To the Members and Friends of the Susquehanna County Agricultural Society:

Industry is the cardinal duty of man; it is a primary element in the economy of his existence; it lies at the foundation of the social structure; its necessity is stamped by the impress of the Creator's hand upon every moral and material lineament of his being.

In arranging the premium list we have endeavored to get as near the wants and wishes of every one interested in the welfare of the Society as our means would admit. We aim to make the Fair of 1870 at least as interesting and valuable to all as its predecessors have been.

There are now twenty-five covered stalls, mostly new, with mangers. A well is now being dug on the ground, and stock will be well cared for during the Fair.

We earnestly invite every family in Susquehanna county to come out to the annual Fair, September 14th, 15th, and 16th, as that is the best place and time to see and welcome our friends. We say, come one, come all.

RULES AND REGULATIONS.

1. The Committee and Secretary have an office on the Fair Grounds, where the Judges are requested to meet at 2 o'clock on the second day, when their names will be called and vacancies filled; and they will be furnished with the Books of Entry, when they will proceed to decide upon the merits of the articles and animals entered for premiums, and report in writing 12 o'clock Friday, third day.

2. It is important that all persons appointed on Awarding Committees should be present at that hour. The Judges can resort for instructions and to make out reports to the office.

3. Any animal entered for exhibition in one class cannot compete in any other class, except as one of a herd or for sweepstakes. The awarding committees will be furnished with cards, designating first and second premiums, which they will affix to the animal or article according to their award.

4. The judges shall in all cases withhold premiums when the animal or article is not worthy, though there be no competition.

5. Exhibitors wishing to compete for premiums must have their animals or articles entered on the Secretary's Book the second day of the Fair, and a card, which will be received from the Secretary, H C Tyler, must be placed on the animal or article to be exhibited. They must be all on the ground for exhibition by 11 o'clock, a. m., of the second day, or they cannot receive a premium. No animal or article can be removed before the close of the exhibition, except by permission of one of the Executive Committee.

6. It is very desirable that all vehicles entering the enclosed ground should be kept in motion.

7. Superintendents of the different departments will have all animals and articles systematically arranged. The officers of the society and superintendents will be known by their official badges.

8. No premium will be awarded to any person exhibiting articles or animals not entered in the name of the *bona fide* owner of the same.

9. Premiums not called for within six months will be considered donated to the Society.

A sufficient police force will be in attendance, day and night, to protect the property of exhibitors.

Arrangements are made for keeping stock over night in covered stalls.

There will be a committee at the entrance of the Fair Grounds to direct all persons driving in stock over night.

Stock can be entered 20 days previous to the Fair by calling on H. C. Tyler, Sec'y.

No provision will be made for stalling stock over two years old.

Those driving in stock can be accommodated with pasture as follows: Those coming from the north and New Milford, at R. S. Searle's; from Brooklyn, at William Jessup's; from Springville, the Wyalusing, the West, and Owego Turnpike, at J. S. Tarbell's farm, formerly Peckins'.

All the Judges and Superintendents that are here in time will receive a ticket for a free dinner.

DAILY ORDER OF ARRANGEMENTS.

The gates will be open from 7 o'clock a. m. until 6 p. m. each day.

Wednesday, September 14th, first day, forenoon, will be devoted to arranging the grounds and buildings. Two o'clock p. m. the Plowing Match.

Thursday, September 15th, second day, entering of stock and all articles till 11 o'clock a. m. At 1 o'clock p. m. Horse Exhibition. At 2 o'clock the Judges will take the books of entries. At 4 o'clock, promiscuous driving on the track.

Friday, September 16th, third day, from 9 to 10 a. m. sale and exchange of stock and articles. At 10 o'clock a. m. a grand cavalcade of horses in harness, entered for premiums, will take place on the track. At 10½ o'clock, at the call of the Superintendent, class first will assemble in front of the Judges' stand for exhibition and final inspection. At 11 o'clock single and matched horses. At 11½ o'clock, colts. At 12½ sweepstakes exhibition on the track. At 2 o'clock p. m. the address. At 4 o'clock, announcement of the award of premiums. THE GREAT MEDICAL DISCOVERY

DR. WALKER'S CALIFORNIA

VINEGAR BITTERS.

MORE THAN 500,000 PERSONS Bear testimony to their Wonderful Curative Effects.

WHAT ARE THEY?

