VALUABLE DISCOVERY!
CONSUMPTIVES, BE ON YOUR GUARD!
DR. SWAYNE'S
COMPOUND SYRUP OF WILD CHERRY.
THE GREAT REMEDY FOR
Consumption, Coughs, Colds, Asthma, Bronchitis, Liver Complaint, Spitting Blood, Difficulty of Breathing, Pain in the Side and Breast, Palpitation of the Heart, Influenza, Croup, Broken Constitution, Sore Throat, Nervous Debility, and all Diseases of the Throat, Breast and Lungs; the most effectual and speedy cure ever known for any of the above diseases, is

DR. SWAYNE'S
Compound Syrup of Wild Cherry!

This medicine is no longer among those of doubtful utility. It has passed away from the thousands daily prescribed upon the ground of experiment, and now stands higher in reputation, and is becoming more extensively used than any other preparation of medicine ever produced for the relief of suffering man.

It has been introduced very generally through the United States and Europe, and there are thousands of testimonials, but what contain some remarkable evidence of its good effects. For proof of the foregoing statements, and of the value and efficacy of this medicine, the proprietor will insert a few of the many thousand testimonials which have been presented to him by men of the first respectability—men who have higher views of moral responsibility and integrity than to deceitfully, or, because it will do another a favor, and themselves no injustice. Such testimony proves conclusively, that its surprising excellence is established by its intrinsic merits, and the unquestionable authority of public opinion. The instantaneous relief it affords, and the soothing influence diffused through the whole frame by its use, renders it a most agreeable remedy for the afflicted.

REMEMBER!

"When men, acting from conscientious impulses, voluntarily bear testimony to the truth of a thing, or particular fact, such testimony, being contrary to their worldly interests and purposes, coerces conviction of its truth, and commends itself in a special manner to universal credence."—O'Hogan's Moral Maxims.

SETH, ANOTHER CURE FOR PULMONARY CONSUMPTION.—There never was a remedy that has been as successful in desperate cases of Consumption, as Dr. Swayne's Compound Syrup of Wild Cherry. It strengthens the system, and assists to heal the ulcers on the lungs, sweating new and rich blood; power possessed by no other medicine.

CHESTER CO., April 25th, 1849.

Dr. Swayne—Dear Sir: I verily believe your Compound Syrup of Wild Cherry has been the means of saving my life. I caught a severe cold, which greatly reduced my strength, attended with a severe cough, that all grew worse, notwithstanding I had recourse to, and trusted all the remedies which I had recourse to, until I became so weak that I was confined to my room. I was induced to try your Wild Cherry. Some three years since I was violently attacked with cold and inflammation of the lungs, which was accompanied with a distressing cough, pain in the breast and head, a very considerable discharge of offensive matter from the lungs, especially upon change of weather, however slight. At first I felt no alarm about my condition, but was pretty soon convinced that I was rapidly falling into consumption. I grew daily weaker, and at length was scarcely able to walk about, or speak above a whisper, such was the exceeding weakness of my lungs. During this time I had various prescriptions and prescriptions, but found no relief—growing all the time worse. Just here I was advised and persuaded by a dear friend in Wilmington to make trial of your syrup of Wild Cherry. I must confess that previously I had been prejudiced against patent medicines, and I am still against those coming out of the hands of venders, but when these coming out of the hands of the profession and practice of medicine, and having implicit faith in the saying of my friends, I forthwith purchased of Dr. Sharpless, one of your agents, a bottle, and commenced its use. My disease was at that time of 20 or 25 months' standing, consequently it was deeply seated. I found, however, considerable relief from the use of the first four or five bottles. But being a public speaker, I frequently attempted to preach with my increasing strength, and thereby rupured those vessels that had already begun to heal; in this way doubtless, my cure was greatly retarded. In consequence of acting thus imprudently, I had to use twelve or fifteen bottles, before I was perfectly recovered. I have no question a much smaller number of bottles would have made the sound, but for the above indiscretion. The Syrup allayed the fever, stilled the distressing cough, put a stop to the discharge of matter from the lungs, and gave them and the entire system good health. I have deferred offering this certificate until now, for the purpose of being perfectly satisfied with the permanency of the cure, and now that I feel perfectly well I offer it with pleasure. REV. J. P. JORDAN.

Important Caution—Read! Read!

There is but one genuine preparation of Wild Cherry, and that is Dr. SWAYNE'S, the first ever offered to the public, which has been said largely throughout the United States and some parts of Europe; and all preparations called by the name of Wild Cherry that have been put out since this, under cover of some deceptive circumstances, in order to give currency to their sales. By a little observation, no person need mistake. Each bottle of the genuine is enveloped with a beautiful steel engraving, with the likeness of William Penn thereon; also, Dr. Swayne's signature and a fac-simile signature of the name of Dr. Swayne, will be added hereafter, so as to distinguish his preparation from all others. Now, if it was not for the great curative properties of Wild Cherry, persons would not be endeavoring to give currency to their "delicious nostrums" by stealing the name of Wild Cherry. Remember Swayne's Wild Cherry is the name of Dr. Swayne, and he not deceived.

