Republican Standing Committee.

Adams—Daniel Aurand, Wm. Lock.
Beaver—W. Harry Smith, Henry Roerich.
Beaver West—A. A. Romig, Roswell Rothrock.
Centre—Jacob H. Hartman, Uriah Wettick.
Chapman—I. Kohler Peck, George Pfoed.
Franklin—Adam H. Walter, Abner Howell.
Jackson—Simon Ecoly, J. S. Beaver.
Middleburg—Wm. H. Beaver, J. H. Arnold.
Middlecreek—Geo. R. Fagely, S. H. Yoder.
Monroe—Geo. W. Row, F. P. Hummel.
Penn—Levi Fisher, Lewis E. Pawling.
Perry—Levi Kohler, Isaac S. Hoover.
Perry West—I. A. Weiser, Thomas P. Dorr.
Selinsgrove—I. O. Burns, George R. Hendricks.
Union—Jere Boyer, Wm. G. Harrold.
Washington—C. F. Meyer, John A. Hilbish.
The committee will meet on the first Saturday in August.

—For spending a healthy, happy summer we do not know a better place than the one we live in.

—Our county has a larger voting population now, than both Union and Snyder had in 1872.

—Remember, to vote at the ensuing fall election, you must be assessed before the 1st of September.

—If you cut the back legs of you chairs two inches shorter than the front ones, the fatigue of sitting will be greatly relieved and the spine placed in better position.

GESTEEL.—We are glad to see when some of our young gentlemen cell to see the ladies, they give ample space for passing on the side-walk—but how is it about the street.

—When a girl prefers standing to sitting, you can just bet your bottom dollar that she is hitched up in rather close fitting harness. But then its the fashion you know, and that settles it.

—Look out for sunstrokes, dear friends. Put a cabbage leaf in your hat, even though it does temporarily subject you to the imputation of being what is vulgarly known as a "cabbage head."

Watch your pumpkins and squash vines (rather late now though) for bugs. Destroy the clusters of eggs, which may be found on the under side of the leaf, close by the junction of the leaf and stem.

CELEBRATION.—The Smithgrove Union S. S. will hold a Celebration on Saturday, Aug. 7, 1875. Addresses will be delivered by Revds. Anthony, Miller, Erlenmeyer, Hause, and Profs. Dill and D. S. Boyer.

—It is now predicted by the knowing ones that better times will be inaugurated after harvest. How soon after harvest is not stated. One thing is sure, however, that provisions of all kinds will be abundant and cheap.

CAMP MEETING.—A Camp meeting under the auspices of the Evangelical Association will be held in Mr. Uriah Berger's woods in Centre township, commencing August 21st, and to continue one week.

—The growing corn throughout this entire section presents a splendid appearance, being in a most flourishing condition, and so far advanced that it cannot fail to produce a heavy crop, even should dry weather set in now.

PIC NIC.—There was a pic nic down the creek on Saturday. A respectable and good looking party containing about twenty buggies passed through here to attend it. When they returned in the evening they all seemed to be as happy as a big sunflower.

—On account of the numerous recent rains, vegetation is almost running away with itself. In the garden everything stands so rank and dense as to be almost impassable; but yet we will have a full and large crop of almost everything raised by the housewife. The croaker and the grumbler have lost their occupation.

STATE TEACHERS' ASSOCIATION.—The Annual State Teachers' Association will meet at Wilkesbarre on the 10th inst. Arrangements have been made with the railroads to sell tickets at reduced rates, and also to obtain Hotel Accomodation at a reduced figure. Teachers and others should procure Cards of Membership, by enclosing One Dollar, (with stamp) giving name and address, to the Ticket Agent, J. F. Sickel, Germantown, Pa. For Orders, apply (stamp enclosed) giving Rail Roads and name of Stations, on or before August 1st, 1875.

TO CORRESPONDENTS.—We wish to have it distinctly understood, that all communications for this paper must be short and to the point, and written in a plain hand on one side of the paper only, there must be no interlining, and in all cases we must have the writers real name. No article of a personal character will be inserted at any time. The above rules will hereafter be strictly enforced, and when communications fail to appear the writer will observe that he has violated one or more of the above rules.