THEY ARE NOT A VILE

FANCY DRINK,

Made of Poor Rum, Whiskey, Proof Spirits, and Refuse Liquors, doctored, spiced and sweetened to please the taste, called "Tonics" "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true medicine, made from the native Roots and Herbs of California, free from all Alcoholic stimulants. They are the Great Blood Purifier and Life Giving Principle, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter, and restoring the blood to a healthy condition. No person can take these Bitters according to directions, and remain long unwell.

$100 will be given for an incurable case, provided the bones are not destroyed by mineral poisons or other means, and the vital organs wasted beyond the point of repair.

For Inflammatory and Chronic Rheumatism, and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitated Blood, which is generally produced by derangement of the Digestive Organs.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed.

In Bilious, Remittent, and Intermittent Fevers, these Bitters have no equal. For full directions read carefully the circular around each bottle, printed in four languages—English German, French and Spanish.

of doing business, the consumer of Teas had to pay eight profits between the producer and himself, to cover as many intermediate sales.

UNDER THE NEW SYSTEM

the Great American Tea Co. distributes Teas to the consumers, through their agents, all over the country, subjecting them to but one profit, and that a very moderate one, as a small percentage on the immense sales will amply satisfy the Company, for they sell thousands of chests of Tea in the same or less time than it took to sell one chest under the old system. TO PHYSICIANS.

New York, August 15th, 1868.

Allow me to call your attention to my Preparation of

COMPOUND EXTRACT OF BUCHU.

The component parts are Buchu, Long Leaf, Cubebs, Juniper Berries.

MODE OF PREPARATION.—Buchu, in vacuo Juniper Berries, by distillation, to form a fine gin. Cubebs extracted by displacement with spirits obtained from Juniper Berries; very little sugar is used, and a small proportion of spirit. It is more palatable than any now to use.

Buchu, as prepared by Druggists, is of a dark color. It is a plant that emits its fragrance; the action of a flame destroys this (its active principle), leaving a dark and gluinous decoction. Mine is the color of ingredients. The Buchu in my preparation predominates; the smallest quantity of the other ingredients are added, to prevent fermentation; upon inspection, it will be found not to be a Tincture, as made in Pharmacopeia, nor is it a Syrup—and therefore can be used in cases where fever or inflammation exist. In this you have the knowledge of the ingredients and the mode of preparation.

Hoping that you will favor us with a trial, and that upon inspection it will meet with your approbation.

With a feeling of confidence.
I am, very respectfully,
H. T. HELMBOLD,
Chemist and Druggist of 16 years experience.

(From the largest Manufacturing Chemists in the World.)

NOVEMBER 4' 1854.

"I am acquainted with Mr. H. T. Helmbold; he occupied the Drug Store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise."

for weakness arising from indiscretion The exhausted powers of Nature which are accompanied by so many alarming symptoms, among which will be found Indisposition to Exertion, Loss of Memory, Wakefulness, Horror of Disease, or Forebodings of Evil—in fact, Universal Lassitude, Prostration, and inability to enter into the enjoyments of society.

The Constitution, once affected with Organic Weakness requires the aid of Medicine to strengthen and invigorate the, which

HELMBOLD'S EXTRACT BUCHU

invariably does. If the treatment is submitted to, Consumption or insanity ensues.

HELMBOLD'S FLUID EXTRACT OF BUCHU, in affections peculiar to Females, is unequalled by any other preparation, as in Chlorosis, or Retention, Painfulness or Suppression of customary evacuations, Ulcerated or Schirrus State of the Uterus, and all complaints incident to the sex, or the decline or change of life.

Helmbold's Extract Buchu and Improved Rose Wash

will radically exterminate from the system diseases arising from habits of dissipation, at little expense, little or no change in diet, no inconvenience or exposure; completely superseding those unpleasant and dangerous remedies, Copaiva and Mercury, in all these diseases.

Use Helmbold's Fluid Extract of Buchu in all diseases of the urinary organs, whether existing in male or female, from whatever cause originating, and no matter of how long standing. It is pleasant in taste and odor, "immediate" in action, and more strengthening than any preparations of Bark or Iron.

Those suffering from broken down or delicate constitutions, procure the remedy at once.

The reader must be aware that, however slight may be the attack of the above diseases, it is certain to affect the bodily health and mental powers.

All the above diseases require the aid of a Diuretic.

HELMBOLD'S EXTRACT BUCHU

Is the Great Diest Diuretic.
