ing two hundred dollars per ton, mostly procured from Norway, though a very excellent quality is received from Salisbury, Connecticut. The iron is cut up from bars into pieces of ten pounds weight and fourteen inches in length. After being drawn out to forty inches, under a high heat, the bar is curved and welded on steel rods. The barrel is then bored out, and reduced in weight from ten pounds to four and a half, after which it is polished with emey, on revolving wheels, and the quality of the workmanship is not exceeded by any in the world.

A PERFUMED BREATH.—What lady or gentleman would remain under the curse of a disagreeable breath, when by using the "Balm of a Thousand Flowers" as a dentrifice would not only render it sweet but leave the teeth white as alabaster? Many persons do not know their breath is bad, and the subject is as delicate their freinds will never mention it. Pour a single drop of "Balm" on your tooth brush and wash the teeth night and morning. A fifty cent bottle will last a year.

A beautiful complexion may easily be acquired by using the "Balm of a Thousand Flowers." It will remove tan, pimples and freckles from the skin, leaving it of a soft and roseate hue. Wet a towel, pour on two or three drops, and wash the face night and morning.

SHAVING MADE EASY.—Wet your shaving brush in either warm or cold water, pour on two or three drops of "Balm of a Thousand Flowers," rub the beard well, and it will make a beautiful soft lather, much facilitating the operation of shaving. Price only fifty cents. Beware of counterfeits. None genuine unless signed by W. P. FETRIDGE & CO, Franklin Square, New York.

HEALTH OR SICKNESS?

CHOOSE BETWEEN THEM.

HOLLOWAY'S PILL.

THE Blood furnishes the material of every bone, muscle, gland and fibre in the human frame. When pure, it secures health to every organ; when corrupt, it necessarily produces disease. HOLLOWAY'S PILLS operate directly upon the elements of the stream of life; neutralizing the principle of disease, and thus radically curing the malady, whether located in the nerves, the stomach, the liver, the bowels, the muscles, the skin, the brain, or any other part of the system.

Used Throughout the World?

HOLLOWAY'S PILLS are equally efficacious in complaints common to the whole human race, and in disorders peculiar to certain climates and localities.

Alarming Disorders.

Dyspepsia and derangement of the liver, the source of infirmity, and suffering, and the cause of innumerable deaths, yield to these curatives, in all cases, however aggravated, acting as a mild purgative, alterative and tonic; they relieve the bowels, purify the fluids, and invigorate the system and the constitution at the same time.

General Weakness—Nervous Complaints.

When all stimulants fail, the renovating and bracing properties of these Pills give firmness to the shaking nerves and enfeebled muscles of the victim of general debility.

Delicate Females.

All irregularities and ailments incident to the delicate and sensitive organs of the sex are removed or prevented by a few doses of these mild, but infallible alteratives. No mother who regards her own or her children's health should fail to have them within her reach.

Scientific Endorsements.

The London "Lancet," the London "Medical Review" and the most eminent of the faculty in Great Britain, France and Germany, have eulogized the Pills and their inventor.

Holloway's Pills are the best remedy known in the world for the following diseases;

Asthma	Headaches
Bowel Complaints	Indigestion
Coughs	Inward Weakness
Colds	Inflammation
Costiveness	Influenza
Chest Diseases	Liver Complaints
Debility	Lowness of Spirits
Dropsy	Piles
Dyspepsia	Secondary Symptoms
Diarrhoea	Stone and Gravel
Fever and Ague	Venereal Affections
Female Complaints	Worms of all kinds

UP in my comfortable sky Parlor, in the Brick Block, I am still engaged in the very interesting employment of "catching shadows." Of my success in my calling, my pictures are my witnesses. From Maine to California, from rock bound New England to far off prairie land, hundreds are in possession of these unfading evidences of what the Daguerreotype Art has hitherto enabled me to accomplish. For the encouragement that I have received I am truly thankful, and trust that the future will show a material increase both of patronage and gratitude.

But, for one thing I am *not* thankful. A few have *patronised* well, but *paid* alas; how poorly. Now,

THIS IS TO CERTIFY,

That my stock of patience in certain directions is quite exhausted, therefore, *my dear forgetful friends*, just bear in mind that if you do not do *speedily* what you *promised* to do many months ago, *unpleasant consequences may follow.*

Such emphatic language applies to but a small number. To all the rest I subscribe myself, your most obedient,

DEPARTING.

