career has been one of the most successful in the history of American journalism. Every department is conducted with ability. Its Foreign correspondence is unrivalled, and its independence in commenting upon political corruptions is in the highest degree praiseworthy.

We notice that it appears in a "New Dress," and also announces that the success of its Year-Book for 1871 will result in Volume No. 2 for 1872, which will be still more complete in its statistical and other tables of information, and in its general arrangement.

Such enterprise deserves success, and we advise our readers to send for a specimen copy of the paper. New subscribers will receive the paper free until January 1st.

Thanksgiving Dinner.

The approaching Thanksgiving day, reminds us of the claims of those brave, poor and disabled soldiers, who are now suffering for the liberties we enjoy. Let us then, avail ourselves of the opportunity, to contribute to their dinner, by sending meat, poultry, butter, cheese, fruit, (green and dried) also delicacies for those confined to sick rooms. To be left with their kind friend Geo. V. Bently, who will forward them by express from his residence in Montrose, on the morning of the 23 inst. The Matron has expressed the convenience of having the articles the last of the week, previous to Thanksgiving, at their Home in Philadelphia.

Notwithstanding

The greatest conflagration ever known in the history of our country, causing the suspension of many of the best Insurance Companies, I am glad to inform the public that LITTLE, if any loss will be sustained by my patrons, of the old Manhattan and Lorrillard Insurance Companies; although deeming it *best to close business*, they advise me that the *unearned premiums will be returned pro rata*. Send me your Policies in the companies at once and I will forward them, and at an early day you will receive their value. Meantime, with your consent, I should like to write you a new Policy in a *good, responsible* company, as I still have six which, after paying ALL LOSSES, and some donating largely to the sufferers, stand A. No. 1, even if INTERESTED parties do tell you to the contrary. Respectfully,

HENRY C. TYLER, Fire, Life, and Accidental Ins. Agt.

—Butter and cheese are almost indispensable articles of food. Properly used, they are nutritious and healty; but an inordinate use of either causes digestion and dyspepsia. *Parsons' Purgative Pills*, judiciously used, will remove both of these troubles.

Have you ague in the face; and, is it badly swollen? Have you severe pain in the chest, back, or side? Have you cramps or pains in the stomach or bowels? Have you billious colic or severe griping pains? If so, use *Johnson's Anodyne Liniment*.

Special Notices.

FEMALE WEAKNESS.

There is no class of diseases known to Medical Science of more frequent occurrence or of less dread for as those peculiar to the female organism. A slight derangement of health from celibacy or some other cause is often allowed to continue until the whole system suffers, and constitutional disturbances of a grave and serious character are often established.

HOSTETTER'S STOMACH BITTERS

Is a sovereign remedy for and preventive of all such complaints. Sold everywhere. Price, One Dollar per Bottle.

Be Guided by what you Know.

There is an old proverb which says, "Experience is the safest guide." To this guide the sick and suffering naturally turn when casting about for the means of relief. They inquire what a medicine has done for others, before they adopt it themselves. Of all the remedies and preventives in use, Hostetter's Stomach Bitters meets the test most triumphantly, and hence its immense popularity and vast sales. The sufferer from indigestion is sure to find some one among his friends who has been cured of that ailment by the famous vegetable stomachic. The victim of fever and ague, liver complaint, constipation, nervous prostration, or general debility, has only to make inquiry in the neighborhood where he resides in order to discover what this standard restorative has effected in cases similar to his own. In the published testimony to its merits he will find a volume of proofs of its sanitary properties, which it is impossible for any common sense reader to resist. He tries it, and the effect it produces on his system adds another to the list of witnesses in its favor. Thus its reputation, founded on facts, not assertions, continually grows and spreads. Charlatans and impostors, some of them mere local tricksters, and others who take a somewhat wider range, attempt to thrust into the hands and down the throats of invalids, their baptismal concoctions, as substitutes for the tonic which for so many years has been a medicinal staple throughout the United States, Spanish America, Canada, and the West Indies, but only succeed to a very limited extent. In this reasoning age, the people, having ascertained what is really deserving of their confidence, decline running after strange gods.

TO CONSUMPTIVES.

The advertiser, having been permanently cured of that dread disease, Consumption, by a simple remedy, is anxious to make known to his fellow-sufferers the means of cure. To all who desire it, he will send a copy of the prescription used, free of charge, with the directions for preparing and using the same, which they will find a SURE CURE for CONSUMPTION, ASTHMA, BRONCHITIS, etc.

Parties wishing the prescription will please address

Mitcheson, James Ross Snowden, Samuel G. Thompson, Richard Y. Cook, Wm. G. Crowell. L. MONTGOMERY BOND, Treas.

DUNCAN M. MITCHESON, Secretary.

OFFICE OF COMMITTEE, No. 623 WALNUT ST., PHILADELPHIA, Oct. 27, 1871.

DEAR SIR:—The object of the appointment of the foregoing committee, is to secure contributions for the afflicted and suffering poor of Chicago from all those of our citizens who have not yet been called upon to give to the relief of a sister city, and who do not belong to professions or trades, for the canvassing of which committees have been already appointed.

The terrible effects of the overwhelming catastrophe which has ruined and rendered houseless so many tens of thousands of our fellow countrymen, just at the commencement of winter, can only be mitigated by the prompt and liberal donations of all classes of our people.—Fellow Citizens, Manufacturers, Mechanics, and Tradesmen of the City of Brotherly Love! give of your abundance and to the best of your ability for the relief of the suffering men, women and children of Chicago or the Northwest and you will never regret the money you thus contributed.

DUNCAN M. MITCHESON, Secty.

Office, No. 623 Walnut Street, Philadelphia. Hours—10 to 3.

THE CHICAGO FIRE.—To give some idea of the distress, existing consequent thereupon, we give the following brief and comprehensive extract, from the New York *Herald*:

Women and children are going round, seeking something to satisfy their hunger which there is nothing to supply. No one has provisions of money. What provisions there were in the city are now burned or eaten. A few people have enough for a day or two—not longer. Provisions are arriving, but are distributed as fast as possible. Twenty dead bodies have been taken to the station on the North side. At present it is impossible to know who they are. As night comes on, the want of gas is keenly felt. There are few candles in the city, and no water except what is taken from the Lake. Great fears of thieves are felt on the West side; and General Sheridan is still calling for troops from different posts to keep order.—All business and work is suspended, and every one is occupied in procuring something to eat, and places of shelter. The sufferings on the North side are heartrending. Fifty thousand men, women and children are huddled together like so many animals. Seventeen thousand Germans and Irish are praying for relief. Helpless children are asking for bread from heart-broken parents, who know not which way to turn, nor to do, except to await supplies which must be slow in coming, as there is part of the burnt district where it is almost impossible to travel.—Patients who had been removed from beds of sickness to save lives, which were nearly spent, were all exposed to the rain last night and the cold raw winds to-day. Several deaths have occurred at Lincoln Park. Another night must be spent in the Lincoln Park and the brick fields of Division street, and yet another. Trains and cars are loaded to their fullest capacity, taking people away, who in many instances have no place to go to, but yet cannot stay here, and each train leaves fifty times as many passengers as it takes away. The "Evening Journal" got out half a sheet to-night, and other papers will follow to-morrow.
