Sir James Murray's Fluid Magnesia.

PREPARED under the immedia e care of the Inventor, and established for upwards of thirty years.

This elegant preparation is recommended in all cases of bile, acidities, indigestion, gout, and gravel, as the most safe, easy, and effectual form in which Magnesia may, and indeed the only one in which it ought to be exhibited, possessing all the properties of the Magnesia sown in general use, without being liable like it, to form dangerous concretions in the bowels, it effectually cures heartburn without injuring the coats of the stomach, as soda, potass, and their carbonates are known to do; it prevents the food from fanting sour; in all cases it acts as a gentle aperient, and is peculiarly adapted to females.

Sir Humphry Davy testified that this solution forms soluble combinations with uric acid salts in cases of gout and gravel, thereby counteracting their injurious tendency, when other alkalies, and even Magnesia itself, had failed.

From Sir Philip Crampton, Bart, Surgeon General to the Army in Ireland—

"Dear Sir—There can be no doubt that Magnesia may be administered more safely in the form of a concentrated solution than in substance; for this, and many other reasons, I am of opinion that the Fluid Magnesia is a very valuable addition to our materia Medica. PHILIP CRAMPTON."

Sir James Clarke, Sir A. Cooper, Dr. Bright, and Messrs Guthrie and Herbert Mayo, of London, strongly recommend Murray's Fluid Magnesia, as being in a fitting state for sale and convenient than the soil d, and free from the danger attending the constant use of soda or potass.

A DICTIONARY

Of Machines, Mechanics, Engine Work, and Engineering; designed for Practical Working Men, and those intended for the Engineering Profession.

EDITED BY OLIVER BYRNE.

THIS WORK is of large 8vo. size, and will contain two THOUSAND PAGES, and upwards of six THOUSAND ILLUSTRATIONS. It will present working-drawings and descriptions of the most important machines in the United States. Independent of the work of American ingenuity, it will contain complete practical treatises on Mechanics, Machinery, Engine-work, and Engineering, with all that is useful in more than one thousand dollars worth of folio volumes, magazines, and other books.

The great object of this publication is, to place before practical men and students such an amount of theoretical and scientific knowledge, in a condensed form, as shall enable them to work to the best advantage, and to avoid those mistakes which they might otherwise commit. The amount of useful information thus brought together is almost beyond precedent in the works of art.—Scientific American.

"His published in numbers, and at a price so moderate, looking at what is contained in each number, that no one who has the least interest in such matters, need be deterred from procuring it; and every one who does so, will find that he has in a condensed form an amount of instruction which would be obtained, if at all, only by the purchase of very many volumes."—N. Y. Courier and Enquirer.

"The comprehensiveness with which the subjects are treated, the admirable manner in which they are illustrated, compise to make this one of the most desirable works."—Democratic Review.

"This work should be in the hands of every mechanic, artisan, and manufacturer, especially those who have the least aspirations to excel in their respective business. We have carefully examined it, with a view of recommending it to inventors. To them we would say in the strong language of the Bible: "It is good."—Baltimore Inventors' Journal.

Notice to the Proprietors of Newspapers throughout the United States and Canada.

If the foregoing advertisement is inserted five times during the year, and the paper containing it sent us, a copy of the work will be sent gratis in payment.

HALLISTER'S OINTMENT,

Containing no Mercury, nor other Mineral.

THIS following testimonial was given by the celebrated Dr. Wood of Beach, the author of the great medical work entitled "The American Practice o. Medicine and Family Physician:"

"Having been made acquainted with the ingredients which compose McAllister's All-Healing Ointment and having prescribed and tried it in several cases in my private practice, I have no hesitation in saying or certifying that it is a Vegetable Remedy, containing no mineral substance whatever, that its ingredients combined as they are, and used as directed by the proprietor, are not only harmless, but of great value, being a truly scientific Remedy of great power; and I cheerfully recommend it as a compound which has some much good, and which is adapted to the cure of a great variety of cases. Though I have never either recommended or engaged in the sale of secret medicines, regard for the truly honest, conscientious, humane character of the Proprietor of this Ointment, and the value of his discovery, induce me to say thus much regarding it. W. BEACH, D. D."
New York, April 22d, 1846.

BURNS—It is one of the best things in the world for Burns.

PILES.—Thousands are yearly cured by this Ointment. It never fails in giving relief.

Old Ulcers, Ulcers, and all kinds of Sores, it has no equal.

If Hinbord and Warner threw its value in cases of Swellen, or Sore Breast, they would always apply it. In such cases, if used according to directions, it gives relief in a very few hours.

