GREAT CURE OF LIVER COMPLAINT, by the original, only true, and genuine Liver Pill.

SHORT CREEK, Ohio county, Va. March 26th, 1849.

Mr. R. E. Sellers: Dear Sir—I think it a duty I owe to you and to the public generally, to state that I have been afflicted with the Liver Complaint for a long time, and so badly that an abcess formed and broke, which left me in a very low state. Having heard of your celebrated Liver Pills being for sale by A R Sharp, in West Liberty, and recommended to me by my physician, Dr. E. Smith, I concluded to give them a fair trial. I purchased one box, and found them to be just what they are recommended, THE BEST LIVER PILL EVER USED, and after taking four boxes I find the disease has entirely left me, and I am now perfectly well. Respectfully yours,

D H COLEMAN.

West Liberty, March 26, 1849.

I certify that I am personally acquainted with Mr Coleman, and can beat testimony to the truth of the above certificate. A R SHARP

DR. JAYNE'S CARMINATIVE BALSAM FROM the Rev ASA SHINN, a well known and popular Clergyman of the Protestant Methodist Church

The undersigned having been afflicted during the past winter with a disease of the stomach, sometimes producing great pain in the stomach for an hour or two, without intermission, and after having tried various remedies with little effect, was furnished with a bottle of Dr D Jayne's Carminative Balsam. This he used according to the directions, and found invariably that medicine caused the pain to abate in three or four minutes, and in fifteen or twenty minutes every uneasy sensation was entirely quieted. The medicine was all he wanted, whenever indications of the approach of pain were perceived, and the pain was thereby prevented. He continued to use the medicine every evening and some times in the morning, and in a few weeks his health was so far restored, that the sufferer was able to dispense with a amount of opiate for pain. From experience, therefore, he can confidently recommend Dr Jayne's Carminative Balsam, as a salutary medicine for diseases of the stomach and bowels. ASA SHINN

DR. SWAYNE'S

COMPOUND SYRUP OF WILD CHERRY.

THE GREAT REMEDY FOR

Consumption, Coughs, Colds, Asthma, Bronchitis, Liver Complaint, Spitting Blood, Difficulty of Breathing, Pain in the Side and Breast, Palpitation of the Heart, Influenza, Croup, Broken Constitution, Sore Throat, Nervous Debility

Tic and all Diseases of the Throat, Breast and lungs, the most fearful and apparently cure ever known for any of the above diseases.

DR. SWAYNE'S

Compound Syrup of Wild Cherry!

This medicine is no longer among those of doubtful utility, it has passed away from the thousands daily launched upon the tide of experiment, and have stamped higher in reputation, and is become more extensively used than any other preparation of medicine ever prepared for the relief of suffering man.

It has been introduced very generally through the United States and Canada, and there are few towns or settlements without some remarkable evidence of its good effects. For proof of the foregoing testimonials, and of the value and efficacy of this medicine, the proprietor will insert a few of the many thousands testimonials which have been presented to him by men of the first respectability—men who have higher views of moral responsibility and justice, than to trifle with facts, because it will do another a favor, and thereby injure others. Such testimony proves conclusively, that its surprising excellence is established by its intrinsic merits, and the unquestionable authority of public opinion. The instantaneous relief it affords, and the soothing influence diffused through the whole frame by its use, renders it a most agreeable remedy for the afflicted.

REMEMBER!

When men, acting from conscientious impulses, voluntarily bear testimony to the truth of a thing, or give their testimony, because conscience, in their particular fact, such testimony, being in direct opposition to worldly interests and prejudices, carries conviction to its truth, and commends itself in a special manner to universal credence.—O'Hogan's Moral Science.

SYRA, ONONDAGA COUNTY, N. Y. Sept. 1, 1848.

There never was a remedy that has been so successful in desperate cases of Consumption, as Dr Swayne's Compound Syrup of Wild Cherry. It strengthens the system, and appears to heal the ulcers on the lungs, creating new and rich blood; power possessed by no other medicine. CHESTER Co., April 25th, 1848.

