MEDICAL.

VALUABLE DISCOVERY!

CONSUMPTIVES, BE ON YOUR GUARD!

THE ANWAYNE'S COMPOUND SYRUP OF WILD CHERRY.

THE GREAT REMEDY FOR

Consumption, Coughs, Colds, Asthma, Bronchitis, Liver Complaint, Spitting Blood, Difficulty of Breathing, Pain in the Side and Breast, Palpitation of the Heart, Influenza, Croup, Broken Constitution, Sore Throat, Nervous Debility, and all Diseases of the Throat, Breast and Lungs, the most efficacious and specific cure ever known for any of the above diseases.

DR. SWAYNE'S

Compound Syrup of Wild Cherry!

This medicine is no longer among those of doubtful utility. It has passed away from the thousands daily launched upon the tide of experiment, and now stands higher in reputation, and is becoming more extensively used than any other preparation of medicine ever produced for the relief of suffering man.

It has been introduced very generally through the United States and Europe, and there are few towns of importance but what contain some remarkable evidence of its good effects. For proof of the foregoing statements, and of the value and efficacy of this medicine, the proprietor will insert a few of the many thousand testimonials which have been presented to him by men of the first respectability—men who have higher views of moral responsibility and justice, than to trifle with facts, because it will do another a favor, and themselves no injustice. Such testimony proves conclusively, that its surprising excellence is established by its intrinsic merits, and the unquestionable authority of public opinion. The instantaneous relief it affords, and the soothing influence diffused through the whole frame by its use, renders it a most agreeable remedy for the afflicted.

REMEMBER:

"When men, acting from conscientious impulses, voluntarily bear testimony to the truth of a thing, or particular fact, such testimony, being contrary to their worldly interests and prejudices, receives conviction of its truth, and commends itself in a special manner to universal credence."—O'Hanlon's Moral Maxims.

SPECIAL AMENDMENT OF PULMONARY CONSUMPTION.—There never was a remedy that has been so successful in desperate cases of Consumption, as Dr. Swayne's Compound Syrup of Wild Cherry. It strengthens the system, and repairs to heal the ulcers on the lungs, creating new and rich blood; power possessed by no other medicine.

CHESTER CO., April 25th, 1848.

Dr. Swayne—Dear Sir: I verily believe your Compound Syrup of Wild Cherry has been the means of saving my life. I caught a severe cold, which gradually grew worse, attended with a severe cough, that resisted all the remedies which I had recourse to, until I became so reduced, as exhibited all the symptoms of a decaying consumption. Every thing I tried seemed to have no effect, and my complaint increased so rapidly that friends as well as myself gave up all hopes of my recovery. At the time I was recommended to try your invaluable medicine I did so with the most happy results. The first bottle had the effect to loosen the cough, causing me to expectorate freely; and by the time I had used six bottles, I was entirely well, and am now as hearty a man as I ever was in my life, and would be happy to give any information respecting my case, that sufferers may derive the benefit for which I am so grateful. For the truth of the above statement, I refer you to Peter Black, Green, West Chester, who I purchased the medicine.

JAMES MCGEAR.

Respectfully yours,

Wonderful Cure of a Methodist Minister.

Dr. Swayne—Sir: I think it a debt of gratitude due to you, and a duty to the afflicted generally, to offer my humble testimony in favor of your Compound Syrup of Wild Cherry. Some three years ago I was violently seized with cold and inflammation of the Lungs, which was accompanied with a distressing Laxity, which was attended with a very considerable cough, pain in the breast and head, a very considerable discharge of offensive matter from the lungs, especially on change of weather, however slight. I actually spoke of a grave about my condition, but was prevented from being buried, by being induced to try your Compound Syrup of Wild Cherry. I commenced taking it, and in a short time I felt no alarm about my condition, but was perfectly convinced that I was rapidly rolling into consumption. I grew daily weaker, and at length was scarcely able to walk about, or speak above a whisper, such was the exceeding weakness of my lungs. During this time I had tried several preparations and prescriptions, none of which afforded me relief—growing all the time worse. Just at this period I was advised and persuaded by a dear friend here I was advised and persuaded to try your Syrup of Wild Cherry. Willmington to make trial of your Syrup of Wild Cherry. I must confess that previously I had been prejudiced against patent medicines, and I am still against those coming out of the beaten track of medicine, but seeing your name to be in the profession and practice of medicine, and having implicit faith in the saying of my sire of the first respectability—men who have higher views of moral responsibility and justice, than to trifle with facts, because it will do another a favor, and themselves no injustice. Such testimony proves conclusively, that its surprising excellence is established by its intrinsic merits, and the unquestionable authority of public opinion. B. A. Fahnestock's Anti-Bilious Pills.

