garden.

For power, brilliancy and richness of tone, elasticity of touch, elegance and durability of make, they are in advance of any other pianos in the United States, being the result of long experience and a series of experiments.—*N. Y. Dispatch.*

The treble is clear, pure, beautiful, and very melodeous; the bass is deep, rolling and sonorous; the middle part is rich and sympathetic, and posses the power of singing; *i. e.* of uniting the sound of each tone, in a de gree but rarely achieved—HENRY C. WATSON.

Your instruments are a sensible improvement upon American pianos, and an honor to the skillful manufacturer. There is no doubt but they will be appreciated by the public, and all admirers of true merit.—OSCAR COMETTANT.

For power of tone, depth of bass, and brilliancy of treble, together with accuracy of touch, they are equal to any make I am acquainted with and I cordially recommed them to those wishing to purchase.—V. C. TAYLOR.

Our friends will find at Mr. Waters' store the very best assortment of music and of pianos to be found in the United States, and we urge our southern and western friends to give him a call whenever they go to New York.—*Graham's Magazine.*

I take great pleasure in pronouncing them instruments of superior quality, both in tone and touch.—AUGUST GOCKEL.

We consider them worthy of special attention, from the resonant and exceedingly musical tone which Mr. Waters has succeeded in attaining.—*N. Y. Musical World & Times.*

The Horace Waters pianos are of superior tone and elegant finish.—*N. Y. Christian Inquirer.*

Nothing at the State Fair displayed greater excellence in any department than the Piano Forte manufactured by Horace Waters, of this city.—CHURCHMAN.

Horace Waters' Piano Fortes are of full, rich, and even tone, and powerful.—*N. Y. Musical Review.*

Your new Square Pianos, sir, are of such a clearness and equality of tone throughout, that they very successfully compete with the voluminous and expressive Grand Piano.—*Vanderweyde.*

The Editor of the *Savannah Republican*, Savannah, Ga., speaking of the Piano Fortes kept by Messrs. J. W. Morrell & Co. of that city, says:

"It will be seen that their stock comprises instruments of every grade of excellence, from the well known manufacturing establishments of Chickering & Son, Horace Waters, H. Worcester, Nunns and Clark, and Bacon and Raven. It might well be supposed, that in so large a collection there would be some very fine instruments. But there is one which, for beauty of finish and richness and brilliancy of tone, equals, if it does not excel, anything of the kind we have ever seen. It is from the establishment of Horace Waters. Being constructed of the best and most thoroughly seasoned material, and upon improved principles, it is capable of resisting the action of every climate, and of standing a long time in tune. The keys are of pearl, and the recess for the finger-board is inlaid with pearl, the legs are most elaborately carved, and the whole instrument finished up in a style of great excellence and beauty. And yet its chief merit lies in the power brilliancy, and richness of its tone, and the elasticity of its touch."

Extracts from Editorials concerning C. GILBERT & Co's PREMIUM ÆOLIAN PIANOS.

The Æolian Piano Forte is undoubtedly the most perfect musical instrument human ingenuity has constructed. Two instruments are blended in one. The Æolian is both attached and detached; so that the Piano may be played with or without it; or, with one hand the performer may elicit the melodious strains of the Æolian, and with the other invoke the harmonies of the Piano. The instrument which, in the evening, incited to the dance or aided the festive song, gives forth, in the morning, the pealing tones which prelude and accompany the solemn hymn Mr. Waters' new rooms are very inviting to the lovers of music. But he has nothing in his rooms equal in beauty and completeness to Gilbert's Æolian Piano Fortes.—*Morris & Willis' Home Journal.*

The variety and beauty of the effects can only be appreciated by those who hear these magnificent instruments at Mr. Waters' establishment.—*N. Y. Tribune.*

The Æolian Piano Fortes sent to the Crystal Palace from the great music rooms of Horace Waters, have been proved to be unsurpassed by all others in those qualities which the greatest performers most prize.—*Evening Post.*

The Pianos sold by Mr. Waters are very popular. The framework is mettallic and the instrument is warranted to stand any climate with scarcely any need of tuning.—*N. Y. Daily Times.*

The invention of the new voices has divested that instrument of its harsher tones, and given us all the purity and richness of a parlor organ.—*Evening Atlas, Albany, N. Y.*

This admirable instrument is everywhere praised.—*Christian Reflector, Boston.*

The Æolian Piano is now the chief attraction in all musical circles in the South.—*Alabama Baptist, Marion.*

Extracts from testimonials concerning S. D. & H. W. SMITH'S CELEBRATED MELODIANS.

In an article in the February number of the *Review*, answering some inquiries in regard to temperament made by "William W. jr., Brookfield, Vt.," I noticed a statement that Prince's Melodeons are tuned in the equal temperament. Since that time I have examined a number of Prince & Co's Melodeons, with special reference to the temperament, and have not found one tuned in equal temperament. The temperament in the melodeons of Prince & Co.'s manufacture that I have examined, approaches nearer the Equal than in those of Carhart & Needham, but it is far from equal, as any one "troubled with a nice ear," I think will decide, if they will try the chords of F and F Sharp in succession.

A TUNER, Poultney, Vt.

We are very happy to stand corrected on this point. We made the statement alluded to above on the authority of a professor of music in this city, without having observed in reference to it ourselves—a thing we very seldom do. We have since examined Prince & Co.'s Melodeons and find "A Tuner" right. Tho' however, that S. D. & H. W. Smith's Melodeons, sold by Horace Waters, No. 333 Broadway, are tuned in the equal temperament.—*N. Y. Musical Review.*

Messrs. S. D. & H. W. Smith rank as the first manufacturers of the Melodeon in this country. Their instruments are recommended by the best judges as superior in every respect.—*Boston Commonwealth.*

☞ There is constantly in store at this establishment ten different makes of Pianos, and five different makes of Melodeons.

☞ Each instrument is guaranteed to give entire satisfaction, or the purchase money refunded.

Persons at a dastance wishing to purchase will, by forwarding their orders, have their wants *as well* and *as cheaply* supplied asthough personally present. 15y1

HYGEANA.

Brought Home to the Door of the Millio

A WONDERFUL Discovery has recently been made by Dr. Curtis, of this city, in the treatment of Consumption, Asthma and all diseases of the Lungs. We refer to "Dr. Curtis" Hygeana or Inhaling Hygean Vapor and Syrup." With this new method Dr. C. has restored many afflicted ones to perfect health; as an evidence of which he has innumerable certificates. Speaking of the treatment, a physician remarks: It is evident that inhaling—constantly breathing an agreeable, healing vapor, the medicinal properties must come in direct contact with the whole of the airial cavity of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomach, and subjected to the process of digestion.—The Hygeana is for sale at all the druggists throughout the country.

New York Dutchman of Jan. 14

The Inhaler is worn on the breast under the linen without the least inconvenience—the heat of the body being sufficient to evaporate the fluid.

Hundreds of CASES of CURES like the following might be named. One Package of Hygeana has cured me of the ASTHMA of six years standing.

Jas. F. Kceiberry, P. M. of Duncannon, Pa.

I am cured of the ASTHMA of 10 years standing by Dr. Curtis' Hygeana.
