THE ASHAM TEA COMPANY,

136 *Greenwich street, New York.*

THE proprietors beg to call the attention of connoisseurs in Tea, and the heads of families to the choice and rare selection of Teas imported by them, and hitherto unknown in this country, which, by their fragrance and delicacy, combined with virgin purity and strength, produce an infusion of surpassing richness and flavor.

The Teas offered are the following:—

The Jedso Bloom, a Black Tea	———	$1 00 per lb.
" Nipkon,	do	0 75 do do
" Diarl	do	0 60 do
" Isaacs, a Green Tea	———	1 00 do
" Tow-lung,	do	0 75 do
" Tickleishes	do	0 50 do
" Old Mixtures, a compound of the most rare and choice Teas grown on the fertile and genial soil of Assam	———	1 00 do

With a view to encourage the introduction of these matchless Teas, it is the intention of the proprietors to distribute by lot, among the purchasers, a quantity of Tea equal to the First Year's Profits on the sales effected.

Each purchaser will receive enclosed in the package, a numbered certificate, entitling him to one chance in the distribution; for every fifty cents laid out, and on the receipts amounting to $20,000, the undermentioned parcels of Tea, as the value of tax per cent, or $24,000 WILL BE GIVEN AWAY as Bonuses, according to the following scale:—

A prizes of 50	lbs of Tea	each at $1	2 lb, 250 lb or $250	
20	do	25 lbs	do	do 500 lb or $500
10	do	16 lbs	do	do 400 lb or $500
100	do	5 lbs	do	do 500 lb or $500
50	do	1 lb	do	do 250 lb or $250
				$2,000 lb $4,000

425 Prizes in all.

These persons who prefer lower priced Teas can receive their prizes in proportion, or they will be repurchased for cash, at a reduction of 10 per cent.

☞ Country Agents wanted. Applications to be addressed, post paid, to the Company's Depot, as above.

BARNUM'S HOTEL,
NEW YORK,
Broadway, corner of Maiden Lane.

THIS extensive HOTEL has been leased by the subscribers, and has been completely refitted in the most elegant manner. Large additions are now being made, which, when completed, will make it the most extensive Hotel in New York. It is the determination of the proprietor, to make it equal, in every respect, to a first class Hotel in the United States. Its location is the most desirable and central in the city, being in the fashionable part of Broadway, convenient to all the public buildings, places of amusement, and business. Grateful for the liberal patronage received from his western friends, while at Cumberland, Md., and more recently at the Weddell House, Cleveland, Ohio, he respectfully solicits a renewal of their patronage, for his new establishment, at New York, and begs to assure them that every effort on his part shall be given to administer to their comfort and pleasure.

A. S. BARNUM.

New York, March, 1850.—1m*26-3m

A FORTUNE FOR £10 or £5.

BRITANNIC SPORTING PORTRAIT CLUB, offices, George street, Plymouth, England. The managers beg to acquaint their numerous patrons that the next Distribution of Portraits of Race Horses, will comprise those entered for the forthcoming Grand National Derby Race; the number of shares to be limited to 1,000 each share. First class member £10, second class ditto £5. Early application for the unappropriated shares is necessary. A party subscribing for more than one share has the chance of gaining an equal number bonuses. Those members who draw the various bonuses will be presented with the following sums:—

	Portrait of 1st class bonuses	2d ditto
Winner, or First Horse	——— £20,000	£10,000
" Second Horse	——— 10,000	5,000
" Third Horse	——— 6,000	4,000
Divided amongst Starters	——— 6,000	3,000
" " Non-Starters	——— 6,000	3,000

There are 30 bonuses in each class, that being the number of horses entered for the race. The Drawing will be conducted upon the same legitimate principles as those which characterized the late Sir Lebrecht and other procedures. Full particulars of the result will be sent to subscribed members immediately after the decision, that each may know his position.