This Cathartic compound combines smallness of bulk with efficiency and comparative mildness of purgative action, and having a peculiar tendency to the biliary organs, is extremely valuable in this country, in which bilious fevers and other complaints, originating with congestion of the liver, so much abound. They have now stood the test of 20 years, and experience has proved them to be a safe and valuable remedy in Intermittents, Remittent and Bilious Fevers; Jaundice; Bilious Colic; Indigestion; Dropsy; Dysentary; Bilious Vomitings; Colds; and all complaints of an inflammatory character. The complete and universal satisfaction which has been given by these pills to all who have once used them, renders the publishing of the numerous certificates in their favor unnecessary. To prevent counterfeiting they are now put up in a red zylographic wrapper.

SELLERS' VERMIFUGE PREFERRED TO ALL OTHERS.

LEXINGTON, VA., Oct. 19, 1843.

Mr. R. E. Sellers:—One of our physicians, whose practice is very extensive, told me he had no idea of a case in which one dose of your Vermifuge brought every above 60 worms; and a gentleman in the neighborhood said that less than half a vial caused the discharge of over 50 worms from one of his children. These are but many of such instances might be stated. It is well known about here, and almost all prefer it to any other. Send me 18 dozen and oblige

A STRONG EVIDENCE that Dr JAYNE'S EXPECTORANT is superior to all other medicines for Coughs, Consumption, Asthma, and other Pulmonary affections, is that the same persons who commenced the use of it in their families ten years ago still prefer it to all other remedies of the kind; and when they have tried other preparations they have almost invariably been disappointed in receiving the benefit which was reasonably anticipated from the high praises bestowed by the proprietors of those preparations to the use of JAYNE'S EXPECTORANT, as a remedy that has never failed to relieve them, and which probably never had its equal in extensive popularity.

B. A. FAHNESTOCK'S VERMIFUGE.

FEW weeks since, one of my children, aged about five years, was unwell for several days, and the illness increased so alarmingly that I feared death would be the result. Having heard of the good effects of Fahnestock's Vermifuge when administered to the children of my neighbors, and thinking my child might have worms, from some of the symptoms, I gave it one and a half teaspoonfuls of the Vermifuge to do the great astonishment it almost immediately discharged between 250 and 300 large worms. Its health was soon restored, and it is now remarkably well. Previous taking the Vermifuge, the worms would occasionally rise in the throat, and I often feared it would die from strangulation. JAS. SELLERS' VERMIFUGE—"No family should be without it!"

LOUISA, C. H., VA., Aug. 24, '43.

MR. R. E. SELLERS: I cheerfully certify that I have for some years past used your Vermifuge in my family, and universally with success. I decidedly prefer it to any other preparation I have used—among these may be named the celebrated medicine called Deadshot, Fahnestock's Vermifuge, and a preparation called Worm Tea. In a recent case, a single dose brought from my little boy one hundred and six large worms. He family certainly ought to be without it. Yours &c

Dr. Townsend's Sarsaparilla is invigorating the whole system permanently. To those who have lost their vital energy by the effects of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system; languidness, want of ambition, failing sensations, premature decay and decline, hastening towards that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

Invigorating Cordial.

As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system in a most extraordinary degree.

Consumption Cured.

Chronic and Strangulous Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Severest in the Chest, Hectic Flush, Night Sweats, Deficient or Profuse Expectoration, Pain in the Side, &c, have been and can be cured.

