MEDICAL.

VALUABLE DISCOVERY!
CONSUMPTIVES, BE ON YOUR GUARD!
DR. SWAYNE'S
COMPOUND SYRUP OF WILD CHERRY,
THE GREAT REMEDY FOR
Consumption, Coughs, Colds, Asthma, Bronchitis, Liver-Complaint, Spitting Blood, Difficulty of Breathing, Pain in the Side and Breast, Palpitation of the Heart, Influenza, Croup, Broken Constitution, Sore Throat, Nervous Debility, and all Diseases of the Throat, Breast and Lungs; the most effectual and speedy cure ever known for any of the above diseases.

DR. SWAYNE'S
Compound Syrup of Wild Cherry!
This medicine is no longer among those of doubtful utility. It has passed away from the thousands daily launched upon the tide of experiment, and now stands higher in reputation, and is becoming more extensively used than any other preparation of medicine ever produced for the relief of suffering man.

It has been introduced very generally through the United States and Europe, and there are few towns of importance but what contain some remarkable evidence of its good effects. Not proof of the foregoing statements, and of the value and efficacy of this medicine, the proprietor will insert a few of the many testimonials which have been presented to him by men of the first respectability—men who have higher views of moral responsibility and justice, than to certify to facts, because it will do another a favor; and themselves no injustice. Such testimony proves conclusively, that its surprising excellence is established by its intrinsic merits, and the unquestionable authority of public opinion. The immediate relief it affords, and the soothing influence diffused through the whole frame by its use, renders it a most agreeable remedy for the afflicted.

REMEMBER!

"When men, acting from conscientious impulses, voluntarily bear testimony to the truth of a thing, or particular fact, such testimony, being contrary to their worldly interests and purposes, coerces conviction of its truth, and commends itself in a special manner to universal credence."—Pidgeon's Moral Maxims.

READ THE HOME CERTIFICATES.

STILL ANOTHER CURE OF PULMONARY CONSUMPTION.—There never was a remedy that has been as successful in desperate cases of Consumption, as Dr. Swayne's Compound Syrup of Wild Cherry. It strengthens the system, and appears to heal the ulcers on the lungs, creating new and rich blood; power possessed by no other medicine.

CHESTER Co., April 25th, 1848.

Dr. Swayne—Dear Sir: I verily believe your Compound Syrup of Wild Cherry has been the means of saving my life. I caught a severe cold, which gradually grew worse, attended with a severe cough, that resisted all the remedies which I had recourse to, until increasing until my case exhibited all the symptoms of Pulmonary Consumption. Every thing failed seemed to have no effect, and my complaint increased so rapidly that friends as well as myself, gave up all hopes of my recovery. At this time I was recommended to try your invaluable medicine! I did so with the most happy results. The first bottle had the effect to loosen the cough, causing me to expectorate freely; and by the time I had used six bottles I was entirely well, and am now as hearty a man as I ever was in my life, and would be happy to give any information respecting my case, that other sufferers may derive the benefit for which I am so grateful. For the truth of the above statement, I refer you to Peter Kisely, Oliver West, Chester, Pa., of whom I purchased the medicine.

Respectfully yours, JAMES MORGAN.

Wonderful Cure of a Methodist Minister.

Dr. Swayne—Dear Sir: I feel relieved of gratitude due to you—and a duty to the afflicted generally—to offer my humble testimony in favor of your Compound Syrup of Wild Cherry. Some three years since I was violently attacked with cold and inflammation of the lungs, which was accompanied with a distressing cough, pain in the breast and head, a very considerable discharge of offensive matter from the lungs, especially upon change of weather, however slight. At first I felt a alarm about my condition, but was pretty soon convinced that I was rapidly going into consumption. I grew daily weaker, and at length was so feeble as hardly to walk about, or speak above a whisper, such was the exceeding weakness of my lungs.—During this time I had tried several patent medicines and prescriptions, but found no relief—growing all the time worse. Just here I was advised and persuaded by a dear friend in Wilmington to make trial of your Syrup of Wild Cherry. I must confess that previously I had been prejudiced against patent medicines, and I am still against those coming out of the hands of empirics, but understanding your medicine to be recommended by the profession, and having implicit faith in the saying of my medical friend, I forthwith purchased of Dr. Shaw, one of your agents, a few bottles, and commenced its use. My disease was at that time of 20 or 25 months' standing, consequently it was deeply seated. I found, however, considerable relief from the use of the first four or five bottles. But being a public speaker, I frequently attempted to preach with my increasing strength, and thereby ruptured those vessels that had already begun to heal; in this way, doubtless, my cure was greatly retarded. In consequence of acting thus imprudently, I had to use twelve or fifteen bottles before I was perfectly restored. I have no question, a much smaller number of bottles would have made the sound, but for the above indiscretion. The Syrup allayed the feverish habit, took away the distressing cough, put a stop to the discharge of matter from the lungs, and gave them and the entire system good health. I have deferred offering this significant mite now, for the purpose of being perfectly satisfied with the permanency of the cure, and now that I feel perfectly well I offer it with pleasure. REV. J. P. JORDAN.

Dublin county, N.C.

Important Caution—Read! Read!

There is but one genuine preparation of Wild Cherry, and that is Dr. Swayne's, the first ever offered to the public, which has been sold largely throughout the United States and some parts of Europe, and all preparations called by the name of Wild Cherry have been put on since this, to cover of some disagreeable circumstances, in order to give currency to their sales. By a little observation, no person need mistake the genuine from the fake. The bottle of the genuine is enveloped with a beautiful steel engraving, with the likeness of William Penn thereon; also, Dr. Swayne's signature; and as further security, the portrait of Dr. Swayne will be added hereafter, so as to distinguish his preparation from all others. Now, if it was not for the great curative properties and known virtues of Dr. Swayne's Compound Syrup of Wild Cherry, he would not be endeavoring to give currency to their "fictious nostrums" by stealing the name of Wild Cherry. Remember, always beware to find the name of Dr. Swayne, and be not deceived.

A MERCHANT OF THIS CITY, who had been afflicted with the asthma for four years, had taken almost every thing. His physicians constantly attended him, and he had expended over two thousand dollars. He recovered in advertised medicines, but considered them all humbugs. At last he tried Dr. Taylor's Balsam of Liverwort, from 73 Bleekman street, New York, and in six weeks was entirely cured, having taken only three bottles. This is only one of many cases we have to produce, and unless we further establishes prevented persons from using this medicine, who have expended hundreds of dollars to their physicians, in vain—and in the end are thus recovery to the last little efficacy of this purely vegetable preparation. There is no mistake, that this medicine is superior to any remedy prescribed by medical advisers. This medicine has stood 20 years to contend against, and is the arrest remedy for diseases ever introduced to the public.

REUBEN PARR, COUNTY AND SPORTSMEN OF SUSQUEHANNA COUNTY, Sufferers from long with these complaints. I had given up all hope of being cured. I had consulted the botanic and homeopathic doctors in vain. I had used many articles advertised, but found no relief. In despair I had given up the use of all medicines. Hearing of the great virtues of Dr. Taylor's Balsam of Liverwort, and the great cures it had performed, indicated me to try it. I did so, and I can truthfully say it was better daily. I continued its use, also his Sugar-Coated Pills, until I am entirely cured. Dr. Taylor's Balsam of Liverwort is the best medicine in the world for these complaints, and will cure every one afflicted.

SETH LAWRENCE,
Captain of the Packet of New York.

ATHENS COUNTY, Ohio.—I have suffered from the Asthma a very long time, and have used every medicine I could obtain for its cure in vain, until I tried Dr. Taylor's Balsam of Liverwort. This medicine has afforded me most manifest benefit, and is, in my opinion, a cure for this distressing disease, more especially as I know of many cases among my friends, where it has been highly successful. Persons interested are invited to call at my residence for further information.

B. A. Fahnestock's Anti-Bilious Pills.

These cathartic compound combines smallness of bulk with efficiency and comparative mildness of purgative action, and having a peculiar tendency to the biliary system, it is extremely valuable in this country, in which bilious fevers and other complaints attended with congestion of the liver, so much abound.