Dr. Swayne—Dear Sir: I verily believe your Compound Syrup of Wild Cherry has been the means of saving my life. I caught a severe cold, which settled on my lungs, attended with a severe cough, that resisted all the remedies which I had recourse to, still increasing until my case exhibited all the symptoms of Pulmonary Consumption. Every thing I did seemed to have no effect, and my complaint increased so rapidly, that my friends as well as myself, gave up all hopes of my recovery. At this time I was recommended to try your invaluable medicine; I did so with the most happy results. The first bottle had the effect to loosen the cough, causing me to expectorate freely. In a short time I had used six bottles, when I was able to walk out, now as hearty as ever. I feel it my duty to make this public acknowledgment of my recovery, that others might be benefited by your invaluable medicine. I shall do what I can to make your Balsam more extensively known in this section of country. Respectfully yours,

JAMES MORGAN.

Respectfully yours,

Wonderful Cure of a Methodist Minister.

Dr. Swayne—Dear Sir: I feel it a debt of gratitude due to you—and a duty to the afflicted generally, to offer my humble testimony in favor of your Compound Syrup of Wild Cherry. Some three years since I was violently attacked with cold and inflammation of the Lungs, which was accompanied with a disagreeable cough, which was attended with a considerable difficulty of breathing, however slight. As the discharge of offensive matter from the lungs, especially upon the change of weather, however slight, first I felt no alarm about my condition, but was pretty soon convinced that I was rapidly going into consumption. I grew daily weaker, and at length was scarcely able to walk about, or speak above a whisper. Daily was the exceeding weakness of my lungs. During this time I had tried various preparations and prescriptions, but found no relief—growing all the time worse. During here I was advised and urged by a dear friend to try Wilmington to procure a bottle of your Syrup of Wild Cherry. I cannot confess that previously I had been prejudiced against patent medicines, and I am still against those coming under the head of empirics, but under standing your claims to the profession as a regular medicine, and having implicit faith in the saying of my friends, I forthwith purchased of Dr. Shaw, one of your agents, a few bottles, and commenced its use. I was at this time of 200 lb. weight, and standing, consequently I was greatly wasted. I found, however, considerable relief from the use of the first one of the foregoing bottles. But being a public speaker, I frequently attended. But being with my increasing strength, and tempted to preach with those vessels that had already begun thereby rupture the blood vessels, I was greatly forced to hold in this way, doubtless, to my advance of being retarded. In consequence of acting thus imprudently, I had to use twelve or fifteen bottles before I was perfectly restored. I have no question, a much smaller number of bottles would have made me sound, but for the above indescretion. The Syrup allayed the fever, stilled, took away the distressing cough, and gave me the discharge of matter from the lungs, and gave them and the entire system a healthy tone, for the purpose of effecting the certificate until now, for the purpose of being perfectly satisfied with the efficacy of the cure, and now that I feel perfectly well I offer it with pleasure.

Important Caution—Read! Read!

There is but one genuine preparation of Wild Cherry, and that is Dr. SWAYNE'S, the first ever offered to the public, which has been sold largely throughout the United States and some parts of Europe; and all preparations called by the name of Wild Cherry have been put out since this, under cover of some deceptive circumstances, in order to give currency to their sales. By a little observation, no person need mistake the genuine from the false. Each bottle of the genuine is enveloped with a beautiful steel engraving, with the signature of William Penn thereon; also, Dr. Swayne's signature and as further security, the portrait of Dr. Swayne will be added hereafter, so as to distinguish his preparation from all others. Now, it is well known the great curative properties and known virtues of Dr. Swayne's Compound Syrup of Wild Cherry, persons would not be endeavoring to give currency to their "fictitious nostrums" by stealing the name of Wild Cherry. Remember, always keep in mind the name of Dr. Swayne, and be not deceived.

A STRONG EVIDENCE that Dr JAYNES EXPECTORANT is superior to all other remedies for Coughs, Consumption, Bronchitis, Asthma, and other Pulmonary affections, is that the same persons who commenced the use of it in their families ten years ago, still prefer it to all others, and have never been induced to try any other preparations they have almost invariably been disappointed in receiving the benefit which was reasonably anticipated from the high praise bestowed by the proprietors, and have returned to the use of JAYNES' EXPECTORANT, as a remedy that has never failed to relieve them, and which probably never had its equal in arresting pulmonary diseases.

DR. TOWNSEND'S COMPOUND EXTRACT OF

SARSAPARILLA.

Wonder and Blessing of the Age

The most extraordinary Medicine in the World! This Extract is put up in Quart Bottles: it is cheaper, pleasanter, and warranted twenty times stronger than any other preparation of Sarsaparilla.