SPITTING BLOOD.

New York, April 26, 1847.

DR. TOWNSEND:—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad cough, which became worse and worse. As I raised large quantities of blood, had night sweats, and was greatly disheartened at my condition, I did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I can now walk to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results.

Your obedient servant,

Female Medicine.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for Indolent Consumption, Scrofula, Erysipelas, Ulcers, Falling of the Womb, Gonorrhœas, Fluxes, Whites, &c., and have copied our bills and circular which relates to the complaints of women, was for every other man who put up medicine, have stolen the expression of Dr. Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not. The number of these Mixtures, Pills, &c., are injurious to females, as they prostrate, reduce, and undermine the constitution. Dr. Townsend's is the only and best remedy for the numerous female complaints—it purifies, it gives full vigor of purpose, and the nervousness of the female frame, which is the great cause of Barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine, healthy offspring.

To Mothers and Married Ladies.

This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "The turn of life," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be anticipated *for several years by using this medicine.* Nor is it less valuable for those who are approaching womanhood, as it is calculated to assist nature, by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all the delicate diseases to which women are subject.

It braces the whole system, renews permanently the natural exercise, by removing the impurities of the body, and so far stimulating as to produce subsequent relaxation, which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented.

Great Blessing to Mothers and Children.

It is the safest and most effectual medicine for purifying the system, and relieving the enfeebled and diseased upon child-birth ever discovered. It strengthens both the mother and child, prevents pain and disease, increases and enriches the food, those who have used it think it is indispensable. It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—in Costiveness, Piles, Cramps, Swelling of the Feet, Dependency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage and in regulating the secretions and equalizing the circulation it has no equal. The great benefit of this medicine is, it is always safe, and the most delicate use is most successfully, very few cases require any other medicine, in some a little Castor Oil, or Magnesia, is useful. Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement.

Beauty and Health.

Cosmetics, Cloth, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. They clog the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or poverty, or the skin inflamed by the alkalies used in soaps, beautifies its own production in the "human face Divine," as well as in the garden, in rich and delicately tinted and variegated flowers. A free, active and healthy circulation of the fluids, or the coursing of the pure, rich blood to the remotest parts of the system, is the great cause of that which paints the countenance in the most exquisite beauty. It is that which imparts the indescribable shades and flushes of loveliness that will admire, but cannot describe. This beauty is the offspring of nature—not of powder or soap. If there is not a free and healthy circulation, there is no beauty. If the body is dirty or driven away, if the pulse, and the tongue, and the blood is thick, cold and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to the eye that is fascinating.

This is why the southern, and especially the Spanish ladies are so selfish, refined. Ladies in the cities who take but little exercise, or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eye, and beautiful complexions, they should use Dr. Townsend's Sarsaparilla. Thousands who have tried it, are more than satisfied, are delighted. Ladies of every station, crowd our office daily.

Notice to the Ladies.

Those that imitate Dr. Townsend's Sarsaparilla, have invariably called their stuff a *great Remedy for Female Diseases, &c.*, and have copied our bills and circular which relates to the complaints of women, was for every other man who put up medicine, have stolen the expression of Dr. Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not. Scrofula Cured.

This certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate disease of the blood: "Three persons cured in one house in Springfield."

Three Children.

DR. TOWNSEND—Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad Sores; have taken only four bottles; it took them a way, for which I feel myself under great obligation.

Opinions of Physicians.

Dr. Townsend is almost daily receiving orders from Physicians in different parts of the Union.

This is to certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations in the market.

CAUTION.

Owing to the great success and immense sale of Dr. Townsend's Sarsaparilla, a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, Extracts of Yellow Dock, &c. They generally put it up in the same shaped bottles, and some of them have stole and copied our advertisements—they are only worthless imitations, and should be avoided.

MEDICAL.

TO PREVENT DISEASE IS BETTER THAN TO CURE IT.

DR. TOWNSEND'S

COMPOUND EXTRACT OF

SARSAPARILLA.