Subscribers registered and *strip* forwarded on receipt of remitted *Sovereign* or *Bank-Bill*, with presentation of *interest*.

Land and Mills for Sale.

A FLOURING MILL, with four run of stones—one of the best locations for business in the west—and a first rate Saw Mill, on an almost never failing stream, and 16 acres of Land, good Dwelling House, Tenant House, and other improvements, situated seven miles from the Ohio River, Monroe County, Ohio. Also, near the above, a beautiful Farm, well improved, containing 60 acres. For terms, &c., enquire of

WILLIAM H. JOHNSTON.
apr27 112 Second st., Pittsburgh.

Sir James Murray's Fluid Magnesia.

PREPARED under the immediate care of the Inventor, and established for upwards of thirty years.

This elegant preparation is recommended in all cases of the bilious, indigestion, gout, and gravel, as the most safe, easy, and effectual form in which Magnesia may and indeed the only one in which it ought to be exhibited, possessing all the properties of the Magnesia now in general use, without being liable like it, to form dangerous concretions in the bowels, it effectually cures heartburn without injuring the coats of the stomach, as soda, potass, and their bonates are apt to do; it prevents the food of infants turning sour; in all cases it acts as a pleasing aperient, and is peculiarly adapted to females.

Sir Humphry Davy testified that this solution forms soluble combinations with uric acid salts in cases of gout and gravel, thereby counteracting their injurious tendency, when other alkalies, and even Magnesia itself, had failed.

From Sir Philip Crampton, Bart., Surgeon General to the Army in Ireland—

"Dear Sir—There can be no doubt that Magnesia may be administered more safely in the form of a concentrated solution than in substance; for this, and many other reasons, I am of opinion that the Fluid Magnesia is a very valuable addition to our Materia Medica. PHILIP CRAMPTON."

Sir James Clarke, Sir A. Cooper, Dr. Bright, and Messrs. Guthrie and Herbert Mayo, of London, strongly recommend Murray's Fluid Magnesia, as being infinitely more safe and convenient than the solid, and free from the danger attending the constant use of solid or powder.

For sale by the importer's and proprietor's agents,

The best Tea imported into the U. States, $1
Low priced, damaged, or inferior Teas we do not keep.

MORRIS & HAWORTH
Proprietors of the Tea Market,
1s2 East side of Diamond.

Great American Mechanical Work.

D. Appleton & Co., New York, have in course of publication, in parts, price twenty-five cents each,

A DICTIONARY

Of Machines, Mechanics, Engine Work, and Engineering; designed for Practical Working Men, and those intended for the Engineering Profession.

EDITED BY OLIVER BYRNE.

THIS WORK is of large size, and will contain two THOUSAND PAGES, and upwards of six THOUSAND ILLUSTRATIONS. It will present working-drawings and descriptions of the most important machines in the United States. Independent of the results of American ingenuity, it will contain complete practical treatises on Mechanics, Machinery, Engine-work, and Engineering; with all that is useful in—more than one thousand dollars worth of folio volumes, magazines, and other books!

The great object of this publication is, to place before practical men and students such an amount of theoretical and scientific knowledge, in a condensed form, as shall enable them to work to the best advantage, and to avoid those mistakes which they might otherwise commit. The amount of useful information thus brought together is almost beyond precedent in such works. Indeed, there is hardly any subject within its range which is not treated with such clearness and precision, that even a boy of ordinary mechanical capacity cannot fail of understanding it, and thus learning from it much which it is important for him to know.

The publishers are, in short, determined, regardless of cost, to make the work as complete as possible, and it is hoped every one desirous to obtain the work will procure it as issued in numbers, and thus encourage the enterprise.

The work will be issued in semi-monthly numbers, commencing in January, 1850, and will progress with great regularity.

The whole work will be published in 40 numbers, at 25 cents per number, and completed within the present year, 1850. A liberal discount will be made to agents.

Any one remitting the publishers $10 in advance, shall receive the work through the post office free of expense.