Price $1 a bottle.

Prepared by the proprietor, H. PARRY, corner Penn and Scott sts, Pittsburgh.

Sarsaparilla & Sassafras Soda Ash.

The great beauty and superiority of this Sarsaparilla over all other medicines is, it does not only purify the system, but invigorates the body. It is one of the very best tonics in the world, and is a powerful restorative of the blood: a power possessed by no other medicine. And its sale has the grand secret of its wonderful success. It has performed within the last two years, more than 100,000 cures of severe cases of disease; at least 15,000 were considered incurable. It has saved the lives of more than 10,000 children during the two past seasons.

10,000 cases of General Debility and want of Nervous Energy.

Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have been victims of indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, accompanied by loss of ambition, fitting unfavorable, premature decay and decline, has been a strong towards that fatal disease, Consumption, can be relatively restored by this plantain remedy. This Sarsaparilla is far superior to any

Invigorating Cordial,

As it renews and invigorates the whole system, gives activity to the limbs, and strength to the muscular system, is a most extraordinary degree.

Consumption Cured.

Weakness and Strength, Consumption can be cured. Brownchitis, Consumption, Liver Complaint, Colds Catarrh, Coughs, Asthma, Spitting of blood. Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., have been and can be cured.

SPITTING BLOOD.

New York, April 22, 1847.

DR. TOWNSEND—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad Cough, which was accompanied with a pain in the breast so unusual that I could not lie down at night, and was greatly debilitated and reduced, and did not expect to live. I have used and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has been a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. Yet you will imagine that I am thankful for these results.

Your obedient servant,

WM. RUSSELL, 63, Catherine st.

Female Medicine.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Falling Urge, or Falling of the Womb, Costiveness, Piles, Leucorrhoea, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system—in short, whether the result of inherent curse or causes of indiscretion or hereditary disease, or accident. Nothing produced by irregularity, illness or accident. Nothing can be more surprising than its invigorating effects on the various forms of weakness and hence on the human frame. Persons of weakness and reduced habits, from taking it, at once become robust and full of vigor under its influence. It immediately counteracts every tendency to disease in the female frame, which is the cause of Barrenness. It will not be expected at all in cases of so delicate a nature, to give certificates of cures performed but we can assure the afflicted, that scores of cases have been reported to us. Thousands of cases where families have been blessed with children, after using a few bottles of this invaluable medicine, who have been blessed with fine, healthy offspring.

To Mothers and Married Ladies.

This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "The turn of life" should neglect to make it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine. Nothing is or less valuable for those who are approaching womanhood, as it is calculated to assist nature, by quick and rich blood and invigorating the system. Indeed, using the blood and invigorating the system. Indeed, this medicine is invaluable for all the delicate diseases to which women are subject.

It braces the whole system, renews permanently the natural energies, by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation, which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented.

Great Blessing to Mothers and Children.

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child-birth ever discovered. It strengthens both the mother and child, prevents pain and disease, increases and enriches the food, those who have used it think it is indispensable. It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—is Costiveness, Piles Cramps, Swelling of the Feet, Dependency, Headaches, Nervous Pain in the Back and Loins, False Pains, Hemorrhages and in regulating the secretions and equalizing the circulation it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate use of it, is always safe, and the most delicate use of it most successfully, very few cases require any other medicine, in some a little Castor Oil, or Magnesia, is needed. Exercise in the open air, and light food are as much of this medicine, will always ensure a safe and easy confinement.

Beauty and Health.

Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and obstruct the circulation, which, when nature is not thwarted, clothes the cheeks with a healthy glow, and gives a delicate tint of the human face Divine," as well as in the garden of the "human face Divine," as well as in the garden of the rich and delicately tinted and variegated flowers. A rich and delicately tinted and variegated flower, is the free, active and healthy circulation of the fluids, or the coursing of the pure, rich blood to the extremities, is that which paints the countenance in the most exquisite beauty. It is that which imparts the indescribable shades and flashes of loveliness that all admire, but none can describe. This beauty is the offspring of nature—not of powder or soap. If there is not a free and healthy circulation, there is no beauty. If the lady is fair as divine snow, if she paint, and use cosmetics, and the blood is thick, cold and impure, she is not beautiful. If she be brown or yellow, and has a healthy active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes that is fascinating.

