VALUABLE DISCOVERY!
CONSUMPTIVES, BE ON YOUR GUARD!
DR. SWAYNE'S
COMPOUND SYRUP OF WILD CHERRY.

THE GREAT REMEDY FOR Consumption, Cough, Colds, Asthma, Bronchitis, Liver Complaint, Spitting Blood, Difficulty of Breathing, Pain in the Side and Breast, Palpitation of the Heart, Influenza, Croup, Broken Constitution, Sore Throat, Nervous Debility, and all Diseases of the Throat, Breast and Lungs; the most effectual and speedy cure ever known for any of the above diseases.

DR. SWAYNE'S
Compound Syrup of Wild Cherry!

This medicine is no longer among those of doubtful utility. It has passed away from the thousands daily launched upon the tide of experiment, and now stands higher in reputation, and is becoming more extensively used than any other preparation of medicine ever produced for the relief of suffering man.

It has been introduced very generally through the United States and Europe, and there are few towns of importance but what contain some remarkable evidence of its good effects. For proof of the foregoing statements, and of the value and efficacy of this medicine, the proprietor will insert a few of the many testimonials which have been presented to him by men of the first respectability—men who have higher views of moral responsibility and justice, than to certify to facts, because it will do another a favor, and themselves no injustice. Such testimony proves conclusively, that its surprising excellence is established by its intrinsic merits, and has unquestionable authority of public opinion. The instantaneous relief it affords, and the soothing influence diffused through the whole frame by its use, renders it a most agreeable remedy for the afflicted.

REMEMBER!

"When men, acting from conscientious impulses, voluntarily bear testimony to the truth of a thing, or particular fact, such testimony, being contrary to their worldly interests and purposes, coerces conviction of its truth, and commends itself in a special manner to universal credence."—Clifford's Moral Maxims.

STILL ANOTHER CURE OF PULMONARY CONSUMPTION.—There never was a remedy that has been as successful in desperate cases of Consumption, as Dr. Swayne's Compound Syrup of Wild Cherry. It strengthens the system, and appears to heal the ulcers on the lungs, creating new and rich blood; power possessed by no other medicine.

CENTRE CO., April 25th, 1848.

Dr. Swayne—Dear Sir: I verily believe your Compound Syrup of Wild Cherry has been the means of saving my life. I caught a severe cold, which gradually grew worse, attended with a severe cough, that resisted all the remedies which I had recourse to, until increasing until my case exhibited all the symptoms of Pulmonary Consumption. Every thing I tried seemed to have no effect, and my condition increased so rapidly that friends as well as myself, gave up all hopes of my recovery. At this time I was recommended to try your invaluable medicine. I did so with the most happy results. The first bottle had the effect to loosen the cough, causing me to expectorate freely; and by the time I had used six bottles, I was entirely well, and am now as hearty a man as I ever was in my life, and would be happy to give any information respecting my case; that other sufferers may derive the benefit for which I am so grateful. For the truth of the above statement, I refer you to Peter Rash, Grocer, West Chester, Pa., of whom I purchased the medicine.

Respectfully yours, JAMES MORGAN.

Wonderful Cure of a Methodist Minister.

Dr. Swayne—Dear Sir: I deem it a debt of gratitude due to you—and a duty to the afflicted generally, to offer my humble testimony in favor of your Compound Syrup of Wild Cherry. Some three years since I was violently attacked with cold and inflammation of the Lungs, which was accompanied with a distressing cough, pain in the breast and head, a very considerable discharge of offensive matter from the lungs, especially upon change of weather, however slight. At first I felt no alarm about my condition, but was pretty soon convinced that I was rapidly going into consumption. I grew daily weaker, and at length was scarcely able to walk about, or speak above a whisper, such was the exceeding weakness of my lungs. During this time I had various preparations and prescriptions, but found no relief—growing all the time worse. Just here I was advised and persuaded by a dear friend in Williamsport to make a trial of your Syrup of Wild Cherry. I must confess that previously I had been in some degree against patent medicines, and I am still against them coming out of the hands of empirics, but understanding your claims to the profession and practice of medicine, and having implicit faith in the saying of my friends, I forthwith purchased of Dr. Shaw, one of your agents, a few bottles, and commenced its use. My disease was at that time of 20 or 25 months' standing, consequently it was deeply seated. I found, however, considerable relief from the use of the first half dozen bottles. But being a public speaker, I frequently attempted to preach with my increasing strength, and thereby ruptured those vessels that had already begun to heal; in this way, doubtless, my cure was greatly retarded. In consequence of acting thus imprudently, I had to use twelve or fifteen bottles before I was perfectly restored. I have no question that a proportionable number of bottles would have made me sound, but for the above indiscretion. The Syrup allayed the fever, loosened the system, relieved distressing cough, put a stop to the discharge of matter from the lungs, and gave them and the entire system good health. I have deferred offering this certificate until now, for the purpose of being perfectly satisfied with the permanency of the cure, and now that I feel perfectly well I offer it with pleasure.

Important Caution—Read! Read!

