MEDICAL.

IMPORTANT TO THE AFFLICTED.

Dr. Rose's Celebrated Remedies.

DR. LADD'S ROSE, the discoverer and sole proprietor of these most popular and beneficial medicines, and also the inventor of the celebrated Rose Inhaling the Lungs, in offering a cure of Chronic diseases, was a student of that eminent physician, Doctor Physic, and is a graduate of the University of Pennsylvania, and for thirty years since has been engaged in the investigation of disease, and the application of remedies thereto.

Through the use of his inhaling tube, in connection with his Prophylactic Syrup and other of his remedies, he has gained an unparalleled eminence in curing those dreadful and fatal maladies, Tubercular Consumption, Cancers, Scrofula, Rheumatism, Asthma, Fever and Ague, Fevers of all kinds, Dyspepsia, and all those obstinate diseases peculiar to females, and every form of disease varnishes under the use of his remedies, to which he humbly begs leave—not by the use of one compound only, or that in incompatible quantities, or improper proportions, but by the use of his remedies, adapted to and prepared for each case.

Dr. Rose's Tonic Alterative Pills, have proved a remedy of great value, from constipation, as also the Golden Pills is admitted by the faculty to possess peculiar properties adapted to female diseases, but being so well known and so well tested, it is needless to say what has been said in the minds of one made skeptical.

The afflicted are invited to call upon the agent, and procure pamphlets, one of the Doctor's pamphlets, giving a detailed account of each remedy and its application.

For sale by the following agents, as well as by most Druggists throughout the country:

COUGH, PAIN IN THE SIDE AND CHEST CURED—Having a for long time been distressed with severe pain in the side and chest, accompanied with spitting of blood, I was induced, on the urgent solicitation of a friend, to Dr Taylor's Balsam of Liverwort, and I must say this medicine has answered its purpose admirably. I recommend it to the higher style of art. The work is printed in the octavo form, on superfine paper, from bold and legible type. It will be found, on inspection, to be a work of great merit, and at a price unusually low. Each part will be received as it is published.
