BUSINESS NOTICES.

Allcock's Porous Plasters.

Especially useful in pains of the breast, sense of weakness and inward chilling, for cough, colds, asthma and difficulty of breathing; soreness and fatigue about the diaphragm. They give much ease in Gout and Rheumatism, weakness of the back, and in affections and pain about the kidneys. In Lumbago they act like a charm. In a few hours a violent cough is relieved by a plaster applied on the chest. Many persons believe a cold cannot be taken while a plaster is worn upon the chest; this we do know, they greatly assist in the cure of a neglected cold, so often the introducer of Consumption.

No plaster yet made is so entirely free from objections as the *PORUS PLASTERS*. Being a preparation from Frankincense, Rubber and Burgundy pitch, they seem to possess the quality of

ACCUMULATING ELECTRICITY

and imparting it to the body, whereby the circulation of the blood becomes equalized upon the part where applied. Where cutting pain and morbid action to cease. The Porous Plasters are flexible, and formed of genuine Rubber, so that those who have weak backs, or pain in the side, find great relief. They vulcanize to the skin, and do not blister like other rubber plasters. Their adhesiveness is owing to the Burgundy pitch, and they are so much lighter than other plasters, that they do not cause the least fatigue or weariness. They are recommended by the medical profession, and have received the highest testimonials from those who have used them. They are the only porous plaster ever invented, and are the only plaster that will not blister. They are the only plaster that will not blister. They are the only plaster that will not blister. They