Around the box are directions for using McAllister's Ointment for Scrofula, Liver Complaint, Erysipelas, Tetter, Chilblain, Scald Head, Sore Eyes, Sore throat, Sore Throat, Bronchitis, Nervous Affections, Pains, Disease of the Spine, Head Aches, Asthma, Deafness, Ear Ache, Burns, Corns, w'Diseases of the Skin, Sore lips, Pimples, &c. Swelling of the Limbs, Sores, Rheumatism, Piles, Cold Feet, Cramp, Swelled or Hoarse Breast, Tooth Ache, Ague in the Face, &c.

From the Reading Eagle.

There was never, perhaps, a Medicine brought before the public, that has in so short a time won such a reputation as McAllister's All-Healing or World Salve. Almost every person that has made trial of it speaks warmly in its praise. One has been cured by it of the most painful rheumatism, another of the piles, a third of a troublesome pain in the side, a fourth of a swelling in the limbs, &c. If it does not give immediate relief, in every case, it can do no injury, being applied outwardly.

As another evidence of the wonderful healing power possessed by this salve, we subjoin the following certificate, from a respectable citizen of Maidencreek township, in this county:

Maidencreek, Berks co., March 30, 1847.

Messrs. Ritter & Co—I desire to inform you that I was entirely cured of a severe pain in the back, by the use of McAllister's All-Healing Salve, which I purchased from you. I suffered with it for about 20 years, and at night was unable to sleep. During that time I tried various remedies, which were prescribed for me by physicians and other persons, without receiving any relief, and at last made trial of this Salve, with a result favorable beyond expectation. I am now entirely free from the pain, and enjoy at night a peaceful and sweet sleep. I have also used the Salve since for tooth ache and other complaints, with similar happy results. Your friend, JOHN HOFFMACH.

JULES HAUEL'S MEDICATED NYMPH SOAP.

The skin of many persons is disfigured with slight eruptions, pimples, morphew, &c., and when this is merely a disease of the skin, as it is in ninety nine cases out of every hundred, it is very easily removed. Jules Hauel's Nymph Soap is expressly adapted to diseases of the skin, as it acts directly upon the minute pores which cover its surface, cleansing them from impurities, and by its balsamic properties healing and eradicating all eruptions, and rendering the darkest and roughest skin soft, fair, and blooming.

Persons who have been in the habit of using ordinary soap, will be astonished at the beautiful effect produced by the Nymph Soap, in imparting a delicate bloom, preventing the neck, face, or hands from chapping, allaying all irritation, and removing all cutaneous eruptions. It possesses an exquisite perfume, and is entirely devoid of all alkaline properties, rendering it the only article which can be used with safety and comfort in the nursery.

All those whose faces or necks are disfigured with pimples, blotches, tan, morphew, &c., should make trial of Jules Hauel's Nymph Soap, as the properties positively assures them, that its use will render the most discolored skin white, the roughest skin smooth, and the most diseased skin healthy, pure, and blooming.

Jules Hauel's Nymph Soap is the only article which will effectually produce the above effects in so short a time, and the only one which is at the same time all powerful and entirely harmless. Prepared only by

One has been cured by it of the most painful rheumatism, another of the piles, a third of a troublesome pain in the side, a fourth of a swelling in the limbs, &c. If it does not give immediate relief, in every case, it can do no injury, being applied outwardly.

As another evidence of the wonderful healing power possessed by this salve, we subjoin the following certificate, from a respectable citizen of Maidencreek township, in this county:

Maidencreek, Berks co., March 30, 1847.

Messrs. Ritter & Co—I desire to inform you that I was entirely cured of a severe pain in the back, by the use of McAllister's All-Healing Salve, which I purchased from you. I suffered with it for about 20 years, and at night was unable to sleep. During that time I tried various remedies, which were prescribed for me by physicians and other persons, without receiving any relief, and at last made trial of this Salve, with a result favorable beyond expectation. I am now entirely free from the pain, and enjoy at night a peaceful and sweet sleep. I have also used the Salve since for tooth ache and other complaints, with similar happy results. Your friend, JOHN HOFFMACH.

BIDWELL'S
SANDY AND BEAVER LINE.

From Pittsburgh to Columbus and Cleveland, through the rich and populous counties of Columbiana, Carroll, Stark, Tuscarawas, Coshocton, Muskingum, Licking, and Franklin.

The completion of the Sandy and Beaver Canal opens up to our city through the rich and natural central route a direct communication to the above as well as the adjoining counties of Wayne, Holmes, Knox, and Delaware.

From this section of Ohio, the trade with Pittsburgh has been, to a great extent cut off, in consequence of the high rates of transportation, which are now reduced 10, 20 and 25 per cent.

Boats of this line will leave daily, and run through without transhipment. The Canal company have bestowed upon this line an interest in the unprecedented advantages of their charter, and thus secured to the middle portions of Ohio in ordering their goods by BIDWELL'S SANDY AND BEAVER LINE, an equal interest in this advantage.