AN EPIDEMIC.—There is now prevailing to an alarming extent in this locality an epidemic, that, for the want of a *materia medica* designation, we will call it "The Wilt." Almost every man, woman and child is suffering from the disease, and its influence is so apparent, even upon the clothing, that there is not a paper collar in service that is not hopelessly down with it. The cause is said to be attributable to the presence of heat. We believe, however, that it is caused by the absence of cold, and we heartily sympathize with our wilted acquaintances.

Packing Eggs for the Centennial.—Quite recently, Theos. Swineford the popular agent of Kaub & Frymire, of Philadelphia, Importers and Jobbers of China, Glass, and Queensware was, presumeably, by the Centennial Committe on Produce, sent to this county to pack eggs.

Theos. was at the post of duty when a countryman drove up to the market-place with a basket of eggs and Theos. with his usual prompt business tact seized the basket; and woe betide us! the toe of his gaitor boot became entangled with an obstacle and Theos., basket and eggs went to the pavement, one hundred and fifty pounds of Theos. on top. And such a *smash!* He will now retire from the packing business. Don't tell anybody.

A correspondent of Washington township, writes that John S. Straub has an oats stalk which is 5 feet 4 inches long. That lays the Penn tp., stalk in the shade. The Penn tp., stalk is in our office and we know it to be 5 feet 3 inches long. We don't doubt the truthfulness of our Washington twp., correspondent, but if he wants the laurels, he must send it here so that all can see it.

LATER—*Penn Ahead.*—Since the above was in type we learn that Reuben Gemberling of Penn twp., found an oats stalk in his field 5 feet 7 inches long and containing 200 grains.

We also learn that a stalk was found in Franklin twp., not quite as long as a bean pole, but how much shorter we do not know.

Communicated.

MR. EDITOR.—I saw in your paper of last week, a letter from Col. Simpson in regard to the S. & L. Railroad.

The Col. is still alive to the interests of Snyder county, and is indefatigable in his labors to get the railroad into operation again. He says in his letter, that as "soon as the people along the line will settle their claims for damages justly &c. the road will be operated and no sooner." This is no more than right those men gave their money to improve and enhance the value of the farms and other property, along the line, and now for farmers to ask from two to ten thousand dollars more for their farms then they did before the Rail Road was made, and in addition, claim a couple thousand damages, seems neither reasonable nor just. In fact the stoppage of the cars has only opened the eyes of the people to the real benefit of the road to the community, and indeed developed the fact that there are but very few *real* damages, that are not *more* than made up by *real* advantages; and I believe this view will be sustained if ever a case comes into court again. I think that the day for heavy verdicts has gone by in this county, as the people have been taught a lesson they did not know. But I believe the people *mostly* feel right on this question and will be glad to settle on just and equitable terms, if only they had the opportunity. Why don't some authorized party wait on them and give them a chance? And such as are not willing to do the right thing, let them go to the court and they will find that juries too have advanced in their knowledge of railroads and the relation it bears to the prosperity of a people. I too might claim damages, I am one of those, through whose land the road runs, but am willing to bear any share of the sacrifice, in order to promote the public interest. I am no public writer but think about these matters NOW AND THEN.

In Memoriam.

Resolutions passed by Lebanon Lodge No. 188, A. Y. M., upon the Death of Bro. Isaac Houselgelte.

WHEREAS, It hath seemed good in the sight of the "All Wise Disposer of Events," in the providence to remove from our number by the hand of Death our aged and honored Brother Isaac Houselgelte, and

WHEREAS, A remembrance of the earnest and zealous interest he ever manifested in the support and advancement of our beloved Order, during all the many years in which he was united with us, we will ever hold his memory in sacred remembrance, standing firmly by his friends until, as well as since death. And the community in which he has so long lived, has mourned the loss of a valuable citizen, a kind friend and a successful Farmer, who was noted for always the ready sympathizer and helper, ever ready to lend a helping hand to those around him.

RESOLVED,—That Lebanon Lodge Room be appropriately draped with mourning for the space of 30 days, in token of respect for the memory of our deceased Brother.