Opinions of the Press.

"To our numerous Manufacturers, Mechanics, Engineers, and Artisans, it will be a mine of wealth."—Providence, (R. I.) Journal.

"Young men, are you ambitious with knowledge. We can with confidence recommend our young men to possess themselves of its numbers as fast as they appear."—American Artisan.

"We unhesitatingly commend the work to those engaged in or interested in mechanical or scientific pursuits, as eminently worthy of their examination and study."—Troy, (N. Y.) Budget.

"It is truly a great work, and the publishers deserve the thanks of inventors, mechanics, and manufacturers, and indeed of the public generally."—N. Y. Independent.

"This Dictionary will be highly useful to practical mechanics, and valuable to all who wish to acquaint themselves with the progress of invention in the mechanic arts."—New Bedford Daily Mercury.

"Young mechanics ought to keep pocket up in the oriental as well as practical knowledge, and this work will show them just how they stand."—Roxbury (Mass.) Advertiser.

"We take it to be just the work that scores and hundreds of our intelligent mechanics have desired to possess. So ample are its descriptions, and so full and minute its specifications, that it seems to us that any mechanic might contract any machine it describes, at the strength of its engravings and instructions."—N. Y. Commercial Advertiser.

"All interested in mechanics should avail themselves of its advantages."—Schuylkill, (Penn.) Journal.

"A work of extensive practical utility and great importance and value to the rapidly increasing interests of the country. We regard the work as eminently calculated to promote the cause of science and the mechanical arts, and to disseminate valuable information on these subjects."—Farmer and Mechanic.

"Practical men in all the varied walks of mechanical and manufacturing industry; engineering, &c., will find in this work a treasure which it will be to their profit to possess."—Troy Daily Whig.

"We have carefully perused the numbers, and have no hesitation in saying that it is the best work for mechanics, tradesmen, and scientific men, ever published, for it contains minute information on every branch of the mechanical arts and sciences, expressed in a style and language intelligible to any reader of ordinary capacity."—Mechanics, (Hartford) News.

"We are glad we are able to place before our readers a work which every practical mechanic should possess."—Scientific and Practical Journal.

"We consider it one of the most useful and important publications of the age. No mechanic can afford to be without it."—Newark, (N. J.) Commercial Courier.

"Of all the various publications having for their object the elucidation and advancement of the mechanical arts and sciences, none that we have seen, is so full of promise as this."—Buffalo Com. Adv.

"It is the best and cheapest work ever offered to the scientific and practical engineer and mechanic. The plates are beautifully executed."—Washington Globe.

"This great Dictionary is one of the most useful works ever published for years, and the low price at which it is sold makes it acceptable to all."—South Carolinian.

"We regard it as one of the most comprehensive and valuable, as well as cheapest works ever published."—Baltimore Advertiser.

"Ought to be taken by every one desiring to keep pace with the progress of art and science in every one of the labors of civilized life."—Boston Courier.

"It is the best work of the kind, and, as a mechanic, only that it is more devoted to the mechanical and engineering professions, and above all, it is valuable, as accomplishing for them what DR Lardner has done for England, viz: describing American machinery and works of art."—Saturday Courier.

"Its published in numbers, and at a price so moderate, looking at what is contained in each number, that no one who has the least interest in such subjects need be deterred from procuring it, and every one who does so, will find that he has in a condensed form an amount of information, which he would be obliged to, all, only by the purchase of very many volumes."—N. Y. Courier and Enquirer.

"The comprehensiveness with which the subjects are treated, the admirable manner in which they are illustrated, cannot fail to place this work at the head of all works."—Democratic Review.

"This work should be in the hands of every mechanic, artisan, and manufacturer, especially those who have the least aspirations to excel in their respective business. We have carefully examined the work, and are recommending it to inventors. To them we would say in the strong language of the Bible "It is good."—Baltimore Inventors' Journal.