There is but one genuine preparation of Wild Cherry, and that is Dr. Swayne, the first ever offered to the public, which has been sold largely throughout the United States and some parts of Europe; and all preparations called the genuine of Wild Cherry have been put out since this, under cover of some deceptive circumstances, in order to give currency to their sales. By a little observation, no person need mistake the genuine for imitations. Each bottle of the genuine is enveloped with a beautiful steel engraving, with the likeness of William Fenn thereon; also, Dr. Swayne's signature and his portrait, with the portrait of Dr. Swayne will be added hereafter, so as to distinguish his preparation from all others. Now, if it was not for the great reputation, popularity and known virtues of Dr. Swayne's Compound Syrup of Wild Cherry, there would not be endeavoring to give currency to their "fictitious nostrums" by stealing the name of Wild Cherry. Remember, it always has been, and mind the name of Dr. Swayne, and be not deceived.

A MERCHANT OF THIS CITY, who has been afflicted with the asthma for four years, had spent almost every thing. His physicians constantly prescribed him, and he had expended over two thousand dollars. He never believed in advertised medicines, but he considered them all humbugs. At last he tried Dr. Taylor's Balsam of Liverwort, from 73 Bowlman street, New York, and in six weeks was entirely cured, having taken only three bottles. This is only one of many cases where imaginary objections to a patent medicine have prevented persons from using this medicine, who have expended hundreds of dollars to their physicians in vain—and in the end owe their recovery to the infallible efficacy of this purely vegetable preparation. There is no doubt but this medicine is superior to any remedy prescribed by medical advisers. This medicine has taken 20 years to mature, and is the surest remedy for diseases ever introduced to the public.

BEWARE OF COUGHS, COLDS, OR SYMPTOMS OF BEAM CONSUMPTION.—Suffering for a long time with these complaints, I had given up all hope of being cured. I had consulted the best homœopathic doctors in this city, and had used many articles advertised, but found no relief. In despair I had given up the case of all medicines. Hearing of the great virtues of Dr. Taylor's Balsam of Liverwort, and the great cures it had performed, induced me to try it, and to my great joy and astonishment, I was better daily. I continued its use, also his Superior Cathartic Pills, until I was entirely cured. Dr. Taylor's Balsam of Liverwort is the best medicine in the world for these complaints, and will cure every one afflicted.

ASTHMA CURED.—I have suffered from the Asthma a very long time, and have used every medicine I could obtain for its cure in vain, until I tried Dr. Taylor's Balsam of Liverwort. This medicine has afforded me most manifest benefit, and is, in my opinion, a cure for this distressing disease; more especially, as I have seen many cases among my friends, where it has been highly successful. Persons interested are invited to call at my residence for further information.

THE Cathartic compound combines smallness of bulk with efficiency and comparative mildness of purgative action, and having a peculiar tendency to the biliary organs, is extremely valuable in this country, in which bilious fevers and other complaints, attended with derangement of the liver, so much abound. They have now stood the test of 20 years, and experience has proved them to be a safe and valuable remedy in Intermittent, Remittent and Bilious Fevers; Jaundice; Bilious Colic; Indigestion; Dropsy; Dysentery; Bilious Vomitings; Colds, and all complaints of an inflammatory character, the great popularity and universal satisfaction which has been given by these pills to all who have once used them, renders the publishing of the numerous certificates in their favor unnecessary. MORGAN'S COUGH SYRUP—It proved to be the great Panacea in curing my child's distressing cough.

From the Temperance Banner, Nov 3 1847.

COUGH SYRUP.—We are not in the habit of puffing, much less taking patent medicines, but we feel disposed to recommend Morgan's Syrup to those who are afflicted with a cough, as we have heard of the most happy results from its use. We have tried it many times to remove a constant and distressing cough, but had for several days afflicted one of our children, without success, we were induced to try Morgan's cough syrup, and by it relief was obtained in a few hours. It proved to be the panacea in this case at least.

A STRONG EVIDENCE that Dr JAYNES EXPECTORANT is superior to all other remedies for Coughs, Consumption, Bronchitis, Asthma, and other Pulmonary affections, is that the same persons who commenced the use of it in their families ten years ago, still prefer it to all other remedies of the kind; and when they have been induced to try other preparations they have almost invariably been disappointed in receiving the benefit which was reasonably anticipated from the high praises bestowed by the proprietors, and have returned to the use of JAYNES' EXPECTORANT, as a remedy that has never failed to relieve them, and which invariably never had its equal in arresting pulmonary diseases.

MEDICAL.

DR. TOWNSEND'S CELEBRATED
SARSAPARILLA.
Wonder and Blessing of the Age.
The most extraordinary Medicine in the World!
This Extract is put up in Quart Bottles: it is ottimes cheaper, pleasanter, and warranted superior to any bottle of Sarsaparilla ever vending, purging, sickening or debilitating the Patient.

The great beauty and superiority of this Sarsaparilla over all other medicines is, that while it eradicates the disease, it invigorates the body. It is one of the very best SPRING AND SUMMER MEDICINES Ever known; it not only purifies the whole system, and strengthens the person, but it *creates new, pure and rich blood*: a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the last two years, more than 100,000 cures of severe cases of disease; at least 15,000 were considered incurable. It has saved the lives of more than 10,000 children during the two past seasons.