RESOLVED.—That we as a lodge extend our heartfelt sympathy to the family and friends of the deceased under their bereavement and assure them that the same Tried and Unfailing Friend which supported our aged Brother under all his trials and affliction may be granted them now and evermore.

RESOLVED,—That these Resolutions be entered in the minutes of the Lodge, that the same be published in the papers of the county, and that copies be forwarded to the family of the deceased Brother.

Seasonable Receipts.—We copy the following receipts for making Blackberry Wine &c., from one of our exchanges and are told to be very good ones:

BLACKBERRY WINE.—Mash the fruit and strain through a coarse cloth. To the expressed juice add an equal quantity of water, and to every gallon of the mixture add three pounds best brown sugar. Put it into covered stone jars until the fermentation is over and the liquor becomes perfectly clear. It should then be carefully decanted from the lees and bottled.

BLACKBERRY WINE.—Measure your berries and bruise them, to every gallon adding one quart of boiling water; let the mixture stand twenty-four hours, stirring occasionally; then strain the liquor into a cask, to every gallon adding two pounds of sugar; cork tight and let stand until the following October, and you will have wine ready for use without any further straining or boiling. Another method is to put the entire mixture in a kettle and bring it to a boil, skim, and when cool fill the keg three-fourths full and let it ferment for one week; then fill up the cask with freshly made liquor, and when done fermenting bung up tight, set away in the cellar, where it should remain until February or March, when it should be racked off, the kegs scalded out, and the liquor either returned to the keg to remain permanently or bottled for use. We prefer putting in demijohns instead of bottles.

COORDIAL.—Take any convenient quantity of blackberries, and stew in a preserving kettle for half an hour, then strain and boil again for half an hour, adding one pound of sugar to every quart of juice, using spices to the taste. When cool, add one gill or more of sensible Cognac brandy to each quart of juice. Then bottle and cork tight.

BLACKBERRY BRANDY.—Select the ripest blackberries you can find, and after picking them from the stems, to five quarts of berries add two quarts of water, boil well then mash and strain through a colander. After all the juice is extracted, add two quarts of water, half ounce of whole cloves, half ounce of whole allspice, two grated nutmegs, one tablespoonful of powdered ginger, oil of cinnamon, a little lemon and orange peeling. Boil all well three hours over a slow fire, then add five pounds of sugar; after cooling strain through a flannel bag, then add some of the best Monongahela whisky, or good brandy according to taste.

The above will keep for years, and will be found an excellent prescription in bowel and other complaints.

Manhood: How Lost, How Restored!

Just published, a new edition of Dr. Culverwell's Celebrated Essay on the radical cure (without medicine) of Spermatorrhœa or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, Consumption, Epilepsy and Fits, induced by self indulgence or sexual extravagance, &c.

PRICE, in a sealed envelope, only six cents.

The celebrated author, in this admirable Essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which, every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.

This Lecture should be in the hands of every youth and every man in the land.

Sent under seal, in a plain envelope, to any address, postpaid, on receipt of five cents or two post stamps. Address, Dr. CHAS. J. C. KLINE, 127 Bowery, New York; Post Office Box 4586.

Ayer's
Sarsaparilla

Is widely known as one of the most effectual remedies ever discovered for cleansing the system and purifying the blood. It has stood the test of years, with a constantly growing reputation, based on its intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great corruptions of the blood such as the scrofulous and syphilitic contaminations. Impurities or diseases that have lurked in the system for years, even yield to this powerful antidote, and disappear. Hence its wonderful cures, many of which are publicly known, of Scrofulous and all scrofulous diseases, Ulcers, Eruptions, and eruptive diseases of the skin, Tumors, Blotches, Boils, Pimples, Pustules, Sores, St. Anthony's Fire, Chronic Inflammation, Tetter, Salt Rheum, Scald Head, Ringworm, and other diseases of the Throat, Stomach and Liver. It also cures other complaints, to which a similar name cannot properly attach, such as Dropsy, Dyspepsia, Fits, Neuralgia, Nervous Headache, Female Weakness, Debility, Sleeplessness, when these are the consequences of the corruption of the blood.

It can confer no recompense of health and strength to the aged, by restoring the appetite and vigor of the digestive organs.
