MEDICAL.

IMPORTANT TO THE AFFLICTED.
Dr. Rose's Celebrated Remedies.
DR JACOB S ROSE, the discoverer and sole proprietor of these most popular and beneficial medicines, and also the inventor of the celebrated instrument for inflating the Lungs, in effecting a cure of Chronic diseases, was a student of that eminent physician, Doctor Physic, and is a graduate of the University of Pennsylvania, and for thirty years has been engaged in the investigation of disease, and the application of remedies thereto.
Through the use of his inflating tube, in connection with his Prophylactic Syrup and other of his remedies, he has gained an unparalleled eminence in curing those dreadful and fatal maladies, Tubercular Consumption, Cancers, Scrofula, Rheumatism, Asthma, Fever and Ague, Fevers of all kinds, Chronic Erysipelas, and all those obstinate diseases peculiar to females.
Indeed every form of disease vanishes under the use of his remedies in which the use of one compound only, for that is incompatible with Physiological Law, but by the use of his remedies, adapted to and prescribed for each peculiar form of disease.
Dr Rose's Tonic Alterative Pills, when used are invariably acknowledged to be superior to all others, as a purgative or liver pill, inasmuch as they leave the bowels perfectly free from costiveness, as also his Golden Pills is admitted by the faculty to possess peculiar properties adapted to female diseases, as being satisfied that a time trial is sufficient to establish what has been said in the minds of the most skeptical.
The afflicted are invited to call upon the agent, and procure (gratis) one of the Doctor's pamphlets, giving a detailed account of each remedy and its application.

COUGH, PAIN IN THE SIDE AND CHEST CURED—Having for a long time been afflicted with a severe pain in the side and chest, accompanied with a dry cough, I was induced, upon the recommendation of a friend, to try Dr. Taylor's Balsam of Liverwort, and I must say this medicine has answered its purpose admirably. My distress was produced by a severe hurt and was so great that it was with difficulty I could swallow my food. Indeed I am satisfied this disease must have terminated in consumption or some fatal disease, had it not been cured by this judicious medicine. To all who seek to prolong their lives I would recommend the use of Dr. Taylor's Balsam of Liverwort.
JAMES GOWAN, 12 Bowery
This medicine is creative and reliever, which, when used, very restores the sick and makes the considered a most proper preparation for the cure and prevention of all diseases in the Chest and Lungs, and should be resorted to, even after these diseases have been disregarded or remedies. In the practice of the old and very respectable physician, the Balsam of Liverwort has acquired an enviable reputation for its virtues as superior to that of the abundant nostrums of the day, as was the character and probity of its inventor, to that of quacks and empirics.
CONSUMPTION CURED.—Mr. son having a violent cold, used to cough violently, raising quantities of thick putrid matter, and finally he could not turn over in bed, from weakness. He manifested every symptom of confirmed consumption. For six years he had been subject to the asthma. His physicians, Messrs Verhoule & Anderson, said he was incurable, and must soon die. Yet I was determined to try Dr. Taylor's Balsam of Liverwort, and strange as it may appear this medicine has fully restored his health.

Jaynes' Expectorant.
SALEM, Columbiana co., O., Apr. 24, 1841.
DR. D. JAYNES: Dear Sir:—I feel bound to you and the afflicted public, to avail myself of this opportunity of giving publicity to the extraordinary effects of your Expectorant on myself. Having been afflicted for several years with a severe cough, hectic fever and its concomitant diseases, and seemed only doomed to linger out a short but miserable existence, until the fall of 1839, when, being more severely attacked, and having resorted to all my former remedies, and the prescriptions of two of the most respectable physicians in the neighborhood without deriving any benefit, or the consolation of surviving but a few days or weeks at farthest—when the last gleam of hope was about to vanish, I had recommended to me your Expectorant—and blessed by that Being who does all things in the use of the means—and contrary to the expectations of my physicians and friends, I was in a few days raised from my bed, and was enabled by the use of a bottle, to attend to my business, enjoying since better health than I had for ten years previous.
Respectfully yours, &c., JAS. W. ESTILL.
For sale in Pittsburgh, at the Pekin Tea Store, 72 Fourth street. mar29

B. A. FAHNESTOCK & CO'S Pneumonic or Cough Balsam has a great advantage over many other Cough preparations, as its pleasant taste permits it to be used without inconvenience. But its value as a Balsam consists in the speediness of its cure. We have known some of the most desperate coughs, some of which had been running on for a considerable length of time, yield almost immediately to its power.
In such weather as we have had during the past winter, every one is liable to take cold, unless great precautions are used.
Wet feet and undue exposure to the inclemency of the weather often lays the foundation of a hacking cough, which needs a quick remedy to prevent serious results.
We have numerous certificates of cures which it has performed, many of which are from persons in this city and the neighborhood, and they are a sufficient reference without saying another word in its favor.