Notice to the Proprietors of Newspapers throughout the United States and Canada.

If the foregoing advertisement is inserted five times during the year, and the paper containing it sent to us, a copy of the work will be sent gratis in payment.
apl6-d&w1y1

HALLISTER'S OINTMENT,

Containing no Mercury, nor other Mineral.

THE following testimonial was given by the celebrated Dr. Wooster Beach, the author of the popular medical work entitled "The American Practice of Medicine and Family Physician."

"Having been made acquainted with the ingredients which compose McAllister's All-Healing Ointment and having prescribed it in a number of severe cases in my private practice, I have no hesitation in saying or certifying that it is a Vegetable Remedy, containing no mineral substance whatever, but has been skillfully combined as they are, and used as directed by the Proprietor, are not only harmless, but of great value as being a truly scientific Remedy of great power; and I cheerfully recommend it as a compound which has done much good, and may be adopted to the care of a great variety of cases. Though I have never either recommended or engaged in the sale of secret medicines, regard for the public good, constitutes it a humane character of the Proprietor of this Ointment, and the value of his discovery, induces me to say thus much regarding it. W. BEACH, D. D."

New York, April 23d, 1844.

BURNS.—It is one of the best things in the world for Burns.

PILES.—Thousands are yearly cured by this Ointment. It never fails in giving relief.

For Tetters, Ulcers, and all kinds of Sores, it has no equal.

If Mothers and Nurses know its value in cases of Swellen or Sore Breast, they would always apply it in such cases, if, used according to directions, it gives relief in a very few hours.

Around the box are directions for using McAllister's Ointment for Scrofula, Liver Complaint, Erysipelas, Tetter, Chilblain, Scald Head, Sore Eyes, Quinsy, Sore Throat, Bronchitis, Hoarseness, Asthma, Disease of the Spine, Head Ache, Asthma, Deafness, Ear Ache, Burns, Corns, all Diseases of the Skin, Sore Lips, Pimples, &c., Swelling of the Limbs, Sores, Rheumatism, Piles, Cold Feet, Croup, Swelled or Broken Breast, Tooth Ache, Ague in the Face, &c.

From the Reading Eagle.

There was never, perhaps, a Medicine brought before the public, that had in so short a time won such a reputation as McAllister's All-Healing or World Salve. Almost every person that has made trial of it speaks warmly in its praise. One has been cured by it of the most painful rheumatism, another of the piles, a third of a troublesome pain in the side, a fourth of a swelling in the limbs, &c. If it does not give immediate relief, in every case, it can do no injury, being applied outwardly.

As another evidence of the wonderful healing power possessed by this salve, we subjoin the following certificate, from a respectable citizen of Maidencreek township, in this county:

Maidencreek, Berks co., March 26, 1847.

Messrs. Bitler & Co.—I desire to inform you that I was entirely cured of a severe pain in the back, by the use of McAllister's All-Healing Salve, which I purchased from you. I suffered with it for about 20 years, and at night was unable to sleep. During that time I tried various remedies, which were prescribed for me by physicians and other persons, without receiving any relief, and at last made trial of this Salve, with a result favorable beyond expectation. I am now entirely free from the pain, and enjoy at night a peaceful and sweet sleep. I have also used the Salve since for tooth ache and other complaints, with similar happy results. Your friend, JOHN HOFFMANSACK.

JAMES McALLISTER,
Sole Proprietor of the above Medicine.
Principal Office, No 83 North Third street, Philadelphia.

PRICE 25 CENTS PER BOX.

AGENTS IN PITTSBURGH.—Brown & Reiter, corner of Liberty and St. Clair streets; and L. Wilcox, corner of Market street and the Diamond, also corner of Fourth and Smithfield streets; J. H. Cassel, corner of Walnut and Penn streets, Fifth Ward; and sold at the Bookstores in Smithfield street, 2d door from Second.

