FROM NEW YORK.

NEW YORK, Nov. 30.—Thanksgiving Day was very generally observed in the Metropolitan district yesterday. Various companies appeared in parade, and several target excursions took place. Dinner was given by the city Wards in the charitable institutions, and, although the weather was very wet and disagreeable, many enjoyed drives over the various roads and other outdoor exercises.

The Rev. Lyman Abbott preached yesterday in the New England church on reconstruction. He said there was no reason for bribing the Southern aristocracy to allow impartial suffrage. It should be decreed. Dr. Cheever delivered a sermon on the Constitutional amendment, and Rev. Henry Ward Beecher discoursed on the South and its future. Services were also held in most of the other churches of the city.

A large crowd occupied the sidewalk in front of the Fenian headquarters all day yesterday, in expectation of hearing further news from Ireland. Col. Kelly was in attendance at the office, and was busily engaged in receiving contributions of arms and money. A gentleman, who refused to give his name to the public, handed in a check of $1,000, and other large sums were received from different parts of the Union. Despatches were received from England, giving an encouraging account of the movement there. It is thought by Col. Kelly that the alarm of the British Government is caused as much by its accidental discovery that the Fenian organization exists in great strength in England as it is by the attitude of the men in Ireland.

There was a large assemblage of the friends of Irish liberty at Temperance Hall, on Hamilton avenue, Brooklyn, last evening. While the meeting was in progress a company of sixty men entered the Hall, bearing at their head a transparency with the inscription: "Gowanus, First Company of Volunteers of the Army of Ireland." They received a warm greeting.

The steamer William Cook ran down and dashed to pieces a small sloop yacht in the Kills, between Staten Island and Bergen Point, last evening. Cries for help were heard from the water, but owing to the delay in getting the lifeboats overboard no rescues were made. It is not known how many persons were on board the sloop.

The *Herald* gives the following account of the latest city railroad trouble: In the *Herald* of yesterday a notice appeared stating that orders had been issued to the police to arrest any person engaged in tearing up the streets for the purpose of laying new railroad tracks. This order was issued in consequence of information received by Superintendent Kennedy that an attempt would be made during yesterday to lay a new railroad, but whereabouts he could not ascertain. Accordingly the order was telegraphed to the various precincts, and the police were on the lookout. About half-past two o'clock yesterday morning gangs of laborers crossed the Fulton ferry, bearing with them implements of warfare, such as picks, axes, crowbars, spades, shovels, carts, lanterns, &c.

Arriving at Pearl street, the men under the leadership of John N. Kehoe were stationed in proper position to commence hostilities. The police informed Mr. Kehoe of the orders they had received, so that the work in that quarter was suspended, but all hands started for Pearl and Whitehall streets, to resume operations. Mr. Kehoe appeared at the first district police station and informed Sergeant Cherry that he was about to lay a railroad track from Whitehall street, through Pearl street to New Bowery. The Sergeant told him that he certainly would be arrested. Kehoe, however, appeared determined to proceed, and again disposed his force to commence business. No sooner had they commenced than four of them, including Mr. Kehoe, were arrested, and later in the morning brought before Judge Dowling.

The Judge refused to interfere in the case, and sent the men to Superintendent Kennedy. The Superintendent sent them back to the Court with the statement that he had ordered their arrest in consequence of the authority which Corporation Counsel O'Gorman had implied lay with the police of stopping any attempt to lay railroad tracks in the streets. Superintendent Kennedy did not think he had any authority to discharge the men and he ordered Sergeant Cherry to hold the men until further orders. Yesterday afternoon Mr. Kennedy consulted Mr. A. Oakey Hall, counsel for the police, as to what he should do in the matter, and was advised by Mr. Hall to discharge the men after taking their names and residences, so that they could be found when wanted.

THE HARRISON BOILER A SAFE STEAM BOILER.—

This new Steam Generator combines essential advantages IN ABSOLUTE SAFETY FROM EXPLOSION, in first cost and cost of repairs, durability, economy of fuel, facility of cleaning and transportation, not possessed by any other boiler.

