MEETING OF SUSQ.CO.MEDICAL SOCIETY.—The Semi-annual meeting of the Susq. Co. Medical Society will be held at the office of the Secretary in Montrose on Wednesday the 26th day of June inst., at 10 o'clock, a. m.

All regular practitioners in the County are cordially invited to attend.

C. C. HALSEY, Secretary.

THE OXYGENATED BITTERS.—This preparation, it is now universally conceded, is the remedy par excellence for Dyspepsia, and the numerous diseases arising from a disordered state of the stomach and digestive organs which are so generally prevalent. Prepared by S. W. Fowle & Co., Boston, and sold by Druggists and Agents everywhere.

☞ At the Philadelphia Custom House on Saturday last, forty-two Democrats were removed, and their places supplied by rampant Republicans. Another batch of removals will be made on the 15th of the present month, and in less than three months there will scarcely be a Democrat left in the whole concern.

The same proscription has been practised in Boston and New York, and every where else, but still the Republican papers are preaching up no partyism! Out upon such hypocrites!

THE CHRONOLOGY OF SECESSION.—North Carolina is the eleventh in chronological order of the rebellious States.—The following table shows the dates of the passage of Ordinances of Secession:

1. South Carolina—December 20.
2. Mississippi—January 9.
3. Alabama—January 11.
4. Florida—January 11.
5. Georgia—January 19.
6. Louisiana—January 26.
7. Texas—February 1.
8. Virginia—April 17.
9. Arkansas—May 6.
10. Tennessee—May 6.
11. North Carolina—May 21.

☞ Those two hot warriors, Greeley and Bennett, have fallen out. Here is a specimen of the Herald's talk.

But when Justice gets her due—when the chief offenders in the work of bringing upon the country this civil war shall be punished—such Abolition and disunion agitators of the last twenty years as Greeley, Garrison and Giddings will be among the list of traitors hung up like herrings to dry in the sun. Greeley, particularly, has been a great sinner, and withal a very dirty one. Let him be washed, or let him retire.

HARRISBURG, June 7.—The members of the Legislature are interested, and are writing relative to the prospects of another extra session.—The non-acceptance of the three million dollarsloan will probably render it necessary.

—Mr. FOULKE, member of Congress from Illinois, has just arrived from that State, and says that the death of Judge Douglas is universally mourned. In every portion of the State manifestations of regret are exhibited, and in every principal city and town the symbols of woe are apparent. The State appears draped with mourning from one end to the other. In the cities, the cars, omnibuses, horses and even the fences wear the gloomy tokens.

Holloway's Pills.—Let reason guide you. Dyspepsia, Costiveness.—There is no grief but can be assuaged, no pain insusceptible of alleviation, or disease without a remedy. Are you dyspeptic? look for the cause in a disordered stomach—derangement of the liver. Are you costive or bound in the bowels? here again the stomach or viscera are at fault. Holloway Pills will eradicate the source. Try them. They have never yet failed in one single instance out of millions of cases. We ask all who are suffering from Dyspepsia, Costiveness, Bowel Complaints, &c., to test them at once, as they will effectually cure. The proof lies in the trial. Procure a box and be convinced of their immediate effect. Read the Advertisement elsewhere. je13

Great Discovery!—Ample tests, both by able practitioners and chemical analysis, have demonstrated the great value of Prof. De Grath's "ELECTRIC OIL," for the relief and cure of pain. But the people themselves are rendering their verdict in a manner both unmistakable and satisfactory. More than twenty thousand bottles have been sold in a very short time—a great proportion to those who heard others recommend it, who had tried it. That its a splendid discovery is everywhere acknowledged, and nothing like it was ever before prepared.