In Allegheny City by H. S. Schwarts and J. Sargent.

GREEN OIL CLOTH—600 yards 4-4 Green Oil Cloth, on hand, and for sale by
apr13 J & H PHILLIPS

Valuable and extensive Water Power to let on favorable terms.

THE WABASH NAVIGATION COMPANY are now prepared to lease the Water Power at the Grand Rapids, to an amount sufficient to propel four hundred pairs of mill stone. The location is based upon a rock foundation, and the power can conveniently be applied on both sides of the river. The grain of the White River, as well as the Wabash, can be readily furnished at this point. White timber, iron, ore, and coal, in the greatest abundance, and of superior quality, can be easily procured through the same country.

TERMS—One hundred dollars per annum for a power sufficient to propel a single run of medium sized mill stones, for a period of fifteen years, with the right of renewal on the expiration of the lease, at a fair valuation of the power employed. The use of the mill of manufactory included, without further charge from the Company. By order of the Directors.

ABNER T. HOLMES,
President of the W. N. Co.

"Its published in numbers, and at a price so moderate, looking at what is contained in each number, that no one who has the least interest in such subjects need be deterred from procuring it, and every one who does so, will find that he has in a condensed form an amount of information, which he would be obliged to, all, only by the purchase of very many volumes."—N. Y. Courier and Enquirer.

"The comprehensiveness with which the subjects are treated, the admirable manner in which they are illustrated, cannot fail to place this work at the head of all works."—Democratic Review.

"This work should be in the hands of every mechanic, artisan, and manufacturer, especially those who have the least aspirations to excel in their respective business. We have carefully examined the work, and are recommending it to inventors. To them we would say in the strong language of the Bible "It is good."—Baltimore Inventors' Journal.

Notice to the Proprietors of Newspapers throughout the United States and Canada.

If the foregoing advertisement is inserted five times during the year, and the paper containing it sent to us, a copy of the work will be sent gratis in payment.

HALLISTER'S OINTMENT,

Containing no Mercury, nor other Mineral.

THE following testimonial was given by the celebrated Dr. Wooster Beach, the author of the popular medical work entitled "The American Practice of Medicine and Family Physician."

"Having been made acquainted with the ingredients which compose McAllister's All-Healing Ointment and having prescribed it in a number of severe cases in my private practice, I have no hesitation in saying or certifying that it is a Vegetable Remedy, containing no mineral substance whatever, but has been skillfully combined as they are, and used as directed by the Proprietor, are not only harmless, but of great value as being a truly scientific Remedy of great power; and I cheerfully recommend it as a compound which has done much good, and may be adopted to the care of a great variety of cases. Though I have never either recommended or engaged in the sale of secret medicines, regard for the public good, constitutes it a humane character of the Proprietor of this Ointment, and the value of his discovery, induces me to say thus much regarding it. W. BEACH, D. D."

New York, April 23d, 1844.

BURNS.—It is one of the best things in the world for Burns.

PILES.—Thousands are yearly cured by this Ointment. It never fails in giving relief.

For Tetters, Ulcers, and all kinds of Sores, it has no equal.

If Mothers and Nurses know its value in cases of Swellen or Sore Breast, they would always apply it in such cases, if used according to directions, it gives relief in a very few hours.

Around the box are directions for using McAllister's Ointment for Scrofula, Liver Complaint, Erysipelas, Tetter, Chilblain, Scald Head, Sore Eyes, Quinsy, Sore Throat, Bronchitis, Hoarseness, Asthma, Disease of the Spine, Head Ache, Asthma, Deafness, Ear Ache, Burns, Corns, all Diseases of the Skin, Sore Lips, Pimples, &c., Swelling of the Limbs, Sores, Rheumatism, Piles, Cold Feet, Croup, Swelled or Broken Breast, Tooth Ache, Ague in the Face, &c.

From the Reading Eagle.

