MEDICAL.

TO THE PROFESSORS AND MEMBERS OF THE MEDICAL SOCIETIES, AND TO EVERY

Mother, Wife and Daughter

IN THE UNITED STATES—The subscriber respectfully calls your attention to Dr BARRETT'S GUARDIAN, expressly intended for the preservation of the health of both sexes—whether it arises from Incipient Phthisis, or early consumption, Debility of the Lungs, Bronchial Affections, Asthma, Pleurisy, Deranged and Disordered state of the Liver, Spleen, or Kidneys, Dissease Spine, Cholic, Dyspepsia, Palpitation of the Heart, Loss of Muscular or Nervous Power, &c. &c.

DR. C. B. BARRETT'S GUARDIAN comes to the immediate relief of Females suffering from Irregularities, and all other Uterine difficulties and diseases incidental to women, whether occasioned by cold, wet feet, or any similar injudicious exposure, and all this without the use of medicine; as the most delicate and sensitive lady can at any moment apply it to herself without the possibility of incurring any risk or danger, or any unpleasant results arising from it, and with the certainty of obtaining immediate relief.

Dr. Barrett's Guardian is no catch-penny, or one of the many humbugs of the day, but it is an instrument made upon strictly scientific principles, in accordance with the laws of Electricity and Galvanism; and for neatness, durability and efficacy, infinitely surpasses everything of the kind ever before offered to the public for the relief of disease and, in the language of one of the most enlightened men of the day, is pronounced to be "the greatest discovery of the age."

A period of so less than four years has been occupied by Dr. Barrett in bringing the Guardian to its present state of perfection—during which time it has been in the hands of some of the most eminent physicians of the North and South, as well as in the dwellings of numerous families, who have used it for all of the above purposes, with the most perfect success, and who have cheerfully given their unqualified approbation of its efficacy and value; as can be seen by referring to the Manual of Instructions accompanying it.

Dr. C. B. Barrett's Guardian is secured from innovations by a patent from the United States Patent Office, and be had either with or without his Medico-Electro Galvanometer.

The Medico-Electro Galvanometer, in point of beauty, workmanship and utility, cannot be surpassed or even equalled, and the subscriber feels that he hazards nothing in the assertion that it will be found to possess more powerful effect in the treatment and removal of diseases, by Galvanism and Electricity, than any other instrument, either in the United States or Europe. The Medico-Electro Galvanometer is warranted in every respect, and with common ordinary care will last a life-time, and is by far the cheapest, because the most durable article offered to the public. A manual accompanies them, giving the most ample instructions, of practical experience, so that it is rendered intelligible to the mind of every one, while the simplicity of arrangement is such that a child may operate with it.

Any Pamphlet gratuitously given, and all communications cheerfully answered per mail, either in relation to the Electro-Galvanometer or Guardian.

Medicines are invariably not required by Dr Barrett's Guardian, and testify efficacy.

OVER 5,000 PERSONS in Philadelphia alone, can testify to the wonderful efficacy of that powerful remedy,

THOMPSON'S COMPOUND SYRUP OF TAR AND WOOD NAPHTHA.

In Pulmonary Consumption, Chronic Bronchitis and severe Inveterate Nasal Catarrh, Spitting of Blood, Pain in the Side and Breast, Difficulty of Breathing, Whooping Cough, Croup, Weak Nerves and Nervous Debility, Palpitation of the Heart, also, Liver Complaint and Affection of the Kidneys.

This medicine, the invention of a man who gave the subject of Pulmonary, Bronchial and Pectoral diseases the most rigid examination, has now been before the public near four years. During this period it has performed some of the most remarkable cures on record of Pulmonary Consumption—secured the recommendation and use of physicians of the highest practice, and the warmest gratitude of thousands of persons in ordinary and severe Colds, Coughs, in Hoarseness, Spitting of Blood, &c.

ASTONISHING CURES.