This is why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north and who take but little exercise, or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to recover the elasticity of step, buoyant spirits, sparkling eyes and beautiful complexions, they should use the Sarsaparilla. Thousands who have tried it, are delighted. Ladies of every station, crowd our office daily.

Notice to the Ladies.

Those that imitate Dr. Townsend's Sarsaparilla, have invariably called their stuff a great Remedy for Fits, Colics, &c., and have copied the bills and circulars which relate to the complaints of women, word for word, and have thus attempted to palm off their worthless compounds on those who put up medicine, have since the success of Dr. Townsend's Sarsaparilla, been guilty of the incidents to females, recommended their stuffs, although they did not. A number of these Mixtures, Pills &c., are injurious to females, as they aggravate disease and undermine the constitution. Dr. Townsend's is the only and best remedy for the numerous female complaints—it rarely, if ever fails of effecting a permanent cure. It can be taken by the most delicate females, at any case, or by those expecting to become mothers with the greatest advantages, as it prepares the system and prevents pain or danger, and strengthens both mother and child. Be careful to get the genuine.

Scrofula Cured.

This certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the Blood. Three persons cured in one house is unprecedented.

Three Children.

Dr. Townsend—Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with that disease, and taken only four bottles; it took them away, for which I feel myself under great obligation.

Yours, respectfully,

ISAAC W. CRAIN, 106 Worcester st.

HOW DOES IT LOOK—Some, Bristol and Bu formerly put their Sarsaparilla in at small bottles holding a few ounces, but since Dr. Townsend's has become known, and almost quite driven their little bottles out of the market, they are now putting there up in larger bottles containing four times as much as before. Query: How much deep did they make before? Ans: Six times as much profit as now. Was it honest? And since they have reduced the strength, is it honest to pretend that they are as good as they were? Dr. Townsend commenced honestly and fairly—gave as much medicine as he could afford, has made several improvements, and is determined to keep up the strength and quality and will warrant that each bottle of his Sarsaparilla contains more than four times the quantity of Sarsaparilla and medical qualities, than any other preparation of Sarsaparilla in the market.

GOLD WASHERS.

H. PARRY has invented a machine for washing Gold, for which he has made application for a patent. They are now offered for sale at the warehouse of Parry, Scott & Co., No. 103 Wood street, Pittsburgh.

Adventurers to California are invited to call and examine these labor-saving machines. They are simple in their construction, easily transported on the back of mules or horses, weighing eighty pounds each, and can be put in operation in half an hour. They can be filled with provisions. It is the opinion of those who have seen the trial of one of these machines of smallest size, that two men will wash the mineral from 150 bushels of sand or earth in a day, without the loss of a particle of the mineral. They can be increased in size and worked by water or mule power, if expedient. The operators work without going into the water or being exposed to wet, and consequently without endangering their health. They will require but a small stream of water, and can be used in the whole season, and can be put into operation where there is not sufficient water to wash in the usual way.

Price of small size, $85. Orders from abroad, accompanied by cash, will be promptly filled.

NEW INSTRUMENT.

THE subscriber has been appointed Agent for the sale of CARHART'S IMPROVED MELODEONS, as manufactured and and perfected by Messrs. Murch & White, of Cincinnati. These instruments are except being the best of the five octaves. Messrs. M. & W. in accordance with the general desire and demand, have extended the scale of these instruments from five octaves to five octaves, and have brought it practicable to perform upon them any music written for the Piano or Organ. The exterior, also, has been much improved by placing the body of the instrument upon a neat iron frame beautifully bronzed and ornamented, rendering it at once a most elegant and extremely desirable article. The price is only $50 less than that which the reach every one to obtain a perfect musical instrument, and, at the same time, a most elegant piece of furniture for a comparative trifle.

GREAT MUSICAL NOVELTY—The subscriber has just received from Europe, and for sale, an entirely new invention, called the CABINET PIANO FORTE, which possessing more power and sweetness than the square Piano, occupies but one fourth as much room, and is much more showy and handsome piece of furniture. It is particularly desirable where the saving of space is an object, being represented by many of our first musicians as the most readingly near the tone of the Piano, and occupying no more room than a small side table. The subscriber has in hand a testimonial of its superiority from the celebrated pianist, Moscheles, in his own handwriting, which may be inspected.