AND the endeavor to palm off that "*Extensive stock of superior quality*" of goods lately received from an old broken down establishment in Binghamton, has proved an entire failure to our friends *down town*. "*Seeing is believing.*" We acknowledge the fact. And should judge that "seeing" (without wearing) would be all that was necessary to convince the public that

SIMMONS & MERRIMAN,

at their store on PUBLIC AVENUE first door above the Post Office, have the LARGEST and most desirable stock of BOOTS and

SHOES

ever introduced into this market, which for price, (we offer no competition with *second rate goods*) durability and style, we challenge competition. We are receiving weekly from the best Houses in New York, the latest styles and best qualities of Goods, which keep our assortment complete.

OF DIMOCK, SUSQ. CO. PA.,

Wholesale and Retail Dealer in

EMERY'S & BROTHER'S, and WHEELER, MELICK, & Co's Rail Road Horse Powers; Threshers and Seperators, Threshers and Winnowers combined.

Reapers and Mowers combined. Mowing and Reaping Machines of six or seven different Patentees, among which are McCormick's, Burrall's, Manny's, Wright's, and the celebrated Ketchums Machine, which is warranted to work to the satisfaction of the purchaser. The little Giant Corn and Cob Mill, the Nimble Giant, Feed Mills, with iron plates. French Burrstone mills for farm or mill use. Portable Circular Saw Mill with 24 inch saw, for wood cutting &c., extra table and saw for slitting boards and fencing stuff and general shop use. Upright or Felloe saw for Wheelwrights use. Cross-cut saw arrangements, greatly improved to attach to Power for cutting wood to the log, (it will cut off an 18 inch log in one minute.) Emery's portable Cider Mill and Press, the best in use. Fanning Mills filled for Powers. Power corn shellers, Power Feed cutter, Improved dog Powers, Clover Hullers, Wind Mills, of various sizes, Stump Machines, Hay Presses, Field Drill Sower, Lime spreader. Field Roller, Fountains of various patterns, Improved Hydraulic Ram, Agricultural Furnaces, Patent self acting Cheese presses, Churns of various kinds, Cultivators and Plows of every description, Leather and Rubber Belting, and various other implements. In fact almost any implement a farmer may wish, or any one else may desire except gimlet handles and scandal, which no doubt can be obtained at the great manufacturing establishment (as is represented or misrepresented) in Brad. Co. They also manufacture an excelsior Fanning Mill, (they call it) which may be very valuable if it is capable of blowing or clearing the chaff from the proprietor. Ah! what would be left?

I would say to those who may have been humbuged, that Emery's or Wheeler's Railroad Horse Powers, Threshers &c. are not made or allowed to be made this side of Albany; also to those wishing to purchase either Emery's or Wheeler's Machines, that Emery or Wheeler has not authorized or desire Mr. H. L. Blowers to sell their machines.

Descriptive catalogue price List and circulars of nearly all machines sold by me, sent gratis and postage pre-paid, to all applicants. Send your name and address.

Now farmers is your time to make from 12 to 25 or 30 per cent. on your investments. Remember I get my machines direct from the Manufactors. I've no middle man with whom to divide my commission, as is the case with some others. All machines sold by me are warranted to give satisfaction or may be returned if not as recommended. See large hand-bills, circulars, &c.

E. Pluribus Unum!

SOME folks translate this celebrated motto "One of many"—others say the most literal meaning is, "let the tail go with the hide"—but the real meaning is, "A tip-top Tailor is a good institution." If you don't believe this, call at John Grove's shop a few steps from Searle's Hotel, and he will convince you and show you

The Fall Fashions,

for Men's and Boy's clothing for 1856. Don't blunder into a Jewstrap establishment, where you are likely to get fooled with bad work. My shop is on Turnpike street, 2nd, building from Searle's Hotel. I will warrant my work to fit well and wear well, and my prices reasonable for cash down.

HARDWARE, HOUSE FURNISHING AND FANCY GOODS.

TO THE INHABITANTS

Of Susquehanna and Neighboring Counties.

WE would respectfully solicit your attention to our large stock of the above mentioned Goods, now in store and in course of reception. For many years the trade of one of the largest portions of the Empire State has been retained by a monopoly, which has at last given away before the rush of enterprise.

Possessing unequalled facilities for buying, and having direct communication with the most extensive Manufactories in the United States, we say, without exaggeration, that we can and will sell, either wholesale or retail, at prices lower than ever offered before west of N. Y. City.

While nothing has been omitted in the Hardware line, we have given particular attention to the House Furnishing branch of our business, and have on hand a stock well worthy the inspection of House Keepers.

Of Fancy Goods we have also a large assortment, which, having been selected with especial reference to the wants of our customers, we think will please those in need of articles in this line.

In conclusion, we would say that our Goods are new, and of the first quality, and that we hope, by strict attention to business, and a constant anticipation of the wishes of our patrons, to merit even an increase of the confidence already reposed in us.
