In all, are about fifty engravings in umber, counting the wood en- ngs. The stories are all original. this number, appears, as a Sup- nt, a full-size diagram pattern Coat-Bodice for a lady, the last in fashion. This alone is worth rice of the number. Habit, if not necessity, makes a Hair Dressing such as Dr. Ayer's laboratory issues, indispensable to many. Ayer's Hair Vigor is one of the most delightful we have ever used. It restores not only the color, but gloss and luxuriance, to faded and gray hair.

Another Spook.

On a certain evening, about a week ago, a young gentleman from Beavertown, on his return home, from seeing home his sweetheart who lives about two miles west of Adamsburg, saw a tremendous spook which had eyes (as described,) as large as an ordinary plate. It so happened, that while in his fear and screams our friend John heard him, and went to his assistance, and tried all possible means and ways to explain to him what it was. As our friend John said; it was only the moon that at times was clouded and then shone again through the thick foliage of the trees of the woods close by. But when hearing our friend John's hogs make a noise he said, don't you hear the chains? I am sure the moon does never make noise like that. There! there! don't you see it! After our friend John's ways and means of persuasion and explanation were all exhausted he concluded by saying, if you don't like to pass the spook you can stay with me till the morning, when spooks are known to go to bed. He first asked, what would you charge me? O nothing, said Jno. All right then I'll stay.

This is as far as we could follow him. How the poor fellow felt after he got to bed, and at what time he went home in the morning we are not informed.

Somebody, no matter who, says that a wife "should be like roast lamb tender and sweet and nicely dressed, with plenty of fixings, but without sauce."

The following item is taken from an exchange, and contains so much truth that we ask our readers to give it more than a passing glance: "A doctor will sit down and write a prescription; time, five seconds, paper and ink, one fourth of a cent, and the patient pays one, two, three, five or ten dollors as the case may be. A lawyer writes ten to twenty words of advice and gets from ten to twenty dollars from his client. An editor writes a half column puff for a man, pays a man a dollar or more for putting it in type, prints it on several dollars worth of paper, sends it to several thousand people, and then surprises the puffed man if he makes any charge."

HOW TO INCREASE YOUR INCOME.

Just at this season of the year there are, among our readers, those looking for employment for the next 6 months. We have lately received from L. E. Brown & Co., the well-known manufacturers of specialties for agents to handle, a request to put them in communication with one or more suitable persons in this locality, to act as agents in introducing several of their patent household articles to this community, and after consideration, we take this method to comply with their request. The firm are manufacturers of a large number of household articles, which they introduce to the public by means of agents, having sometimes as many as 1,000 persons in their employ. The particular articles which they seek to introduce here, at this time, are: Brown's Peerless Sifter, generally acknowledged to be the best in the world, of which nearly one million were sold during the last year; the Kitchen Queen, the latest and best invention in Coal Oil Lamps, and the only absolutely Safe Lamp made; the Centennial Cake and Bake Pan, an article which has a national reputation, and is the delight of every housekeeper; the Half Minute Egg Beater, which always sells at sight, and the new Alto Relievo Bronze Profile Cast of JAMES A. GARFIELD, with memorial frame the best selling article ever put into the hands of an agent, the best of all the portraits, chromos or steel engravings that have been offered. It is a truer likeness of the martyred hero than any we have ever seen before, and its price brings it within the reach of all. For this county, Messrs. Brown & Co. desire as many agents as can work advantageously. Any smart, intelligent lady or gentleman can make a fine income in this way. The firm will send to any responsible person FREE who will assume the agency here and go to work a complete outfit of these goods, to the amount of five dollars. The reputation of this house is first rate; the good are what they represent them to be. Their terms are liberal, and we advise those looking for genteel, remunerative employment to send to them for further information. Their address is— L. E. BROWN & CO.