About four years since I was attacked with Typhus Fever, which left me in a debilitated state of health, in extreme debility with a general prostration of the system, with violent pains in the breast and loss of appetite, in consequence of which I was unable to attend to my usual business, or persorm any kind of work. I applied to several physicians and used various remedies, but without any benefit and had despaired of ever obtaining a recovery of my former health. But some time last June I was advised to try Thomson's Compound Syrup of Tar and Wood Naphtha; and incredible as it may appear, by the time I had taken three bottles the debility, pain and every sense of suffering were completely removed, and I was able to attend with restored health to my usual avocations.

VALUABLE TESTIMONY.

"This may certify that in the spring of 1846, my health was very feeble, I was afflicted with pain in the side, with other alarming symptoms, and suffered much from great debility. At that time I purchased from Moses Bunting, one bottle of Thomson's Compound Syrup of Tar and Wood Naptha, from which I experienced great benefit, my health being now good; and I cheerfully recommend the use of the above Compound Syrup to all persons, with general debility, with symptoms of a decline.

ASTHMA, OR DIFFICULTY OF BREATHING.—This complaint is generally a mechanical construction of the air cells; it is very debilitating, almost causing suffocation. DR. SWEETSER'S PANACEA is the only remedy to cure it.

Hoarseness can be entirely cured by a free use of Dr. Sweetser's Panacea.

Catarrh, or common cold, which, if neglected, will terminate in Consumption, is effectually relieved and cured by Dr. Sweetser's Panacea.

Bronchitis, if neglected, will effectually lead to Bronchial Consumption, but a timely use of Dr. Sweetser's Panacea will effectually cure it.

Inflammation of the Tonsils or Sore Throat—This disease often leads to serious consequences from neglect, such as ulcerations of the throat. On the first symptom, Dr. Sweetser's Panacea should be procured and used freely.

Coughs and Colds find a sovereign remedy in Dr. Sweetser's Panacea.

Pneumonia Nothu—A very fatal disease, resulting from a violent cough and cold on a debilitated or broken down constitution; aged persons are subject to it—Dr. Sweetser's Panacea should be used on the first symptoms, which are a cought or cold.

Night Sweats—This debilitating complaint will meet, with a timely check, by the use of Dr. Sweetser's Panacea.

Consumption—If on the first appearance of consumptive symptoms, which are a pain in the side and breast, cough or spitting of blood, if Dr. Sweetser's Panacea is freely used, no danger need be apprehended.

When the Lungs, the Windpipe, or Bronchial Tubes become clogged up with phlegm so as to impede respiration or breathing, Dr. Sweetser's Panacea, which is a powerful Expectorant, should be taken according to the directions.

Influenza—This distressing epidemic, so prevalent in our climate, is speedily cured by Dr. Sweetser's Panacea.

SALTER'S GINSENG PANACEA!

TO THOSE SUFFERING WITH DISEASED LUNGS.—The unprecedented success which has attended the use of the

GINSENG PANACEA

in all the various forms which irritation of the lungs assumes, has induced the proprietor again to call attention to this

WONDERFUL PREPARATION.

The changeable weather which marks our fall and winter months gives a fruitful source of

COLDS AND COUGHS.

These, if neglected, are but the precursors of that fell destroyer,

CONSUMPTION.

The question, then, how shall we nip the destroyer in the bud? how shall we get rid easy of our coughs and colds? is of vital importance to the public.

THE GREAT AND ONLY REMEDY

will be found in Salter's Ginseng Panacea. In proof of this we have from time to time published the certificates of dozens of our best known citizens, who have experienced its curative powers, and we can, with a mass of testimony from all parts of the country—from

MEDICAL MEN OF HIGH STANDING,

Ministers of the Gospel, &c., together with copious notices from the

we have compiled in pamphlet form, and may be had gratis of any of our agents throughout the country.

HUNDREDS OF BOTTLES

have been sold in Pittsburgh, and

THOUSANDS AND TENS OF THOUSANDS

throughout the United States and Canada, and we challenge any man to point out a

in which, when taken according to directions, and before the lungs had become fatally disorganized, it has ever failed to

EFFECT A PERFECT CURE.