Pittsburgh & Boston Copper Company.
THIS Company respectfully informs the public, and particularly all dealers and consumers of Copper in the form in which they prepare it, that their Smelting Works are now in successful operation, and they are now ready to make contracts for the delivery of Ingots to those who want in this form, and also tough cake for the purpose of rolling.
The Copper produced from the Metalic Mines of Lake Superior, is ascertained to be much superior to the ordinary copper in the markets, which is obtained from ores containing foreign mineral substances. This copper is perfectly pure, and is not injured by the process of smelting, and is therefore greatly to be preferred for metal rolling, and many other purposes.
It is not the intention or wish of this Company to erect works for the manufacture of copper in the various forms in which it is wanted, they will be happy to make contracts for the delivery of it in the form of Ingots, tough cake for rolling, &c., to those who may wish to embark in the business.
Hereafter all the copper obtained from their mines will be brought to Pittsburgh, and large supplies may be expected. Letters addressed to C. G. Hussey or Thomas M. Howe, will meet with prompt attention.

MISCELLANEOUS.

COAD'S
Patent Graduated Galvanic Battery and Patent Insulated Poles for Medical and other purposes.
THIS is the only instrument of the kind that has ever been presented in this country or Europe for medical purposes, and is the only one ever known to man, by which the galvanic fluid can be conveyed to the human eye, the ear, the brain, or to any part of the body, either externally or internally, in a definite gentle stream without shocks or pain—with perfect safety—and often with the happiest effects.
This important apparatus is now highly approved of by many of the most eminent physicians of this country and Europe, to whom the afflicted and others whom it may concern can be referred. Reference will also be given to many highly respectable citizens, who have been cured by means of this most valuable apparatus of some of the most inveterate nervous disorders which could not be removed by any other known means.
Among various others, it has been proved to be admirably adapted for the cure of the following diseases, viz: nervous headache and other diseases of the brain. It is with this apparatus alone that the operator can convey the magnetic fluid with ease and safety to the eye, to restore sight, or cure amaurosis; to the ear to restore hearing; to the tongue and other organs, to restore speech; and to the various parts of the body, for the cure of chronic rheumatism, asthma, neuralgia, or tic doloureux, paralysis, or palsy, gout, chorea or St. Vitus dance, epilepsy, weakness from sprains, some diseases peculiar to females, contraction of the limbs, lockjaw, etc. etc.
Rights for surrounding counties of Western Pa., and privileges, with the instrument, may be purchased, and also tested for the cure of diseases.
Full instructions will be given for the various chemicals to be used for various diseases, and the best manner for operating for the cure of those diseases will also be fully explained to the purchaser, and a pamphlet put into his hands expressly for these purposes, carefully prepared by the patentee. Reversible Filtering Cock,
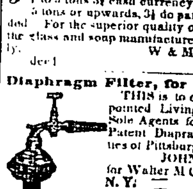
FOR PURIFYING WATER,


Which renders turbid water pure by removing all substances not soluble in water. The croton water in N. York, although clear and pure to the eye, yet when it passes an hour through this filtering cock, shows a large deposit of impure substances, worms, &c. This is the case more or less with all hydrant water.
The Reversible Filterer is neat and durable, and is not attended with the inconvenience incident to other Filterers, as it is cleansed without being detached from the water pipe, by merely turning the key or handle from one side to the other. By this easy process, the course of water is changed, and all accumulations of impure substances are driven off almost instantly, without unscrewing the Filter. It also possesses the advantage of being a stop cock, and as such in many cases will be very convenient and economical.
It can be attached where there is any pressure high or low to a cask, tank, tub, &c. with ease. To be had of the sole Agent, W. W. WILSON,
oct17 corner of Fourth and Market sts

Advertisement.
THE subscriber, in offering for sale a handsome lot of Nunns & Clark's, (New York,) and Chickering's (Boston,) Pianos, would direct attention to the fact that his is the only place in the West where the instruments of these two makers can be tried side by side, and where, consequently, a correct idea of their qualities can be formed. The subscriber being anxious to test their relative merits, and having for a number of years performed upon the Pianos of Nunns & Clark, has taken into use for the last twelve months, a Chickering Piano, in order to try its durability and fitness as an accompaniment to the voice. This Piano may now be seen and examined at his rooms. He feels confident of his ability to give a competent and reliable opinion on the subject.