10,000 cases of General Debility and want of Nervous Energy.

Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy by the effects of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline, hastening towards that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

Invigorating Cordial,

As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree.

Consumption Cured.

Diseases and Strictures, Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Scrofula, Diseases in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., have been and can be cured.

SPITTING BLOOD.

New York, April 28, 1847.

DR. TOWNSEND—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad Cough, became worse and worse. At last I raised large quantities of blood, had night Sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I can now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results.

Your obedient servant,
WM. RUSSELL, 65 Catharine-st.

Female Medicine.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri, or Falling of the Womb, Fluor Albus, Leucorrhœa, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system—no matter whether this result arises from the causes produced by irregularity, illness or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervousness of the female frame, which is the great cause of Barrenness. It will not be a sufficient cure in cases of so delicate a nature, to exhibit certificates of cures performed but we can assure the afflicted, that hundreds of cases have been relieved and perfected in cases of this delicate a nature, to exhibit certificates of cures performed but we can assure the afflicted, that hundreds of cases have been relieved and perfected in cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine, healthy offspring.

To Mothers and Married Ladies.

This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "*The turn of life*," should neglect to take it, as it is a certain preventive against the numerous and horrible diseases to which females are subject at this time of life. *This period may be delayed for several years by using this medicine.* Nor is it less valuable for those who are approaching womanhood, as it is calculated to assist nature, by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all the delicate diseases to which women are subject.

It braces the whole system, renews permanently the natural energies, by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation, which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented.

Great Blessing to Mothers and Children.

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon childbirth ever discovered. It strengthens both the mother and child, prevents pain and sickness, increases and enriches the food, those who have used it think it is indispensable. It is highly useful both before and after confinement, as it prevents the mother from upon childbirth—in Costiveness, Piles, Cramps, Swelling of the Feet, Drepondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, very far from requiring as other medicine, to some a little Castor Oil, or Hagnesia, is needed. Exercise is the open air, and light food with this medicine, will always ensure a safe and easy confinement.

Beauty and Health.

Cosmetics Cloth, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and clock the circulation, which, when once begun, can never be of disease or powder, or the skin inflamed by the stimulus used to assist beauties its own production in a healthy manner, as well as in the production of a rich and delicately tinted and variegated flower. A free, active and healthy circulation of the fluids, or the coursing of the pure, rich blood to the surface, is that which gives the countenance in the most exquisite beauty. It is that which imparts the indescribable shades and flushes of loveliness that all admire, but none can describe. This beauty is the offspring of health—not of powder or soap. If there is not a free and healthy circulation, there is no beauty. If the lady is fair as driven snow, if she pales, and no amount of art and the blood is thick, cold and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes that is fascinating.

This is why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise, or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain a semblance of health, beauty, sparkling eyes and beautiful complexions, they should use Dr. Townsend's Sarsaparilla. Thousands who have tried it, are more than satisfied, are delighted. Ladies of every station, crowd our office daily.

Notice to the Ladies.

Those that imitate Dr. Townsend's Sarsaparilla, have invariably called their stuff *a great Remedy for Pimples, &c., &c.*, and have copied our bills and circulars which relates to the complaints of women, we (or word—other men who put up medicine, have, since the great success of Dr. Townsend's Sarsaparilla, made complaints incident to females, recommended theirs, although previously they did not. A number of these Mixtures, Pills, &c., are injurious to females, as they cause a great disease, and undermine the constitution. Dr. Townsend's Cures only and best remedy for the numerous female complaints—it acts fully, if ever, and is of effecting a permanent cure. It can be taken by the most delicate females, in any case, or by those expecting to become mothers, with the greatest advantages, as it prepares the system and prevents pain or danger, and strengthens both mother and child. Be careful to get the genuine.

Scrofula Cured.

This certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the Blood. Three persons cured in due house is unprecedented.

Three Children.

DR. TOWNSEND—Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad Sores; have taken only four bottles; it took them away, for which I feel myself under great obligation.

Yours, respectfully,
ISAAC W. CRAIN, 196 Wooster-st.

RELIANCE PORTABLE BOAT LINE,
1848.

FOR TRANSPORTATION OF MERCHANDIZE
BETWEEN PITTSBURGH AND PHILADELPHIA.

THE Proprietors of this old established and first Portable Boat Line, having removed their depot in Philadelphia, to a much larger Warehouse on Market st., than they formerly occupied, and also increased their room for storage at Pittsburgh, are now prepared to offer much greater facilities to their friends and patrons.

Goods carried by this line are not transhipped between Pittsburgh and Philadelphia, being carried entirely in Portable Section Boats. To shippers of flour and other goods requiring careful handling, this is of importance. No charge made for receiving or shipping goods, or advancing freight. All goods forwarded promptly, and upon as reasonable terms as by any other line.

Letters directed to the care of William Hi. from Philadelphia, will be promptly forwarded.

Commission on the Line—Pittsburgh, Harrisburg, Harry Mowbray, strong horse, with a few engravings.