When then, need the afflicted hesitate to fly resort to the numerous nostrums, gotten up by not own individuals, in defiance of the science of physician, and puffed into notoriety by certificates equally unknown? Whilst a medicine of

is to be had, whose vouchers are at home,—our neighbors,—many of whom it has

In order that this invaluable medicine may be placed within the reach of the poor as well the rich, we have put the price at

just one half the usual cost of cough medicines. It is on sale by our agents in every town and village over the west, who are prepared to give full information relative to it.

Dr. W. F. Inland's Premium Plaster.

DR. W. F. INLAND, of the Medical College of Philadelphia, now offers to the public his Inland's Vegetable Premium Plaster, the properties of which, after long and tried experience, has been satisfactorily established. To all women who may be afflicted with Prolapsus Uteris or Fallen Womb, he recommends his plaster, guaranteeing a sure and speedy cure in the short space of from two to three weeks, it applied with care and rest—according to the complete instruments and expensive bandages so long in use. This he feels conscientious in stating, inasmuch as he has not failed in one case out of three hundred and fifty-three patients.

Also for Rheumatism and Weak Breast or Back, attended by pain, there is nothing to excel this Plaster in affording relief or effecting a cure. For sale by

A Challenge to the World.

TWENTY-FIVE DOLLARS will be paid to any one who will produce a spot of paint, green or dry, that cannot be removed with Hoyt's Improved Chemical Soap. I have the satisfaction of saying to the people of this place, that this article, by my own improvement on it, now stands unrivalled in the country for extracting grease, tar, pitch, oil, paint, or any other greasy substances, from all kinds of gentlemen's or ladies' clothing; carpets, table cloths, marble mantels, ladies' bonnets, &c, without injuring anything that pure water will not injure. More than one thousand persons in different parts of the country have told me they would not be without it; if it cost one dollar per cake. In trying this Soap on more than 200 articles of light silks, satins, silks, alpacas, and calicoes, I have only found three pieces of silk, two of alpacas, and four of calico, on which it changed the color, therefore before putting it on a light dress try a sample of the dress first. I state this because I am determined not to recommend it any sooner than I know it to be strictly true. Neither.

A STRONG EVIDENCE that Dr JAYNE'S EXPECTORANT is superior to all other remedies for Coughs, Consumption, Bronchitis, Asthma, and other Pulmonary affections, is that the same persons who commenced the use of it in their families ten years ago still prefer it to all other remedies of the kind; and where any have been induced to try other preparations they have almost invariably been disappointed in receiving the benefit which was reasonably anticipated from the high praises bestowed by the proprietors, and have returned to the use of JAYNE'S EXPECTORANT, as a remedy that has never failed to relieve them, and which probably never had its equal in arresting pulmonary diseases.

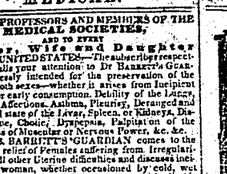
MEDICAL.



DR. TOWNSEND'S
COMPOUND EXTRACT OF
SARSAPARILLA.

Wonder and Blessing of the Age.

The most extraordinary Medicine in the World!

This Extract is put up in Quart Bottles—it is ten times cheaper, pleasanter and warranted as powerful to any sold. It cures without vomiting, purging, sickening or debilitating the Patient.

The great beauty and superiority of this Sarsaparilla over all other medicines is, that while it eradicates the disease it invigorates the body. It is one of the very best

SPRING AND SUMMER MEDICINES

Ever known; it not only purifies the whole system, and strengthens the person, but it *creates new, pure and rich blood*—a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the last two years, more than 100,000 cures of severe cases of disease; at least 15,000 were considered incurable. It has saved the lives of more than 10,000 children during the two past seasons.

10,000 cases of General Debility and want of Nervous Energy.

Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their vigor, whose energy has been impaired by the excesses committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline, hastening towards that fatal disease, Consumption, can be effectively restored by the pleasant remedy. This Sarsaparilla is far superior to any

Invigorating Cordial,

As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree.

Consumption Cured.

Grieve not Sufferers. Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Cough, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., have been and can be cured.