The only Genuine ELECTRIC OIL is Prof. De Grath's which is to be had at all the respectable Druggists in the cities, and at wholesale and retail, at the proprietor's prices of the agent. See advertisements. jel 6m

Mothers, Read This.—The following is an extract from a letter written by the pastor of a Baptist Church to the "Journal and Messenger," Cincinnati, Ohio. It says volumes in favor of that world-renowned medicine—Mrs. Winslow's Soothing Syrup: "Mr. [illegible] with a word in favor of any patent medicine in common use, but feel compelled to say to your readers that this is no humbug—we have proved it, AND KNOW IT TO BE ALL IT CLAIMS. It is probably one of the most successful medicines of the day, because it is one of the best. Those who have tried it can do better than to lay in a supply. dec26 y

GROVER & BAKER'S

CELEBRATED NOISELESS

SEWING MACHINES,

FOR FAMILY AND MANUFACTURING USE,

495 Broadway, New York.

Agencies in all the principal Cities and Towns in the United States.

The Grover & Baker Sewing Machine Company are now manufacturing, and have on exhibition at their different salesrooms, machines making the Shuttle or Lock Stitch, of the same patterns and at the same prices as their celebrated Grover & Baker Stitch Machines, thus affording the public the advantage of comparing the stitches of the the leading machines and exercising their own judgment as to their respective merits. This is the only company that manufactures both kinds of machines and therefore the only one that can offer this privilege to the purchaser.

"We speak from experience when we say that, after having tried all the principal sewing machines, we must accord to that of Grover & Baker the pre-eminence. Those indispensable features of sewing, strength, uniformity, and elasticity, all of which are brought out in this incomparable invention, make it the first sewing machine in the country. Others have their good points, but this combines all, and possesses every characteristic necessary to make it most desirable."—*N. Y. Christian Advocate and Journal.*

"MERIT VS. PRETENCE.—We perceive that the Grover & Baker Sewing Machine is every day growing more and more in favor, both for manufacturing and family purposes—but especially as adapted to all the requirements of family use. Other machines, by dint of brazen puffery and conniving with committees at annual fairs, have been thrust forward into the first place; but they are fast losing this unmerited position. The real merits of the Grover & Baker Machine are beginning to be known in a practical way, and daily is the demand for them increasing, while the demand for heretofore better known, but inferior machines, is proportionately decreasing. So it turns out in this, as in many other instances, that 'honesty is the best policy,' and the right, in the end, comes uppermost.

"A trial of over two years enables us to say with the greatest confidence that there is no better machine for general Family use than Grover & Baker's Sewing Machine Co. It makes a beautiful elastic seam that does not rip with wear or washing, runs almost noiselessly, is plain, simple, easy to work, and not liable to get out of repair, fastens the ends of its own thread, and uses threads and silks directly from the spools on which they are bought."—*N. Y. Leader.*

Grover & Baker's Machines' work, in their peculiar stitch, and fabrics put together by it, may wear and drop to pieces from original weakness or hard usage, but come apart or give way at the seams they cannot; they will hold together when the cloth or calico around them hangs in rags and tatters.—*N. Y. News.*

"The points we conceive most necessary and important to meet the wide range of requirements in a machine for family sewing, we find more fully combined in the Grover & Baker, viz.: extent of capacity, simplicity of construction, ease of management, advantage of using thread from two spools without re-winding, strength of work, elasticity, durability and regularity of stitch, and quietness of movement. We therefore make award to the Grover & Baker."—*Report of Committee of Tennessee State Fair of 1860—also of St. Louis State Fair of 1860.*

AMBROTYPE, PHOTOGRAPH,
MELAINOTYPE, NEILLOGRAPH.

Locket Pictures down to the smallest sized miniature Ring. Transferred Ambrotypes—the finest thing out, for sending by Post! to any part of the World without extra postage. My Pictures are bold, vigorous, and expressive—not those faint, lifeless shadows often sold about the country. Pictures taken in all kinds of weather, equally well, except those of young children. No picture need be taken unless perfect satisfaction is given.

In dressing for a picture, avoid light colors,—such as blue, purple, scarlet, pink, etc. Most others take well; as green, black, red, snuff, brown, orange, yellow, etc.

☞ Remember that the place to get your "picture" is in the Brick Block, over Reed, Watrous & Foster's store.