It is formed of a combination of cast-iron hollow spheres—each eight inches in external diameter, and three eighths of an inch thick, connected by curved necks, and rebate machine made joints, held together by wrought-iron bolts with caps at the ends. The form is the strongest known; its strength to resist internal pressure, very great—unweakened as it is by punching or riveting, which lessens the strength of the wrought-iron boiler plate about forty per cent. Every boiler is tested by hydraulic pressure at 300 pounds to the square inch. It CANNOT BE BURST UNDER ANY PRACTICABLE STEAM PRESSURE.

Under pressure which might cause rupture in ordinary boilers, every joint in this becomes a safety valve. No other steam generator possesses this property of relief under extreme pressure without injury to itself, and thus preventing disaster.

It is not seriously affected by corrosion, which so soon impairs the strength of the wrought-iron boiler. It has no economy in fuel, equal to the best boilers.

It gets up steam quickly, and with little fuel—produces superheated steam without separate apparatus, and is not liable to priming or foaming.

It is easily transported, and may be taken apart so that no piece need weigh more than eighty pounds. In difficult places of access, the largest boiler may be put through an opening one foot square. It is readily cleaned inside and out. Under ordinary circumstances it is kept free from permanent deposit by blowing the water entirely out under full pressure once a week. It requires no special skill in its management. Injured parts can be renewed with great facility, as they are uniform in shape and size. When renewed the entire boiler remains as good as new. The greater part of the boiler will never need renewal, unless unfairly used.

A boiler can be increased to any extent by simply adding to its width, and being the multiplication of a single form, its strength remains the same for all sizes. It has less weight and takes less than one-half the ground area of the ordinary cylinder boiler, without being increased in height.

Any kind of fuel may be used under this boiler, from the most expensive, to refuse coal dust.

Over two hundred of these boilers are now in operation, some of them in the best establishments in this city. For descriptive circulars or prices, apply to JOSEPH HARRISON, Jr., Harrison Boiler Works, Gray's Ferry road, adjoining U. S. Arsenal, Philadelphia. no8-1mo]

NEW PUBLICATIONS.

MRS. ANN S. STEPHENS'S NEW BOOK!
THE SOLDIER'S ORPHANS.
THE SOLDIER'S ORPHANS.
THE SOLDIER'S ORPHANS.
BY MRS. ANN S. STEPHENS.
BY MRS. ANN S. STEPHENS.
Author of "Fashion and Famine," "The Gold Brick," "The Old Homestead," "Silent Struggles," "Mary Derwent," "Rejected Wife," "The Heiresss," "The Wife's Secret," etc.
This new book, by Mrs. Ann S. Stephens, has been pronounced by all to be by far the best and most interesting work ever written by her. It appeared in monthly installments in "Peterson's Magazine" during the last year having been completed in the December number, where it has proved to be the most popular, powerful and successful novel that has ever appeared in that Magazine, and is now published complete and unabridged, in one large duodecimo volume uniform, with the "Gold Brick," "Fashion and Famine," and the other works of Mrs. Ann S. Stephens, published by us; and it will no doubt prove to be the most popular and successful work that has ever before been written by this talented American authoress.
It is published complete in one large Duodecimo Volume. Price $1 50 in paper, or $2 in cloth.
We have also just issued a new, complete, and uniform edition of the other popular works by Mrs. Ann S. Stephens, their names are as follows,
PRICE OF EACH $1 50 IN PAPER, or $2 IN CLOTH.
THE SOLDIER'S ORPHANS.
THE REJECTED WIFE.
THE WIFE'S SECRET.
SILENT STRUGGLES.
THE GOLD BRICK.
FASHION AND FAMINE.
THE OLD HOMESTEAD.
MARY DERWENT.
THE HEIRESS.
A Complete set of Mrs. Ann S. Stephens's works, nine in all, bound in cloth, will be sold or sent to any one, free of postage, on receipt of Fifteen Dollars by us.
Copies of any or all of the above popular books, will be sent to any one, free of postage, on receipt of price.
Address all orders to the publishers,
T. B. PETERSON & BROTHERS,