SPITTING BLOOD.

New York, April 28, 1847.

DR. TOWNSEND—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad Cough. It became worse and worse. At last I raised large quantities of blood, had night Sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I can now walk to and from this city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results.

Your obedient servant,
WM. RUSSELL, 65 Catherine-st.

Female Medicine.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri, or Fallen of the Womb, Obstinate Fits, Leucorrhea, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge of Water, that frequent prostration of the system—no matter whether the result of inherent cause or causes, produced by irregularity, illness or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and misery, under its influence, it immediately counteracts the nervousness of the female frame, which is the prelude of Barrenness. It will not be expected of us, in terms of so delicate a nature, to exhibit certificates of cures performed but we can assure the afflicted, that hundreds of cases have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine, healthy offspring.

To Mothers and Married Ladies.

This Extract of Sarsaparilla has been extensively proured in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "*The turn of life*," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period *may be delayed for several years by using this medicine*. Nor is it less valuable for those who are approaching womanhood, as it is calculated to remove all those impurities of the blood and invigorating the system. Indeed, this medicine is invaluable for all the delicate diseases to which women are subject.

It braces the whole system, renews permanently the natural energies, by removing the impurities of the body, not so far stimulative as to produce subsequent exhaustion, which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented.

Great Blessing to Mothers and Children.

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child-birth ever discovered. It strengthens both the mother and child, prevents pain and disease, increases and enriches the food, those who have used it think it is indispensable. It is highly useful both before and after confinement, as it prevents disease attendant upon childbirth—in Costiveness, Piles, Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate use & most successfully, *very few cases require any other medicine*, in some a little Castor Oil, or Magnesia is useful. Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement.

Beauty and Health.

Cosmetics, Chalk, and a variety of preparations resembling in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in many beautifies to open the pores, is a "human face Divine," as well as is the garden of rich and delicately tinted and variegated flowers, free, active and healthy circulation of the fluids, or the courier of the pure, rich blood to the extremities, is that which paints the countenance in the most delicate tints of beauty. It is that which imparts the indescribable blushes and flashes of loveliness that all admire, but none can describe. This beauty is the offspring of health—*not of powder or soap*. If there is not a free and healthy circulation, there is no beauty. If the lady is fair as driven snow, if she pants, and her complexion and the blood is thick, cold and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes that is fascinating.

This is why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise, or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes and beautiful complexions, they should use Dr. Townsend's Sarsaparilla. Thousands who have tried it, are more than satisfied, are delighted. Ladies of every station, crowd our office daily.

Notice to the Ladies.

Those that imitate Dr. Townsend's Sarsaparilla, have invariably called their stuff a *great Remedy for Females, &c., &c.*, and have copied our bills and circulars, which relate to the complaints of women, word for word—other men who put up medicine, have, since the great success of Dr. Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not. A number of these Mixtures, Pills, &c., are injurious to females, as they warrite disease, and undermine the constitution. Dr. Townsend's is the only and best remedy for the numerous female complaints, and, if ever fails of effecting a permanent cure. It can be taken by the most delicate females, in any case, or by those expecting to become mothers, with the perfect assurance, it improves the system and prevents pain or danger, and strengthens both mother and child. Be careful to get the genuine.

Scrofula Cured.

This certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the Blood. Three persons cured in one house is unprecedented.

Three Children.

DR. TOWNSEND—Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad Sores; have taken only four bottles; it took them away, for which I feel myself under great obligation.

Yours, respectfully,
ISAAC W. CRAIN, 106 Wooster-st.

GLOBES.

LORING'S TERRESTIAL GLOBES, containing all the late discoveries, and Geographical improvements, also the tracks of the celebrated circumnavigators. Compiled from Smith's new English Globe, with additions and improvements by Lieut. Wilkes, U. S. Navy, Roswell Park, Esq. They generally put it up in the same shaped bottles, and some of them have stole and copied our advertisements—they are only worthless imitations and should be avoided.

Johnston & Stockton have just received a few pairs of the above Globes, varying in size, as follows:
