MEDICAL.

DR. TAYLOR'S BALSAM OF LIVERWORT—This article is prepared according to a receipe procured from a very old and eminent physician, who has successfully used it in his practice for many years for DISEASES OF THE LUNGS, upon which reliance could be placed by the public—which indeed him, and the cured tests in numerous cases of Pulmonary Complaints, to offer it to the public. It has been thoroughly tried by hundreds, now in good health, who can say that they owe their preservation from an early grave to this valuable and pleasant medicine.

CONSUMPTION AND LIVER COMPLAINT—For a long time I suffered with these diseases, and was the more alarmed at my condition in consequence of my mother, two sisters, and brother, having died of the consumption. I had the best medical advice in vain, every remedy was tried without effect, and I was almost in despair. I was wasting away, very nervous, had a bad cough, loss of strength, and many other dangerous symptoms. At length I tried Dr. Taylor's Balsam of Liverwort, and I must say this medicine has saved me from an untimely grave. Its great restorative powers should be made known.

W HOLDRIDGE, 223 Spring st.

RAISING OF BLOOD—This disease is easily cured by the proper medicine. Mr. Newbury, of Boston, lost a pint to a quart of pure blood in a few days, and was cured by Dr. Taylor's Balsam of Liverwort, and I must say this valuable medicine has done me much good in a short time. Its great restorative powers should be made known.

LIPPENCOTT & BAKER,
(Late J. Strickler & Co.)

MANUFACTURERS of Phœnix fire proof safes, south side, second street, between Wood and Smithfield Pittsburgh; J. S. Strickler having deceased and the surviving partner Mr. Jos Lippencott, having associated himself with Mr. Wm C Baker, the business will hereafter be conducted under the style of Lippencott & Baker.

Trial of a safe in Cincinnati, O., Ws., the undersigned were present at the testing of one of J S Strickler & Co's improved Phœnix fire-proof safes. The safe was placed in a furnace on the public landing, and subjected to the intense heat of a stone coal fire for more than three hours. In one hour and a half the safe came to a bright red heat the door of the furnace was then closed, which caused an increased and steady heat for the balance of the time, until the cast iron wheels were partially melted off the furnace was then thrown down and the safe cooled and opened. The money, papers and books which it contained were as perfect as when placed there, the binding only of the books being injured by the water in cooling the safe. We have no hesitation in recommending it to the public as a safe superior to any we have ever seen tested, and believe that it will stand any heat which might be produced, except a heat which would melt it to a solid mass.

LADIES ARE CAUTIONED AGAINST USING COMMON PREPARED CHALK.

THEY not are aware how injurious it is to the skin—how coarse, how rough, how sallow, yellow and unhealthy the skin appears after using preparations of common chalk. Besides it is injurious, containing a large quantity of lead!

We have prepared a beautiful vegetable article, which we call "PRIXES'S SPANISH LILLY WHITE." It is perfectly innocent, being free from all injurious qualities; and it imparts to the skin a natural, healthy, alabaster, clear, living white; at the same time acting as a cosmetic on the skin, making it soft and smooth.

Dr. James Anderson, Practical Chemist of Massachusetts, says: "After analyzing Jones' Spanish Lily White, I find it to be the most beautiful and natural, and at the same time innocuous article I ever saw. I certainly can conscientiously recommend its use to all who wish to require beautifying." Price, 25 cents a box. Sold by PRIXES'S COLONY, 89 Liberty st. mar29
