The Executive committee in presenting the foregoing list of premiums, would take occasion to remark that it has been formed with an intention to give the greatest encouragement to competition consistently with the means of the society. It is hoped that the interest heretofore taken in the annual Fair will continue to increase. The great object in the formation of the society, was to give a stimulus to agriculture by means of exhibitions, meetings and addresses on the subject, whereby men's minds would be more earnestly turned to it, and their energies excited as to the best modes of cultivating the land and raising of stock. It is believed that much good has already been effected. The Committee would therefore invite all who feel an interest in the prosperity of the county, to give a liberal support to the ensuing exhibition.

Applicants for premiums on grain and potatoes, are requested to give the mode of cultivation and complete proof of the quantity raised.

AYER'S PILLS

Are curing the Sick to an extent never before known of any Medicine.

INVALIDS, READ AND JUDGE FOR YOURSELVES.

JULES HAUPT, Esq., the well known perfumer, of Chestnut Street, Philadelphia, whose choice products are found at almost every toilet, says:

"I feel impelled to inform you of the effect your CATHARTIC PILLS, that I have kept on hand for a time in my family, and recommended to my friends, for common use, when any ailing which my knowledge. Many of my friends have realized marked benefits from them, and rely upon them with me in believing that they possess extraordinary virtues for driving out disease and curing the sick. They are not only effectual, but safe and pleasant to be taken—qualities which should make them valued by the public, if they are known."

The venerable Chancellor WARDLAW writes from Baltimore, 30th April, 1854:

"DR. J. C. AYER—Sir: I have taken your Pills with great benefit, for the liver complaint, dyspepsia, loss of appetite, and bilious habitude, which have of late years overtaken me in the spring. A few doses of your Pills cured me. I have used your Cherry Pectoral many years in my family for coughs and colds with unfailing success. You make medicines which cure; and I feel it a pleasure to commend you for the good you have done and are doing."

JOHN F. BEATTY, Esq., Sec. of the Penn. Railroad Co., says:

"Sir: H. R. Office, Philadelphia, Dec. 19, 1853.

"Sir: I take pleasure in adding my testimony to the efficacy of your medicines, having derived very material benefit from the use of both your Pectoral and Cathartic Pills. I keep them in my family, nor shall I ever consent to be, while my means will procure them."

The widely renowned S. S. STEVENS, M. D., of Wentworth, N. H., writes:

"Having used your CATHARTIC PILLS in my practice, I certify from experience that they are an invaluable purgative. In cases of disordered functions of the liver, causing headache, indigestion, costiveness, and the great variety of diseases that follow, they are a sure remedy than any other. In all cases where a purgative remedy is required, I confidently recommend these Pills to the public, as superior to any other I have ever found. They are sure in their operation, and perfectly safe—qualities which make them an invaluable article for public use. I have for many years known your Cherry Pectoral as the best Cough medicine in the world; and these Pills are in no way inferior to that admirable preparation for the treatment of diseases."

"Saco, Me., Nov. 25, 1853.

"DR. J. C. AYER—Dear Sir: I have been afflicted from my birth with scrofula in its worst form, and now, after twenty years' trial, and an untold of amount of suffering, have been completely cured in a few weeks by your Pills. With what feelings of rejoicing I write can only be imagined when you realize what I have suffered, and how long.

"Never until now have I been free from this loathsome disease in some shape. At times it attacked my eyes, and made me almost blind, besides the unendurable pain; at others it settled in the scalp of my head, and destroyed my hair, and has kept me partly bald all my days; sometimes it came out in my face, and kept it for months a raw sore.

"About nine weeks ago I commenced taking your Cathartic Pills, and now am entirely free from the complaint. My eyes are well, my skin is fair, and my hair has commenced a healthy growth; all of which makes me feel already a new person.

"Hoping this statement may be the means of conveying information that shall do good to others, I am, with every sentiment of gratitude, Yours, &c.,

MARIA RICKER."

"I have known the above named Maria Ricker from her childhood, and her statement is strictly true.

ANDREW J. MESERVE,
Overseer of the Portsmouth Manufacturing Co."

CAPT. JOEL PRATT, of the ship Marion, writes from Boston, 20th April, 1854:

"Your Pills have cured me from a bilious attack which arose from derangement of the Liver, which had become very serious. I had failed of any relief by my Physician, and from every remedy I could try; but a few doses of your Pills have completely restored me to health. I have given them to my children for worms, with the best effects. They were promptly cured. I recommended them to a friend for costiveness, which had troubled him for months; he told me in a few days they had cured him. You make the best medicine in the world; and I am free to say so."

Read this from the distinguished Solicitor of the Supreme Court, whose brilliant abilities have made him well known, not only in this but the neighboring States.

"New Orleans, 5th April, 1854.