Wonder and Blessing of the Age.

The most extraordinary Medicine in the World! *This Extract is put up in Quart Bottles; it is ten times cheaper, pleasanter, and warranted superior to any sold. It cures without vomiting, purging, sickening or debilitating the Patient.*

The great beauty and superiority of this Sarsaparilla over all other medicines is, that while it eradicates the disease, it invigorates the body. It is one of the very best SPRING AND SUMMER MEDICINES.

Ever known; it not only purifies the whole system, and strengthens the person, but it *creates new, pure and rich blood*: a power possessed by no other medicine. And it is this the grand secret of its wonderful success. It has performed within the last two years, more than 100,000 cures of severe cases of disease; at least 15,000 were considered incurable. It has saved the lives of more than 10,000 children during the two past seasons.

10,000 cases of General Debility and want of Nervous Energy.

Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy by the effects of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system; languidness, want of ambition, failing sensations, premature decay and decline, hastening towards that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

Invigorating Cordial.

As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system in a most extraordinary degree.

Consumption Cured.

Chronic and Strangulous Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Severest in the Chest, Hectic Flush, Night Sweats, Deficient or Profuse Expectoration, Pain in the Side, &c, have been and can be cured.

New York, April 26, 1847.

DR. TOWNSEND:—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad cough, which became worse and worse. As I raised large quantities of blood, had night sweats, and was greatly disheartened at my condition, I did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I can now walk to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results.

Your obedient servant,

WM. BURRELL, 65 Cedar st.

Female Medicine.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for Indolent Consumption, Scrofula, Erysipelas, Ulcers, Falling of the Womb, Gonorrhœas, Fluxes, Whites, &c., and have copied our bills and circular which relates to the complaints of women, was for every other man who put up medicine, have stolen the expression of Dr. Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not. The number of these Mixtures, Pills, &c., are injurious to females, as they prostrate, reduce, and undermine the constitution. Dr. Townsend's is the only and best remedy for the numerous female complaints—it purifies, it gives full vigor of purpose, and the nervousness of the female frame, which is the great cause of Barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine, healthy offspring.

Scrofula Cured.

This certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate disease of the blood: "Three persons cured in one house in Springfield."

Three Children.

DR. TOWNSEND—Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad Sores; have taken only four bottles; it took them a way, for which I feel myself under great obligation.

Yours, respectfully,

ISAAC W. CRAIG, 106 Wooster st.

RELIANCE PORTABLE BOAT LINE,

1848.

FOR TRANSPORTATION OF MERCHANDIZE BETWEEN PITTSBURGH AND PHILADELPHIA.

THE Proprietors of this old established and first Portable Boat Line, having removed their depot to Philadelphia, to a much larger Warehouse on Market st., than they formerly occupied, and have increased their room for storage at Pittsburgh, are now prepared to offer much greater facilities to their friends and patrons.

Goods carried by this line are not transhipped between Pittsburgh and Philadelphia, being carried entirely in Portable Section Boats. To shippers of flour and other goods requiring careful handling, this is of importance. No charge made for receiving or shipping goods, or advancing charges. All goods forwarded promptly, and upon as reasonable terms as by any other line.

PITTSBURGH PORTABLE BOAT LINE

1848.

For the Transportation of Freight to and from PITTSBURGH, PHILADELPHIA, BALTIMORE, NEW YORK, BOSTON, &c.

BOARDER & CARR, Philadelphia.
TAAFFE & O'CONNOR, Pittsburgh.

THIS old established Line being now in full operation, the proprietors have made extensive arrangements to forward goods and produce with despatch, and on the most favorable terms. They confidently hope their well known promptness in delivery, and peculiar safety in mode of carrying—capacious warehouses at each port, affording accommodations to shippers and owners of produce—together with their long experience and unremitting attention to business, will secure to them a continuance of that liberal patronage they hereby gratefully acknowledge.

All consignments by and for this line received, charges paid, and forwarded in any required directions free of charge for commission, advancing or storage.

No interest, directly or indirectly, in steamboats.