B. A. Fahnestock's Anti-Bilious Pills.—This Cathartic compound combines smallness of bulk with efficiency and comparative mildness of purgative action, and having a peculiar tendency to the biliary organs, is extremely valuable in this country, in which bilious fevers and other complaints attended with congestion of the liver, so much abound. They have now stood the test of 20 years, and experience has proved them to be a safe and valuable remedy in Intermittent, Remittent and Bilious Fevers; Jaundice; Bilious Colic; Indigestion; Dropsy; Dysentary; Bilious Vomitings; Colds, and all complaints of an inflammatory character. The complete and universal satisfaction which has been given by these pills to all who have once used them, renders the publishing of the numerous certificates in their favor unnecessary. To prevent counterfeiting they are now put up in a red xylographic wrapper.

SELLERS VERMIFUGE PREFERRED TO ALL OTHERS—

LEXINGTON, Va., Oct. 12, 1848.

Mr. R. E. Sellers:—One of our physicians, whose practice is very extensive, told me this morning of a case in which one vial of your Vermifuge brought away above 60 worms; and a gentleman in the neighborhood said that less than half a vial caused the discharge of over 40 large worms from one of his children. Very many of such instances might be stated. It is well known about here, and almost all prefer it to any other. Send me 12 dozen and other articles.

J. M. WILSON.

Parents who do not wish to trifle with their children, should use Sellers' Vermifuge.

A STRONG EVIDENCE OF Dr JAYNE'S EXPECTORANT is superior to all others, is that while it eradicates the disease, it invigorates the body. It is one of the very best of all the celebrated medicines.

SPRING AND SUMMER MEDICINES

Ever known; it not only purifies the whole system, and strengthens the person, but it *creates new, pure and rich blood*: a power possessed by no other medicine. And its tasteless the grand secret of its wonderful success. It has performed within the last two years, more than 100,000 cures of severe cases of disease; at least 15,000 were considered incurable. It has saved the lives of more than 10,000 children during the two past seasons.

10,000 cases of General Debility and want of Nervous Energy.

Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy by the effects of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline, hastening towards that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

Invigorating Cordial,

As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree.

Consumption Cured.

Cleanse and Strengthen. Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Scrofula in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c, have been cured and can be cured.

SPITTING BLOOD.

Dr. TOWNSEND—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a hacking cough, became very low and weak. At last I raised large quantities of blood, had night sweats, and was equally debilitated and reduced, and the last expect to live. I have only used your Sarsaparilla about three months, and a wonderful change has been wrought in me. I can now go to mill all over the city. I raise no blood, and my cough has left me. My friends can well imagine that I am thankful for these results.

Your obeying servant,
WM. RUSSELL, 65 Catherine st.

Female Medicines.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Leucorrhœa, Disease or Falling of the Womb, Costiveness, Piles, Leucorrhœa, or Whites, Retention or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system, no matter whether the result of laborious exercise or causes, produced by irregularity, illness or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately enhances the marvellousness of the human system, which is the great cause of Barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine, healthy offspring.

To Mothers and Married Ladies.

This Extract of Sarsaparilla has been specially prepared in reference to female complaints. No female who has reason to suppose she is approaching the critical period, "*The turn of life*" should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. *This period may be saved for several years by using this medicine.* Nothing it less valuable for those who are approaching womanhood, as it is calculated to assist nature, by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all the delicate diseases to which women are subject.

It braces the whole system, renews permanently the natural exercise, by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation, which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented.

Great Blessing to Mothers and Children.

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child-birth ever discovered. It strengthens both the mother and child, prevents pain and disease, increases and enriches the food, those who have used it think it is indispensable. It is highly recommended both before and after confinement, as it prevents diseases attendant upon childbirth.—In Costiveness, Piles, Cramps, Swelling of the Feet, Dropsicalness, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage and in regulating the secretions and equalizing the circulation it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate and most successfully, very few cases require any other medicine, in some a little Castor Oil, or Magnesia, is useful. Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement.

Beauty and Health.

Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, beautifies its own production in the "human face Divine," as well as in the garden of rich and delicately tinted and variegated flowers. A free, active and healthy circulation of the fluids, or the coursing of the pure, rich blood to the extremities, is that which paints the countenance in the most exquisite beauty. It is that which imparts the indescribable shades and flashes of loveliness that all admire, but none can define. This beauty is the offspring of nature—not of *powder or soap*. If there is not a free and healthy circulation, there is no beauty. If the lady is cold, her extremities cold, if she pants, and her exertions and the blood is thick, cold and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes that is fascinating.

This is why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise, or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain clarity of step, buoyant spirits, sparkling eyes and beautiful complexions, they should use Dr. Townsend's Sarsaparilla. Thousands who have tried it, are more than satisfied, are delighted. Ladies of every station, crowd our office daily

Notice to the Ladies.

Those test imitate Dr. Townsend's Sarsaparilla, have invariably called their stuff a *great Remedy for Females, &c.* &c., and have copied our bills and circular, which relates to the complaints of women, word for word—other men who put up medicine, have, since the great success of Dr. Townsend's Sarsaparilla in correcting diseases incident to females, recommended theirs, although previously they did not. A gasper of these Mixtures, Pills, &c., are injurious to female health, aggravate disease, and undermine the constitution. Dr. Townsend's is the only and best remedy for the numerous female complaints—it rarely, if ever fails of effecting a permanent cure. It can be taken by the most delicate females, in any case, or by those expecting to become mothers, with the greatest advantages, as it prepares the system and prepares the child for a healthy existence, and strengthens both mother and child. Be careful to get the genuine.

Scrofula Cured.

This certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the Blood. Three persons cured in one house in Longworth.

Three Children.

Dr. TOWNSEND—Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad Sores; have taken only four bottles; it took them away, for which I feel myself under great obligation.