"Sir: I have great satisfaction in assuring you that myself and family have been very much benefited by your medicines. My wife was cured, two years since, of a severe and dangerous cough, by your CHERRY PECTORAL, and since then has enjoyed perfect health. My children have several times been cured from attacks of the Influenza and Croup by it. It is an invaluable remedy for these complaints. Your CATHARTIC PILLS have entirely cured me from a dyspepsia and costiveness, which has grown upon me for some years,—indeed, the cure is much more important, from the fact that I had failed to get relief from the best Physicians which this section of the country affords, and from any of the numerous remedies I had taken.

"You cover to us, Doctor, like a providential blessing to our family, and you may well suppose we are not unmindful of it. Yours respectfully,

LEAVITT THAXTER."

"Scioto Chamber, Ohio, April 5th, 1854.

"DR. J. C. AYER—Honored Sir: I have made a thorough trial of the CATHARTIC PILLS, left me by your agent, and have been cured by them of the dreadful Rheumatism under which I have found me suffering. The first dose relieved me, and a few subsequent doses have entirely removed the disease. I feel in better health now than for some years before, which I attribute entirely to the effects of your CATHARTIC PILLS. Yours with great respect,

LUCIUS B. METCALF."

The above are all from persons who are publicly known where they reside, and who would not make these statements without a thorough conviction that they were true.

FIRE PROOFS.

THE SALAMANDER SAFES of Philadelphia against the world.—Evans & Watson, No. 26 south Fourth street, Philadelphia, have had the surest demonstration in the following Certificates, that their manufacture of Salamander Safes has at length fully warranted the representations which have been made of them, as rendering an undoubted security against the terrific element:

PHILADELPHIA, April 12, 1856.

MESSRS. EVANS & WATSON:—Gents:—It affords us the highest satisfaction to state to you that owing to the very protective qualities of two of the Salamander Safes which we purchased of you some few months since, we saved a large portion of our Jewelry, Books, Papers, &c., exposed to the calamitous fire in Ranstead Place, on the morning of the 11th inst.

When we reflect that these Safes were located in the fourth story of the building we occupied, and that they fell subsequently into a heap of burning ruins, where the vast concentration of heat caused the brass plates to melt, we cannot but regard the preservation of the valuable contents as most convincing proof of the great security afforded by your Safes.

We shall take much pleasure in recommending them to men of business as a sure reliance against fire. GEORGE W. SIMONS & BRO.

PHILADELPHIA, April 12, 1856.

MESSRS. EVANS & WATSON—I have to offer you my testimony in favor of the great security afforded to my entire stock of Jewelry, books, papers, &c., during the recent disastrous conflagration in Ranstead place, from the fact that the same were contained in two of the Salamander Safes manufactured by you.

Having fallen from the fifth story of the Artisan Building, where they were previously placed and exposed to a vast heat for a long time, the preservation of the valuable deposits seemed to every one who witnessed the opening and interior examination, a matter of profound astonishment.

To all who may require a perfect protection from the ravages of fire, I shall not hesitate to recommend the use of your Safes, as I consider they have now undergone the most trying test.

N. E. MORGAN.

PHILADELPHIA, April 14, 1856.

MESSRS. EVANS & WATSON—Gentlemen—No doubt you will be deeply gratified to learn the good condition in which I discovered my book, policy of insurance, certificates of stock, and other valuable documents, when on Friday last I opened the Safe made by your firm.

With my knowledge of its great exposure, both to the intensity of the heat from so hot a fire as that which destroyed the Artisan Building, as also from the force of the fall from its former elevated position in the third story, I could entertain but slender hopes prior to its interior inspection, that the contents which I once so highly prized would ever be of any service to me, but as these fears are now happily removed, I feel it only due to say to you that I can henceforth recommend the use of your Safes to all who may wish to feel a confidence in the perfect security which such means provides against so frightful an element.

Terrible Accident,

HAPPENED to Mr. Green the other day.—He had bought a suit of ready-made clothes at the Store, and the first day's wearing the accident occurred. First, off drapt his coat-tail by the mere force of specific gravity, giving to unfortunate man the appearance of a badly trimmed craft with the flying jib in the stern, and on stooping over to pick up the remnant, the dreadful casualty took place—the fountains of the great deep were broken up—Green's pants were sundered from ankle to waist, and Green himself seemed to be. The only way to prevent such deplorable accidents is to patronize a skillful tailor, who makes up his work with a determination that it shall not only fit neatly, but wear well. Green buys at the clothing store because he thinks he can get his gearing a little cheaper. In all probability the pants that served him an treacherously had passed through a fever hospital, been striped from a cholera patient, carried home eight nights in the week on a shutter, and finally bleached and carried by an ingenious Frenchman for a market in the country. Take warning by poor Green's mishap, and go to a tailor shop like that in the basment of Searle's Hotel if you want to be suited.