There was never, perhaps, a Medicine brought before the public, that has in so short a time won such a reputation as McAllister's All-Healing or World Salve. Almost every person that has made trial of it speaks warmly in its praise. One has been cured by it of the most painful rheumatism, another of the piles, a third of a troublesome pain in the side, a fourth of a swelling in the limbs, &c. If it does not give immediate relief, in every case, it can do no injury, being applied outwardly.

As another evidence of the wonderful healing power possessed by this salve, we subjoin the following certificate, from a respectable citizen of Maidencreek township, in this county:

Maidencreek, Berks co., March 26, 1847.

Messrs. Bitler & Co.—I desire to inform you that I was entirely cured of a severe pain in the back, by the use of McAllister's All-Healing Salve, which I purchased from you. I suffered with it for about 20 years, and at night was unable to sleep. During that time I tried various remedies, which were prescribed for me by physicians and other persons, without receiving any relief, and at last made trial of this Salve, with a result favorable beyond expectation. I am now entirely free from the pain, and enjoy at night a peaceful and sweet sleep. I have also used the Salve since for tooth ache and other complaints, with similar happy results. Your friend, JOHN HOFFMANSACK.

JAMES McALLISTER,
Sole Proprietor of the above Medicine.
Principal Office, No 83 North Third street, Philadelphia.

PRICE 25 CENTS PER BOX.

WILL make sales, on liberal terms, of Foreign and Domestic Merchandise, Real Estate, Stocks, &c., and hopes, by experience and close attention to business, to merit a continuance of the support and patronage so liberally extended to the former house.

April 9th, 1850.

Notice to our Patrons.

RELIANCE PORTABLE BOAT LINE.

"All interested in mechanics should avail themselves of its advantages."—Schuylkill, (Penn.) Journal.

"A work of extensive practical utility and great importance and value to the rapidly increasing interests of the country. We regard the work as eminently calculated to promote the cause of science and the mechanical arts, and to disseminate valuable information on these subjects."—Farmer and Mechanic.

"Practical men in all the varied walks of mechanical and manufacturing industry; engineering, &c., will find in this work a treasure which it will be to their profit to possess."—Troy Daily Whig.

"We have carefully perused the numbers, and have no hesitation in saying that it is the best work for mechanics, tradesmen, and scientific men, ever published, for it contains minute information on every branch of the mechanical arts and sciences, expressed in a style and language intelligible to any reader of ordinary capacity."—Mechanics, (Hartford) News.

"We are glad we are able to place before our readers a work which every practical mechanic should possess."—Scientific and Practical Journal.

"We consider it one of the most useful and important publications of the age. No mechanic can afford to be without it."—Newark, (N. J.) Commercial Courier.

"Of all the various publications having for their object the elucidation and advancement of the mechanical arts and sciences, none that we have seen, is so full of promise as this."—Buffalo Com. Adv.

"It is the best and cheapest work ever offered to the scientific and practical engineer and mechanic. The plates are beautifully executed."—Washington Globe.

"This great Dictionary is one of the most useful works ever published for years, and the low price at which it is sold makes it acceptable to all."—South Carolinian.

"We regard it as one of the most comprehensive and valuable, as well as cheapest works ever published."—Baltimore Advertiser.

"Ought to be taken by every one desiring to keep pace with the progress of art and science in every one of the labors of civilized life."—Boston Courier.

"It is the best work of the kind, and, as a mechanic, only that it is more devoted to the mechanical and engineering professions, and above all, it is valuable, as accomplishing for them what DR Lardner has done for England, viz: describing American machinery and works of art."—Saturday Courier.

"Its published in numbers, and at a price so moderate, looking at what is contained in each number, that no one who has the least interest in such subjects need be deterred from procuring it, and every one who does so, will find that he has in a condensed form an amount of information, which he would be obliged to, all, only by the purchase of very many volumes."—N. Y. Courier and Enquirer.

"The comprehensiveness with which the subjects are treated, the admirable