They have stood the test of 20 years, and their efficacy has proved them to be a safe and valuable remedy in Intermittent, Remittent, and Bilious Fevers; Jaundice; Bilious Colics; Indigestion; Dropsy; Dysentery; Bilious Vomitings, Colds, and all complaints of an inflammatory character. The complete and universal satisfaction which has been given by these pills to all who have used them, renders the publishing of the numerous certificates in their favor unnecessary. To prevent counterfeiting they are now put up in a sealed hylographic wrapper.

Price 25 cents for a box containing 50 pills.

MORGAN'S COUGH SYRUP.—It proved to be the great Panacea in curing my child's distressing cough.

From the Temperance Banner, Nov 3 1847.

COUGH SYRUP.—We are not in the habit of puffing much less trifling patent medicines, but we feel bound to recommend Morgan's Syrup to those who are afflicted with a cough. After having tried the usual remedies to remove a constant and distressing cough, and for several days despaired of the recovery of our children, without success, we were induced to try Morgan's cough syrup, and by it relief was obtained in a few hours. It proved to be the panacea in this case at least.

A STRONG EVIDENCE that Dr JAYNE'S EXPECTORANT is superior to all other remedies for Coughs, Consumption, Bronchitis, Asthma, and other Pulmonary affections, is that the same persons who commenced the use of it in their families ten years ago still persist in its use to the exclusion of all other remedies of the kind, and where any have been induced to try other preparations they have almost invariably been disappointed in receiving the benefit which was reasonably anticipated from the high praises bestowed by the proprietors, and have returned to the use of JAYNE'S EXPECTORANT, as a remedy that has never failed to relieve them, and which probably never had its equal in arresting pulmonary disease.

MEDICAL.

DR. TOWNSEND'S
COMPOUND EXTRACT OF
SARSAPARILLA.
Wonder and Blessing of the Age.

The most extraordinary Medicine in the World! *This Extract is put up in Quart Bottles; it is of tenfold cheaper, pleasanter, and warranted superior to any sold. It cures without vomiting, purging, sickening or debilitating the Patient.*

The great beauty and superiority of this Sarsaparilla over all other medicines is, that while it eradicates the disease, it invigorates the body. It is one of the very best, if not the best, Spring and Summer Medicines!

Ever known; it not only purifies the whole system, and strengthens the person, but it *creates new, pure and rich blood*; a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has *performed* within the last two years, more than 100,000 cures of severe cases of disease; at least 15,000 were considered incurable. It has saved the lives of more than 10,000 children during the two past seasons.

10,000 cases of General Debility and want of Nervous Energy.

Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy by the effects of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline, hastening towards that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

Invigorating Cordial,

As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree.

Consumption Cured.

Diseases and Strictures, Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., have been and can be cured.

SPITTING BLOOD.

New York, April 23, 1847.

DR. TOWNSEND—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad Cough. It became worse and worse. At last I raised a large quantity of blood, had night Sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla for a short time, and there has a wonderful change been wrought in me. I am able to walk out over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results.

Your obedient servant,
WM. RUSSELL, 65 Catherine st.

Female Medicine.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for Implacable Consumption, Barrenness, Prolapsus Uteri, or Falling of the Womb, Continuous Flux, Leucorrhœa, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge of the same, and for the general prostration of the system—no matter whether the result of injudicious exposure, or caused by irregularity, illness or accident. Nothing can be more surprising than its invigorating effects on the human frame. It strengthens and invigorates at once, and in a short time becomes robust and full of energy under its influence. It immediately counteracts the wretchedness of the female frame, which is the great cause of Barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed but we can assure the afflicted, that hundreds of cases have been cured by the use of this medicine, of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine healthy offspring.

To Mothers and Married Ladies.

This Extract of Sarsaparilla has been expressly prepared in reference to female complaints, and any person who has reason to suppose she is approaching that critical period, "*The turn of life*," should neglect to take it as it is a certain preventative against the numerous and horrible diseases to which females are subject at this time of life. This period may be *delayed for many years by using this medicine*. It is in fact a powerful restorative, and in cases where it has been taken it has proved the means of preventing the
